

## THE PROTOCOLS

### LIFE FORCE ENERGY EXPLAINED:

At the birth of all beings whether humans, fish, insects and animals, created by God, we were given a blessing called "LIFE FORCE ENERGY".

Some just call it "LIFE", but it is more than that. Our life force at birth can be low or it can be GREAT, depending on many factors. Such as the toxic, poisoned or pure condition of life force of your parents. Your life force is a gift or a curse from your parents. Because they will pass on what is inside of them to you. We see that in the fish mutations in our seas because of the nuclear radiation and mercury contamination.

But regardless of the curse of toxic gifts from our unsuspecting and innocent parents, we can regain and increase our own life force to live a better and happier life as GOD intended us to have.

With the knowledge of the universal laws of CAUSE AND EFFECT, listed within this document, you will have the means to LIVE LONG AND PROSPER!

WARNING! THE ORIGINATION OF DEATH BY HEART ATTACKS - STARTS WITH UN-BALANCE LIFE FORCE ENERGY DUE TO TOXIC OVERLOAD AND/OR A VITAMIN C DEFICIENCY! AND THE WAY TO PREVENT HEART ATTACKS AND MANY OTHER ILLNESSES IS IN THE DATA BELOW.

LIFE FORCE ENERGY IS GREATER FROM NATURAL ORGANIC FOODS AND FOOD-BASED NUTRIENTS.

ANY NUTRIENT DEFICIENCY OR IMBALANCE IS A LOST OF LIFE FORCE ENERGY -- REMEMBER THIS FACT.

Within this document are "**THE PROTOCOLS**" -- Or the instructions that were hidden from us and now re-discovered to help us to self-heal and to teach our fellow Patriots to survive and prosper.

**Un-balanced life force energy happens when your nutrients that supply you with energy is either too much or too low, or another nutrient is blocking (Antagonist) the absorption of any other nutrient, then again you will not have it because it is blocked to you. Then when you**

**also** have any degree of deficiency of Vitamin C, the body packs cholesterol into the tears on the veins, arteries, and capillaries or cracks that are formed because of Vitamin C deficiency. It's the body's way to keep you from bleeding to death.

For Life Force Energy to sustain life, your body must be in balance.

An imbalance of calcium relative to its synergistic and antagonistic nutrients can be a major contributor to calcium plaques in the veins, arteries and capillaries and cause blockages causing high blood pressure and other circulatory and bone illness, even with adequate dietary calcium intake.

If someone has an excess of tissue calcium level, increased intake of these antagonistic vitamins and nutritional minerals may be of benefit. However, prolonged intake of these specific vitamins and/or minerals, singularly or in combination, can produce a calcium deficiency, especially if the nutritional or tissue calcium status is already marginal. Conversely, excessive calcium or prolonged intake of calcium can antagonize these same specific vitamins and minerals.

This cholesterol patch becomes plaquing, or "calcification" and it builds up to the point of total blockage of a vein and death by heart attack happens, especially when you eat unnatural fats that are "sticky" like margarine, GMO soybean oil, corn oils, and cottonseed oils or so called "vegetable oils". Natural fats slip right on by without sticking. Animal fats, lard, tallow, butter and dairy products are some examples.

The tears in your veins, arteries, and capillaries that permit Plaque buildup or calcification of your veins, arteries, and capillaries with calcium deposits, are prevented by taking Vitamin C **ONLY** from natural fruits and vegetables such as berries, broccoli, potatoes, tomatoes, oranges, grapefruits, tangerines, Clementine, Kumquat, Tangelo, and lemons into your diet which can also help reduce unsightly varicose veins

The vitamin C is necessary to continually manufacture collagen. It does this to maintain and repair the tears, arteries, and cracks in your veins and all connective tissues lost to daily wear and tear and free radical damage. For example, without Vit. C, the body literally falls apart as **collagen** is broken down and not replaced. Tendons shrivel and weaken and disability sets in. Joints fall apart as their cartilage withers away. Teeth loosen and fall out. The connective tissue in the mouth can't hold the teeth anymore and also they start disintegrating.

Blood vessels disintegrate, which leads to easy bruising and bleeding because they rupture and hemorrhage in the body. In time, the various body tissues weaken so much that disease sets in.

To keep from bleeding the body forms an **EMERGENCY** cholesterol patch on the tear or crack that becomes plaquing, or "calcification" on the tears or cracks.

There are 14+ different types of collagen in the body. The most important types are listed here:

Type I: Found in connective tissue in skin, **bone, teeth, tendons and ligaments.**

Type II: Found in **cartilage.**

Type III: This type of collagen forms connective tissue for the purpose of shape and strength of the internal organs. It also connects the organs to each other.

Type IV: This type of collagen forms sheets between layers of cells in **the blood vessels, muscles, and eye.**

Take Vitamin K **ONLY** from Leafy greens such as spinach, broccoli and Brussels sprouts, cauliflower, **PARSLEY**, and also from cabbage, blueberries or blackberries, Kiwis, grapes, pomegranates, currants, avocados, cranberries, pears, melons and apricots also provide small amounts of vitamin K.

Vitamin K will keep you safe from bleeding to death by blood clotting (coagulation) and is necessary to stop bleeding when your skin gets punctured, shot or wounded. Vitamin K works mostly on the skin rather than on or in the veins and capillaries. Without Vitamin K - you will bleed out faster -- get it?

**Parsley is to be included in all the self-healing diet protocols for the following reasons:**

The health benefits of parsley include controlling cancer, diabetes, and rheumatoid arthritis, along with helping prevent osteoporosis. Furthermore, it acts as a pain reliever with anti-inflammatory properties. It also provides relief from gastrointestinal issues such as indigestion, **stomach cramps, bloating, and nausea**, while helping strengthen the immune system.

The nutrients found in parsley include vitamin A, **K, C**, and E, thiamin, riboflavin, niacin, vitamin B6, vitamin B12, pantothenic acid, **CHOLINE**, folates, calcium, iron, **MAGNESIUM, MANGANESE**, phosphorus, potassium, **ZINC**, and **COPPER**. It is also a very good source of volatile compounds such as myristicin, limonene, eugenol, and alpha-thujene. Its leaves contain energy, carbohydrates, fats, and protein. It also contains an appropriate amount of **FOLIC ACID** and is helpful in maintaining bone health.

Parsley in your diet helps the protocols (**EDTA**), because of its **Diuretic Effects** in controlling and removing various diseases such as kidney stones, urinary tract infections, and gallbladder stones, and in **removing the heavy metal poisons and other toxins out of the body** and it helps to expel watery chemical poisons, excess mucoid matter, helps control flatulence, and reducing swollen and enlarged glands.

**Warning! Do not buy ascorbic acid** -- All vitamins, whether they are delivered via a supplement or fortified in food—synthetic or natural – are made in a lab. A synthetic vitamin is one that has been completely made in a lab, and there are two types – those that are molecularly identical to their natural counterpart and those that are not. Natural vitamins, meanwhile are sourced from plants, fruits, animals, and minerals, and then still refined and processed in a lab.

To be worthy of the label “natural” a vitamin supplement sold in stores or vitamin shops need contain only 10% plant or fruit derived ingredients. The other 90% could very well be synthetic.

Ascorbic acid is the chemical name for vitamin C, and even when sold in any vitamin claimed to be from natural sources, it is still only 10% from foods and 90% from chemicals prepared in labs.

There are only a few brands that are real natural vitamins from food-based sources and you will not find them sold in any store or in any vitamin shop. Real food-based nutrients are banned by the FDA from being sold in stores or in any vitamin shop - take this as a clue.

**Instructions of hair analysis testing to be used for ALL Protocols:**

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

I recommend that for all the protocols of self-healing, to bath and wash your hair four hours before you cut your hair and let it completely dry out, in order to send the hair sample to the lab with unscented glycerin soap or just plain water. If your hair is dyed, then you will need to send a pubic hair sample instead. Just follow all instructions sent to you by the hair analysis lab.

**HEART ATTACKS 101** -- Calcification of your body's veins, arteries, and capillaries in any area of your body, can cause Erectile Dysfunction, Glaucoma, Cataracts and total blindness, high blood pressure, Alzheimer's, liver, kidney and gallbladder stones and many other illnesses BUT, it can only happen in three ways -- # 1. By any degree of vitamin C deficiency, and # 2. By an imbalance of calcium, or too high amounts of calcium - which will make it un-bio-available, and # 3. By any other mineral and/or vitamin, that is an antagonist to calcium which again will make calcium un-bio-available and making most of your calcium lodge in your veins etc..

**ATTENTION - ALL FAT PEOPLE -- HERE IS MORE INFORMATION.**

FYI: Heart attacks do NOT just happen, because you are very fat and/or very old or even disabled, bedridden or even very sick; heart attacks, irregular heartbeats, and clogged veins leading to high blood pressure can only happen from the "Five Causes of Illnesses" listed in this document. You can be super skinny, very active, very healthy and young and still die from a heart attack.

The heavy metal poisons, and the chemical toxins in our non-organic foods, do cause an imbalance in our body, because the Vitamin C antagonist called "Aluminum", will cause a (biounavailable) Vitamin C deficiency and too much (biounavailable) Copper will cause your vitamin C levels to drop so low, that the cholesterol in your veins must act to patch up the tears, and cracks that will cause you to bleed to death, if not for the body's emergency patching system.

Excessive Copper and high aluminum levels will cause a Vitamin C deficiency that will cause Atherosclerosis, which is the buildup of a waxy plaque deposits that block the flow of blood on the inside of blood vessels.

Plaque is made of fatty substances, **cholesterol**, waste products from the cells, biounavailable calcium, and fibrin, a stringy material that helps clot blood.

Plaques can rupture or crack open, causing the sudden formation of a blood clot (thrombosis). Atherosclerosis can cause a heart attack if it completely blocks the blood flow in the heart (coronary) arteries. It can cause a stroke if it completely blocks the brain (carotid) arteries.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Atherosclerosis can also occur in the arteries of the neck, kidneys, thighs, and arms, causing kidney failure or gangrene and amputation

Copper and vitamin C are direct antagonists. This means that they oppose each other in the body; it must be brought back in balance, by using the knowledge from a hair test.

Vitamin C                      **Vitamins:** A, B3, B5, B6, B9, B12, E                      **Minerals:** Cu  
    **Minerals:** Ca, Co, Cu, Fe, Mg, Mn, Na, Se, Zn                      **Metals:** Al

Being fat and eating too much is not really your fault. The fault is in the poisons and toxins that cause the body to over eat - in order to satisfy the imbalance in the brain's addiction to poisons. Just like the way, you get addicted to illegal drugs.

This is why all self-healing program must be done with a hair analysis test, to find what poison, mineral or vitamin antagonist is causing your calcium or vitamin C deficiencies or extreme excess of vitamin c. If in the hair analysis test, you see any imbalance or too high or too low levels of minerals - start there and find the solution here in this document. You can self-adjust your minerals to safe ranges in your next hair test, as you detoxify and eventually you will learn to live long and prosper and piss-off the Liberals!!!

**Protocol for your enlarged Prostate Gland: EDTA, chlorella, glutathione, Parsley, hair analysis tests every three months, Garlic, Vitamin C, Food-based nutrients with minerals, and taking a hair analysis test to find if you have the heavy metal toxin Cadmium and a zinc deficiency.**

The Prostate Gland enlarges **ONLY** because you have any degree of Vitamin C deficiency causing calcification of the veins in the prostate gland, along with the toxin cadmium.

Foods rich in glutathione include spinach, asparagus, garlic, avocado, strawberries, squash, zucchini, potatoes, melons, grapefruit and peaches.

There are several causes of Prostate issues including bacterial infection, hormonal imbalance, **ZINC DEFICIENCY**, Cancer, **CALCIFICATION AND CADMIUM TOXICITY**. All of these can cause the Prostate to not function properly but the one that is least reported on but is of most interest to us is the buildup of the toxic heavy metal, Cadmium.

The doctors that do intravenous injections of EDTA have claimed a partial list of conditions or combination of conditions, which have been reported to improve following intravenous chelation therapy.

Age spots, aging, angina pectoris, arteriosclerosis (cerebral, coronary, peripheral), blood fats Buerger's disease, bursitis, cardiac rhythm irregularities, cholesterol, chronic obstructive lung disease, circulation, cirrhosis, congestive heart failure, coronary atherosclerosis, dementia, diabetes mellitus, diabetes retinopathy, digitalis toxicity, enlarged heart, erectile failure, fatigue, free radicals, gangrene, general circulation, hair growth, headaches, heavy metal, poisoning, hypercalcemia, hyperlipidemia, hypoglycemia, hypertension, immunity, impotence, kidney disease, lead toxicity, leg circulation, lupus erythematosus, macular degeneration, mood, multiple sclerosis, neuralgia, neuropathy, nuclear poisoning, osteoarthritis, osteoporosis, Parkinson's syndrome, Peyronie's disease, poison gas, post-stroke syndrome, probability of getting cancer, psoriasis, iron toxicity, intermittent claudication, malaise, male sexual dysfunction, memory, mental function, mercury toxicity, Raynaud's disease, renal insufficiency, rheumatoid arthritis, schizophrenia, scleroderma, senility, skin wrinkles, skin ulcers, strokes, tachycardia, tinnitus, thrombophlebitis, transient ischemic attack, vasculitis, vertigo, vitality

**Even a very healthy person** if very active like a boxer or runner, needs to have better circulation, more energy and strength, better memory and clear thinking.

He/she will outclass, out-run, out-box all ordinary poisoned filled regular people.

**"I'm great and I'm getting better with the protocols."**

EDTA increases Nitric Oxide in our blood: Nitric oxide helps heal the lining of the blood vessels and relaxes them to create improved circulation; it enhances vascular health, sexual potency and adaptability to temperature fluctuations.

EDTA protects cell membranes, DNA and enzyme systems because it is a powerful antioxidant.

<b>POTENTIAL BENEFITS OF EDTA CHELATION</b>	
Prevents cholesterol deposits Reduces blood cholesterol levels <b>Lowers high blood pressure</b> Avoids by-pass surgery Avoids angioplasty	Heals calcified necrotic ulcers Reduces intermittent claudication <b>Improves vision in diabetic retinopathy</b> Decreases macular degeneration

Reserves digitalis toxicity	Dissolves small cataracts
Removes calcium from atherosclerotic plaques	Eliminates heavy metal toxicity
Dissolves intra-arterial blood clots	Makes arterial walls more flexible
Normalizes cardiac arrhythmias	Prevents osteoarthritis
Has an anti-aging effect	Reduces rheumatoid arthritis symptoms
Reduces excessive heart contractions	Lowers diabetics' insulin needs
Increases intracellular potassium	<b>Reduces Alzheimer-like</b>
Reduces heart irritability	symptoms
Improves heart function	Reverses senility
Removes mineral and <b>drug deposits</b>	Reduce stroke/heart attack after-effects
Dissolves kidney stones	Prevents cancer
Reduces serum iron levels	<b>Improves memory</b>
Reduces heart valve calcification	Reverses diabetic gangrene
Reduces varicose veins	<b>Restores impaired vision</b>
	Detoxifies snake and spider venoms

Their health claims are without giving food-based nutrients, or any of the other important items we list in the protocols of self-healing. Also, consider this important fact, that it takes them 40 to 60 sessions costing a minimum of \$150 TO \$400 OR MORE (\$9,000) for each session. Then they put the patients on the same EDTA pills that we use to self-heal for long-term maintenance! They never teach their patients how to use the EDTA powder method that is safer and more effective.

The most important fact about these EDTA doctors is that they **DON'T KNOW** why people get the illnesses that they claim to cure with edta. In addition, they don't know the real **cause-point** on why the calcifications starts in the human body. They only think that it is Vitamin C deficiency and/or the age of the person. And they don't even know how to permanently cure HIGH BLOOD PRESSURE, OR ALZHEIMERS EITHER!

### **Detoxifying reactions using EDTA Chelation**

When you detoxify through EDTA Chelation the toxic heavy metals will be dislodge from many areas of your body and will be released back into your circulatory system, then flushed out through the kidneys or the bowels. When this happens, your body will respond and some of the more common “negative” effects are lethargy, sleepiness, muscular pain (due to increase circulation), loose bowel movements, constipation, headaches, running nose, slight dizziness, low-grade fever and other flu like symptoms.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

But these symptoms are much less in people that take **plenty** of food-based nutrients with minerals, glutathione, Garlic, parsley and Vitamin C from only natural fruits and vegetables and follow all other diet and PH balance instructions and eat plenty of fruits, vegetables etc., and avoid all toxic foods that have heavy metal poisons, artificial colorings, flavorings, and avoid all junk foods that are listed in this data of self-healing methods. If you have any side effects at all, do not drive or operate any machinery and/or stop taking EDTA for a few days. A few days rest will give you time for your body to reset and relax. When you have rested and feel fine or better, only then can you increase your EDTA and not before.

Calcification of your veins, arteries, capillaries along with toxic heavy metals have been associated with diseases such as Alzheimer's, high blood pressure, Atherosclerosis, Hypertension, Diabetes, and Prostate issues and many other illnesses.

But the majority of people will actually feel "positive" reactions including increased energy due to increased blood flow and oxygen carrying potential, clarity of thought, lower blood pressure, better eye sight, increased ability to urinate, and an increased sense of well-being. .

Both positive and negative reactions means that EDTA is working!

Combining Glutathione with EDTA creates possibly the most effective detoxification product combination currently in use.

### **METHODS OF HEALING YOUR PINEAL GLAND AND RECOVERING YOUR ERECTIONS AND MEMORY BECAUSE OF ALZHEIMER'S DISEASE AND MANY OTHER ILLNESSES:**

THERE ARE TWO THINGS TO ADD HERE FOR YOUR RECOVERY CONCERNING ALZHEIMER'S DISEASE.

"COCONUT OIL AND EGG YOLKS"

Include 1/4 cup of coconut oil in your diet, slowly increase it to 1/2 cup a day. This will reconnect the broken or disconnected synapses in your brain that causes Alzheimer's disease.

Start including raw uncooked egg yolks in your diet.

**Protocols for Alzheimer's:** EDTA, Chlorella, food-based nutrients that includes minerals, egg yolks, coconut oil, glutathione, Garlic, Parsley, hair analysis tests every three months, Vitamin C from fruits and vegetables, all of these protocols must be done to recover completely.

Alzheimer's is caused by calcification of the veins, arteries, synapses and cells of the brain. it is not caused by fluorides.

Your brain is made of a high percentage of cholesterol and it is constantly being used up. Without feeding your brain cholesterol, coconut oil, and removing the calcium deposits, your brain's size and memory will decrease. FYI: The blood clots that kill people with Alzheimer's are caused by calcification of the veins, arteries, synapses and cells of the brain. In addition, Alzheimer's patients' complications and death from pneumonia, is due to the calcification cutting down the circulation and volume of blood, which will make a person colder. The better and faster blood flow warms the person.

Start with three raw and uncooked egg yolks. The egg whites are optional to start with.

SLOWLY INCREASE THE EGG YOLKS TO 9 OR 12 RAW EGG YOLKS A DAY.

-----

EDTA opens all your veins, arteries and capillaries to produce a better blood flow. But for men with **Erectile Dysfunction**, it means that the cavities in your penis will fill up with blood more readily. EDTA gets rid of your weak erections and you gain the power to have an erection on demand, maintain it for longer and experience better sex.

**If you have Erectile Dysfunction** - you will have better erections in the morning. Go get a hair analysis test online. Find out the heavy metal poison of which you suffer from. Most likely, it will be #1 Cadmium, #2 Lead, #3 Aluminum Or #4 Will Be Mercury. These are the brain's erectile dysfunction destroyers.

-----

**Protocols for Erectile Dysfunction:** EDTA, Chlorella, food-based nutrients that includes minerals, 9 to 12 raw uncooked egg yolks a day, glutathione, Parsley, hair analysis tests every three months, Garlic, Vitamin C from foods, the a hair analysis test must be done to find the heavy metal poison and any deficiency of minerals that is killing your erections. All of these protocols must be done to recover completely

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

The heavy metal poisons also stay lodged in the calcium deposits thru out all parts of your body, that is why EDTA is so important because it removes the deposits and the poisons that are stuck there. EDTA and chlorella are the life saving couple.

-----

**Glaucoma** is high fluid pressure in your eyes, but the calcium deposits are what cause the blockage. **Cataracts** are caused when the calcium deposits are too high inside the eyes.

**Protocols for Glaucoma and Cataracts:** EDTA, Chlorella, glutathione, Parsley, hair analysis tests every three months, Vitamin C only from foods, food based nutrients that includes minerals, and wearing sunglasses during recovery. All of these protocols must be done to recover completely.

-----

**Protocol for Peripheral Edema, swollen feet, arms, ankles and legs:** EDTA, chlorella, glutathione, Parsley, lecithin, a hair analysis tests every three months, Garlic, Vitamin C, Food-based nutrients with minerals, and taking the hair analysis test to find if you have any heavy metal poisons or imbalances or excess of any nutrient or heavy metal.

The symptom doctors on the internet make many claims that the source of all your edema problems comes from a list of symptoms such as:

Foot and/or leg injuries, prolonged Immobility, low water intake or dehydration, Lymphedema, osteoarthritis, degenerative joint disease, aging and cartilage breakdown, Congestive Heart Failure, weak heart, Deep Vein Thrombosis, blood clots, Bacterial Infection, cellulitis, rash, redness and sore inflamed skin,

and tight shoes, peripheral vascular disease, rheumatoid arthritis, lupus, Kidney Disease or fail of the Kidneys to balance body fluids and flush out the waste and toxins;

toxemia of pregnancy, gestosis, preeclampsia, high blood pressure, eclampsia, seizures; low protein levels, liver disease, chronic Venous Insufficiency, too much salt (sodium), hepatitis (inflammation in your liver), or they will say that you need rest and to elevate your feet or get more exercise.

But here they come a tiny, tiny bit close when they say you may need some Magnesium in your diet or to add it by eating foods such as oatmeal, bananas, almonds, broccoli, and beets.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

At the very last, they will tell you to visit your doctor to take or change the many kinds of symptom drugs for all the above symptoms - which are many.

Now how come they have so many reasons or symptom cures or symptom drugs for circulatory problems that affect the heart, liver, kidneys, cartilage breakdown, high blood pressure?

So let's look at their claim that magnesium will cure or help your edema problem.

Magnesium

**Vitamins:** B1, B6, C, D  
**Minerals:** Ca, Fe, K, Mg, P, Zn

**Vitamins:** B9, B10, B12, D, E  
**Minerals:** Ca, Cu, Fe, Mn, Na, P  
**Metals:** Cd, Pb

First look at all the antagonists of magnesium listed here. The list does not include the hundreds of drugs that have bad side effects that make all the symptoms of edema so numerous and dangerous.

Ca, Cu, Fe, Mn, Na, P  
**Metals:** Cd, Pb

These minerals are too numerous in a hair test to be all to blame for edema. So how are these doctors to know the true causes of edema?

**CA = CALCIUM, CO = COBALT, CR = CHROMIUM, CU = COPPER,**

**FE = IRON. K - POTASSIUM, MG = MAGNESIUM,**

**MN = MANGANESE, NA = SODIUM, P = PHOSPHORUS, SE = SELENIUM,**

**ZN = ZINC, AL = ALUMINIUM, CD = CADMIUM, HG = MERCURY,**  
**NI = NICKLE AND PB = LEAD.**

Not once will the symptom doctor tell you to get a hair analysis test. He will never admit or tell you that you have calcification inside your veins or even know why and he won't know the Vitamins and/or deficiencies and/or imbalances of nutrients or which heavy metal poison that causes the calcifications in the first place.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Symptom cures are a hit or miss method that makes them billions of dollars every year, but also kills and disables millions of people.

**FACT** -- All circulation problems come from injured and/or blocked veins, arteries and blocked capillaries. And all circulation problems affect all the organs of the body.

**FACT** -- And all toxins, heavy metal poisons, and chemicals in our foods affect our circulatory system and organs.

But a symptom doctor can't ever see this because, he/she is Only trained to read the symptoms listed in his drug catalog, in order to select the drug that will treat that particular symptom. They never look for the real causes of any illness!

----

**Erectile Dysfunction** - It will take a longer time to heal this condition, but slowly Increase your EDTA by two more pills, so that the calcium deposits in your prostate are removed, and the veins going to your penis are cleaned out.

Add 1 to 4 pills of zinc if you find Cadmium in your hair analysis test, then take chlorella before foods each day. The chlorella and zinc will remove all the cadmium or other toxins from your body that is killing your erections. In this case, take 6 to 12 raw egg yolks a day. Do not ever use canola oil, which will combine with cadmium to kill your erections.

FYI: canola oil is poisonous industrial oil that can be used to kill any insect in the world. Mix one part canola oil to 2 to 3 parts of white vinegar in a 16 oz., spray bottle, and add two table spoons of any cheap dish washing detergent. Let it sit for one hour, then Mix it well and spray it around any water and condensation area, like sinks, water heaters etc.. Roaches need to drink water every 2 to 3 days or they will die. As soon as they touch the oil, they will soon die.

If you cook the egg whites - only use unsalted butter.

Cooking with coconut oil, instead of GMO oils such as soybean oil, canola and cottonseed oil will speed up your recovery!

The medical profession has hidden the fact from us, that they have Eye drops containing EDTA that is being used by eye doctors to treat calcium deposits in the eyes. But, as by now you know

that slowly and safely this method here will eventually remove all the dangerous and unwanted calcium from all areas of your body including your eyes.

### **The Protocol for Bruxism is:**

EDTA, Chlorella, food-based nutrients that includes minerals, glutathione, Garlic, Parsley, hair analysis tests every three months, Vitamin C from fruits and vegetables, and to understand that you have an imbalance of the antagonistic Vitamins and Minerals listed below. Especially Vitamin B 6, and an imbalance with your magnesium and calcium, which means that you really have a calcification problem too. Look at the antagonist side again note that Vitamin A and C can also be both - hurting and helping you. Now look at the calcium wheel and your hair analysis test again. Look to find the mineral that is either too high or too on the hair chart. Then follow and find the antagonist to that and you will find the clue. Or simply increase all your nutrients and wait it out. Because with a better diet and more nutrients, your Bruxism will go away as your veins are cleaned out and your calcium is increased by the protocol.

Calcium

**Vitamins:** A, C, D, K  
**Minerals:** Mg

**Vitamins:** A, C, B1, B3, B6, E  
**Minerals:** Fe, K, Mg, Na, P, Zn  
**Metals:** Pb

The minerals in your hair analysis test are easier to spot, but you need not have to take a blood test for the B-Complex vitamins listed, once you take more of your food-based nutrients. All of these protocols must be done to recover completely.

-----

### **The Protocol for weight loss is:**

EDTA, Chlorella, food-based nutrients that includes minerals, 3 to 6 raw uncooked egg yolks a day, glutathione, Parsley, Garlic, Vitamin C from foods, and two drops of natural iodine in liquids once a day, hair analysis tests every three months and the anti-parasite herbs.

When parasites get to be an issue in any person, it will not only make the person weak and/or sick, but will make the person eat too much.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Simple and safe formula for removal of parasites:

**Cloves (powder)** -- use this to kill parasite eggs in the blood and body. There are at least 1000 types of microscopic blood parasites in all people's blood. Cloves dissolve the egg casings and kill the baby parasites, because some parasites lay from 1,000 to 100,000 worm eggs in just one day.

**Black walnut hulls (powder)** -- use this to kill large and microscopic blood parasites and to combine with cloves to kill worm eggs.

**Wormwood (powder)** -- use this to kill large and microscopic blood parasites and to combine with cloves to kill worm eggs.

It is best to mix equal parts of each and put them into capsules and take 4 capsules 1 to 3 times a week for **a long term** cleansing. If you look online you will find these in pill, powder form.

The crazing form toxic junk foods loaded with heavy metal poisons, that make you eat too much is affecting your brain's organs and thyroid gland. Look at any mineral that is either too high or too low in your hair chart and buy a single mineral to increase it slightly if too low. If too high, find the antagonist and take a mineral pill to put it in balance. Over a few hair tests, YOUR WEIGHT WILL COME DOWN with the removal of all your toxins and then you will be able to learn to balance your chart and become a master of your LIFE FORCE ENERGY. The body, once clean of all toxins and poisons will slowly re-balance itself.

**Protocol for Leukemia:** EDTA, Chlorella, Almonds, chaparral capsules food-based nutrients that includes minerals, glutathione, Parsley, Garlic, Vitamin C from foods, and two drops of natural iodine in liquids once a day, hair analysis tests every three months and the anti-parasite herbs such as Cloves (powder), Black walnut hulls (powder), Wormwood (powder).

Check your hair analysis test for any deficiency or excess or imbalance with zinc, or if you have cadmium in your hair test; copper deficiency or excess or imbalance with its antagonists; selenium deficiency or excess or imbalance with its antagonists; Excessive aluminum levels and/or mercury levels. For **Mesothelioma**, check for Magnesium and Iron deficiency or excess or imbalance with its antagonists

Almonds contain GOD made natural non-toxic cyanide that kills cancer cells, crush them to a fine powder and eat some every week, but do not buy almond milk.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

By being a great blood purifier, Chaparral has the ability to move the lymphatic system, and draw toxic chemicals and harmful drugs out of the cells. It helps to protect against the formation of tumors, cancer cells, and to improve liver function and the urinary system.

Either make a tea: Steep the leaf and/or twigs in hot water for 5-15 minutes. Take 6 oz 3 times daily, or buy the herb in capsule form from amazon.com

**Looking at people with Mesothelioma symptoms and studying the symptom cures being used, taking Tri-B and this protocol, would not hurt them as an alternative treatment because the other alternative treatments being used are foolish to me and Tri-B would help remove any toxins from the stomach area and the cells near the other organs. The clay has a great grabbing affect to hold onto the tumor cells in the organs and blood and remove them out thru the intestines.**

**Choose your favorite acid and alkaline foods for your daily or weekly diet to maintain the proper PH balance to recover from Leukemia and many other illnesses.**

#### **The Five elements:**

Below is a brief look at how each element interrelates with its season, color, organ, taste buds and primary emotion — all affecting human health and well-being.

- **Wood** — Spring — Green — Liver/Gall bladder — Sour — Anger
- **Fire** — Early summer — Red — Heart/Small intestine — Bitter — Happiness
- **Earth** — Late summer — Yellow — Spleen/Stomach — Thought — Sweet
- **Metal** — Autumn — White — Lungs/Large intestine — Spicy — Sorrow
- **Water** — Winter — Black — Kidneys/Bladder — Salty — Fear

Each color has vastly different properties whose effects are part of the overall constellation of good health. Since foods, organs and seasons are inextricably related, eating certain foods during their designated seasons increases their effects on the body to both prevent and heal disease in the related organs and systems.

#### **Supercharge, protect and heal with the color of natural foods**

- **Red** nourishes the heart, **circulatory system**, brain, small intestine, and the eyes. Common foods with strong red pigments are carrots, tomatoes, strawberries, pomegranates, cherries, raspberries, blueberries, sweet potatoes, red pepper, red dates. Red foods are high in lycopene,

antioxidants and anthocyanins, **boosting the immune system, fighting free radicals and protecting against cancer and vision problems.**

- **Green foods** nourish the liver and gall bladder, improve eye-sight and boosts immunity. Spinach provides the most nourishment for the liver according to TCM. Additionally, foods such as romaine, cabbage, green beans, broccoli, cucumber, celery and bok choy. High in phytochemicals, green foods fight disease and are loaded with vitamins.

- **Yellow foods** nourish the stomach and spleen, relieves mouth ulcers, muscle pains, lessens swelling with their diuretic properties and helps the pancreas produce insulin. Choose dandelion — a common herbal diuretic tonic — squash, oranges, grapefruit, cantaloupe, barley, leeks, pumpkins, yellow apples, egg yolks, corn, soybeans.

- **Black foods** nourish and strengthen the **kidneys, bladder and urinary tract**. Black rice, black sesame seeds, walnuts, black kelp, currants, sea cucumber, wood ear and black mushrooms. **Black foods protect against kidney stones and cancer.**

- **White foods** support the lungs and large intestine and include pears, white radish, **onions, garlic**, white beans, winter melon, tofu, cauliflower, jicama. White foods are high in allicin, which reduces blood sugar and has strong anti-inflammatory and **antioxidant properties to fight cancer and heart disease.**

NOW pay close attention to these markings:

(-) Means eat as little as possible if above 7.4 or avoid completely if you are below 7.4 (These foods must be totally avoided if you are sick).

(x) Avoid completely, extremely bad for your health (These foods must also be avoided if you are sick).

(+) Means eat as much as you want, extremely good to maintain your high readings.

(E) Means extremely good for you - eat as much as possible-high nutrient level.

(n) Means that the food is a naturally acidic food (acid forming) made by Mother Nature. Eat according to your PH readings. (These foods must be avoided if you are sick).

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

(k) Means that the food is a naturally alkaline forming food, may taste and may even read acidic, but turns the body alkaline by Mother Nature. These foods are the best foods to help kill bacteria and viruses.

(Numbers) for example: (45) indicates the food as a Glycemic Index (GI) of 45. Select alkaline foods with an index less than 60.

Intake of naturally acidic foods are healthy if taken in moderation, and in balanced with your PH. Choose the naturally acidic foods with the lowest GI.

Neutral foods are not classed here, because a neutral food or slightly acidic food such as Tomatoes will go with the flow of your readings. If your PH readings are acidic, they will make you more acidic. If you are very alkaline, they will not affect you at all.

The darker the color of vegetables, the higher the PH readings will be and the lower the GI reading. The less heat in cooking the more nutrients you will recover and absorb.

Foods without a mark - if Alkaline-they are completely safe to eat. If Acidic, they are completely safe if eaten in small amounts such as 20 percent or less.

If you eat these alkaline foods in their RAW state, the body recovers from illnesses a lot better, because the nutrients are not destroyed by heat or processing. The increase or intake of pure natural nutrients are needed to start, or kick-start your body back to health.

### Buy a PH Litmus Paper Test Kit

1. Do the PH testing the first thing in the morning, before even brushing your teeth, or washing out the mouth. If testing is done later in the day, allow 2 to 3 hours minimum without having anything in your mouth prior to doing a PH test for the most accurate reading. But the longer time between meals or liquids ensures an even more accurate reading.

2. Swallow the saliva in your mouth, re-salivate your mouth again by sucking from below your tongue. Repeat twice.

3. Apply saliva to a small one-inch strip of PH litmus paper, wait 20 seconds and then compare the color on PH chart. The litmus paper will turn a particular color indicating your PH level. Yellow to pale green is acidic, and dark green to deep blue would indicate an alkaline level.

Oxygen rises in the blood as your readings rise. A high PH means more oxygen that will kill microscopic blood parasites and raise your white blood cells

Eat more Alkaline foods to bring up your reading to 8 to 9 and maintain it always above 7.5 PH.

If you eat naturally acidic foods, your reading will go down slowly and safely, but if you eat (unnaturally acidic) dead junk foods your reading will drop and so will your health.

Vitamin C, garlic, lemon juice, helps the high oxygen level fight cancer cells and kill and/or expulse parasites.

A **blood pH** level of 6.9, which is only slightly acidic, can induce coma and death. The normal blood PH (potential Hydrogen) range is tightly regulated between 7.35 and 7.45. Going too high or too low (below 7.1 or above 7.9) is certain death. **Do not mistake BLOOD PH oxygen level for saliva Ph or urine PH oxygen levels!**

Your saliva and Urine levels can fluctuate according to what foods you eat, to very high and very low ranges, without causing your death. But once your blood PH is affected beyond that tight range --you die.

Once the body and blood is completely clean, and food based nutrients are introduced to speed healing, the body has a recovery rate or capacity or ability never before seen in modern times.

Fact: If your body's PH is not balanced, you cannot effectively assimilate vitamins, minerals and food supplements. Also, mucus and a clogged and caked-on intestinal track on the small intestine can block your body from vitamin and mineral absorption.

It is vitally important that there is a proper ratio between acid and alkaline foods in the diet of a healthy person. The natural ratio in a normal healthy body is approximately 4 to 1 - four parts alkaline to one part acid, or 80% to 20%. When such a perfect balance is maintained, the body has a strong resistance against disease. In the healing of disease, when the patient is very ill, the higher the ratio of alkaline elements in the diet, the faster will be the recovery.

When a person is really bad off and already has an illness, the Alkaline foods eaten must be high enough to produce **GREEN STOOLS!** It is at this level that the body has GREAT amounts of OXYGEN to be able to kill cancer cells, eliminate all toxins from the blood and cells and kill or control blood parasites.

White Blood Cell death or leukemia is more likely on the acidic side with your PH balance below 5.0, therefore **raise your PH to 8 to 9 PH.**

Remember this one last FACT -- chemotherapy kills all your vitamins, minerals, enzymes, and all other good things that GOD gave you to keep alive and well. Chemotherapy was meant to KILL everything in the body, including cancer cells or be a total wipeout. BUT, CHEMO THERAPY WILL NEVER REMOVE YOUR HEAVY METAL POISONS FROM YOUR BODY. Nor will it remove any chemical, toxic poisons. This can be proven to be a fact, by taking a hair analysis test before the chemo, and three months after the last chemo therapy session. If your head hair has not grown back yet, take the hair test with your pubic hair and prove me wrong. You will still see that your heavy metal poisons are still there.

The hair analysis test will have a blue-print of all the minerals that were lost by the chemotherapy, and give you the minerals that you will need to resupply and/or bring back in the correct balance.

By supplying the body with the correct PH balance of healthy natural foods in the correct PH balance, and by taking food based-natural nutrients too, your body can kill the leukemia and have a better chance to survive.

**Protocol for the gradual and slow removal of Liver, kidney and gallbladder stones:**

EDTA, Chlorella, food-based nutrients that includes minerals, glutathione, lecithin, Parsley, hair analysis tests every three months, Garlic, Diet with Vitamin C from foods, and include in the diet lemon juice from real lemons and fresh handmade apple juice; and cook foods only with olive oil.

EDTA will dissolve all calcium stones in the body, but when doing a liver and gallbladder stone removal and detox, or cleansing, take some lecithin capsules to remove the unwanted **cholesterol deposits** in some gallstones. Normally people use Olive oil and lemon juice, malic acid pills or get their malic acid from apple juice, apple cider vinegar etc., to flush the gallstones out, but they don't ever consider that Lecithin will help break down larger stones to avoid any painful episodes.

**Why do we need to take LECITHIN in the protocols?**

Lipomas are non-malignant fatty tumors that can occur in various places in the body, lipomas and any fat cells can store toxic metals accumulation.

Many processed and GMO foods contain hydrogenated oils. This is to increase the shelf life since it prevents the oil from going rancid. **Hydrogenation occurs in the presence of a toxic metal for a catalyst, like nickel or aluminum**, and small but **measurable amounts of the toxic metal are included in the oils** along with the oil brand product. It will help remove toxic metals from Lipomas and other fat cells.

Lecithin is a major source of choline, a substance which helps the body metabolize (burn up) fats effectively. Lecithin also helps all skin conditions.

Taken internally, lecithin helps the gut absorb fats and fat-soluble vitamins. In the blood, lecithin keeps fat in solution, reduces 'bad' cholesterol and **prevents fatty plaques forming on blood vessel walls**. It even dissolves yellow fatty deposits in the eyes and skin. It dissolves **Liver, kidney and gallbladder stones**.

**The hidden dangerous threat from MERCURY POISONING EXPOSED!**

Many illnesses such as heart disease, cancer, Alzheimer's disease, Multiple Sclerosis, Autism (ASD), Parkinson's and Lou Gehrig's disease have a high correlation with exposure to mercury, lead and other toxic metals. Mercury, especially, is the **MAIN CULPRIT** - in addition to its own severe toxicity, it synergistically increases the degenerating effects of many other toxins.

MERCURY helps (1) aluminum, (2) lead, (3) cadmium and (4) fluorides, and all vaccines to become **more deadly**. It is more deadly to infants and very young children. That is why our self-healing methods work better than 20 to 80 sessions by IV chelation.

**Still think that Liberals, Progressives, Socialists, Communists, and the Collectivists are NOT evil and want to kill you?**

Fluoride was once used by the Nazis to sterilize inmates and make them docile. Fluoride is a key dumbing down ingredient of **Prozac** and in the military nerve gas called "Sarin" nerve gas.

Before the Satanists discovered how deadly Fluoride was, they used **Chlorine THMS** to produce Miscarriage, stillbirths, cancer, and was used to kill us slowly and secretly by putting it in our tap water.

**Then check it out for yourself.**

FACT -- Fluoride is an abundant mineral toxic waste product of aluminum, phosphate, cement, steel and nuclear weapons manufacturing.

Fluorides bind with Mercury and lead like a magnet. If the mother has fluoride in her system before the birth of her child, the first sign of fluoride poisoning is called Fluorosis.

And if she gives the infant any kind of vaccines, and/or If she also has mercury and lead or more aluminum, then the child if it survives, will have autism, be retarded or have a very low IQ for sure.

Fluoride exposure for the fetus increases the risk for stillbirth, miscarriage, birth defects and brain injury. Older people, following years of cumulative fluoride exposure are at significant risk for skeletal fluorosis. Skeletal fluorosis includes one or more of the following: muscle wasting and neurologic damage including Alzheimer's, arthritis, osteoporosis, stiff joints, spine deformities and calcification of ligaments. Bone fractures, including hip fractures can result from excess fluoride intake, as well as cancer, especially bone cancer.

**It is so deadly that fluoride is the key component in the production of the atom bomb.**

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

The main fluoride chemical added to water today is **hydrofluorosilicic acid**, a **toxic** industrial by-product from the phosphate fertilizer industry.

Fluoride given to **RATS** has been proven to cause bone cancer, liver cancer, and a host of other physical ailments.

**Hidden sources of fluoride:** Most commercial crops are watered with fluoridated water. These crops absorb the fluoride. Fruit juices from concentrate are reconstituted with fluoridated water, and bottled water, even if it's filtered, usually has fluoride in it.

**Protocols for Autism (ASD):** EDTA, Chlorella, Vitamin C only from foods, food-based nutrients that includes minerals, glutathione, Parsley, hair analysis tests every three months, and a diet with onions, un-cooked egg yolks but with the egg whites cooked in unsalted butter, and garlic. The hair analysis test is used to find which heavy metals are causing the autism and to regulate levels of zinc and manganese.

Scientists have determined that the toxic overload of heavy metal poisons in children with Autism starts with mothers that have various levels of their own heavy metals poisons such as lead, mercury and aluminum.

The scientists have used the baby teeth of children with autism to measure exposure to the toxic metals they have found, and in their research, they have discovered that the mineral Zinc, displayed a complex pattern of behavior. During the prenatal **period, children with ASD had lower levels of zinc, but after birth, these levels increased to higher levels than those found in children without ASD.**

Finally, Manganese levels were found to correlate with ASD as well. **Children with ASD seemed to have less manganese than children without autism, both prenatally and postnatally.**

They have found that a diet of sulfur containing organic foods as onions, eggs, and garlic are advisable to be included in the diet of autistic children, because of their protective potential against heavy metals intoxication.

### **Methods of healing your pineal gland:**

Note - you can combine this detox method to cure many illnesses as listed.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

1. Take EDTA at night on an empty stomach - one to six pills at bedtime.
2. Take natural iodine at noon - 1 to 5 drops in any liquid or in mouth.

Natural iodine will dislodge fluorides from the pineal gland, but will not remove it from your body. EDTA and chlorella will.

Be careful you do not buy **IODIDE** as this a fake toxic chemical copy of the real natural iodine, and it will NOT remove fluorides from your pineal gland.

3. Take 1 to 3 pills of 1000mg of chlorella one hour before foods.
4. Take food-based nutrients that contain multi-minerals one to two hours after meals and glutathione, Parsley.
5. Take natural iodine each day, up to five drops a day.

**Protocols for the pineal Gland:** EDTA, Chlorella, glutathione, food-based nutrients that includes minerals, egg yolks, coconut oil, Parsley, hair analysis tests every three months, Garlic, and natural iodine. All of these protocols must be done to recover completely.

EDTA will clean out any harmful and unwanted calcification in your veins, organs, penis and brain that can and will cause blockages, heart attacks, strokes, and blocking your third eye.

EDTA treatment has been shown to result in such changes as better memory function, reversal of diabetic gangrene, decreased macular degeneration and improved vision in people with diabetic neuropathy, reduced intermittent claudication, and improved heart function.

Chlorella will remove any other heavy metal poison and chemicals that EDTA has not removed from your blood, organs, penis and brain.

The food based nutrients taken each day by you, are vital in this method because EDTA can and will remove some minerals and other nutrients from your body.

FYI: High blood pressure, heart attacks, strokes, seizures etc., only happen with calcification or calcium deposits in all areas of your body. Also reduced IQ, insomnia, hormonal imbalances, fatigue, depression, bipolar disorder, Alzheimer's, spiritual lethargy and disconnection, mental and emotional problems and many other illnesses.

Google: "toxic sheet - dr l wilson" to view a PDF written by Dr. L. Wilson of all the illnesses that you can reverse.

Note: every heavy metal poison has what is called an "antagonist"; for example, zinc and cadmium are antagonistic to each other. What that means is that each will dislodge and help remove each other from all parts of the body. Then EDTA and/or chlorella will have a better chance to remove it when it is deep in the bones, organs and brain cells.

In fact, even nutrients can behave as antagonist to another nutrient and drugs also can act as anti-vitamins too. [Read section on nutritional balancing again]

Because too much of one nutrient will decrease the other.

Example:

	<b>agonist/synergist</b>	<b>antagonist</b>
vitamin b3	<b>vitamins:</b> a, b1, b2, b5, b6, b9, b10, b12, c, e <b>minerals:</b> cr, cu, fe, k, mg, mn, p, na, se, zn	<b>vitamins:</b> a <b>minerals:</b> ca, cu, na

Which means 5000 mg of Niacin will cause a: Vit. A, calcium, copper and sodium deficiency, which will cause deficiency illnesses in these nutrients!

<http://www.return2health.net/articles/vitamin-mineral-antagonists/>

<http://www.rawfoodexplained.com/vitamins/antivitamins-and-vitamin-antagonists.html>

Google: Vit. A, copper, calcium and sodium deficiency illnesses to find the danger of doing a purification program.

Copper:

**Physical symptoms:** acne, adrenal insufficiency, allergies, alopecia, anemia, anorexia, arthritis, autism, connective tissue problems of all kinds, hair and nail conditions, epilepsy or seizures, elevated cholesterol, cancer, diabetes, estrogen imbalance, fatigue, migraine headaches, hyperthyroidism, infections, inflammation, insomnia, multiple sclerosis, myocardial infarction, nausea, premenstrual tension, scoliosis, all skin conditions, tooth decay, urinary tract infections.  
**Mental emotional symptoms:** copper is often involved in most cases of anxiety, bipolar disorder, depression, fears, mind racing, mood swings, panic attacks, schizophrenia, spaciness.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Anemia - neutropenia (low neutrophil levels) - connective tissue degeneration, growth retardation, bone abnormalities, pallor, poor temperature control, thinning, weak hair, poor skin quality, neurological problems (in severe cases), seizures (in severe cases).

Many skin conditions are related to copper and zinc imbalance. These include acne, **psoriasis**, eczema, vitiligo and other cases of dermatitis.

Copper is also needed for melanin production. Melanin is the pigment which gives skin its color. Copper imbalance may be involved in vitiligo, for example, in which white or depigmented areas of skin occur. Copper is also involved in collagen synthesis.

GO HERE FOR MORE DATA ON COPPER: <http://lpi.oregonstate.edu/mic/minerals/copper>

However, a study of the nutrients given to you in the Purif is proven to never take these nutrients and the fact of the deficiencies and imbalancing produced, in considerations, which are eliminated from your body that will cause nutrient deficiency illnesses.

Also, be aware of another fact that each and every illness has its own nutrient deficiency. Find the antagonist and the nutrient deficiency and detox with this method and you can cure any illness with this healing data.

However, make sure that you never take extreme amounts of one or two single nutrients or take one nutrient for a long time, because that nutrient will become taken out of balance, and then it will do more harm than good.

Google: "nutritional balancing"

<http://www.naturalhealthprotocol.com/nutritional-balancing.html>

This happens to all scientologists when they take 5000 mg of Niacin for weeks, under the purification program as the only detox agent to remove heavy metal poisons and drugs from the body. This can be proven to be a fraud, when you take a hair analysis test one week before the program and three months after the purification detox program.

In any hair analysis test, you will find out if any detox program has worked or not.

Vitamin B3 is not usually tested for in any hair analysis testing, but it is tested in Blood tests.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

What you will see is a copper, calcium and sodium low range reading, indicating a mineral deficiency in the test. Look for this proof - it will be there.

Also take note of another fact -- you will NEVER get food-based 100 percent vitamin and mineral nutrients from the cult of Scientology -- they consider this as not worth paying for, as their only purpose is to make you **BELIEVE** that you have been TOTALLY detoxified.

Artificial chemical based or fake minerals do not work to cure any illness of any type. Not even if it still reads on a hair test. You still have a deficiency illness waiting to happen from fake chemical based minerals. YOU HAVE BEEN SCAMMED.

When a vitamin or mineral is severely un-balanced to another nutrient, then it becomes somewhat toxic, and produces many unwanted issues or illnesses and can produce extremely high blood pressures that can be dangerous or deadly.

5000 mg of Niacin can become deadly if the supervisor of the Purif follows the **Cult's "Doctrine"** that only a Disbeliever, Ex-Scientologist or Suppressive Person in the cult can cause any illness.

Scientology Narconon drug rehabilitation purification is designed to treat drug addicts and is famous for being a genocide-killing program.

Google: "Narconon rehab deaths"

Niacin is capable of opening up the capillaries allowing the toxins to flush out from your skin but only combined with a sauna.

Niacin causes vasodilatation, i.e. the dilation of the blood vessels of your skin that can dislodge calcium plaques that will trigger a heart attack and stroke. This is why drug addicts die in Narconon drug purification programs.

The toxins that have been released by using niacin should be eliminated from your body, through exercise and sauna immediately or the toxins will be reabsorbed back into the body.

FYI: Niacin used only by its self does not remove ANYTHING AT ALL. That is why the exercise and sauna method is used, in order for the elimination to happen. With my method listed here a sauna and/or running around is optional. I never had the use of a sauna when I removed my Cadmium a few years ago.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

**Warning!** The cult will never permit you to use a pulse rate monitor to check your heart rate and to see if any drug, food, herb, vitamin, mineral, sauna or exercise can raise your blood pressure to unsafe levels. They do not believe in calcification of the blood and body. Since they ALWAYS blame a person/s for all the illnesses and accidents in the world.

By the end of the daily Purification program, the toxins, chemicals, and poisons brought to the surface of the skins of the people that bought the procedure to become "PURE", all the toxins, chemicals and all the poisons are redistributed and reabsorbed back into the body to more critical organs, where they may do more damage.

**Warning:** Each day after the session is over, when you cool off the re-poisoning and re-distribution in all the toxins not completely removed will lodge into #1 your liver, #2 your kidneys, and #3 back into the blood from here to ALL parts of your body.

### **Who really owns the cult of Scientology?**

<http://www.wikiscientology.org/archiv/sc-i-r-s-ology/contents/howirsruns.html>

<http://www.wikiscientology.org/archiv/sc-i-r-s-ology/index.html>

Today the people who are dead-heads or "Ronbots" in the cult, don't know that the cult belongs to the IRS, which are mostly socialists.

L. Ron Hubbard sold out to the IRS and the little midget David Miscavige is really a double agent working for the collectivists that own the cult. Now do you understand the real reasons that the cult is a enslavement killing machine?

[http://www.jesus-is-savior.com/False%20Religions/Wicca%20&%20Witchcraft/aleister\\_crowley.htm](http://www.jesus-is-savior.com/False%20Religions/Wicca%20&%20Witchcraft/aleister_crowley.htm)

**L. Ron Hubbard (founder of Scientology) calls Crowley, "My very good friend."** L. Ron Hubbard was a socialist and wanted the cult to be the one-world religion controlled by the beasts, but they sold him out as soon as he signed over the cult to the IRS.

The Inner Circle: Aleister Crowley, Jack Parsons, and L. Ron Hubbard-Late 1940s-early '50s

-----

Ronbots that have high blood pressure and/or thin veins are at extreme risk of death, because the very high increase in blood flow from running around, will super increase their blood pressures thru the veins in the body and/or capillaries of the brain that will cause calcium deposits to dislodge and cause heart attacks and strokes.

Niacin will not remove heavy metal poisons from the organs, bones, brain, eyes, because a hair analysis test can prove this.

The Scientology Purification method has never proven in any way, either from blood, urine or hair analysis testing, that the toxins from fat cells are removed by the use of 5000 mg of Niacin. It is the sauna that causes the elimination of toxins from the heat produced.

The fast movement of blood produced by Niacin makes people THINK that they are experiencing a total detoxification and are asked **over and over again** to write up their WINS, in order to end cycle and graduate from the Purif program.

The fact that they never give you a chelation agent such as chlorella and EDTA or any others available that will grab the toxins is a major crime in the purification programs of scientology.

**Google: "calcium deficiency illnesses or diseases:**

Fainting - heart failure - chest pains - numbness and tingling sensations around the mouth or in the fingers and toes - muscle cramps, particularly in the back and legs; may progress to muscle spasm (tetany) - wheezing - **difficulty swallowing** - voice changes due to spasm of the larynx. - irritability, impaired intellectual capacity, depression, anxiety, and personality changes - fatigue

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

- seizures - coarse hair - brittle nails - **psoriasis** - dry skin - chronic itching - tooth decay - numbness or tingling in the extremities - muscle weakness - **cataracts** - and osteoporosis symptoms (osteopenia) (backache; a gradual loss of height and an accompanying stooped posture; fractures of the spine, wrist, or hip.

Removing the harmful calcium deposits will lower your high blood pressure, and stop any future heart attacks and strokes.

-----

**Here is the data that the cult of Scientology is afraid that you will read and understand.**

But now, for the complete protection of ALL Ex-Scientists -- one very important thing has to be understood, that even a Priest can make you an effect-point (sick). It is NOT the person or kind of person who makes you sick, but what is in inside of you.

Mother Nature created you with many physiological warning signs, but your warning signs don't always give the right signal, or you have not learned to understand them correctly, or they give you more than one signal or they give one now and another later or the signal (symptom) is delayed by a few days or up to about 74 hours. In this case, it is purposely misapplied to you or falsely taught to you by the Godless cults, so that you will misunderstand the true reasons of why you got sick. These Godless cults always blame wrong-targets, for what they call the person that caused the illness that was brought-out by the act of anger, hate, arguments and misunderstandings. Symptom Re-stimulation is a delayed physiological reaction (effect-point) of suppression (cause-point), the un-conscious mind is very slow to bring it out to your awareness.

The secret of this is a long dead knowledge that was given to mankind and to all living beings by our creator. Yes -- even animals have these delayed physiological reactions.

Many fools aka "Ronbots" have spent around thirty thousand dollars to obtain SUPER HUMAN POWERS, but that can't happen because #1 The cult is owned by the IRS, which is a socialist slave controlling group. Super humans do exist but when they try to join, they are rejected and banned.

**The Blood is the pathway to find all the cures of every illness in the world.**

Everything you eat, drink, apply or spray on your skin goes to your blood and from there, goes on to all organs, cells and bones in your body.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Detoxification of your blood and the correct Ph of your blood, including removal of the calcification deposits within your veins, arteries and capillaries is vital to complete salvation.

Edta and Chlorella and the Protocols are the best way to remove the toxins and heavy metal poisons that the Collectivists put in a lot of our foods, drinks, water, vaccines etc.

-----

**Do not rush**, and do not take too much EDTA and/or chlorella, as this will take time to clean out all toxins, chemicals and poisons.

Because it takes time to clean out the whole body. If you took all the blood vessels out of an average child and laid them out in one line, the line would stretch over 30,000 to **60,000 miles**. An adult's would be closer to 70,000 to **100,000 miles** long. There are three kinds of blood vessels: arteries, veins, and capillaries. Plus the amount of time to dislodge the toxins, chemicals and heavy metal poisons in your calcium deposits themselves and from every organ, bone and cell.

learn to read your body and mind (five senses), because it tells a lot, such as when to back off and take less pills, nutrients and it even tells you that certain foods or medicines are too much or too bad for you.

**WARNING!** Do not allow your blood pressure to rise to unsafe levels when eating any junk food, drug, 5000 mg of niacin, or anything at all. If you do that and are not following a slow and safe rise with EDTA, your excess blood pressure might force a vein to get blocked and cause a stroke or a blood clog that might kill you or cause you harm. Niacin will kill you even if you build it up slowly, so be careful here too.

Buy a pulse heart rate monitor and take your reading each time you take anything at all.

If you do not know what you are allergic to, it will not be good news when you are in the middle of the Cult's purification program or when you decide to be superman and take an extreme amount of EDTA that you have not slowly worked up to. Therefore, you should always take a pulse rate reading with a monitor and always keep up with knowing your daily blood pressure reading.

And most important, do not stop taking any medicine no matter what they are for. Take medicines and nutrients two hours after you take chlorella and/or EDTA to avoid them being

removed from your system. Eventually your problem or illness will disappear or become much less an issue in your life, and then your own symptom doctor will see that all your symptoms are gone. All "**symptom**" doctors **never** look for the real cause of an illness, so the symptoms are all his mind can see. You will learn his limitations and will soon discover that you are/will be a better healer than any symptom doctor.

On illnesses of the skin such as Psoriasis, the combination of internal detoxing and external detoxing is necessary or vital.

I have invented a formula that I call "TRI-B", as verified by scientists and labs., all healing clays such as bentonite or montmorillonite clay have an abundance of minerals, including calcium, magnesium, silica, sodium, copper, iron and potassium from "mother earth" given to us to heal us.

But, the red clays, green clays and white clays have different amounts and type of minerals in each one. Together they form the most powerful formula from mother earth to heal illnesses of or on the skin, no matter where it is located. Clays taken internally feed the body the nutrients within them, as they remove the toxins, fibers, dead cells and poisons. To a very limited extent, they also heal the skin by giving the skin the nutrients to heal skin illnesses.

Remember one thing that clays have negatively charged molecules or negative ions. Most toxins, dead cells, fibers, chemicals and heavy metal poisons and GMO oils such as canola oil, soybean oil and cottonseed oils have positively charged molecules or positive ions, so never use metal spoons to mix or apply Mother Nature's healing clays. Let the freshly mixed clay cure in a covered plastic or wood container for one hour before you apply on your skin.

The clay will suck up toxins millimeter by millimeter under the skin, the more you use it.

When you apply the moist mixed clay on your skin, it will start to dry, But do not remove it then, wait for at least 1/2 hour more, because the healing detox or "pulling" action really starts when it dries and is feeling tight on your skin. Remember "tight" means "right".

To heal your skin illness, you need to remove the toxins until you skin is baby fresh.

So using clays externally is a long term healing method. But, when you use all my healing methods, the results are worth the time and expense.

You can buy premixed white bentonite clay in liquid form, for general internal clean up too. Especially when traveling to places that you know where you can clean up your stomach every night when you have eaten foods that will give you the "runs".

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

A symptom is actually a physiological reaction or phenomena of the true cause of the illness. Your mind and body does warn you about your emotional and mental survival, contra-survival situational problems and also gives you clues to improve your life and illnesses. Your stomach actually warns you about GMO foods and tells you to avoid these poisonous junk foods or else.

-----

The way God intended us to survive was to learn to read the symptoms of any illness manifested in our body, in order to find the real cause of that illness. But, the socialists' system is reversed to help complete the "Socialist Depopulation Agenda" (aka "SDA"). Now a doctor takes note of your symptoms and gives toxic drugs to treat you. Each year symptom drugs kill and disable millions of people around the world and all people that try for a real cure of the true cause are victimized, sued and jailed by the socialists.

Remember this fact, and never forget it! We have all been poisoned by the Socialist Depopulation Agenda for a very, very LONG TIME. Today, even our children are born with heavy metal poisons, and illnesses and disabilities caused by these toxins.

All people in the U.S.A. -- From the very old to children and new born and even animals with **disabilities** of bone, muscle, ligament, cartilage are caused by heavy metal poisons and GMO foods, and as they grow older then they form calcifications that make their disabilities permanent, unless you help them learn the truth of what's happening.

When you see a dog of 10 years old, he is only middle age to me. Dogs and wolves can live to 20 to 25 years of age, but only if you are willing to remove the socialist depopulation agenda from their cells and give them new life again - until it is naturally their time to pass on.

The "Socialist Depopulation Agenda" (aka "SDA") does not start or end with us Humans; they have targeted many animals for destruction such as trillions of Bees, wolves, wolf-dogs, dogs, just to give some examples. However, being a Dog, wolf, wolf-dog and bird lover, I want to tell you about a God given friend to humanity that I want to help survive their genocidal attempts to kill them off.

**HOW and why our pets are dying before they get to live to 25 years old:**

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Our dogs, cats, or our cows and horses when they are dead, dying, diseased, and decomposed and **not buried by us** or are picked on farms, in veterinarian's offices or as road kill on the streets, are brought to the **Rendering Plants** in each state, and ground up and mixed to make a blend of toxic GOO OR MUSH that is secretly made by the Socialist government to feed the still living pets that we loved.

What is worst of all is that these poor creatures are never cleaned up, the excrement, floor dirt, cartons, dirty hair, plastics, and every toxic and poison in the vats are dried up and sold to 90% of Pet food companies.

They add **arsenic and cyanide** to the GOO to kill off the germs and viruses, and then you buy it from a pet food company and feed it to your pets.

<https://truthaboutpetfood.com/the-romance-is-over/>

<https://goodnessgracioustreats.wordpress.com/2013/04/25/4d-for-shame/>

Today all pet foods are 95 percent toxic, poisonous and deadly. The collectivists (Hive Minds) that have ruled this world for too many decades are still our worst enemies.

We need to Detoxify because in the USA, we are the worst country victimized by the Socialist Depopulation agenda. Our foods, water, plants, animals are being poisoned more each day.

We have mercury, aluminum and formaldehyde in ALL vaccines, even the ones for children. Baby foods and formulas also are poisoned.

Now each time we eat, we find: Mercury in fish, Lead in bone broth, Cadmium and lead in all cigarettes, cigars and e-cigarettes; Arsenic and/or cyanide in white and brown rice and in all USA chickens, Cadmium and lead in USA chocolates and in the candies that our children eat.

If you ever doubt that The "**Socialist Depopulation Agenda**" (aka "**SDA**") is not true, here is the proof to make you see the light.

White table salt comes from the ocean, but is stripped of all nutrition. Anti-caking agents are then added to keep the salt from clumping so that it pours out of the saltshaker with greater ease. Here is a list of the anti-caking agents:

- **E341 Tricalcium Phosphate**

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

- E500 Sodium bicarbonate
- E535 Sodium FERROCYANIDE
- E536 Potassium FERROCYANIDE
- E538 CALCIUM FERROCYANIDE
- E542 Bone phosphate
- E550 Sodium silicate
- E551 Silicon dioxide
- E552 Calcium silicate
- E553a Magnesium trisilicate
- E553b Talcum powder
- E554 Sodium ALUMINOSILICATE
- E555 Potassium ALUMINIUM SILICATE
- E556 Calcium ALUMINOSILICATE
- E558 Bentonite
- E559 ALUMINIUM SILICATE
- E570 Stearic acid
- E900 Polydimethylsiloxane

Many brands of table salt are made with ALUMIMUM and the word SILICATE - is a salt or ester derived from Silicic acid. But the crime is even more deadly because -- **Ferrocyanide** - salt of ferrocyanic acid usually obtained by a reaction of a **CYANIDE** with iron sulphate.

- E535 Sodium ferrocyanide
- E536 Potassium ferrocyanide
- E538 Calcium ferrocyanide

Why would the socialists put **CYANIDE** and the heavy metal poison **ALUMIMUM** in our table salt?

By eating any food with regular white table salt, you are helping the Satan worshipping monsters in our government kill you slowly!

Real sea salt is NOT stripped of all nutrition, and is not poisoned with ALUMIUM AND CYANIDE. Real sea salt has over 50 trace minerals, including natural occurring iodine.

Remember - real sea salt is **NOT WHITE and should have a pinkish-grey shade.**

Think about your family, you are helping them slowly kill them each time you vote for them.

They are even killing us with deadly **Cyanide** in USA wines and liqueurs. Even in states that sell marijuana cigarettes, they put Cadmium and lead into them.

Do not believe them when they tell you that all our poisoned foods that are never disclosed on any labels are loaded with heavy metal poisons are only caused by toxins from our soils.

And then we have high levels of the heavy metals cadmium, lead and arsenic, in South African, and Hawaiian DOLE brand pineapples and Hawaiian Papayas, and Squash.

And don't forget the poisons in ALL GMO oils, soybean, canola, cottonseed oil, wheat, corn and corn starch, sugar beets, High Fructose Corn Syrup, and in Alfalfa to poison our horses and cows.

Let us see if the socialists dare dispute that they didn't know that the chemicals and poisons that they feed to us do not harm us.

Start here: <https://www.atsdr.cdc.gov/substances/ToxOrganSystems.asp>

Open this link and go down to Hepatic (Liver)

Now press "Arsenic" -- a PDF file will open and it will tell you how Arsenic will KILL you. Yet they put it many of our foods.

The cure for all illnesses starts here  
with the rejuvenation cycle of the healthy human body

- 180 days – new nails
- 120 days - new red blood cells
- 90 days - new skeleton
- 60 days - new brain cells, tissue
- 49 days - new bladder
- 45 days - new liver, new DNA cell material
- 30 days - new hair, new skin
- 5 days - new stomach lining

This rejuvenation cycle starts out with a perfectly clean body, which today is almost impossible to find, even with newborn babies. But if it were not because of the socialist depopulation agenda, there would be many millions of clean and healthy bodies and babies today.

So, here is your clue, where is your issue, problem or illness located? If it does not resolve in the amount of days listed, then you are in trouble-right?

That means you have no choice but to clean out all the poisons, toxins, chemicals that are delaying your full recovery to VIBRANT HEALTH.

----

The intent to do harm to us is enormous WITH GMO FOODS. **Any GMO or Genetically Modified Organism** food such as corn, wheat, typically involves adding a chunk of DNA from another living thing, such as a bacterium, insect, animal, or a virus vector - meaning that its final product can ultimately be identified as GMO or Genetically Modified **Organism**. It is UN-GODLY and unnatural and meant to do harm to all people.

GMO crop details -- Approval has been granted by the FDA to grow crops engineered to be resistant to the herbicides: 2,4-dichlorophenoxyacetic acid, dicamba, glufosinate, **Glyphosate**, sulfonyleurea, oxynil, mesotrione and isoxaflutole.

In addition, all of these foods sprayed with these herbicides are slow and deadly toxic poisons meant to accomplish birth defects, infanticide, many illnesses, disabilities of many kinds and all the well-known goals of the Collectivists in their **New World Order** plan called the "Socialists Depopulation Agenda".

List of all GMO foods to avoid: High-fructose corn syrup, corn, corn oil and all products made with corn, Cornstarch. All wheat, all bread and cookies products made out of wheat. Cottonseed oil, all Margarines are mixed with gmo oils, canola oil, Soybean oil and soy beans. Sugar Beets, all Hawaiian Papaya and pineapples, Modified potato starch, Squash, Plums, Alfalfa, some Flax seeds and linseed oil; and all tobaccos plants and leaves are sprayed with these herbicides for all USA brand cigarettes.

Contrary to what you have been told by symptom doctors - there are **only five real causes of illnesses** and thousands of symptoms from all the five causes.

Do not seek to cure your symptoms, because that is the way the socialists in the health care system has taught today's medical doctors, that have killed millions around the world.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Find which one of the five is your particular cause:

1. Toxins and poisons from the - plant world.
2. Toxins and poisons from the - animal world.
3. Toxins and poisons from the - insect world.
4. Toxins and poisons from the - chemical world.
5. Toxins and poisons from the foods and waters we drink.

Each of these five major real causes eliminates the nutrients of the body and produces viruses, bacteria, parasites, germs, **disabilities**, mental and emotional issues, many forms of **CANCER** and even apparent insanity.

For example – let us say you know that the correct cause of your illness is number # 5 which is food based. But, it can be caused by acid foods, junk foods, wrong PH balancing of foods, poisoned foods, heavy metal poisons in the food, irradiated foods, or genetically mutated foods or it could be due from the arsenic that was fed to the chickens. Now what do you do? How do you know what is the real cause?

The answer is that no one can tell unless you take hundreds of blood tests.

For example - there are about one thousand microscopic blood parasites in the world right now - that we know about. They DO NOT have the methods or blood test to find out which one you have.

**Protocol for Drug Addition:** Edta, Chlorella, raw egg yolks with the white cooked in unsalted butter, natural food-based nutrients with minerals, Parsley, garlic, lemon juice, hair analysis tests every three months, Glutathione, iodine, and buy an amino acid complete formula - with all Essential Amino Acids included.

Eat as healthy as you can, including these amino acid foods in your daily diet: watercress, pumpkin, leafy greens, hemp seeds, chia seeds, sesame seeds, sunflower seeds and sunflower butter, almonds and/or almond milk, avocados, figs, raisins, quinoa, nuts.

**PROTOCOLS FOR HARD CASES THAT DO NOT RESOLVE:** EDTA, Chlorella, food-based nutrients that includes minerals, parsley, Glutathione, (hold off for now - egg yolks, coconut oil, iodine).

Go slow and do not rush any protocol -- do not start a protocol until you study this document completely.

Read all sections again. Find the antagonist of the heavy metal poison and/or vitamin etc. and supply the **agonist/synergist**, and look in the hair analysis test for any imbalance or excess of nutrients and/or deficiencies of nutrients. Study the section "Nutritional Balancing", and the "Five Causes of Illnesses" and the PDF called "Toxic Sheet" again and make sure that you know that the symptoms that you have are not the true causes of any illness/s. All of these protocols must be done to recover completely.

Make sure that you take EDTA on an empty stomach, and take chlorella one hour BEFORE foods. Take food-based nutrients AFTER FOODS, and take all your medicines TWO HOURS AFTER taking EDTA AND/OR CHLORELLA.

-----

**In any healthy diet, use any of these herbs and fruits to help increase your detox protocols:**

**Lemons** -- make teas with lemons, drink lemon water, and use lemons on all foods.

**Chaparral is anti-pathogenic, it kills viruses, bacteria, and parasites. It cleanses the lymph system, blood, liver, urinary tract. It is a natural chelator that clears heavy metals from the blood, chaparral can destroy and dissolve many types of tumors.**

**Ginger** -- Is great for nausea, digestive problems, morning sickness, and it is anti-spasmodic, anti-inflammatory, anti-pyretic, and analgesic compounds.

**Turmeric** -- Good for skin ailments, blood purification, lung disease and heart and liver disease. Turmeric is super anti-bacterial, helps with wound healing.

**Thyme** -- Is a powerful antibiotic that can stop respiratory tract infections and asthma symptoms.

**Parsley** -- Good for digestion and a diuretic, and good for detoxing the body.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

**Dandelion** -- It is a powerful detoxifier, helping the kidneys, liver, and gallbladder remove waste. It also purifies the blood.

**Cilantro** -- It is highly anti-bacterial and a good detoxifying agent. It relieves stomach pain due to bacterial infection. But -- NEVER take it without using chlorella to remove any toxin that it will dislodge from your body.

**Cayenne Pepper** -- It helps regulate blood sugar levels as well as relieves arthritis pain. Good detoxifying agent when combined with chlorella, cilantro and Edta. And helps to improve the **elasticity of the walls of both the arterial and venous systems**, maintain normal blood platelet function.

**Garlic** -- A great anti-parasite, anti-viral, anti-bacterial, and anti-fungal agent.

**Comfrey** -- Use comfrey for **healing broken bones**, clearing up the bronchial tubes, relieving the pain of arthritis, and easing the pain of severe burns.

**Oregano** -- Reduces fevers, and helps to stop excess gas and bloating.

**Milk Thistle** -- A great liver cleanser that helps with the **removal of liver stones and a can help the liver regenerate** itself while providing protection from future damage at the same time.

**Chicory** -- Chicory **dissolves gallstones and cleanses the liver**.

**Geranium** -- Helps to **open the bile ducts** for the detoxification of the liver. It is also a natural anti-spasmodic, helps to stop bleeding, has anti-bacterial compounds, and is anti-infectious.

**Burdock Root** -- Good for its blood-cleansing properties, it cleanses toxins from the body by working with the liver and lymph system. And is known for its diuretic properties and assists the kidneys in filtering impurities from the blood.

**Dandelion** -- It can eliminate toxins from your digestive tract and blood and also scavenge free radicals. Dandelion stimulates the liver and pancreas to pull out toxins from the bloodstream and **detoxify your blood**.

**Basil** -- Good antibacterial and anti-inflammatory, and a good diuretic herb to purify your blood and remove any toxic buildup from the liver and kidneys.

**Red Clover** -- Good blood purifier and improves the blood circulation by **preventing the formation of clots** and for its anti-tumor properties.

**The first step in the road to recovery is a new knowledge opposed by the old ways of symptom cures, it leads this way:**

All living beings have Physical and/or Emotion and/or Mental Symptoms, called **physiological** [The functions and activities of life or of living matter such as the organic processes of organs, tissues, or cells] **phenomenas** [observable reactions known through the senses rather than by thought or intuition] -- or physical manifestations [made evident by showing or displaying] or physical reactions, that we see or feel as symptoms, and they are external and/or internal or visible signs or warnings given to us, by our Creator to help us survive, help us increase our potential, our knowledge and our health.

All life on Earth has these cause and effect reactions called physiological phenomenas. All living beings whether they are plant, insect, retille or animal or human could not live without these reactions. They influence the body's and the mind's reactions to any form of stimuli, and have an influence on every cell of the body and mind.

[Noun. Physiological reaction – Is an automatic instinctive unlearned reaction to a stimulus.]

[Examples: inborn reflex, innate reflex, instinctive reflex, reflex response, unconditioned reflex, accommodation reflex, Babinski reflex, belching, headache, migraines, swelling, sweating, erections, blinking, blushing, burping, defecation reflex, disgorgement, involuntary eye blinking, farting, skin flush, gag reflex, goose bump, goose pimple, gooseflesh, involuntary gulping, involuntary hiccup, knee-jerk reflex, light reflex, puking, papillary reflex, rectal reflex, regurgitation, shaking, shiver, shock, sneezing, startle, stretch reflex, suckling reflex, trembling, upset stomach, vomiting, involuntary winking, yawn, yawning -- plus THOUSANDS more.]

A physiological reaction is a warning sign from your subconscious mind that something is wrong some place within your body, such as your mind -- not understanding the data or not understanding a misunderstood word.

They are the MANIFESTATIONS OF LIFE, without these reactions, we might as well be dead. For only dead items such as rocks or dead beings, have NO real life reactions. The cells of dead beings might have somatic (of, relating to, or affecting the body) memory or possible muscular movements for hours or days, but when the cells are completely dead—the reactions are completely gone.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

A physiological reaction is a normal function of a living body. It can be explained simply as the way the body affects the mind or how the mind affects the body.

It is the actions of cause and effect within the body and mind itself. It is how the body and mind interact, and how it manifests all actions from any stimuli.

It is the physiology (functions and activities of life or of living matter) of the procedures, methods, systems, processes or reactions of the human body and mind. It is the basis of life and how we work internally.

It is how the body manifests (shows or brings out) symptoms from real illnesses, it is how the body warns us thru symptoms of impending illnesses. It is how symptoms can be re-stimulated or brought out and it is how symptoms mysteriously appear many days after enormous stress or suppression and how and why they are misunderstood and mistaken for real illnesses or blamed on other causes or blamed on innocent persons by evil cults whose sole motives for existence is power and greed.

Without our body's and mind's physiological reactions, we would have no clue of illnesses, symptoms, manifestations, signs, emotional and mental responses, weaknesses, reactions, re-stimulations or warnings etc.. We would have no clue of how the body or mind worked, or how to understand it.

The word clearing technology about misunderstood words etc., was NOT invented by Scientology, but copied from God's laws of cause and effect.

Every action that your body or mind does is part of the law of cause and effect. Ingest toxins and you will get a reaction, read a book and pass misunderstood words and you will get a reaction, do anything at all, and you will get a reaction, either from your body or mind or both.

But Scientology used God's laws to hurt all the people that have found out that the cult is a socialist owned IRS controlled gang of evil beasts, that are victimizing all the people within and without to use and control them and break families apart.

There is no action in the world that will not produce some reaction. It has only been our blindness that we could not see some of these physiological reactions, and understood why they were there.

The way to recover from external or internal influences is to remove all offending toxins and poisons completely, so that the reactions called “Symptoms” are no longer manifested in the body or mind.

Your physiological reactions will tell you or show you and guide you to know how to overcome life’s many problems and show you how to self-heal.

### THE LAWS OF CAUSE AND EFFECT THAT AFFECT YOUR “ESSENCE OF BEING”

[Understanding this law is necessary to learn to self-heal]

"The Cause is the parent or maker of the Effect, every Effect comes from a Cause-point.

Nothing in this world or the universe happens by Chance.

Man has not obeyed or recognized God’s law of cause and effect, because he was too busy inventing his own mad-made un-universal and un-natural laws.

The laws of God are the only true laws of the Universe.

Every effect (injury, symptom, etc.) has a reason of as to why it happened or why it was caused.

There is always a real "cause" to every event (or illness). Nothing ever just "happens" without a cause, or a chain of causes. .

Every thought we think, every act we perform, has its direct and indirect results which fit into the great chain of life called “Cause and Effect”.

Everything in existence is meant to suit a specific purpose.

Every action has a re-action, every start has an end, and every symptom has a real source, and every real illness (cause) has more than one symptom (effect).

The symptom is always the effect and the real cause of the illness is the source point.

The “Essence of Being” is the ability of a person to know and accept the laws of God, the person cannot fulfill his destiny or karma in ignorance of life.

The eternal soul of a person is said to go into, and out-of multiple bodies seeking higher evolvments by most people on this Earth.

Since the purpose of life is to **survive** --- then the purpose of the soul must be to learn the laws of God to continue to experience **eternal existence**.

Life is like a road of many paths, each PATH (effect-point) is the effect of some cause-point.

Every event (effect) is the consequence of previous causes and previous decisions, and thus everything that happens in the future is the effect of a combination of prior causes, and like (good or bad) causes always produces like effects.

The Laws of Cause and effect prevail everywhere, even thru time -- from the past to the future.

Life can become a chain of causes and can make an effect become in turn another cause. Every illness in the world is governed by the Laws of Cause and Effect. Parasites, toxins, poisons, chemicals, drugs, insecticides, etc. are all causes of illnesses. One does not happen alone, a cause (toxins) always has a symptom/s (effect) to warn you.

All life, all illnesses, and everything on this planet or above us, is inter-connected and inter-related, there is a balance to everything, and there is a pattern to everything.

Life has balances that must be obeyed, too much or too little of anything can cause an **imbalance in another part of the body** or mind or your life.

The Laws of Physiological Phenomena, Psychophysiology, and many others are part of the Laws of Nature or the Laws of God, they are interconnected and inter-related with the laws of Cause and Effect. They must be understood and obeyed—to violate them is certain death or illness.

Complete understanding of one Law of Nature is the beginning of mastery of all.

Any violation of one law of God by evil men affects the other laws of God.

**In the hearts of all Collectivists, they have one secret belief -- they view Satan as the Counterfeit of God. They use this secret belief to absolve themselves of all their sins against the rest of humanity.**

### **Revelation 13:16-18 English Standard Version (ESV)**

"Also it causes all, both small and great, both rich and poor, both free and slave, to be marked on the right hand or the forehead, so that no one can buy or sell unless he has the mark, that is, the name of the beast or the number of its name. This calls for wisdom: let the one who has understanding calculate the number of the beast, for it is the number of a man, and his number is 666"

**The mark of the beast 666, is that he shall have 3 minds in one body, that he shall have the mind of a psychopath, Sociopath and the hive mind of a collectivist.**

God created man in certain ways: God created only six basic minds.

#1 the normal mind, #2 the homosexual mind, #3, the psychotic mind, #4 the sociopathic mind, #5 the hive mind, aka the "collectivist" and #6 the super human mind that can access his subconscious abilities.

**Remember one thing - the body or a body part, or the race, sex, gender or nationality, country of origin, or religion, is not the person - the MIND is the person.**

These Hive minds have hidden their secret identity from all humanity because of their hidden fears of being discovered for what they really are. A Hive mind is a sub-race of the human race; it is a combination of the psychotic mind, and the sociopathic mind, with the paranoid fear that has kept them hidden from us for more than two thousand years. Their strength comes from their ability to want and need to be a part of a family unit. The hive mind needs to belong or feels empty in life.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

The hive mind thinks as ONE being - it is truly a COLLECTIVE OF THREE (Triad of Evil) MINDS THINKING AS ONE.

Today people call them LIBERALS AND PROGRESSIVES, because this is a safe name to hide their crimes.

But their control over this world is coming to an end.

To save ourselves and to save our animals from their agenda, we must learn to save our world from their desire to kill off 90 percent of the world.

Remember this: Socialism and Communism are just the enslavement methods preferred by the Collectivist, but the collectivist and his Hive Mind is the sub-race **PERSON**.

When you learn to survive and prosper, they will hate you and me, because their fear of us is enormous and deadly. They want to start "WORLD THREE" and will succeed if you do not live long and prosper.

So learn my methods and save our pets and animals.

-----

The collectivists are spreading wild theories and spreading crazy stories that space aliens from other galaxies have been ruling our planet for thousands of years. They claim that extraterrestrial Reptilian races are competing for control over the inferior race of Mankind. They claim that because buildings all over the world have demon, monster, Reptilian imagery and symbolism, and also satanic imagery and symbolism, then their claim must be true.

What the general public and patriots have not yet accepted is that the sub-human race of HIVE MINDS, have in fact ruled this world for about two thousand years or just before when the pyramids were built. The symbolisms of monsters, aliens and devils on the buildings was put there by them long ago. This is their way of warning you of YOUR coming death and destruction.

They are right about one part of their imaginations of "**Out Of Space Beings**", is that the collectivists are worshipers of Satan. The collectivists do indeed have no mercy for the other five classes of humans:

**#1 the normal mind, #2 the homosexual mind, #3, the psychotic mind, #4 the sociopathic mind, #5 the hive mind, aka the "collectivist" and #6 the super human mind that can access his subconscious abilities.**

They have proven to be inhuman beings as proven by their depopulation agenda.

Satanic bloodline families and the regular Collectivists of the world - are **evil personified!** Their control of many governments of the world, has prevented the sub-humans from hardly ever being arrested, and/or prosecuted for Pedophilia, strangling newborn infants, child rape, murder and human trafficking, women and every age of children from infants to young girls and boys sold and used in sex trade or the thousands of kidnapped children used for satanic ritual abuse, cannibalism, organ harvesting, is a well known fact.

The Collectivists have used Pedophilia and human sacrifice of children of all ages, and allowed politicians, celebrities etc., to rape, torture and murder and even eat babies, just so they can compromise upcoming political leaders in Satanic ceremonies to ensure their loyalty to a corrupt system in Washington DC.

That is why Planned Parenthood means so much to them, because that is where they get the baby parts for their luciferian ceremonies.

----

I have been watching all the times when we patriots have come close to discovering real effective self-healing methods and soon after, YouTube immediately eliminates the data posted. They know that we know that they are a sub-race and because of that, they are more afraid of us surviving their depopulation agenda and eliminating them. That is why race is always an issue with them.

The socialists that own "YouTube" have removed most every post concerning the fact that real SUPER HUMANS exist. A super human is any person that has MORE: strengths, abilities, intelligence, mental powers etc., than any NORMAL person. Such as a late friend of mine that could tear a Queens New York Yellow page directory that was about three and a half (3 1/2) inches thick in two, with NO effort at all, and he was no more able to lift weights than I was, when I was living in New York many years ago. What YouTube will not remove is any video that is a fake, a lie, or obviously a shame or a make believe film, that will discredit any super human ability. YouTube is a collectivist owned corporation, where they try to influence the world by controlling and eliminating the truth about many subjects and people that they oppose.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

They also will NOT permit any video that will expose the fact that the Collectivists and their hive minds, are a sub-race of the human race and the most sociopathic mass murderers in all human history.

The real hive mind collectivists (and the 12 or 13 old bloodlines) are not that many in numbers in the world. They know that their days of glory are near the end, because of the INTERNET and TV, and people like you and me.

## **Diagnostic and Statistical Manual of Mental Disorders (DSM–5)**

### **DSM-5 Category: Personality Disorders**

#### **Introduction**

APD (Antisocial Personality Disorder) is a DSM-5 (Diagnostic and Statistical Manual of Mental Disorders, fifth edition), diagnosis assigned to individuals who habitually and pervasively disregard or violate the rights and considerations of others without remorse. People with Antisocial Personality Disorder may be habitual criminals, or engage in behavior which would be grounds for criminal arrest and prosecution, or they may engage in behaviors which skirt the edges of the law, or manipulate and hurt others in non-criminal ways which are widely regarded as unethical, immoral, irresponsible, or in violation of social norms and expectations. Those with APD often possess an impaired moral conscience and make decisions driven purely by their own desires without considering the needs or negative effects of their actions on others. Impulsive and criminal behavior is common. The terms psychopathy or sociopathy are also used, in some contexts synonymously, in others, sociopath is differentiated from a psychopath, in that a sociopathy is rooted in environmental causes, while psychopathy is genetically based.

The DSM-5 DESCRIBES the socialist agenda collectivist in great detail and in addition, they list these seven criteria to identify the Antisocial person:

1. Failure to obey laws and norms by engaging in behavior which results in criminal arrest, or would warrant criminal arrest
2. Lying, deception, and manipulation, for profit or self-amusement,
3. Impulsive behavior
4. Irritability and aggression, manifested as frequently assaults others, or engages in fighting
5. Blatantly disregards safety of self and others,

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

6. A pattern of irresponsibility and
7. Lack of remorse for actions (American Psychiatric Association, 2013)

-----

In the cult, it goes into greater detail.

### ***Attributes***

The antisocial personality has the following attributes:

**1. He or she speaks only in very broad generalities.** “They say...” “Everybody thinks...” “Everyone knows...” and such expressions are in continual use, particularly when imparting rumor. When asked, “*Who* is everybody...” it normally turns out to be one source and from this source the antisocial person has manufactured what he or she pretends is the whole opinion of the whole society.

This is natural to them since to them all society is a large hostile generality, against the antisocial in particular.

**2. Such a person deals mainly in bad news, critical or hostile remarks, invalidation and general suppression.**

“Gossip” or “bearer of evil tidings” or “rumormonger” once described such persons.

It is notable that there is no good news or complimentary remark passed on by such a person.

**3. The antisocial personality alters, to worsen, communication when he or she relays a message or news.** Good news is stopped and only bad news, often embellished, is passed along.

Such a person also pretends to pass on “bad news” which is in actual fact invented.

**4. A characteristic, and one of the sad things about an antisocial personality, is that it does not respond to treatment or reform.**

**5. Surrounding such a personality we find cowed or ill associates or friends who, when not driven actually insane, are yet behaving in a crippled manner in life, failing, not succeeding.**

Such people make trouble for others.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

When treated or educated, the near associate of the antisocial personality has no stability of gain but promptly relapses or loses his advantages of knowledge, being under the suppressive influence of the other.

Physically treated, such associates commonly do not recover in the expected time but worsen and have poor convalescences.

It is quite useless to treat or help or train such persons so long as they remain under the influence of the antisocial connection.

The largest number of insane are insane because of such antisocial connections and do not recover easily for the same reason.

Unjustly we seldom see the antisocial personality actually in an institution. Only his "friends" and family are there.

#### **6. The antisocial personality habitually selects the wrong target.**

If a tire is flat from driving over nails, he or she curses a companion or a noncausative source of the trouble. If the radio next door is too loud, he or she kicks the cat.

If A is the obvious cause, the antisocial personality inevitably blames B or C or D.

**7. The antisocial cannot finish a cycle of action.** Any action goes through a sequence wherein the action is begun, is continued for as long as is required and is completed as planned. In Scientology, this is called a *cycle of action*.

The antisocial becomes surrounded with incomplete projects.

#### **8. Many antisocial persons will freely confess to the most alarming crimes when forced to do so, but will have no faintest sense of responsibility for them.**

Their actions have little or nothing to do with their own volition. Things "just happened."

They have no sense of correct causation and particularly cannot feel any sense of remorse or shame therefore.

#### **9. The antisocial personality supports only destructive groups and rages against and attacks any constructive or betterment group.**

**10. This type of personality approves only of destructive actions and fights against constructive or helpful actions or activities.**

The artist in particular is often found as a magnet for persons with antisocial personalities who see in his art something which must be destroyed and covertly, “as a friend,” proceed to try.

**11. Helping others is an activity which drives the antisocial personality nearly berserk. Activities, however, which destroy in the name of help are closely supported.**

**12. The antisocial personality has a bad sense of property and conceives that the idea that anyone owns anything is a pretense, made up to fool people. Nothing is ever really owned.**

### **The Basic Reason**

The basic reason the antisocial personality behaves as he or she does lies in a hidden terror of others.

To such a person every other being is an enemy, an enemy to be covertly or overtly destroyed.

The fixation is that survival itself depends on “keeping others down” or “keeping people ignorant.”

If anyone were to promise to make others stronger or brighter, the antisocial personality suffers the utmost agony of personal danger.

They reason that if they are in this much trouble with people around them weak or stupid, they would perish should anyone become strong or bright.

Such a person has no trust to a point of terror. This is usually masked and unrevealed.

When such a personality goes insane, the world is full of Martians or the FBI and each person met is really a Martian or FBI agent.

But the bulk of such people exhibit no outward signs of insanity. They appear quite rational. They can be *very* convincing.

However, the list given above consists of things which such a personality cannot detect in himself or herself. This is so true that if you thought you found yourself in one of the above, you most certainly are not antisocial. Self-criticism is a luxury the antisocial cannot afford. They

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

must be *right* because they are in continual danger in their own estimation. If you proved one *wrong*, you might even send him or her into a severe illness.

Only the sane, well-balanced person tries to correct his conduct.

-----

Upon looking at both corporations (Scientology is a corporation) you will find that both claim that the DSM - 5 antisocial and the suppressive person are one and the same person.

The cult of Scientology describes all illnesses, disabilities and accidents as coming from only one cause. The source that they claim is called a "Suppressive Person" or "Anti-Social Personality".

Both of these two groups never admit or claim that mental and emotional illnesses can come from other causes.

And neither one knows how to cure any illness or keep one from having any kind of accidents.

But anyone with just a little vision can see that the collectivist is very similar to the DSM-5 antisocial and the suppressive person.

But one thing is certain that psychiatry has killed more people with their mental symptom drugs than the cult. Both are Socialist owned and controlled corporations out to enslave the minds of their new recruits/patients

-----

The dangerous or deadly mistake of all people that knowingly or unknowingly hire, associate with, do business with or make friends with a real (beast 666) collectivist is this -- they will always defend each other, hide each other's crimes, they will always lie, cheat or steal and/or block any investigation and always cooperation in their groups' defense.

If you depend on honesty, fairness, decency, in the work place you will only get it if, their Hive Mind brothers and sisters are not a target.

They will gladly publicly and/or secretly commit violent and/or non-violent crimes against any conservatives and patriots in the work place or in public; and gladly cooperate to bring down a non-beast because their socialist agenda is part of their compulsive collectivist evil mental makeup since birth.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

This is now very apparent in all three letter government departments or agencies and in all major corporations like YouTube, Face Book and Google and even in small businesses etc.

There is NO way to change or prevent this, because you are dealing with a sub-race that has made secrecy a perfected art, since thousands of years ago.

There is only one thing we can do - is have all employees take a lie detector test and ask them questions that will expose what they really are.

----

To COMPLETELY understand the kind of monster a collectivist really is, just analyze his depopulation agenda to kill at least 90% of the world and make slaves of the rest in the NEW WORLD ORDER.

Since he is a sub race of humanity, composed of three minds, his psychotic mind is his impulsive and hateful desire to strike out and **kill immediately**. This part is his impatient evil side that has already killed the BEEs and many others of our beautiful creatures that they have wiped out in the past to **start** the death spiral of the world.

His sociopathic mind, is the no feeling and no empathy side for the lives that his collectivists have killed to further their agenda. You will see this when they free sociopathic gang members back on to our streets so that they can **kill you some more and/or when they lie and say that GMO foods, fluorides and vaccines are harmless**. This is his **COLD soulless side**.

The Hive mind is his subconscious mind that is the **ENSLAVER** mind, that instinctively knows how to cooperate with his kind, to rule the world or what is left of it after they wipe out all the Normal minds, and all the people with Homosexual minds of all types (LGBTQQIA), and us Superhuman minds.

They really have a hard time keeping their fear and hatred for the rest of humanity a secret.

They depend on YOU people being blind to them until 90% of us and millions of our animal friends are gone, so that the collectivists hive minds can be at peace.

-----

Here is another fact -- 90 to 95 percent of all types of crimes are committed by people that would ONLY vote for the Democrats! These are the kinds that would not vote for any conservative person even if their lives depended on it.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

The "Bleeding Heart Liberal" knows that all criminals from murderers to rapists, if allowed to vote would ONLY vote for the Democratic Party. That is why they are **defending, hiding,** and giving the violent criminals, terrorists, sociopaths, psychotics, Satanists, violent gang members, Psycho Wahhabist head choppers and illegal ALIENS the right to vote, and driving licenses, free college educations and many other rights and benefits denied to lawful real Americans.

It is really a crime against God to vote for the "LEFT" because they see the criminals as a means to further their depopulation agenda. To the Liberals, each person killed furthers their sub-human hive mind agenda. And each innocent woman and child traumatized by a rapist is also good for their socialist killing medical profession where only the symptoms are cured.

### **THE ILLOGICAL AND INSANE BLAMING OF THE OBJECT/S AS THE SOURCE OF ALL EVIL.**

The socialists in this country will not want you to know why they need our guns to be banned and taken from us for our self-defense.

"The Use of Firearms to Defend Against Criminals" and "National Crime Victimization Survey (NCVS)" -- is the two secrets that will not be reported to you.

[https://en.wikipedia.org/wiki/Defensive\\_gun\\_use](https://en.wikipedia.org/wiki/Defensive_gun_use)

Data from 1992 and 1994 of the National Crime Victimization Survey (NCVS), found roughly 116,000 defensive gun uses per year, and Kleck and Gertz (1995), using data from the 1993 National Self-Defense Survey (NSDS), found around 2.5 million defensive gun uses each year.

The NCVS is an ongoing annual survey conducted by the federal government (i.e., the Census Bureau on behalf of the Department of Justice) that has found that innocent victims of rape, assault, burglary, personal and household larceny, or car theft have used a gun to defend themselves.

Another study or survey work done in 1993 by Florida State University criminologists Gary Kleck and Marc Gertz concluded, and also the federal Centers for Disease Control and Prevention in 1994, has found and confirmed that at the very least that from 2.2 to 2.5 million DGUs happened in the U.S. every year.

The MSM, the CDC, all leftwing corporations and groups, and the federal government will only report when any person whether criminal or not, uses a gun that causes a death to blame the Gun (object of evil) as the source of all crimes

The socialists will hate for you to learn that at least 46.3% of women and also another 10% to 15% percent of the elderly and disabled Americans have also defended themselves from criminals.

But, the fact is the 2.5 million people are the ones that have reported saving their own lives and property from criminals. The real numbers are about 5 to 10 millions of innocent people that have defended themselves.

The socialist depopulation agenda wants these millions of innocent people to be totally defenseless and **DEAD**. Remember that they will always blame the object as the source of all evil, even though we know where evil really comes from.

-----

Another thing that you will learn about the kind of people that would vote for the Democrats (socialists), is that their ability to see, hear, feel, think, and smell and even to sense things is less than conservatives.

Because a person has eyes, ears, nose, skin, and a brain, and can feel with his hands, there is no way to know if he/she actually can properly use their five senses.

The "left", aka democrats, liberals, progressive, etc., DO NOT think, sense, feel, smell, hear, and see anything as the "Right", aka conservatives, and Patriots do.

When the agenda towards LIFE is evil and opposed to GOD, and is willingly favoring the NEW WORLD ORDER, and Satan, and the slavery and the killing of the masses, they are as foreign to the "Right" as if they were from another race and/or sub-race, which some of them are.

When a person of the "left" has an accident, he/she will ALWAYS blame the others for his own negligence 100 percent of the times. He will NOT take responsibility for his contributory negligence.

The sad fact that ALL attorneys have a (membership) BAR card sworn under oath to the British Crown and that most of them are of the "LEFT", leads us to believe that their loyalty to our country, and to God and the conservative way of life and family values is opposed by them.

-----

In the cult of Scientology, they blame all accidents and illnesses, on any person that they say opposes their Cult, and take no responsibility for any real cause of illnesses or accidents

**"That all illness in greater or lesser degree and all foul-ups stem directly and only from a PTS condition".**

The cult disregards and denies that: viruses, heavy metal poisons, parasites, toxic chemicals, poisoned foods, etc, as a possible cause of all illnesses and ONLY BLAMES another person who opposes their crimes against humanity.

A "Ronbot" is a mind controlled member of the cult that will reject any other reason for the problems, illnesses, disabilities, deaths and accidents of the world, because to him it is people like me and you that are the real cause of everything. He is NOT allowed to read, watch, learn, study any material that is contrary to the cult's doctrine on PTS handling. His mind is so closed to all knowledge of real life that every time he feels sick, they make him accuse another relative as his Suppressive Person to disconnect from.

The other fraud that they pull on the public is in their claim that ALL illnesses are PSYCHOSOMATIC and coming from ENGRAMS (mental image pictures) and that all your symptoms (engrams) can be erased by auditing the symptoms or pictures away. But remember this fact, a symptom is not the real CAUSE of any illnesses, it is a physiological reaction that GOD gave to all humans for us to know that a real illnesses needs to be found and addressed or cured.

That is why all people of the "Right" should never forget this FACT, that we are already in a WORLD WAR for our survival. They will ALWAYS BLAME US FOR THEIR OWN CRIMES.

Then also consider that the people of the "LEFT" are the ones that will oppose our GOD given right to SELF-HEAL, and the right of self-protection so that we can - to "live long and prosper".

To try to help most people of the "LEFT" or even a Ronbot slave, to self-heal is too many times useless, and a waste of time, because a VERY high percentage of them will not admit to actually

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

improving in any way, shape or form, and will come back at you to sue you for what you DONE TO THEM. Too many of them will not really try to actually do the healing process correctly and will cheat and lie to you and to the court that your healing methods do not work. Avoid trying to help any person of the "LEFT" and the Ronbots to avoid their attacks against you.

If any beast claims that these protocols don't work, it is easy to disprove their lies by forcing them to show their hair analysis tests, as it will take at least four hair tests to judge the amount of heavy metal poisons removed and the excess of any mineral decreased or increased to the proper level, and to see that all mineral imbalances have been removed. And here is the killer of all cheaters that dare mess with us. The hair sample is a **DNA SAMPLE!** And can NOT be falsified by any Socialist in any court of law.

Make a study of the Global plans of the Communists for the world and you will learn that the  
**NEW WORLD ORDER HAS ALREADY STARTED LONG AGO.** But now, they have speeded up with their deadly sociopathic parts of the old plan.

### **Ten Planks of the Communist Manifesto**

1. Abolition of property in land and application of all rents of land to public purpose.
2. A heavy progressive or graduated income tax.
3. Abolition of all right of inheritance.
4. Confiscation of the property of all emigrants and rebels.
5. Centralisation of credit in the hands of the state, by means of a national bank with State capital and an exclusive monopoly.
6. Centralisation of the means of communication and transport in the hands of the State.
7. Extension of factories and instruments of production owned by the State; the bringing into cultivation of Waste-lands, and the improvement of the soil generally in accordance with a common plan.
8. Equal liability of all to labor. Establishment of industrial armies, especially for agriculture.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country, by a more equitable distribution of the population over the country.

10. Free education for all children in public schools. Abolition of children's factory labor in its present form and combination of education with industrial.

Their most recent plan to control the world:

Abolish all ordered governments.

Abolish private property

Abolish patriotism [By killing all patriots]

Abolish the family [By killing us with GMOs, Fluorides and vaccines to kill the babies]

Abolish religion [By killing the belief in God and making Satanism and/or Scientology the world religion]]

A global population of 500 million [that means 90% of blacks, Latinos, Muslims, gays, LIBERAL sympathizers and even Jews MUST DIE]

Creation of a world government [By placing ONLY leaders that are real collectivist in charge]

**More proof of the Socialist Depopulation agenda in all vaccines made and sold in the USA:**

Many of the vaccines that we are told are safe have roach, and pig DNA, and the favorite one of the Satanists is to have vaccines that contain aborted human fetus cells.

The most evil thing that the socialists love to do, is to kill and disable our children with poisonous vaccines that can also cause Autism Spectrum Disorder (ASD) and lie to your face that vaccines are safe.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

**Aluminum** is present in all U.S. childhood and adult vaccines and both can suffer brain dysfunction, bone abnormalities or anemia because of the high quantities of aluminum that have accumulated in their bodies.

Infants who are fed GMO soy formula ingest almost 117 milligrams of aluminum during the first six months of life.

Aluminum is a heavy metal poison and neurotoxin; and plays a significant role in neurological diseases, including dementia, autism, and Parkinson's disease and can cause Alzheimer's disease.

Aluminum is NOT essential for life and promotes cellular death in many organs, and ends up bioaccumulating in various organs, including your brain, kidneys, and bones and is widely recognized as a neurotoxin that inhibits more than **200 biologically important functions and causes various adverse effects in plants, animals and humans."**

#### **Autism Symptoms Related to Aluminum, Acetaminophen, and Glyphosate Exposure:**

The Children that are also exposed to Aluminum, mercury, Acetaminophen, and Glyphosate, will suffer with Cellulites, seizures, depression, fatigue, pain, autism, MMR (Measles, Mumps, Rubella and death.

Aluminum, while severely toxic by itself, also forms "toxic complexes" with other hazardous elements, including fluorine, and the hazards are compounded when it interacts with mercury, Glutamate, lead, and Glyphosate.

"Glutamate is toxic to autistic kids, because they don't have enough manganese," when glutamate is injected in through the vaccine, it goes to the brain, because of the influence of glyphosate. Glyphosate actually opens up the barriers—the gut barrier and the brain barrier—to allow all toxins to get in... The two are working synergistically... The glyphosate is depleting the manganese, which is causing the glutamate to be toxic, and the glyphosate is causing the glutamate to go into the brain..."

There is also synergistic harm going on between glyphosate and aluminum. Glyphosate chelates aluminum, effectively "hiding" the aluminum molecule inside the glyphosate molecule. When "caged" within glyphosate in this way, the aluminum gets even easier access to sensitive areas because; glyphosate opens up your gut- and brain barriers. Aluminum also piggybacks on your iron transport system, so it has many "helpers" allowing it to get around unimpeded. Glyphosate also brings aluminum into your pineal gland, which accounts for sleep disorders and dementia.

**Formaldehyde is the main ingredient in embalming solutions**, and it is a human carcinogen causing nasal sinus cancer and nasopharyngeal cancer, brain cancer, **leukemia, particularly myeloid leukemia, Nasopharyngeal and sinonasal cancers,**

**More information about MERCURY in flu vaccines** - Every kind of vaccine now made has the preservative called "Thimerosal", which is half ethylmercury by weight. Ethylmercury is a known neurotoxin that can cross the blood-brain barrier and accumulate in the brain. It can also cross the placental barrier and enter the brain of the developing fetus.

Mercury occurs in three forms: the elemental or metallic form, inorganic salts, and organic compounds. The toxicity of mercury is complex and depends on the form of mercury, route of entry, dosage, and age at exposure. The organic form of mercury, mainly methyl mercury, is much more toxic than the inorganic form.

Ethyl mercury in the vaccines are INTENTIONALLY given to our children.

The organic mercury, such as methyl mercury and thimerosal, are more cytotoxic than inorganic mercury. Ethyl mercury produces cell death.

**Warning!** “There are no safe blood-level values for any of the heavy metal poisons during pregnancy”, because the “the placenta is incapable of protecting a human fetus with regards to neurotoxicants or most other heavy metals.” The practice of including known neurotoxins among vaccine ingredients “has to be considered dangerous, irresponsible, and certainly should be ended.” “Children are 27 times as likely to develop autism after exposure to all thimerisol-containing vaccines than those who receive thimerisol-free versions” .

**Warning!** The influenza vaccine and most vaccines that have mercury, Ethyl mercury, aluminum, fluorides, and Formaldehyde are deadly to infants and have produced intentional spontaneous abortions or miscarriage in too many of our women.

----

**More information About Arsenic.**

Arsenic is a **slow death heavy metal** mineral. Its symptoms are vague, and it was used to kill people because it is colorless and tasteless, so now it is intentionally added to our foods to slowly killed people.

Today, it is legally added to chicken, turkey, duck, goose, or pheasant feed, by the socialist controlled corrupt US Food And Drug Administration (the FDA) and the corrupt US Department of Agriculture (USDA).

Arsenic is now found in any fowl eggs, and the poisonous Glyphosate is also mixed in all GMO feeds (**Corn, Corn Starch, Soy Beans, Soy Protein etc.**), given to chickens, turkeys, ducks, goose, or pheasant; pigs; cows, and all other food animals and in most US drinking water.

**The pet birds that we love are also targeted for a slow death, because GMO ingredients are in most bird foods.**

Arsenic is used in pesticides and, as a result, may be found in commercial wines, beers, fruits, vegetables, rice and other foods.

**Type of poison:**

1. Arsenic is a powerful nerve and enzyme poison.
2. It affects the adrenal glands.
3. Arsenic complexes with and thus interferes specifically with **oxygen, nitrogen, phosphorus and sulfur**. These minerals have to do with proteins, energy production and detoxification in the body, among other functions.
4. It is an iodine antagonist.

**ARSENIC ANTAGONISTS**

These include iodine, selenium, and vitamin C.

Too much Arsenic will remove or replace iodine, selenium, and vitamin C in the body and this is another way it poisons the body. By removing Iodine, fluorides will accumulate in the brain and pineal gland, and will cause a deficiency of selenium and Vitamin C. When Vitamin C, is gone your veins will not heal and calcification will get worst'

----

**More information About Fluoride:**

Fluoride is deadly **cancer** mineral. It is highly toxic and is immediately deadly to all small animals, and is the major ingredient in rat poison. It is the main waste product of aluminum manufacturing, and will bind with aluminum and cause brain cancer and total calcification of the pineal gland.

**VACCINES WITH MONOSODIUM GLUTAMATE (MSG) OR MONOPOTASSIUM GLUTAMATE**

MSG is a dangerous excitotoxin, which means it overexcites your cells to the point of damage or death. Adverse effects include: Obesity, eye damage (excessive eye pressure), headaches, fatigue and disorientation, depression, rapid heartbeat, cardiac arrhythmias (irregular heartbeats), heart attacks, Alzheimer's disease, Parkinson's disease, Lou Gehrig's disease, Huntington's chorea, Chest pain or difficulty breathing; tingling and numbness, brain damage of varying degrees, and potentially even triggering or worsening learning disabilities, especially when most vaccines also have aluminum, fluoride, mercury, and formaldehyde.

Chemically speaking, MSG is approximately 78 percent free glutamic acid, 21 percent sodium (with aluminum silicate), and up to 1 percent contaminants (small amounts of the culture material used to grow the virus or bacteria).

**NOTICE****This is a lawful vaccination notice of non-consent****FACTS:**

1. All law enforcement employees in the UNITED STATES work for private corporations listed on Dun and Bradstreet that use private commercial script (FEDERAL RESERVE NOTES) and are therefore bound by the laws of contracts (UCC). [See Clearfield Doctrine]
  2. Laws, statutes, rules and regulation passed by FEDERAL, STATE, COUNTY & MUNICIPAL corporations are for non-human legal (juristic) "persons" . . . not for living flesh and blood men and women - unless we consent or agree to contract!
  3. No agency of the corporate government network can be "granted" authority to deprive living men and women of their human unalienable rights. - Without our written consent!
  4. Those who produce vaccines have been given immunity from liability should their products cause illness, injury or even death. The manufacturers no longer warrant them as either safe or effective. [Supreme Court: Bruesewitz v. Wyeth (2011)] Therefore, if vaccines are forced onto

men, women or children - without their written consent - the corporation enforcement 'officer' will be personally liable for any illness or injury the unwarranted unsafe vaccine may cause.

Per Executive Order 13132 (signed by Bill Clinton in August 1999), I am free to define my "legal character", therefore:

I am not a non-human juristic legal "person"

I am a living flesh and blood man (woman) free to contract or not.

**I do not wish to contract with you. I do not consent to your request**

**Notice to principal is notice to agent**

**VACCINATION NOTICE**

**Notice to agent is notice to principal**

**Notice to principal is notice to agent**

As the living flesh and blood mother (father) of Sally Doe (whose address is 2525 Maple Lane, Grove City, Ohio (no zip)), I am prohibited by law from endangering my son or daughter; therefore, I declare the following

1) I am aware that those ordering and/or administering vaccines have been granted immunity from liability should my son or daughter suffer from a vaccine caused injury or illness. Since the Supreme Court decision *Bruesewitz v. Wyeth* (Feb 22, 2011), drug companies are not required to insure their vaccine products are either safe or effective. The same decision defined vaccines as unavoidable unsafe. The Vaccine Injury Compensation Trust Fund is not an acceptable alternative to me. (Reason listed below - #10)

2) Unless I receive the vaccine manufacturer's complete package inserts, listing **each and every ingredient** within the vaccine, including if it contains **any heavy metal poison, monosodium glutamate (msg) or monopotassium glutamate, fluoride, mercury, ethyl mercury, aluminum, any other form of fluorides, and formaldehyde, thimerosal, glyphosate, acetaminophen and aborted human fetus cells, etc.**

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

**Then I DO NOT CONSENT** because I have not been given full and complete disclosure regarding any vaccine. CDC or public health vaccine information sheets and/or websites are not acceptable alternatives. (Reasons listed below - #4 & #5)

3) I am aware that vaccine schedules have been established by the CDC and are promoted by public health departments, the American Academy of Pediatrics and other organizations. I do not accept CDC recommendations as science-based. (Reasons listed below - #4 & #6)

4) I do not recognize the CDC as a government health advocacy organization. It is a corporation listed on Dun and Bradstreet and headquartered in the STATE OF GEORGIA, with strong ties to the pharmaceutical industry. Therefore, their recommendations are influenced by the 'fiscal' health of their corporation.

5) I am aware that physician records are reviewed by the HEALTH, OHIO DEPARTMENT OF, a corporation headquartered in COLUMBUS OH and listed on Dun and Bradstreet, and who receive monetary compensation from the CDC to perform this function. Therefore, the state public health department's recommendations and actions are influenced by the 'fiscal' health of their corporation.

6) I do not recognize the AMERICAN ACADEMY OF PEDIATRICS nor the AMERICAN ACADEMY OF FAMILY PHYSICIANS as health advocacy organizations. They are both corporations (listed on Dun and Bradstreet) that are headquartered in the STATE OF \_\_\_\_\_ and the STATE OF \_\_\_\_\_ respectively, whose monetary compensation from the vaccine manufacturers contributes to the 'fiscal' health of their corporations.

7) I am aware that many physicians are paid higher reimbursement rates for administering vaccines.

8) I am aware that LEGISLATORS for the corporation known as the STATE OF OHIO, listed on Dun and Bradstreet, vote on statutes and rules for the STATE OF OHIO. As the LEGISLATORS have no medical training and can easily be influenced by drug company lobbyists and/or the CDC, I do not accept their corporate statutory mandates as science-based.

9) I am aware of multiple scientific peer-reviewed papers that have exposed the dangers of many vaccines as well as the "herd immunity myth" of 1933.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

10) I am aware that the corporation HEALTH & HUMAN SERVICES, UNITED STATES DEPARTMENT OF (listed on Dun and Bradstreet and headquartered in WASHINGTON DC) determines claims paid from the Vaccine Injury Compensation Trust Fund via a secret administrative process and also profits from vaccine patents.

11) I have concluded that failure to follow the CDC recommendations about vaccination is less likely to "endanger the health or life of my son or daughter or other's sons and daughters" than following their recommendations.

For the reasons I have listed and more, **I do not consent** to anyone administering any vaccine to my son or daughter unless they provide me with the vaccine package insert and all ingredients listed, to allow me to determine if the health risks are acceptable, and sign a document stating that they (in their professional and personal capacity), not me (and or Sally's father or mother), accept the commercial, financial and legal responsibility for any injury or illness (as defined by the International Medical Council on Vaccination) the vaccine they administer might cause my progeny (property), Sally Doe.

The psychiatrists have finally admitted that THERE ARE **NO DEFINITIVE LABORATORY TESTS**

No defining blood tests, no urine tests, no saliva tests, no brain scans, no genetic assays.

ALL SO-CALLED MENTAL DISORDERS ARE CONCOCTED, NAMED, LABELED, DESCRIBED, AND CATEGORIZED by a committee of psychiatrists, from menus of human behaviors.

Their findings are published in periodically updated editions of The Diagnostic and Statistical Manual of Mental Disorders (DSM), printed by the American Psychiatric Association.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

For years, even psychiatrists have been blowing the whistle on this hazy crazy process of “research.”

Of course, pharmaceutical companies, who manufacture highly toxic drugs to treat every one of these “disorders,” are leading the charge to invent more and more mental-health categories, so they can sell more drugs and make more money.

Dr. Allen Frances is the man who, in 1994, headed up the project to write the latest edition of the psychiatric bible, the DSM-IV. This tome defines and labels and describes every official mental disorder. The DSM-IV eventually listed 297 of them.

In an April 19, 1994, New York Times piece, “Scientist At Work,” Daniel Goleman called Frances “Perhaps the most powerful psychiatrist in America at the moment...”

Long after the DSM-IV had been put into print, Dr. Frances talked to Wired’s Greenberg and said the following:

“There is no definition of a mental disorder. It’s bullshit. I mean, you just can’t define it.”

There is thing that has been proven to be true -- it is the fact that psychiatric drugs do in fact kill and disable people.

Let’s go deeper. In the US alone, there are at least 300,000 cases of motor brain damage incurred by people who have been prescribed so-called anti-psychotic drugs (aka “major tranquilizers”). Risperdal (mentioned above as a drug given to people diagnosed with Bipolar) is one of those major tranquilizers. (source: *Toxic Psychiatry*, Dr. Peter Breggin, St. Martin’s Press, 1991)

The so-called “chemical-imbalance theory of mental illness is dead.

Dr. Ronald Pies, the editor-in-chief emeritus of the Psychiatric Times, laid the theory to rest in the July 11, 2011, issue of the Times with this staggering admission:

“In truth, the ‘chemical imbalance’ notion was always a kind of urban legend — never a theory seriously propounded by well-informed psychiatrists.”

In his 2011 piece in Psychiatric Times, Dr. Pies tries to cover his colleagues in the psychiatric profession with this fatuous remark:

“In the past 30 years, I don’t believe I have ever heard a knowledgeable, well-trained psychiatrist make such a preposterous claim [about chemical imbalance in the brain], except perhaps to mock it...the ‘chemical imbalance’ image has been vigorously promoted by some pharmaceutical companies, often to the detriment of our patients’ understanding.”

Absurd. First of all, many psychiatrists have explained and do explain to their patients that the drugs are there to correct a "chemical imbalance".

And second, if all well-trained psychiatrists have known, all along, that the chemical-imbalance theory is a fraud...

...then why on earth have they been prescribing tons of drugs to their patients...

...since those drugs are developed on the false premise that they correct a chemical imbalance?

Here’s what’s happening. The honchos of psychiatry are seeing the handwriting on the wall. Their game has been exposed. They’re taking heavy flack on many fronts.

The chemical-imbalance theory is a fake. There are no defining physical tests for any of the 300 so-called mental disorders. All diagnoses are based on arbitrary clusters or menus of human behavior. The drugs are harmful, dangerous, toxic. Some of them induce violence. Suicide, homicide. Some of the drugs cause brain damage.

Psychiatry is a pseudoscience.

So the shrinks have to move into another model, another con, another fraud. And they’re looking for one.

Big Pharma is part of the socialist depopulation agenda and isn’t going to back off. Trillions of dollars are at stake.

More fake diagnosis of mental disorders, more devastating drugs.

You want to fight for a right? Fight for the right of every adult to refuse medication. Fight for the right of every parent to refuse medication and toxic vaccines for his/her child.

### **CONTACT REFLEX ANALYSIS --A DANGEROUS HEALING METHOD.**

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

1. These CRA specialists seldom use a hair analysis test at all. Occasionally you will find one that does have a patient take the hair test.
2. The CRA specialist usually gets a hair test through a company called "Trace Elements" and then they have the patient buy the nutrients supplied by Trace Elements or the CRA specialist will sell the patient his own nutrients, depending on the CRA readings that the patient manifested .
3. Trace Elements does not use any chelation methods or products to remove any heavy metal poisons (HMP) from the patient's body.
4. If the CRA specialist does not know how to remove the heavy metal poisons, the patient will NOT get better because the patient will still have the poisons for a long time. The CRA nutrients will not remove the heavy metal poisons (HMP) or any toxic chemicals such as Fluorides or the toxins in the vaccines.
5. The CRA specialist does not receive a chelation training class from his CRA courses.
6. The CRA Certificate costs from \$400 to \$800 and the training is anywhere from 200 to 600 hours of hands on training in a group.
7. They are NOT taught nutritional balancing at all.
8. They are not taught the Agonist/Synergist or antagonists of vitamins and minerals
 

	Agonist/Synergist	Antagonist
Calcium	Vitamins: A, C, D, K Minerals: Mg	Vitamins: A, C, B1, B3, B6, E Minerals: Fe, K, Mg, Na, P, Zn Metals: Pb
9. The CRA specialist does NOT know how to bring any of the nutrients in a hair analysis test chart, into a balanced state, by increasing or decreasing the agonist/synergist or the antagonist at all.
10. The CRA specialist does NOT know the harm that two or more minerals can cause in a body if left unbalanced and/or excessively high for years or many months can do.

11. The CRA nutrient testing kit does not have any test vial/s to test for heavy metal poisons or other toxins, and unless he has the patient take a hair analysis test, he is treating the patient as a complete blind man.

12. CRA can not be used to cure any illness, because the CRA specialist does NOT have any training about **Physiological Reactions** and the **Laws Of Cause And Effects**. Their claims are fraudulent claims that they can bring about healing by muscle testing their nutrients as the cures for all illnesses.

13. Many CRA specialists will claim that they obtain blood and urine tests and use them to guide them in selecting the nutrients that they sell. But a blood test has to be specific for each mineral and/or specific for a vitamin to be of any use to know if the person is lacking calcium or vitamin B12 or if they have an excess, etc.

14. During a CRA examination anything such as the lights, rugs, color of the room, emotional and mental state of the patient can affect the outcome of the test leading to a false reading.

15. All of these things in #14 can affect the amount of nutrients that will read on the CRA test. Such as 5 or 10 pills of a nutrient, instead of just four.

16. If you ask the CRA specialist what nutrient/s cause high blood pressure he will not know.

17. Any person that is deficient and has hardly ever taken food based nutrients will feel a bit more energized, without knowing if he was told to take too many that will become an excess in his body and cause the nutrient to be un-balanced and not needed for that patient.

-----

**WARNING!** Do not take high amounts of EDTA or chlorella or any other chelators, herb, spice, etc., in the **start** of ANY detoxification methods.

FYI: EDTA 600 mg capsules can be dissolved in water, by opening and emptying the powder from the capsule in one cup of water and let it sit over night in the refrigerator. This method is best for people that can't swallow pills. Edta also comes in one to five pounds powder bags.

Chlorella also comes in powder form. But first, you must crush one 1000 mg pill and estimate the measurement for 1 to 4 pills in powder form.

Read your body and find **YOUR comfort** level for anything you take, such as EDTA or chlorella. Read the signs GOD gave you and set an amount of pills or powdered EDTA that feels right to you. My comfort level is one tablespoon of the powder of EDTA each day and two pills of chlorella and nothing but vitamins on my days of rest.

Be safe instead of sorry. Choose the slow and safe method by taking a little bit at a time.

GO SLOW and use this to help you build up slowly.

The IV chelation doctors give you a 3-gram IV session for from 20 to 60 or more sessions.

Remember that you only absorb 5% to 10% by mouth from each capsule or 30 mg to 60 mg from each 600 mg capsule.

One capsule of 600mg is 60% of a gram -- but you only absorb 5% to 10% by mouth from one capsule

$30 \text{ mg} \times 27 = 810 \text{ mg}$ ,  $60 \text{ mg} \times 27 = 1,620 \text{ mg}$

1 gram = 1,000 mg

29 gram = 1.023 Oz

One tablespoon = 3 teaspoons

One teaspoon of EDTA converted to milligrams equals to 5,687.50 mg = 9 capsules but only one capsule gets absorbed

9 capsules times 3 = 27 capsules = one tablespoon but only 3 gets absorbed - 3 x 600mg so for every tablespoon equals a 1/2 gm, to 1 gram or one third of a full 3 gram session of iv chelation. I was taking 27 capsules in powder form each day. That was my safe amount I was willing to take on a long-term basis.

As I slowly took more capsules, the first indication that it was working to clean up my veins, was when I first noticed that my 74 year old thin veins were slowly growing very large.

Then I noticed that I was sleeping better. Next, I noticed that I was slowing able to work more, and then I felt stronger little by little. Then my swollen legs, ankles and feet came down to normal size.

Then because of the egg yolks in the protocols, my limp dick was waking up each morning at attention at 74 years of age. Then my dreams of sex were driving me crazy with desire.

Then I could walk more and more each day, because I was a disabled person that could not ever go to Sam's Club without using the scooter for handicapped old farts like me.

By: THE RONBOT HUNTER © copyrighted 2018 All rights reserved.

Then I was able to go to the "Harbor Freight" tool store and walk the whole store and then come home and not get leg cramps at night like before.

From there on, my memory increased to the point, I could remember many things from my past, even when I was three years old when I was attacked by a dog THAT CAME UP TO MY FACE IN SIZE and I managed to fight it off.

The IV chelation method by doctors besides being very expensive in the long run, does not produce the same results when done slowly by us.

#1 - they only go to 60 or 80 sessions at the most if they can afford it. But for us we can afford one pound of EDTA powder for \$16.00 for many years doing it each day. Remember that even 80 sessions will never clean out 100,000 miles of veins, arteries and capillaries.

#2 - they NEVER use natural nutrients - they use artificial chemical nutrients.

#3 - they never use the other natural herbal and food ingredients from the protocols.

So **GO SLOW FOOL** and find your comfort zone!!!

The new bottle of EDTA has the starting amount of three pills to take. And do not give this amount to kids or dogs either. If I were you, I would never give EDTA to any kid or dog unless I completed my own illnesses and became a master on this method.

Chlorella can clog you so bad that you will need to take the herb called SENNA to have you dislodge or eliminate all the crap out of your clogged intestines. If you have stomach issues or intestinal issues, too many chlorella pills will be dangerous, unless you build up slowly and let your body adapt to any high amounts.

I took **TEN** -- 1000 mg pills a day of chlorella and five zinc pills to get rid of my own Cadmium poisoning issue in three months time. I learned the hard way and respect what it can do for me and the way it can hurt.

90 percent of people do not know how to read their own body and/or their symptoms, so because of this they will and can misjudge the amounts of anything.

**The world of Lie Detector Technology has changed and improved so much, that fate has given us a way to bring back justice to all decent people.**

We now have a weapon against the psychopaths, socialists and the collectivists in all walks of life.

We can expose them, fire them, refuse to hire them, get them fired and sent to jail because of what and who they are.

But we must form together as brothers and sisters and unite to make sure that the Beast 666 is removed from every job, group, company and associate that we have anything to do with.

We can have admiralty "administrators" aka - judges, lawyers removed, fired, and we can have them lose their licenses, because in the courts they are permitting our rights to have us regain our bill of rights and our freedoms returned to us because of the new technology in Lie Detection called **EyeDetect** -- <https://converus.com/>

EyeDetect is result of 15 years of research at the University of Utah.

The key breakthrough was the discovery that when the human brain lies, there's a **PHYSIOLOGICAL RESPONSE** between the brain and the eyes.

This technology will soon be used to protect the innocent and expose the guilty.

Eventually, under common law, which will happen in our life time, If all of us, unite we can take down admiralty courts, corrupt government depts. companies and major corporations that are owned and/or controlled by the Beast.

**Short Disclaimer:** Depending on your age, illnesses and disabilities, "intelligence" or "stupidity", dedication to detail, willingness to follow directions, mental and emotional condition, and especially your political party or if you are a collectivist, and/or have a healthy diet and/or junk food diet, you will see improvements in weeks or months or years or not at all. The first signs of my improvements were when my very thin veins were cleaned out by EDTA and I saw my veins increase in size. Then I noticed that this 74 year old body had more energy and stamina, plus many more improvements.

Share this with others and post this copyrighted method online on all the websites that you visit. First research the wonders of (calcium disodium EDTA 600 mg) EDTA and (chlorella 1000 mg broken cell wall) chlorella.

I am a rare type of ex-scientologist, since I am a strong patriot, a rebel, conservative, self-healer and savior of many. I am 74 years old, and born in Santurce P.R., A Pisces with a Scorpio moon.

Since I was three years old, I never lost a fight and never had to hit anyone more than four times to beat them or knock them out. I was able to pick up a 3000 plus pound car and move it 10 feet to unblock the driveway where I worked as a superintendent in Queens, N. Y. and a 6,000 pound trailer that could haul a 12,000 pound load. I was not able to be hypnotized, and voodoo did not work on me. I have never known any fear of men, but sharks make me want to kill them. I done a few slightly bad things which I am nor proud of, but I do have a heart of Gold.

I cured my own: Hepatitis C, high blood pressure, bleeding ulcers, chronic rhinitis allergies, Erectile dysfunction, Liver, kidney, detox; blood cleansing, brain water cleansing, brain organ cleansing, chronic cramps, parasite cleansing, fluoride and pineal gland cleansing, heel spurs, swollen legs, and foot pains, low blood volume, etc..

Failure to disassociate from Socialists, Communists and Collectivists can be harmful and deadly.

We already have the proofs of their Sociopathic Depopulation Agenda, and know that they are against all the laws God.

**Freedom Of Association** and The **Freedom Of Non-Association** and freedom of assembly, is a protected individual right and a collective right, guaranteed by all modern and democratic legal systems, including the United States Bill of Rights, article 11 of the European Convention on Human Rights, the Canadian Charter of Rights and Freedoms, and international law, including

articles 20 and 23 of the Universal Declaration of Human Rights. The Declaration on Fundamental Principles and Rights at Work by the International Labour Organization.

Depriving citizens of their constitutionally protected rights to freedom of choice is a crime against the person.

The Constitution of the Republic should make special provisions for medical freedom as well as religious freedom. To restrict the art of healing to one class of men and deny equal privileges to others will constitute the Bastille (jail) of medical science. All such laws are un-American and despotic.

On the question of legality, the interpretation of laws pertaining to informed consent, is evolving in the courts and it is now possible that a physician who withholds information about the availability of other treatment choices, such as EDTH chelation therapy, prior to performing vascular surgery (along with all other treatment modalities) could be found legally liable. Withholding information about a different form of treatment may be tantamount to medical malpractice, if as a result, a patient is deprived of possible benefits. Thus, it is the doctors who refuse to recognize and inform their patients of chelations who are risking legal liability. Not those chelating physicians who provide an innovative treatment which they feel to be the safest, the most effective and the least expensive for many of their patients.

**Warning -- I am NOT a doctor of any type**, but too many symptom doctors and their symptom drugs have failed me in many ways. Their failure forced me to learn to self-heal and find the true and real causes of my own illnesses and disabilities. --- Therefore, I have written this data to tell you all my life story, and to say that to my knowledge and research; I can honestly state, that there is no law, statute, rule or ordinance or any public policy that says we cannot reject a symptom doctor and/or his symptom drugs, and try to self-heal and/or to cure our own illnesses, by finding the real cause and not wasting our time with symptom cures, and symptom drugs that kill and disable millions of us. There is only the mind of a sociopathic socialist that will claim that we have committed a crime, by trying to live long and proper. To continue to read and learn these self-healing methods - is to volunteer to be a free man or woman and take charge of your own destiny.
