CLOTHING WITH CONSCIOUS ORIGINS

this is us...

As a family-owned and operated company, our legacy dates back to 1965. We thrive in a supportive, family-oriented culture where the little details of life and clothing are cherished.

Clothing with conscious origins

Over 75% of our styles use lower impact or sustainable materials. This season, look for styles made of organic cotton, modal, recycled polyester, Tencel™ Lyocell and Tencel™ Modal.

Look for our leaf icon throughout the workbook to find the sustainable styles of our Fall / Winter 2019 collection.

...who are you?

We are excited to offer new plus sizes for the Fall / Winter 2019 collection and to be able to provide our conscious and comfortable fashion to even more women.

Please reference the sizing chart below to confirm sizing and measurements.

We are proud to partner with Fair Trade USA

A selection of styles have been produced in Fair Trade Certified™ factories. Fair Trade Certified™ factories must adhere to rigorous social, environmental and economic standards to protect the health and safety of the workforce. This means safe working conditions, no child or forced labor, elimination of harmful chemicals, maternity leave & more.

Look for the Fair Trade icon throughout the workbook to find Fair Trade styles.

OUR SUSTAINABLE FABRICS

ORGANIC COTTON

With the use of organically farmed cotton, we support avoiding the use of chemical pesticides, synthetic fertilizers and genetic engineering.

WOOL

Shorn from sheep annually, wool is an all-natural, biodegradable and renewable resource.

TENCEL™ LYOCELL

Tencel™ Lyocell is branded lyocell fibers, a form of rayon made from wood pulp and produced in an ecofriendly closed loop system. Tencel™ is more absorbent than cotton and softer than silk.

MODAL & TENCEL™ MODAL

Modal is made from the wood pulp of beech trees. It is soft, drapes and breathes well, and is very absorbent.

Tencel™ Modal has an even stricter ecologically friendly production process. Pulp for Tencel™ Modal is produced at the same site as the modal fiber itself - less transportation, means less resources used!

RECYCLED POLYESTER

Recycled polyester is made of PET, commonly found in clear plastic water bottles. Recycling this material into fabrics prevents it from going into landfills.

OUR GIVEBACK

In 2017, Aventura partnered with Uncommon Threads, a "boutique" style clothing program where survivors of domestic violence and women in need receive styling services and new clothes. As part of the partnership, Aventura donates new clothing quarterly to this unique boutique that gives women the opportunity to be outfitted to raise self confidence and feel empowered in their daily lives.

Uncommon Threads was founded by The Midlife Fashionista blogger, Susan Kanoff, who drew upon her background as a wardrobe stylist and social worker to launch the organization. Women who visit Kanoff's boutique have been referred by a social worker, doctor, church, social service organization or a therapist.

For a \$10 donation (waived if the woman cannot afford it), Uncommon Threads offers these women everyday clothing that makes them feel beautiful and raises their self-esteem.

You can learn more about Susan's mission and Uncommon Threads at uncommonthreads.org

FAIR TRADE MAKES LIVES BETTER

Fair Trade is the easiest way to do the most good every day.

We are proud to work with Fair Trade USA, a nonprofit organization that promotes sustainable livelihoods for farmers and workers; protects fragile ecosystems; and builds strong, transparent supply chains through independent, third-party certification.

Fair Trade Certified™ factories must adhere to rigorous social, environmental and economic standards to protect the health and safety of the workforce.

For every Fair Trade Certified™ product sold, we pay an additional premium directly back to the workers who made our clothes. Collectively, they

vote on how to spend the funds on projects that address local needs so that their families and children can thrive for generations to come.
