It's an updated version of the original Whatsapp. The most recent version includes numerous unique and advanced features that are ideal for performance. In addition, it addresses a broad range of subjects, including the best options for privacy for users and further personalization. YoWhatsApp is the ideal alternative for WhatsApp users who wish to enjoy the official WhatsApp application features.

YowhatsApp comes with some extra features that you might not have encountered in the first version. It is a well-known application with more than 1.5 billion users. Yousef Al-Basha launched YoWA APK.

Note

It is possible to download Yo WhatsApp on any Android app device. In this post, there is a way to install YoWhatsapp for Xiaomi and Mi and Samsung, for Vivo and Oppo and Real me phones. So, all devices are made by Android to advertise [YoWhatsApp APK](#).

WhatsApp is one of the top-rated and widely used messaging applications that lets you send messages, text pictures, video and audio messages, contacts, and even documents. WhatsApp does not have all the features; however, you can access all features when you download YoWhatsapp. Furthermore, you can download YoWA's application from a different website since it's not accessible in Google Play Store.

Privacy

Privacy is a significant concern for people who use social media in the present. A lot of people don't feel secure using WhatsApp. People can disrupt other people's lives by gathering information about them via WhatsApp. That's the reason Youssef al-Basha added some privacy functions to YoWA. To ensure that users feel safe while using the service.

Freeze Last Time Seen

Utilizing the YoWA option, you can hide your last sighting. It's a great feature because your last seen won't be displayed at the other end.

Who Can I Call Me?

One of the most significant features is that it lets you block calls from anyone you do not want to speak to. All you need to do is go to their profile, then click on stop their calls. When you remove the person not to call, the requirements are automatically reduced.

show blue ticks after Reply

It's pretty shocking for busy people who cannot respond immediately. So this feature will only show the blue tick only when you respond.

If you delete messages on the original WhatsApp app, you will not read the messages. With this feature from YoWA, you can view messages deleted by any user on the other side. It means that no one will be able to keep anything secret from you.

Anti Delete Status

You can check the statuses of friends who have deleted their grades. That means you can check what's the WhatsApp Status of all your friends at any time you'd like.

Show View Status Hide

By using YoWA, you can block your name from the status view of other people even after having viewed their status. In a nutshell, it renders you invisibly.
