Koncept Vastu

FOUNDER OF KONCEPT VASTU – **DR. HARI PRAKASH VASHISHTHA**

Dr. Hari Prakash Vashishtha is a renowned vastuchi expert in India with over 25 years of experience in the Vastu Council and application in homes, offices, industrial and commercial facilities. He consulted and offered suitable cotton wool products for the room without disrupting existing properties.

VASTU OF HOUSE

Koncept Vastu is an organisation which provides Vastu Tips and Architectural tips to all their customers to bring harmony, prosperity and calmness in an individual's life. I consulted Koncept Vastu for Vastu for house study and interior architecture design as I knew they had a very experienced team of interior designs as well. The expert visited the construction site they performed the Vastu Pooja and their team of interior designers prepared a blueprint of the architecture. We are residing in that house for more than 6 months, and we never had to face problems of any sort in this house. We are in good space with no problem at all. The interior design of the house is so beautiful, that every guest of ours get fascinated by the designs. I would highly recommend consulting **Koncept Vastu for house** Vastu Shastra consultancy.

VASTU FOR SHOP

In today's competitive world, with the help of an ecosystem consultant, the right leadership is needed to manage a successful store. Real estate advice is also received from a home counselor who will bring success, happiness, and happiness to your life as well as help you to be positive and calm. Therefore, here are some key things to keep in mind before planning and managing space for your shop. The expert visited the construction site they performed the Vastu Pooja and their team of interior designers prepared a blueprint of the architecture.

AN210

FAMOUS VASTU CONSULTANT

We understand the need to build relationships between the five elements of the world, as well as where they live or work. Vastu combined with modern architecture can meet the needs of creating a strong, prosperous and peaceful living environment. Non-Vastu-based tools can bring a lot of pleasure to those who live or work from there. Major health problems, such as high blood pressure, stomach problems, anger, sleep, etc., As well as other serious problems, such as financial problems, relationships, and professional issues, there are many. Small changes in your home or office can bring good luck and success.
