The Wheelbarrow Booster

GGWBB

Increased wheelbarrow capacity

Designed by a UK Landscape Gardener to aid when moving lighter materials such as leaves, grass, hedge cuttings, garden waste and bark.

- > A first and revolutionary design to increase capacity of your wheel barrow by up to 300%
- > Attached in seconds. Such a simple design the wheelbarrow booster attaches to a standard wheelbarrow in seconds providing you with extra space.
- > No need for a larger or second barrow, as with the outstanding space increase of the standard barrow is more than sufficient.
- > Comes displayed in a free standing display unit with a card header
- > Perfect for all year round sale opportunities as it can be used through out all seasons.
- > Sold across the UK, Europe and North America.

Grumpy Gardener Nut Pecker Bird Food Jars GGNPBF

Nut Pecker Bird Food is a new source of high protein salt free peanut butter. A no mess bird food designed to attract numerous varieties of wild birds.

Peanut Butter Bird Food has all the benefits of peanut proteins and a super high calorie count for energy that will be welcomed with enthusiasm and will attract many more birds to your garden.

Each jar contains 330g of Nut Pecker and comes in cartons of 15.

You can feed by sitting the jar securely on a bird table, using the Nut Pecker bird feeder or by smearing the peanut butter onto the trunk of a tree for woodpeckers, nuthatches and similar birds.
