In today's episode we bring you Mr Mens Physique, Josh Bridgman. Josh kicks off the podcast by telling us about his body building journey to date from his first show in 2014 up until his most recent in 2017. We then quickly delve into his transition from a natural athlete to an assisted one. With anabolics being a somewhat taboo subject in the industry we talk about how being open and honest about your usage can actually help your business rather than go against it. ? Boldenone 200 (Boldenone Undecylenate/Equipoise 200mg/ml) Boldenone 200 (Boldenone Undecylenate/Equipoise 200mg/ml) When you look at boldenone on paper, you can see it's basically the same hormone as dianabol, except for one huge change. The dianabol hormone is 17AA for oral use, and only has an effective 8 hour half life because of it.
