

The main keys of using UCC..

- Accepted For Value
- Without Prejudice

Explanation Of UCC1 Filing Process and The Use Of The Agreements That Go Along With UCC1 and The Copyright

Regaining Control of Your Agent in Commerce

A simple introduction to comprehending the process and reasons for filing ones UCC1 (Uniform Commercial Code) Financing Statement or Security Interest.

Filing a UCC1 Financing Statement is the filing of a legal document into the public as evidence of you regaining control over your Agent in commerce, your strawman. It had been abandoned on the sea (see) of admiralty where it was salvaged by Government and big corps to use for their own gain and benefit.

- By filing the document you are noticing the 'state', the public, that you are regaining rightful control over the strawman- birth certificate name for your benefit and not the states and that you are now no longer delinquent.
- By filing you also show that you are the secured party and Principal Creditor to the strawman – vessel – trust – cestue Qui Trust as the Trust was set up to benefit the living spirit within the body of a man and NOT for the benefit of anyone else, government, corporations or your strawman.
- You – the living man, are the beneficiary of the Trust, the Trust being made up of a number of parties including you, your vessel, the state and Commonwealth Governments.
- The strawman is YOUR debtor. Because the living man is NOT to own anything, we have use and possession, as 'good stewards' it is the job of your vessel – agent in commerce, acting as a Trustee to the Trust, and whatever assets are being accumulated by the Trust is controlled by the Trustee – your strawman, for YOU as the beneficiary. YOU are therefore the 'Holder in Due Course' (HIDC) of the real estate assets held in Trust because the Titles are held in the name of you agent in commerce but the Deed is in YOUR possession and that makes YOU HIDC.

Upon filing a UCC1, you also produce several accompanying documents that are all PRIVATE documents and NOT to be issued into the public. All these documents are referenced on your UCC1 filing by a code number so there is evidence of their existence, BUT they are to remain PRIVATE.

1. The first is the Security Agreement which is a private document evidencing a contract between you and your dead at law legal fiction strawman – crown security interest name. It is an agreement that evidences that you have an mutually agreed with the agent in commerce that the vessel – agent in

commerce owes you \$1B, yep, one billion smakerooos. It lists a whole range of securities and their values which YOU have the principal lien position over, the whole of the estate and is a principal mechanism of protection against outside predators in the world, particularly on the high seas of admiralty law where there are abundant pirates called Governments and big corporations. Because YOU are the Principal Creditor, any other claimant against your vessel – agent in commerce, can only be a secondary creditor and can only get at your estate WHEN YOUR vessel – agent in commerce has been paid the \$1Billion which you receive as beneficiary, then the predator may have access to the estate of the Trust. It is our most effective defence to protect real estate and other property from predators on the high seas.

2. Hold Harmless and Indemnity Agreement. To my knowledge this private agreement between you and your agent in commerce is effected to ensure that you indemnify the public against any damage you, as the living, make against any member of the public as they operate only under limited liability insurance and therefore are at risk to damage by your day to day activities. It is simply insurance to protect members of the public from any accidental or delinquent actions from us as private people.

3. Private Agreement - is a private agreement evidencing a contract between you and your dead at law legal fiction strawman – crown security interest name. It is an agreement that evidences that there is an agreement a set of tasks and objectives between the parties. For example, it shows the strawman has agreed to accept all deposits for and on your behalf into his bank account (just look at your credit card or statement to identify whose account it is) because you cannot touch that filthy lucre. You in return, have agreed to fill out his tax return (he cannot because he is a piece of paper and is dead Fred!) and sign it John Henry Doe FOR JOHN HENRY DOE.
