

## Recruiting Fun/Funky Business To Downtown Bennington Vermont

Downtown Bennington Vermont is about to rebrand itself with a \$50 million revitalization project on the property you see above -- the 140-year-old Putnam Block -- and we're hot on the trail for visionary retail business people to invest in its future. ... We're seeking **fun and funky eateries and gathering places ... wine and tapas bar ... Thai resto ... espresso bar ... sushi bar** where attorneys and professionals can go that doesn't smell like beer ... **men's and women's clothing and apparel ... sporting goods and outdoor gear** ... available spaces are between 1,000 and 2,000 square feet.

Downtown Bennington is both the gateway to Vermont and at the epicenter of New York City, Boston, and Montreal. We are a town full of **art** and **culture** and **history** with **outdoor activities** galore.

And we have one of the more charming Main Streets in New England.
