

# XANATHAR'S GUIDE TO EVERYTHING PDF FREE

One of the latest major supplement for the 5th Edition of Dungeons and Dragons, Xanathar's Guide to Everything, is a grab bag of all sorts of odds and ends. While not a necessity in the strictest sense, the rulebook provides a whole lot of flavor to an already impressive line. Though the supplement's name does it no favors, it's mostly a reprinted collection of an online article series with some added depth. Having it all in one physical place, however, is helpful. Even so, the game of D&D technically only requires three books: the Player's Handbook, the Dungeon Master's Guide, and the Monster Manual. But if there's a fourth book every tabletop group should pick up, it's probably Xanathar's.
