# Air cargo

Air transportation is an ideal service for international companies that serve different destinations around the world. Due to the long distances and special character of cargo, a type of transport that ensures fast delivery times, as well as security of fragile or sensitive products, is needed. Air freight meets these requirements.

**MARTICO FINE LOGISTICS** has agreements established with the main national and international airlines, leaders in the transit of goods by air, offering a highly reliable service.

## What do we do?

**MARTICO FINE LOGISTICS** is a company operating in the field of air transport. This service is provided for the shipment of perishable goods that must be delivered urgently to their destination. We have our staff specialized in dispatching services (Export-Import), in all the customs offices.

In **MARTICO FINE LOGISTICS** we are experts in the transportation of air cargo, with more than 40 years of experience in the industry. We have professional teams available to attend to our clients and solve any challenges that may arise during the cargo's transportation.

We cover the globe, ensuring a door-to-door service. Our added value lies in the fact that we offer our clients a service that focuses on the details and anticipates any issue that may arise. This allows our Insurance Management and Legal Advice team to give our clients the peace of mind they deserve when putting their cargo in our company's hands. Working with MARTICO is a safe bet.

## Why choose us?

1. The best Professional team available 24/7
2. Comprehensive 360° Services
3. Transparent
4. Special projects
5. Cross-trade cargo
6. Insurance management
7. Legal advisory
8. Online track & trace service
9. Tailor-made, cost-effective supply chain solutions
