Web3 Made Easy

YOUR NEXT-GEN SMART WALLET

Seedless, Gasless, Fearless. Creso makes your **Web3** journey easy and safe, powered by **ERC-4337**. It's not just a wallet—it's your simple key to the decentralized world.

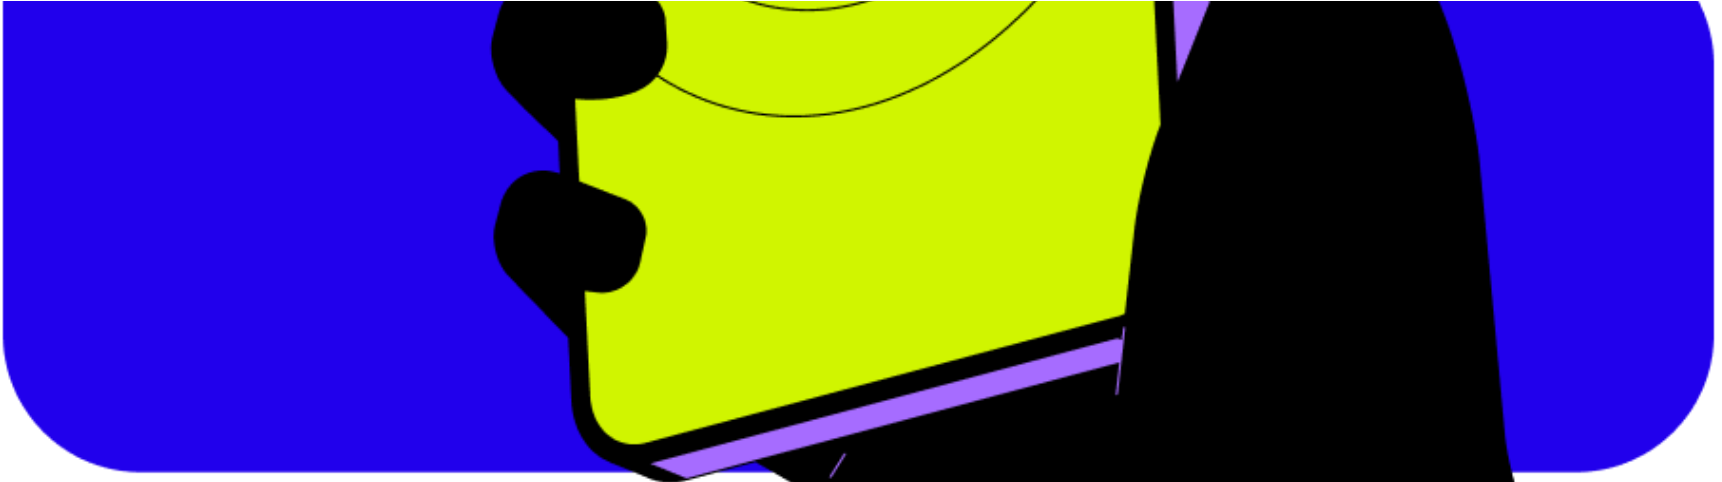

SEEDLESS
LOGIN

Create and login to your wallet seamlessly with your Google, Twitter, or Apple account—no mnemonic fuss, just simple, swift access!

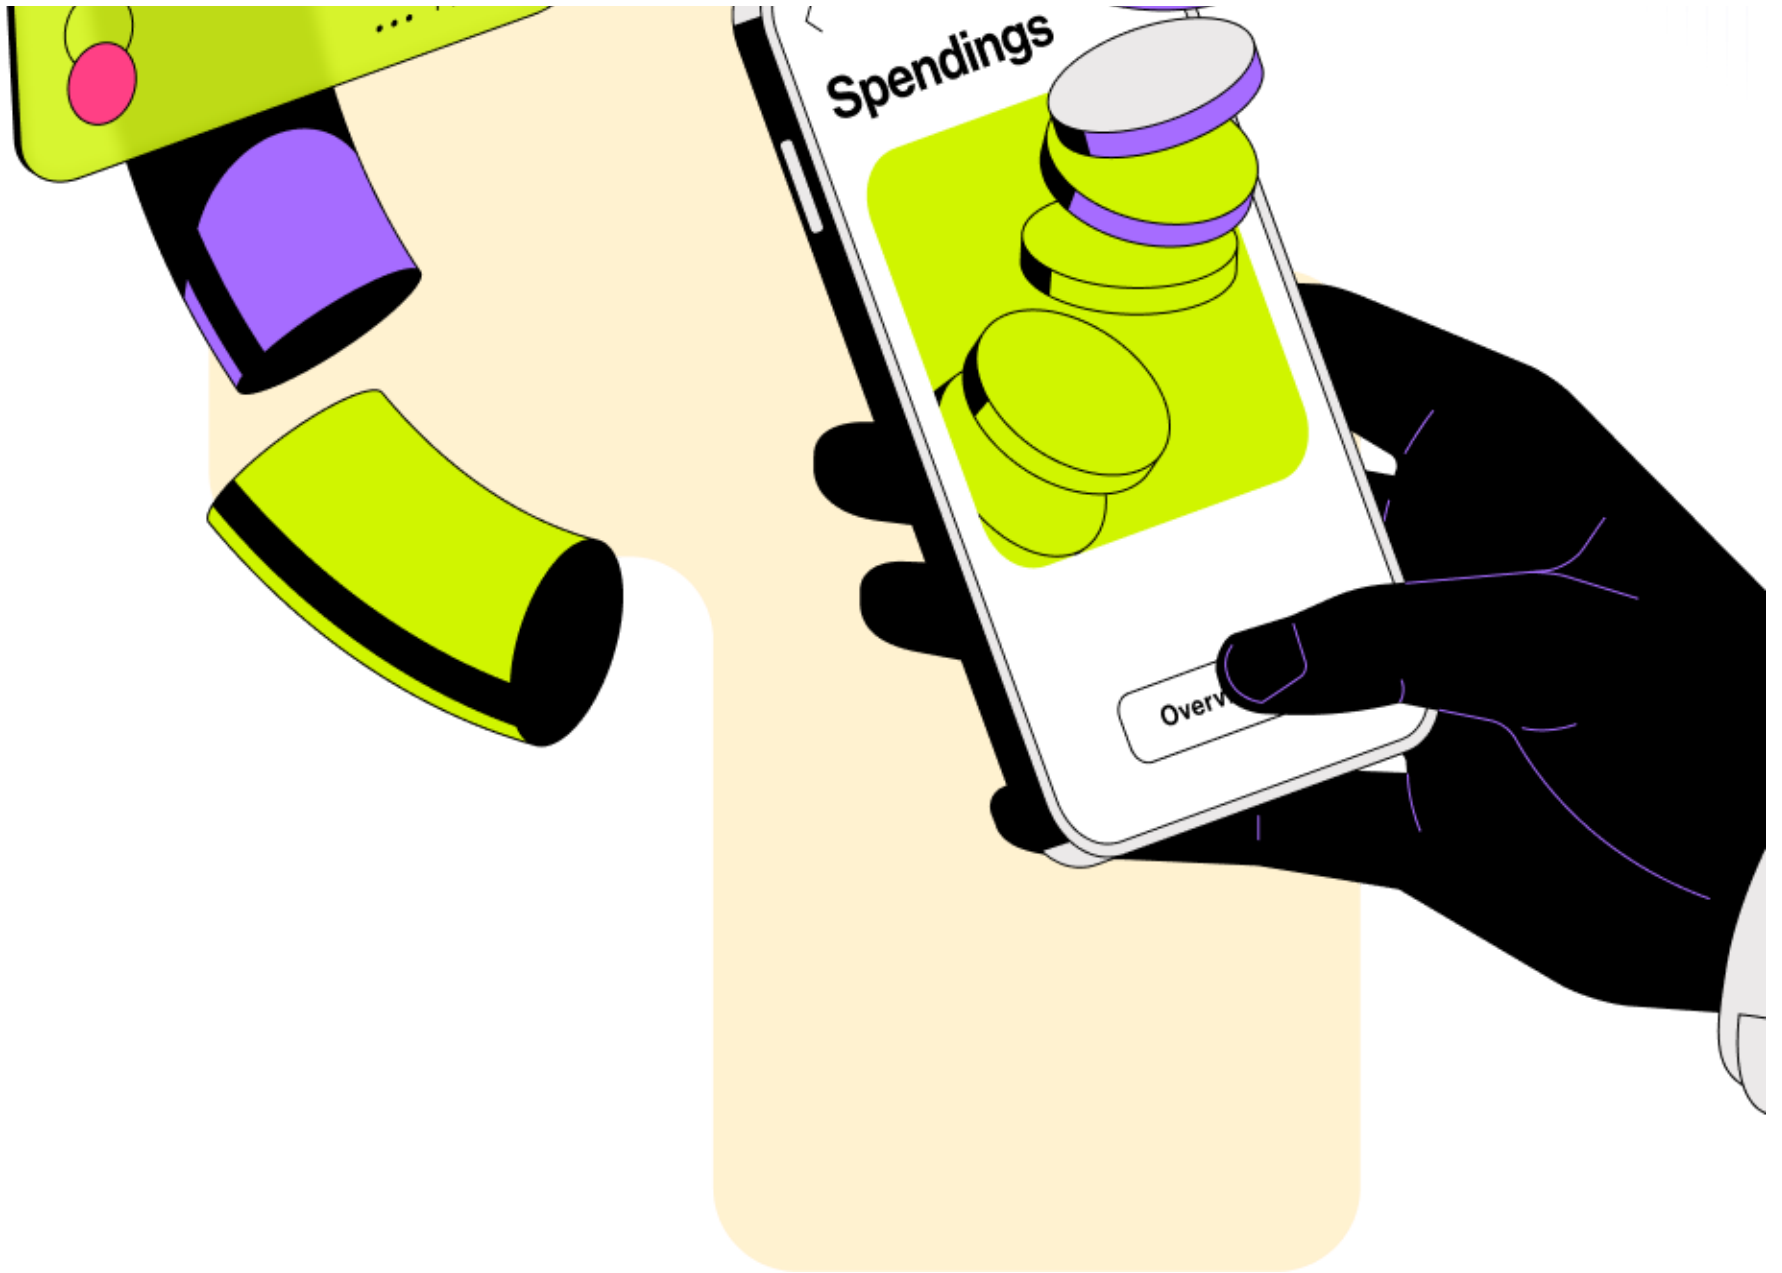

GASLESS

TRANSACTIONS

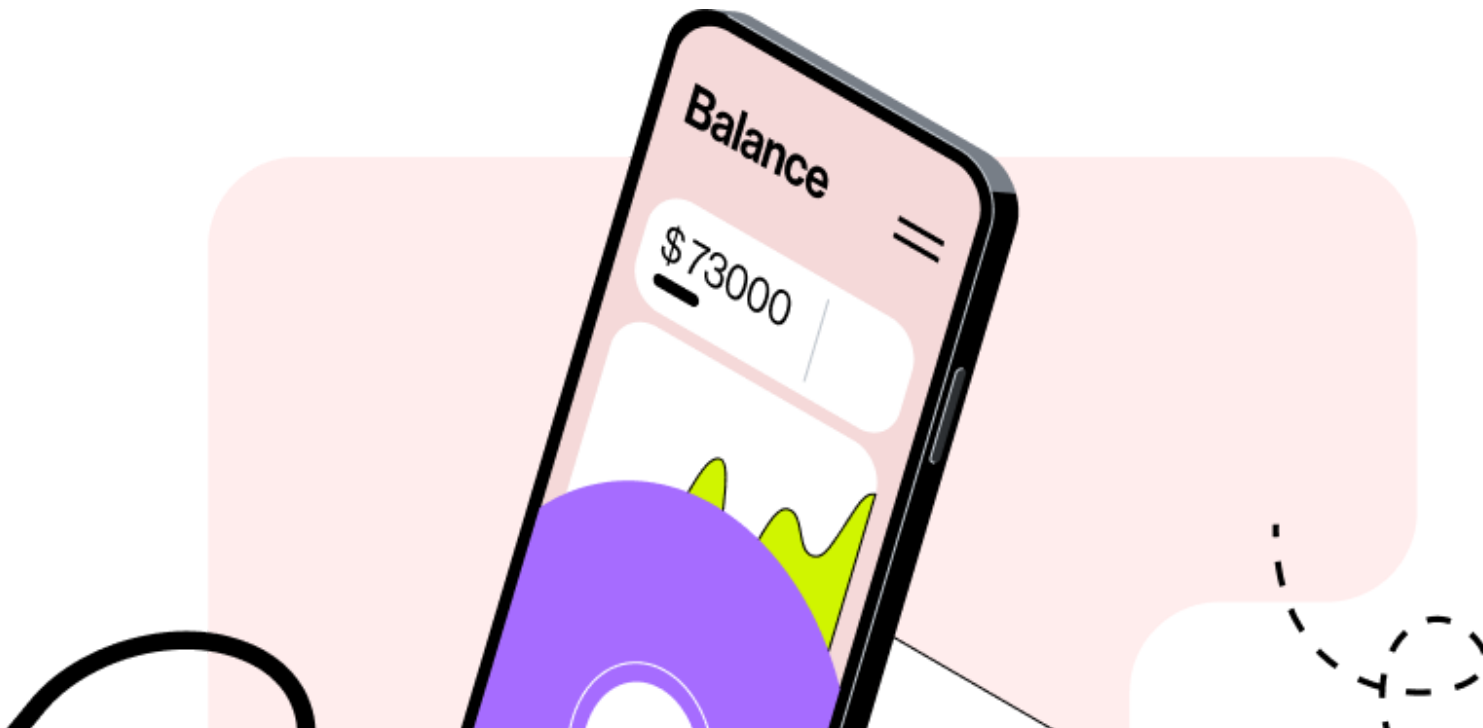

Use any token to manage gas fees. Relish the ease as an App or a friend takes care of the gas, turning every transaction into a smooth sail.

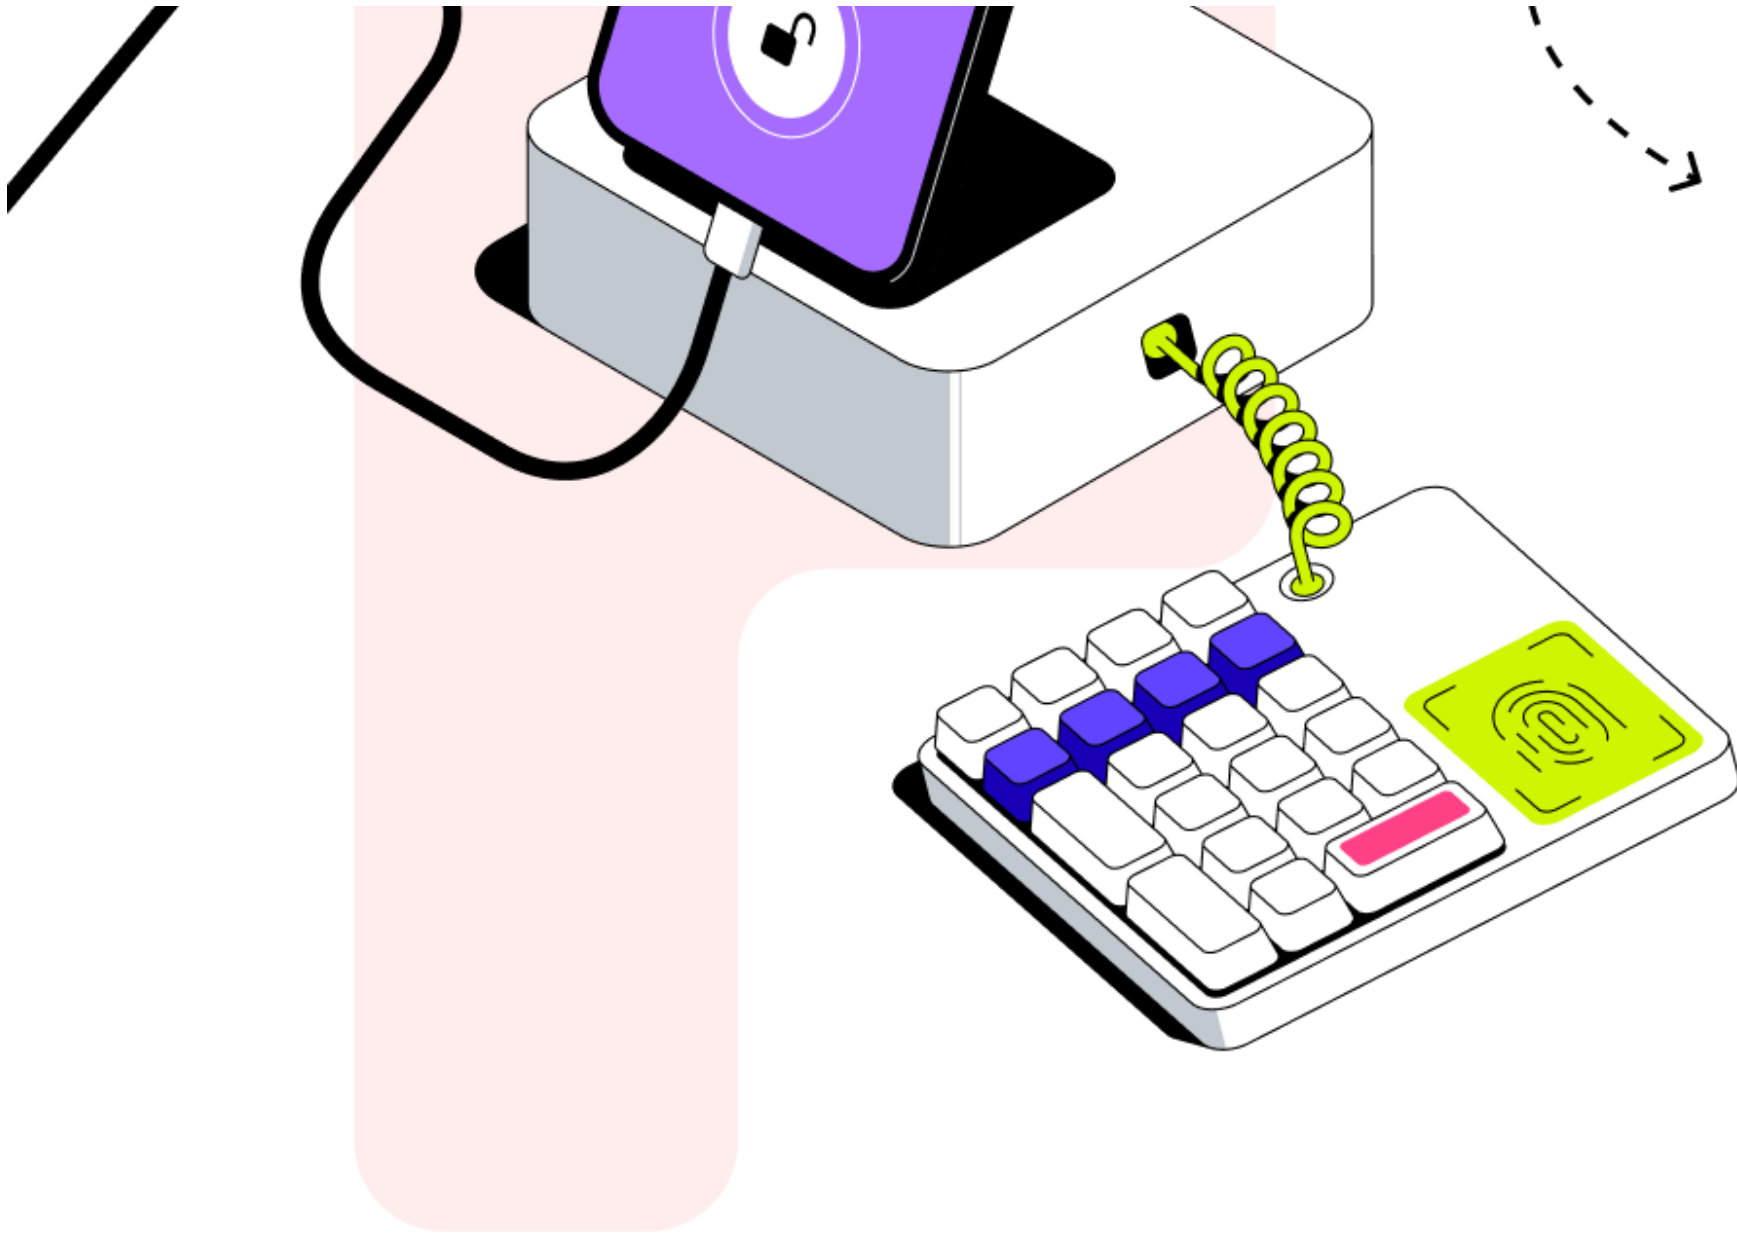

SOCIAL RECOVERY

Total control, endless recovery possibilities! With familiar logins like email, Google, and Apple, secure your wallet the smart way. Add more guardians, amplify security, and recover with social backup whenever your account gets lost.

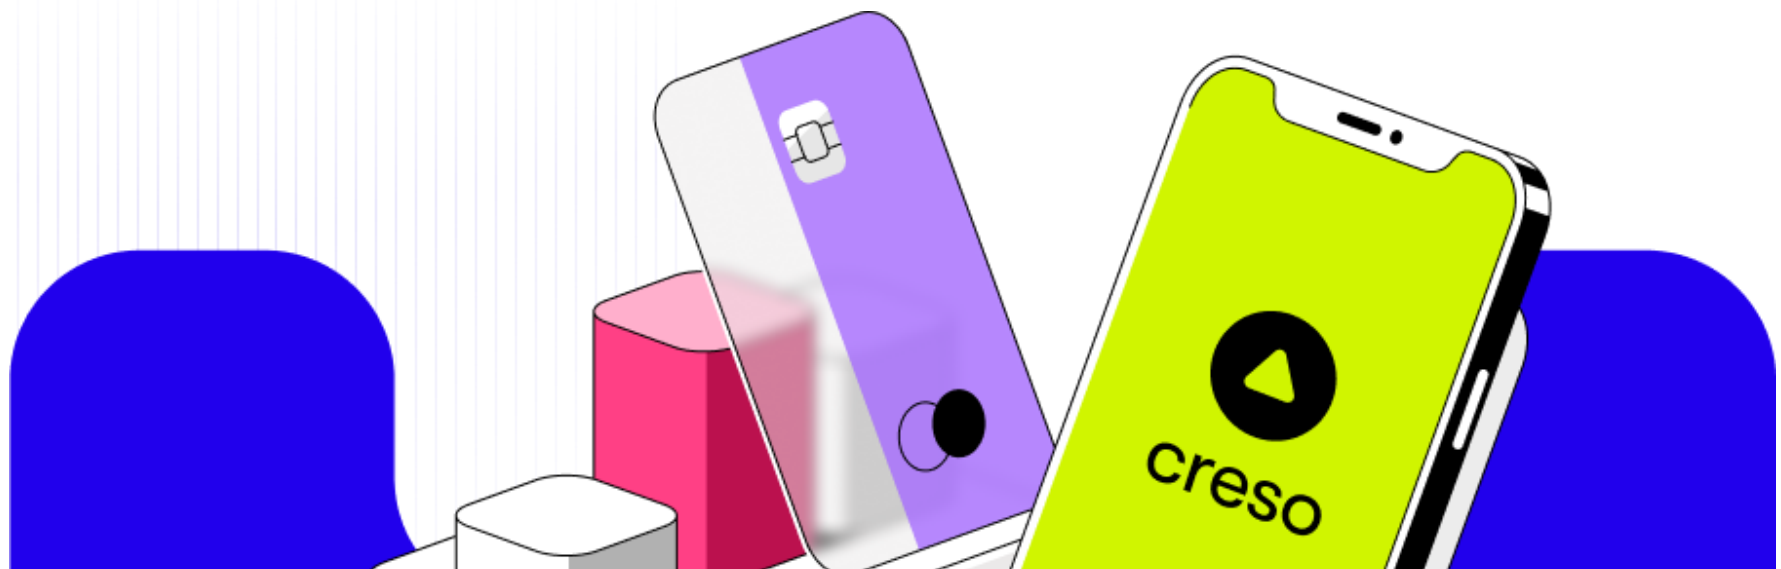

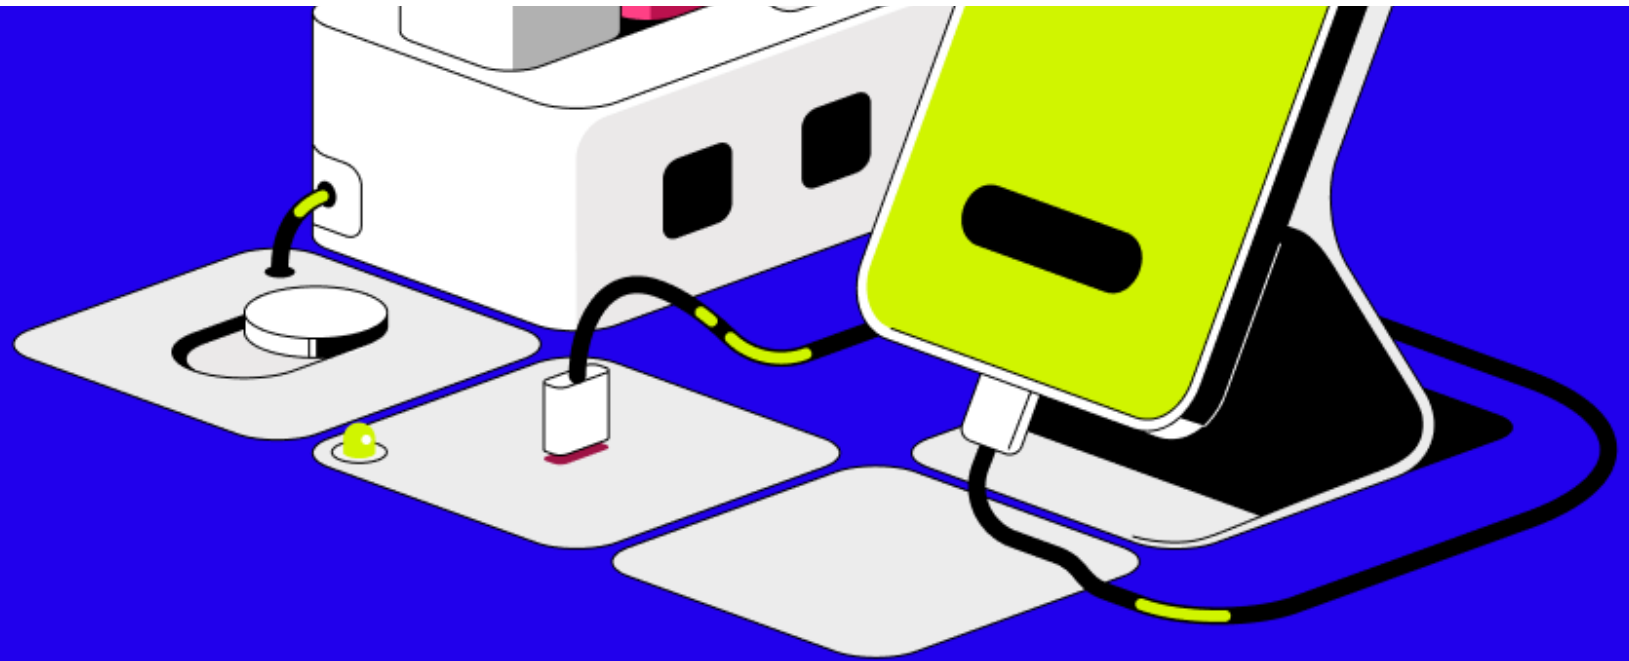

BOOST SECURITY WITH 2FA

Enable two-factor authentication and add an extra security layer to your Creso Wallet, ensuring no assets are withdrawn without verification from another device
