COMMITTEE RECOMMENDATIONS AND ASSURANCES

The School Site Council recommends this school plan and its related expenditures to the district governing board for approval and assures the board of the following:

1. School site councils have developed and approved, and will monitor the plan, to be known as the *Single Plan for Student Achievement* for schools participating in programs funded through the consolidated application process.
2. School plans must be developed “with the review, certification, and advice of any applicable school advisory committees.”

The School Site Council sought and considered all recommendations from the following groups or committees before adopting this plan. **Signatures** are requested for those advisory committees/groups providing input in the development of this plan.

Committees	Chairperson		Check		Date of recommendation
	Print Name	Signature	Parent/Community	Staff	
English Learner Advisory Committee (ELAC)	Gloria Silva		X		
UTLA Chapter Chair or Chapter Chair’s Designee	Laurie Woerfel			X	
Other (list)					

3. The content of the plan must be aligned with school goals for improving student achievement.
4. The plan must be reviewed annually and updated, including proposed categorical expenditures of funds allocated to the school through the consolidated application, by the school site council.
5. Plans must be reviewed and approved by the governing board of the local educational agency “whenever there are material changes that affect the academic programs for students covered by programs” funded through the consolidated application.
6. The school minimizes the removal of identified children during the regular school hours for supplemental Title I instruction. (Targeted Assistance Schools only)
7. This school plan was adopted by the School Site Council on:

Parental Involvement Policy Assurances

Each school in LAUSD is required to develop a written parental involvement policy. This policy describes how the school will support and increase parent involvement. The parental involvement policy must be developed with parents, include participation from the appropriate advisory committee and be agreed upon by the School Site Council.

The written parental involvement policy at Title I schools must be developed with parent participation and describe how parents will be informed of the school’s Title I program requirements, including the development of a School-Parent Compact. The policy must be distributed to parents annually.

Schools not receiving categorical funds must develop a written parental involvement policy with parent participation that describes how the school will:

- (a) engage parents in their children’s education by helping parents develop skills to use at home to support their children’s academic efforts and their children’s development as responsible members of society*
- (b) inform parents that they can directly impact the success of their children’s learning by providing them with strategies to improve academic success and to assist children in learning at home*
- (c) build consistent and effective communication between the home and school so parents know when and how to help their children with classroom learning*
- (d) train teachers and administrators to communicate effectively with parents*
- (e) integrate parent involvement programs with the Single Plan for Student Achievement (EC 11504)*

Questions regarding this requirement should be addressed to the Educational Service Center Administrator of Parent and Community Engagement or the Parent Community Student Services Branch at (213) 481-3350.

Thomas Alva Edison Middle School (8113)

Los Angeles Unified School District Profile

District Mission Statement

The teachers, administrators, and staff of the Los Angeles Unified School District believe in the equal worth and dignity of all students and are committed to educate all students to their maximum potential.

District Description:

Local Educational Agency (LEA) Plan Goals

The LEA plan serves as the instructional plan for the District and is measured through the Performance Meter and aligned to the following academic goals:

Goal 1: English/Language Arts and Mathematics—Proficiency for All

- Increasing literacy skills through the transition to the Common Core State Standards in K-12 ELA, K-12 mathematics, and literacy in secondary H/SS, science, and technical subjects.
- Increasing the number of students performing at proficient or advanced on the Algebra 1 California Standards Test.
- Implementing a multi-tiered system of support to provide targeted instruction and intervention to K-12 students based on English/language arts and mathematics data.

Goal 2: English Learners—Proficiency for All

- Providing and administering K-12 Instructional Programs for English Learners (ELs) that include:
 - Structured English Immersion
 - Mainstream English Instructional Program
 - Dual Language two-Way Immersion
 - Transitional Bilingual Education Program
 - Maintenance Bilingual Education Program
 - Accelerated Learning Program for Long Term English Learner Program
 - Secondary English Learner Newcomer Program
- Using Title III funds to help ELs meet the State's annual measurable achievement objectives and build teacher capacity in meeting the needs of students in the core subject areas including ELD
- Meeting the District's expectation for EL at the elementary level to advance on English Language Development (ELD) and reclassify after five years of instruction
- Promoting parent and family involvement in EL programs at the central, ESC, and school site level
- Enhancing the quality of language instruction in the District's EL programs
- Planning and developing the tools necessary to implement high-quality comprehensive professional development designed to improve the instruction and assessment of ELs
- Monitoring the continued academic success of former ELs

Goal 5: All Students will Graduate from High School—100% Graduation

- Providing ongoing professional development, designed specifically towards accurate student placement and construction of the master schedule.
- Monitoring individual graduation plans to ensure all students have access to a high-quality course of study that builds toward college and career readiness.
- Offering differentiated, evidence-based instructional support and professional development that address the unique learning needs of the District's diverse learners, including at-risk students, and, as appropriate, provide interventions that respond to factors that may negatively impact student learning and achievement and impede their graduating from high school college-prepared and career-ready.

2013-2014 District Professional Development Priorities:

1. Transition to and implementation of the Common Core State Standards (CCSS) in ELA, mathematics, and H/SS, Science, and Technical Subjects
2. Improve instruction and increase reclassification rates for English learners by implementing the English Learner (EL) Master Plan
3. Use of the Teaching and Learning Framework Rubrics to improve teaching and learning across the district
4. Transition to and implementation of the Smarter Balanced Assessment Consortium

Thomas Alva Edison Middle School (8113)

District Core Program for All Students:

The District's core program is built on the Common Core State Standards (CCSS) in ELA and math, and on the California State Content Standards in all other subjects, grounded in evidence-based pedagogy for effective instruction. In the 2013/2014 school year the District will implement a phase-in transition to the CCSS in all grade levels. This phase-in will align with the provision of 1:1 devices for all students and the 3-year strategic plan. The District focus will revolve around the alignment of curriculum, instruction, and assessment ensuring successful outcomes for all students.

Curriculum focus-2013/2014

- Implementation of the standards in ELA and math using the District adopted texts, including digital text, effectively.
- Anchoring reading and writing instruction in evidence from the text using a variety of increasingly complex texts.
- Writing across genres, with a focus on argument.
- Providing rigorous mathematics instruction that focuses deeply on the mathematics standards for the grade-level and provides a coherent transition from one topic to another and one grade to another.

Instructional focus-2013/2014

- Use of close reading and quality text dependent questions to support students in reading and writing instruction.
- Emphasis on the Standards for Mathematical Practices-particularly Standard 1-Make sense of problems and persevere in solving them, Standard 3-Construct viable argument and critique the reasoning of others, and Standard 4-Modeling with mathematics.
- Stronger emphasis on the use of project-based learning and performance tasks to drive instruction.

Assessment focus-2013/2014

- Use of a multi-tiered system of support (RtI²) based on ongoing data analysis, to inform instruction and intervention.
- Use of MyData, *a web-based tool that will increase the availability and usability of student data for LAUSD educators, in order to improve teaching and learning.*
- Use of benchmark, progress monitoring, and diagnostic assessments (CoreK-12 Assessment System) to drive instruction and intervention.
- Use of *School Performance Framework* to evaluate school performance in terms of student achievement using a variety of measures, both status and growth related.

Schools are expected to frame their banked Tuesday professional development in 2014-2015 around the District priorities using a Plan-Deliver-Reflect-Revise model or Cycle of Inquiry and/or problem-solving process to improve outcomes for all students. The analysis of student data and work samples is used as the anchor for building professional practice.

The District will continue to support teachers and staff in the effective use of student achievement data. The District will further integrate the use of Performance Management both at the District and school levels in order to meet Performance Meter targets.

The District has adopted six culturally responsive and linguistically appropriate instructional strategies that are threaded throughout all PreK-12 content instruction. Instructional strategies include the use of advanced graphic organizers, explicit instruction in academic language, use of cooperative communal learning strategies, instructional conversations, contrastive analysis and making cultural connections by creating optimal learning environments.

The District will effectively implement the English Learner Master Plan for educating English learners, Standard English Learners, and English Learners with disabilities. This plan focuses on the effective use of standards-based differentiated ELD instruction specifically designed for ELs, and standards-based instruction using SDAIE to ensure full access to the core curriculum, to meet the needs of all students including gifted and talented students, students with disabilities, and English learners (both English Learners and Standard English Learners).

Strong classroom management as outlined in the District's Discipline Foundation Policy frames the instructional program. Maximum use of academic engaged time is accomplished through planning resulting in clear expectations, preparing for transitions, and developing instruction that engages students in learning.

Thomas Alva Edison Middle School (8113)

ESEA CALIFORNIA OFFICE TO REFORM EDUCATION (CORE) WAIVER

On August 6, 2013 eight California school districts including LAUSD, received a waiver from the Program Improvement mandates of the No Child Left Behind Act from the U.S. Secretary of Education. The eight school districts are grouped together under a consortium called the California Office to Reform Education (CORE). Central to the CORE Waiver is a holistic school performance system with tailored support for schools and Local Educational Agencies (LEAs) called the School Quality Improvement System. The CORE waiver is based on three key principles that will support reform. They key principles are: Principle 1: College- and Career-Ready Expectations for All Students; Principle 2: Differentiated Recognition, Accountability, and Support; and Principle 3: Supporting Effective Instructional Leadership.

Commitments:

- Implement Common Core Standards in the 2013-2014 School Year (SY) and Smarter Balanced Assessment Consortium (SBAC) assessments, starting in 2014-2015
- Participate in the School Quality Improvement System, which includes a CORE-designed holistic accountability model, AMOs, and school designations (e.g., Reward, Focus, and Priority schools)
- Track, submit, and release school-level academic, social-emotional, and culture and climate information
- Develop guidelines for the teacher and principal evaluation system by the start of the 2013-2014 SY
- Implement by 2015-2016 (and pilot by 2014-2015) a teacher and principal evaluation system that differentiates performances into four tiers and includes, as a significant factor, student growth
- Partner with LEA peers to support and monitor waiver activity implementation
- Priority or Focus schools or other schools needing improvement will participate in pairing process with a Reward or exemplar school

Goals:

The CORE School Quality Improvement System seeks to:

- Establish a holistic school performance system that values multiple measures of student success across academic, social-emotional, and culture-climate domains
- Provide schools, teachers, and administrators clear, in-depth feedback on areas of strength and those in need of improvement to improve outcomes for students
- Create a collective ownership structure within schools, districts, and the CORE network in which teacher, staff, and administrator collaboration and shared responsibility for student outcomes are primary drivers of accountability
- Increase and restore student, parent, and community confidence in all CORE network schools.

Usage:

CORE seeks to apply these goals to the differentiated accountability, recognition and support framework required through the ESEA waiver:

- A school-level improvement index (School Quality Improvement Index) that clearly evaluates schools on student achievement, subgroup performance and graduation rates
- Annual Measurable Objectives (School Quality Improvement Goals) that are used to design targeted interventions and rewards; and
- A school designation system that identifies and outlines rewards for high performing or high progress “reward” schools, and interventions for severely underperforming Priority schools or Focus schools with persistent achievement gaps
- LEAs will use this holistic, detailed information to inform school self-assessments, professional learning community topics, and school partner pairing to drive tailored interventions and school support.

Thomas Alva Edison Middle School (8113)

Required program activities for Reward schools:

- Reward schools paired with Priority or Focus schools will deliver assistance and hold monthly meetings with their paired schools
- Reward schools will establish professional learning communities with other Reward schools, and receive specialized professional development and technical assistance from CORE

Required program activities for Priority schools:

- Beginning in Fall 2013, Priority schools will be paired with Reward schools and begin attending monthly meetings designed to support implementation of the “School Quality Review Process” and the “7 Turnaround Principles.” Related professional development activities should be described in the appropriate goal matrix domain (Academic Domain, Culture and Climate Domain, or Social/Emotional Domain) of the Focus Area entitled “Effective Instructional Program (Professional Learning and Classroom Instruction)”
- “Priority” schools must continue implementation of their School Improvement Grant (SIG) plans in addition to developing a three-year plan

Required program activities for Focus and Support schools:

- Beginning in Fall 2013, Focus and Support schools will join appropriate “communities of practice” which will convene at least quarterly to address specific needs. Professional development activities related to “communities of practice” should be described in the appropriate goal matrix domain (Academic Domain, Culture and Climate Domain, or Social/Emotional Domain) of the Focus Area entitled “Effective Instructional Program (Professional Learning and Classroom Instruction)”
- In years 1 and 2 of designation, focus schools will have the option to pair with peer Reward schools that have demonstrated excellence in closing achievement gaps, or in improving results for traditionally underserved subgroups to assist in developing the improvement plan
- Upon reflecting on shared learning from the community of practice, Focus and Support schools will implement the School Quality Review Process and revise their school improvement plans
- Focus and Support schools are required to develop a two-year plan

2014-2015 Seven Turnaround Principles

The CORE Waiver is predicated on providing meaningful, pragmatic support for school transformation. Interventions are designed to help stakeholders rethink components of the school structure, communications, professional development, instructional practices, and family engagement that are not currently achieving desired outcomes and substitute them with proven strategies that are aligned to best practices - all of which are guided by the seven turnaround principles that are based on Principle 2 of the Core Waiver.

Seven Turnaround Principles are:

1. Strong Leadership

- a. Ensuring that the principal has the ability to lead the turnaround effort;
- b. Providing the principal with operational flexibility in the areas of scheduling, staff, curriculum, and budget

2. Ensure that teachers are effective and able to improve instruction

- a. Providing job-embedded, ongoing professional development informed by teacher evaluation and teacher and student needs such as those identified by instructional data collected by progress monitoring in the areas of reading, math and positive behavior interventions;
- b. Developing the skills to better recruit, retain and develop effective teachers

3. Redesign the school day, week or year to include additional time for student learning and teacher collaboration

- a. Redesigning time to better meet student needs and increase teacher collaboration focused on improving teaching and learning

4. Strengthen school's instructional program

- a. Ensuring teachers have the foundational documents and instructional materials needed to teach to the rigorous college and career ready standards that have been adopted;
- b. Ensuring teachers utilize research-based effective instruction to meet the needs of all students

5. Use data to inform instruction and for continuous improvement

- a. Ensuring school-wide use of data focused on improving teaching and learning, as well as climate and culture;
- b. Using student data to inform and differentiate student instruction and to provide tiered interventions

6. Establish a school environment that improves school safety and discipline and addressing other non-academic factors that impact student achievement

- a. Establishing school environments with a climate conducive to learning and a culture of high expectations

7. Provide ongoing mechanisms for family and community engagement

- a. Increasing academically focused family and community engagement;
- b. Developing and implementing a family and community engagement plan which provides information and data on a formal and frequent basis to all district stakeholders and community collaborators

MISSION STATEMENT AND SCHOOL PROFILE DESCRIPTION

School Vision and Mission

Our mission is to develop students who:

- understand the value of education, and the need for lifelong learning
- make connections across the disciplines
- apply their understandings to real-world contexts as practitioners and apprentices
- exhibit creative and critical thinking, make suppositions, question viewpoints, and search for patterns
- adapt to a changing technological world
- practice physical, mental, emotional, and social wellness
- demonstrate character through caring, honesty, trust, appreciation of differences and family
- conduct themselves safely, respectfully, and responsibly
- set goals, explore professional directions, and demonstrate perseverance

The resulting vision is the empowerment of competent and confident visionaries, decision makers, and catalysts of positive change.

School Profile Description

Please include:

- Thomas Alva Edison Middle School opened in 1926, and is located in an unincorporated part of Los Angeles in the inner-city of South Los Angeles in ESC South. The school population is approximately 1200 students, 97% Hispanic/Latino, 3% African American.
- Edison is a traditional, 8x2 block schedule, serving 7th and 8th grade students.
- Edison has approximately 1200 students in 7th and 8th grade. The enrollment has increased over the past few years.
- 96% of Edison students qualify for Title 1 program services
- Edison's feeder schools are: Miramonte Elementary, Parmelee Elementary, 66th St. Elementary, Wisdom Elementary, Florence Elementary, Lilian Elementary, Holmes Elementary, and Moore MST Academy.
- The school population is approximately 1200 students, 97% Hispanic/Latino, 3% African American. Approximately 25% of students are English Learners.
- The school has three computer labs and a library media center.

- Edison is a Reward School under the CORE Waiver SQI.

FOR PRIORITY, FOCUS, and SUPPORT SCHOOLS, identify areas and/or subgroups not meeting School Quality Improvement Index goals

Thomas Alva Edison Middle School (8113)

- The school will provide academic assessment results to students via the student planner both numerically and graphically so that the parents can understand the meaning.
- The school uses the Early Warning System and the At-Risk System on the District's MyData website to incorporate a system of early warning to address the needs of underperforming students.

COMPREHENSIVE NEEDS ASSESSMENT

A comprehensive needs assessment incorporates several components, including data analysis related to student achievement, professional development, school-family relationships, attendance, and suspensions/expulsions. The COMPREHENSIVE NEEDS ASSESSMENT, CORE Waiver Status and Intervention Form, and LAUSD School Review Process Recommendations comprise the LAUSD Comprehensive Needs Assessment for the SPSA.

Directions: Insert the following documents which were used to analyze data in order to formulate School Goals and Key Strategies. Based upon the data, determine actions/tasks that will help improve teaching and increase student achievement.

- AYP Report
- Data Summary Sheet (subgroup data reflects sample size down to 11 students)
- CORE Waiver Data Report (Reward, Priority, Focus, Support schools only)
- SPSA Evaluation

<p>Using the results of the Comprehensive Needs Assessment and the answers to the questions below, what conclusions can be drawn?</p> <ul style="list-style-type: none"> • Did the school meet schoolwide graduation rate targets? If not, what strategy(ies) will the school use to increase graduation rates? • Did the school have graduation rates with less than 5% improvement? If so, what strategy(ies) will the school use to increase graduation rates to meet graduation rate targets? • How will the school provide differentiated support to subgroups of 20 or more with the lowest proficiency rate on the CAHSEE? 	N/A
---	-----

Key Strategy(ies):

Focus Areas	Actions/Tasks to accomplish Strategy(ies)** <small>(Actions/Tasks must address subgroup needs.)</small>	Projected Costs, Expenditures, and Funding Sources	How will the school monitor the actions/tasks?	Staff Responsible	Start/Completion Date
Effective Instructional Program (Professional Learning and Classroom Instruction)					
Maximizing Instructional Time					
Interventions to Close Achievement Gaps					

*School Goals should be: measurable, focused on identified student learning needs, and prioritized (if more than one School Goal is identified).

**Schools may use the Resource Guide for completing the SPSA for additional information and assistance in completing the Goal Matrix

Los Angeles Unified School District
2014-2015 Single Plan for Student Achievement Goal Matrix

ACADEMIC DOMAIN
ENGLISH LANGUAGE ARTS

LEA Goal: All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics.

***School Goal:** By June, 2016, the percentage of students earning a passing grade of “C” or better in their English Language Arts classes will increase schoolwide 10% (from ___% 2013 – 2014 to ___% 2015 – 2016).

Identify data used to form this goal:	<input type="checkbox"/> AYP Report/CAHSEE	<input type="checkbox"/> CORE Waiver Data Report (if applicable)	<input checked="" type="checkbox"/> MyData (CST Strand Report)
<input type="checkbox"/> DIBELS	<input checked="" type="checkbox"/> Student Grades	<input checked="" type="checkbox"/> Curriculum-Based Measure: <u>DREAM Diagnostics</u>	<input checked="" type="checkbox"/> Data Summary Sheet

<p>Using the results of the Comprehensive Needs Assessment and the answers to the questions below, what conclusions can be drawn?</p> <ul style="list-style-type: none"> Based on the assessments, in what strands of the English Language Arts instructional program were subgroups of 20 or more least proficient? What factors explain changes in proficiency levels over time? Were interventions effective in moving students to proficiency? If not, what change in intervention(s) does the school propose? What intervention(s) will be used to address the lowest-achieving subgroups? 	<ul style="list-style-type: none"> Based on the assessments, the strands of the ELA instructional program that were the least proficient for our subgroups were: Writing Strategies and Written and Oral Language Components. Increases in proficiency levels of 15.4% over the past 5 years are attributed to consistent implementation of our intervention model, DREAM, which is run by our Instructional Coach. Yes, our interventions have been effective in moving students to proficiency. However, due to changes in district testing and expectations, the intervention model is being modified by the instructional coach to correspond with the changes in instructional shifts from the CCSS. Lower-performing students in the EL subgroup are identified and encouraged to participate in after-school intervention classes, which are planned by our EL and Title III coordinators. Teaching Assistants provide small-group support for EL and Special Ed students.
--	---

Key Strategy(ies): Improve performance in ELA. Transition to full implementation of the CCSS for ELA through Professional Development. Continue to implement DREAM.

Focus Areas	Actions/Tasks to accomplish the Strategy(ies)** (Actions/Tasks must address subgroup needs.)	Projected Costs, Expenditures, and Funding Sources	How will the school monitor the actions/tasks?	Staff Responsible	Start/Completion Date
Effective Instructional Program (Professional Learning and Classroom Instruction)	In order to support the implementation of the Common Core State Standards (CCSS), we will provide teachers and staff access to professional learning to accelerate proficiency for our socially economically disadvantaged, Title One students, standard English learners (SELs), English Learners (ELs), and students with disabilities (SWD). To elicit critical thinking and deeper understanding with texts and other content, professional development will focus on specific strategies for the implementation of discussion techniques, student engagement and productive groups. The professional development will be held during the school day or beyond the regular basis for grade levels/departments. Professional Development focus will be on:	\$ 7,661.00 PD Teacher Regular Title I \$15,026.00 PD Teacher X-Time Title I	Administrators will conduct classroom observations to monitor the implementation of strategies from PD and differentiation.	Principal, Instructional Specialists, Coordinators, Instructional Coach	July 2014 – June 2016

*School Goals should be: measurable, focused on identified student learning needs, and prioritized (if more than one School Goal is identified).
**Schools may use the Resource Guide for completing the SPSA for additional information and assistance in completing the Goal Matrix

Los Angeles Unified School District
2014-2015 Single Plan for Student Achievement Goal Matrix

ACADEMIC DOMAIN
MATHEMATICS

LEA Goal: All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics.

***School Goal:** By June, 2016, the percentage of students earning a passing grade of “C” or better in their English Language Arts classes will increase schoolwide 10% (from ___% 2013 – 2014 to ___% 2015 – 2016).

Identify data used to form this goal:	<input type="checkbox"/> AYP Report/CAHSEE	<input type="checkbox"/> CORE Waiver Data Report (if applicable)	<input checked="" type="checkbox"/> MyData (CST Strand Report)
<input type="checkbox"/> DIBELS	<input checked="" type="checkbox"/> Student Grades	<input checked="" type="checkbox"/> Curriculum-Based Measure: <u>DARTS Diagnostics</u>	<input checked="" type="checkbox"/> Data Summary Sheet

<p>Using the results of the Comprehensive Needs Assessment and the answers to the questions below, what conclusions can be drawn?</p> <ul style="list-style-type: none"> Based on the assessments, in what strands of the mathematics instructional program were subgroups of 20 or more least proficient? What factors explain changes in proficiency levels over time? Were interventions effective in moving students to proficiency? If not, what change in intervention(s) does the school propose? What intervention(s) will be used to address the lowest-achieving subgroups? 	<ul style="list-style-type: none"> Based on the assessments, the strands of the mathematics program that were least proficient for subgroups were Exponents, Powers, and Roots in 7th grade, Measurement and Geometry in 8th grade, and Functions and Rational Expressions in Algebra. Increases in proficiency levels of 28.7% over the past 5 years are attributed to consistent implementation of our intervention model, DARTS during the second block of Math Tutorial that we program for every student. Yes, our interventions have been effective in moving students to proficiency. However, due to changes in district testing and expectations, the intervention model is being modified to correspond with the changes in instructional shifts from the CCSS. Edison will use the ST Math program to address the lowest-achieving subgroups in mathematics.
--	---

Key Strategy(ies): Improve performance in Math. Transition to full implementation of the CCSS for Math through Professional Development. Continue to implement DARTS.

Focus Areas	Actions/Tasks to accomplish the Strategy(ies)** (Actions/Tasks must address subgroup needs.)	Projected Costs, Expenditures, and Funding Sources	How will the school monitor the actions/tasks?	Staff Responsible	Start/ Completion Date
Effective Instructional Program (Professional Learning and Classroom Instruction)	In order to support the implementation of the Common Core State Standards (CCSS), we will provide teachers and staff access to professional learning to accelerate proficiency for our socially economically disadvantaged, Title One students, standard English learners (SELs), English Learners (ELs), and students with disabilities (SWD). To elicit critical thinking and deeper understanding with texts and other content, professional development will focus on specific strategies for the implementation of discussion techniques, student engagement and productive groups. The professional development will be held during the school day or beyond the regular basis for grade levels/departments. Professional Development focus will be on: <ul style="list-style-type: none"> Math Practices Cooperative Learning Academic Vocabulary and Language Development Writing in Mathematics 	\$ 7,661.00 PD Teacher Regular Title I \$15,026.00 PD Teacher X-Time Title I \$13,000.00 Teacher X-Time Title I	Administrators will conduct classroom observations to monitor the implementation of strategies from PD and differentiation.	Principal, Instructional Specialists, Coordinators, Instructional Coach	July 2014 – June 2016

*School Goals should be: measurable, focused on identified student learning needs, and prioritized (if more than one School Goal is identified).

**Schools may use the Resource Guide for completing the SPSA for additional information and assistance in completing the Goal Matrix

Thomas Alva Edison Middle School (8113)

	<ul style="list-style-type: none"> Rigor: Fluency, Conceptual Understanding, Application <p>Staff members will also attend conference and training in order to gather strategies and innovations in Math for differentiating instruction to target at-risk learners. Attendees will then present these strategies to others within their departments, grade levels, and/or school-wide. Staff will attend the California Mathematics Council Conference, Computer Using Educators Conference, and other Common Core Conferences or others that support the key strategies.</p>	<p>Teacher Librarian & Media Specialist</p> <p>\$228.00 Staff Training Rate Title I</p> <p>\$750.00 Staff Conference Attendance Title I</p> <p>\$3,528.00 Day-to-Day Subs Title I</p>			
<p>Maximizing Instructional Time</p>	<p>Teachers will maximize instructional time by having evidence of short and long term planning that included grade appropriate content. Instructional time will include lessons that are rigorous and differentiated to meet the needs of all students. Teachers will use content objectives and plan lessons with research-based strategies in order to maintain appropriate pacing and transitions with students. (i.e. timers, pre-set time allotted for specific tasks)</p> <p>The Instructional Coach, Instructional Specialist, and Categorical Program Advisors will provide support in order to apply key strategies and promote effective learning to address the needs of all at-risk students and support Common Core State Standards.</p> <ul style="list-style-type: none"> Will conduct, design lessons and professional development during or beyond the regular assignment. Facilitate the collection and analysis of data and work that reflects the problem-solving approach. Identify targeted students for interventions. Coordinate math intervention programs for Tier III students. Coordinate lesson studies and facilitate debrief sessions with staff. **Schools may use the Resource Guide for completing the SPSA for additional information and assistance in completing the Goal Matrix

**Los Angeles Unified School District
2014-2015 Single Plan for Student Achievement Goal Matrix**

**ACADEMIC DOMAIN
ENGLISH LANGUAGE PROGRAMS
English Language Development (ELD) and Access to Core**

LEA Goal: All limited-English-proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.

***School Goal:** The percentage of students who reclassify will increase by 3% per annum from 15.0% in 2012 – 2013 to 24% in 2015 - 2016. The EL Coordinator will monitor students who will potentially reclassify by tracking their Periodic Assessment scores, their ELA grades at each grading period, and presenting and prepping students for the CELDT exam. **By June, 2016, the percentage of EL students earning a passing grade of “C” or better in their English Language Arts classes will increase schoolwide 10% (from ___% 2013 – 2014 to ___% 2015 – 2016).** Increase AMAO II from 37.5% in 2012 – 2013 to 44.5% in 2015 – 2016.

Identify data used to form this goal:	<input type="checkbox"/> AYP Report/CAHSEE	<input type="checkbox"/> CORE Waiver Data Report (if applicable)	<input checked="" type="checkbox"/> MyData (CST Strand Report)
<input checked="" type="checkbox"/> CELDT / AMAOs	<input checked="" type="checkbox"/> Student Grades	<input checked="" type="checkbox"/> Curriculum-Based Measure: Periodic Assessments and Diagnostics	<input checked="" type="checkbox"/> Data Summary Sheet

Using the results of the Comprehensive Needs Assessment and the answers to the questions below, what conclusions can be drawn?

- What factors explain the changes in proficiency levels over time?
- Why were interventions effective or ineffective in moving students to proficient or advanced on the assessment?
- What factors explain the increase or decrease in the number of Long Term English Learners (LTELs)?

English Learners comprise 23% of Edison’s student population, and 90% of the school’s EL’s are Long-Term English Learners (LTELs). The overall achievement of our EL’s this past year did not show significant improvement as measured by AMAO 1 and AMAO 2.

In 2011-2012, AMAO 1= 54.4% compared to 2012-2013, AMAO 1= 53.3%
In 2011-2012, AMAO 2= 40.6% compared to 2012-2013, AMAO 2= 37.5%

However, Edison EL students did demonstrate individual improvement in every skill area tested on the CELDT. Changes in proficiency levels over time are due to targeted interventions provided to ELs during the school day and after school hours, data driven decision making, and the school-wide implementation of research-based strategies. Interventions have increased parent, student, and teacher awareness as to students’ language classification, program placement and CELDT scores. The implementation of the double block schedule provides students additional instructional time needed to receive support in area(s) of need. The number of LTELs has decreased from 92.0% in 2012 to 89.1% in 2013 due to targeted interventions and implementation of common research-based strategies within the Interdisciplinary Teams.

Key Strategy(ies): Improve the performance of EL students and reduce the percentage of LTELs by following the Master Plan and monitoring student progress. Teachers will receive Professional Development in the area of the four Access Strategies. English Learner students that are not making adequate progress on CELDT, core subject areas, and Periodic Assessments will be provided targeted intervention services during and outside of the school day.

Focus Areas	Actions/Tasks to accomplish the Strategy(ies)** (Actions/Tasks must address English learner needs.)	Projected Costs, Expenditures, and Funding Sources	How will the school monitor the actions/tasks?	Staff Responsible	Start/ Completion Date

**Los Angeles Unified School District
2014-2015 Single Plan for Student Achievement Goal Matrix
CULTURE and CLIMATE DOMAIN
PARENT AND COMMUNITY ENGAGEMENT**

LEA Goal: All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics.

***School Goal:** The school will increase the percentage of parents who respond “Often” or “Very Often” to the Opportunities for Involvement question by 10% (from 13.7% in 2013 – 2014 to 23.7% in 2015-2016).

Identify data used to form this goal:	<input type="checkbox"/> AYP Report/CAHSEE	<input type="checkbox"/> CORE Waiver Data Report (if applicable)	<input type="checkbox"/> MyData (CST Strand Report)
<input type="checkbox"/> Student Grades	<input checked="" type="checkbox"/> School Experience Survey	<input checked="" type="checkbox"/> Data Summary Sheet	<input type="checkbox"/> Other: _____

Using the results of the Comprehensive Needs Assessment and the answers to the questions below, what conclusions can be drawn?

- What factors explain changes in parents feeling welcomed at school over the last two years?
- What factors explain changes in parents having opportunities for involvement at school over the last two years?
- What factors explain the changes in parents talking with their child’s teacher about schoolwork over the last two years?

- Changing of staff and parent representative. The former parent representative retired, and there was no one to fill the position for a short period of time.
- We use an online gradebook called EngradePro that allows students and parents to see their grades, message teachers, and complete missing work. Parents are invited every month to observe classrooms and offer feedback. We have annual Family Math and Literacy Night, a Health and Science Fair, and a Civil War Reenactment and Play, all of which invite parents and community members to attend. There are AVID parent workshops, volunteer clean-up days, and an active Parent Center that offers a variety of classes.
- We communicate more frequently through posters, ConnectEd messages, EngradePro parent accounts, teacher webpages, and monthly newsletters to remind parents to talk to teachers.

Key Strategy(ies):

- Increase parent engagement by providing ongoing parent trainings that focus on instructional practices and curriculum at the school.
- School will communicate with parents through various mediums appropriate to the school community.
- Provide parents with the opportunity to participate in classroom activities.
- Create a welcoming environment that supports meaningful parent engagement.
- Develop a system that allows the communication between school site and parents effectively.

CORE Waiver Status and Interventions Form

Title I schools that fail to meet their California Annual Measurable Objectives (CA AMO) and/or their School Quality Improvement System growth goal* will be required to help inform appropriate interventions and shall indicate so in the annual Single Plan for Student Achievement (SPSA) by adding the Status and Interventions form and answering template questions provided by CORE staff to the participating LEA. A template to indicate AMO achievement and questions for 2014-15 are as follows

LEA:	Los Angeles Unified School District		Year:	2014-2015					
2013-2014 AMOs (based on 2012-2013 data)			Yes	No	Prior Year AMOs (based on 2011-2012 data)			Yes	No
Did the school meet this year's API growth target?			X		Did the school meet the prior year's API growth target?			X	
Did the school meet this year's achievement target? (California Annual Measurable Objectives)				X	Did the school meet the prior year's achievement target? (California Annual Measurable Objectives)				X
Did the school meet the graduation rate target? (if applicable)			N/A	N/A	Did the school meet the prior graduation rate target? (if applicable)			N/A	N/A
Did the school meet this year's School Quality Improvement Goal?			N/A	N/A	Did the school meet this year's School Quality Improvement Goal?			N/A	N/A
					Provide a narrative in response to question 1:				
1. Based on analysis of the CA AMOs, graduation rates and School Quality Improvement System, which subgroups and content areas will the school target for improved achievement in the 2014-15 school year?					The school will target Students with Disabilities and English Learners in Math and English.				
					Mark boxes where existing goals within the SPSA are found:				
2. Are there existing goals within the SPSA addressing the target areas for improved academic achievement identified in the Status and Intervention form?					<input type="checkbox"/> 100% Graduation <input checked="" type="checkbox"/> English Language Arts <input checked="" type="checkbox"/> Mathematics <input checked="" type="checkbox"/> English Language Development -Title III <input checked="" type="checkbox"/> Parent & Community Engagement <input checked="" type="checkbox"/> 100% Attendance, Suspension/Expulsion & Non-Cognitive Skills				
					Mark boxes where existing interventions within the SPSA are found:				
3. Are there existing interventions planned to address the target areas for improved academic achievement linked to the goals related to the Status and Intervention form?					<input type="checkbox"/> 100% Graduation <input checked="" type="checkbox"/> English Language Arts <input checked="" type="checkbox"/> Mathematics <input checked="" type="checkbox"/> English Language Development -Title III <input checked="" type="checkbox"/> Parent & Community Engagement <input checked="" type="checkbox"/> 100% Attendance, Suspension/Expulsion & Non-Cognitive Skills				
					Provide a narrative in response to question 4:				
4. What indicators will be used to measure success of the applied interventions and indicate where those goals are found?					To measure the success of applied interventions, we will use measures such as grades (passing with a C or better), CELDT scores and reclassification rates, and attendance rates. These goals can be found in the goal matrix.				

*Availability to be determined at a later date

Thomas Alva Edison Middle School (8113)

**TITLE I SCHOOLWIDE PROGRAM SCHOOLS/NCLB 1114 (PI—Section 1116)
COMPONENTS FOR IMPLEMENTATION**

<p>1. Describe how the school provides increased learning time to underperforming students outside the school day. (Include intervention programs provided before school, during the school day, after school, and on Saturdays.)</p> <p>During the school day, students are programmed into intervention classes for ELA/ELD and Math. This intervention is targeted, based on formative assessment data, high-stakes testing data, and teacher assessment. Supplemental CELDT classes are offered during summer vacation to support students needing additional assistance. Intervention time for ELD students is offered after school to help students improve their grades.</p>
<p>2. Describe the strategies to be utilized to meet the educational needs of historically underserved population (migrant students, homeless students and American Indian students).</p> <p>The following strategies will be utilized to meet the educational needs of Migrant Students:</p> <ul style="list-style-type: none">• Address the needs of migrant students in the Single Plan for Student Achievement.• Ensure that the Migrant Education Program (MEP) <i>Family Work Questionnaire</i> is part of the enrollment packet.• The Principal will designate a certificated staff member to be the MEP school contact person. The certificated contact person will be the Instructional Specialist working in the counseling office.• Complete the Intervention Services Survey.• Conduct the initial assessment of the migrant student using the MEP Individual Learning Plan (MEP ILP).• Arrange a Parent/Teacher conference to discuss the student's MEP ILP.• Record the MEP ILP in the student's cumulative record.• Implement the Migrant Education Purple Folder.• Monitor documentation requirements for migrant students.• Address the individual student's needs through the recommended services noted on the MEP ILP.• Provide an in-service on the Migrant Education Program. (Please contact the MEP Office for assistance with in-service). <p>The following strategies will be utilized to meet the educational needs of Homeless Students:</p> <ul style="list-style-type: none">• Ensure that the Student Residency Questionnaire is included in every school enrollment packet.• Make sure that The Student Residency Questionnaire is also disseminated annually to account for students who become homeless after initial enrollment.• Assure that any Student Residency Questionnaires identifying homeless students are faxed to the Homeless Education Program for services immediately upon receipt.• Each principal shall designate an administrator to serve and be responsible as the School Site Homeless Liaison or oversee a designee to ensure that procedures related to homeless students are implemented appropriately. The designated person will ensure adherence to current District policy regarding the enrollment of homeless children and youth in schools and ensure that these students receive services at the school site and from The Homeless Education Program. The school designee will be the lead school counselor. <p>The following strategies will be utilized to meet the educational needs of American Indian Students:</p> <ul style="list-style-type: none">• The Title VII Student Eligibility certification form will be included in the school's enrollment packet and the contact person to assure that American Indian students receive services is the Instructional Specialist.
<p>3. Description of strategies used by the District to attract high-quality, highly qualified teachers to high-need schools includes recruitment efforts to ensure that core academic subject areas are staffed with high-caliber teachers.</p> <p>LAUSD maintains an aggressive and far reaching recruitment plan. On June 30, 2010, all non-compliant elementary teachers were subject to Reduction in Force. Current hiring practices limit hiring to credentialed and intern candidates only. Principals are increasingly selective in their hiring practices, seeking only to interview and select those candidates who are in compliance with NCLB. The District is continuing to offer a Verification Process for Special Settings (VPSS) program to assist secondary special education teachers and alternative school teachers to become NCLB compliant in all subjects taught.</p>

**TITLE I SCHOOLWIDE PROGRAM SCHOOLS/NCLB 1114 (PI—Section 1116)
COMPONENTS FOR IMPLEMENTATION
(continued)**

4. Describe how the school will coordinate and integrate federal, state, and local services and programs.

The school site council, in collaboration with the school's stakeholders, will coordinate federal, state, and local services and programs to ensure resources are allocated based on student needs. Low-achieving, at-risk students not meeting grade-level standards will receive the appropriate supplemental support based upon a rigorous analysis of all pertinent subgroup and individual student data. These include students in target populations of all programs in the SWP plan. Supplemental academic support will include, without exception, student interventions.

5. Describe how the school will evaluate the effectiveness of the program in meeting the goals and make necessary modifications.

To determine whether or not district, state, and federal goals were met, a report will be compiled [i.e., AYP (AMOs), AMAOs, and MCDs]. Strategies to achieve the goals will be measured for effectiveness through data and the completion of the Annual Evaluation of *Single Plan for Student Achievement*. The evaluation will serve as the indicator to make any significant changes to the instructional program. Modifications will be made if the strategies identified in the Goal Matrix pages have not provided results or sustained improvement. In addition, parents are provided opportunities (i.e., participation in SSC, various public meetings, and/or advisory committees) to renew the report and provide feedback on the programs that have been implemented.

6. Describe how the school assists preschool children in the transition from early childhood programs to elementary school. (elementary schools only)

N/A

7. Describe how teachers are included in the decisions regarding the use of academic assessments that provide information on and that improve student achievement and the overall instructional program.

Teachers are involved in the following activities:

- Training on the use of MyData to determine the progress of their students on periodic assessments and annual assessment scores
- The development of assessments based on their lessons
- Collaboration among grade levels and departments on the assessment results and developing lessons
- Providing intervention for students not meeting grade level standards on the assessments

PARENTAL INVOLVEMENT POLICY

Insert

2013 – 2014 Parental Involvement Policy

Each school in LAUSD is required to develop a written parental involvement policy. This policy describes how the school will support and increase parent involvement. The parental involvement policy must be developed with parents and include participation from all appropriate advisory committees and be agreed upon by the School Site Council. The written parental involvement policy at Title I schools must include how parents will be informed of the school's Title I program requirements.

The sample in the Resource Guide will assist schools in customizing their own Parental Involvement Policy based on identified data-driven needs. Beginning May 2010, schools are required to annually submit evidence that the Parental Involvement Policy was reviewed and/or revised by the SSC with input from the appropriate advisory committees. Schools are required to submit copies of the Parental Involvement Policy to the Educational Service Center Parent and Community Engagement Unit.

**** When submitting final school plan, place Parental Involvement Policy behind this placeholder page. ****

Insert

2013 – 2014 School-Parent Compact

Section 1118 of NCLB advocates shared responsibilities for high student academic achievement. The school-parent compact is a component of the Parental Involvement Policy. Each Title I school shall jointly develop with parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student achievement.

The sample in the Resource Guide will assist schools in customizing their own Parental Involvement Policy based on identified data-driven needs. Beginning in May of 2010, schools are required to submit evidence annually that the Parental Involvement Policy was reviewed and/or revised by the SSC with input from the appropriate advisory committees. Schools are required to submit copies of the Parental Involvement Policy to the Educational Service Center Parent and Community Engagement Unit.

**** When submitting final school plan, place School-Parent Compact behind this placeholder page. ****

Educational Service Center MONITORING

A comprehensive and multi-level monitoring process assists the Educational Service Center (ESC) in evaluating the implementation of the Goal Matrix and helps to inform future practice. Schools are monitored by the Educational Service Center through the use of the School Support Visit Report completed by ESC Instructional Directors following multiple site-based visits. Instructional Directors conduct performance dialogues with their network principals to review the academic progress of all students and the School Support Visit Reports are a mechanism for memorializing the support Instructional Directors offer to the schools and for giving feedback to principals. The School Support Visit Report provides a consistent manner of summarizing an Instructional Director’s visit to the campus. The focus of the School Support Visit Report is to monitor implementation of the Single Plan for Student Achievement, key strategies, and analysis of student data as evidence of school progress. School Support Visit Reports help ensure that the director and the principal are maintaining a focus on the instructional priorities of the school. These reports allow staff to determine instructional strengths and weaknesses on a school- and district-wide basis. The Deputy Superintendent of Instruction, Instructional Superintendents, and Instructional Directors have access to the School Support Visit Reports and the information is used to guide the professional development and differentiated support provided by instructional support staff.

Instructional Directors review and recommend for approval the Single Plan for Student Achievement (SPSA) and school site budgets throughout the school year. Instructional Directors supporting schools identified as Rewards, Priority, Focus, or Support schools monitor school growth and the implementation of CORE Waiver mandates. All school site budgets are reviewed and approved by the ESC Superintendent.

Instructional Directors must describe the additional service and support provided to the school’s instructional program below. In addition to the above, Instructional Directors of schools identified as Rewards, Priority, Focus, or Support must describe monitoring of the school’s implementation of the CORE Waiver mandates, and additional service and support provided to the instructional program:
