Chief Marshal Bill Foley Leads 1998 Bunker Hill Day ~ People's Parade

CHIEF MARSHAL William J. "Bill" Foley, chief of interpretation for the Boston National Historical Park, gave the command "Forward March" to start the 1998 Bunker Hill Day Parade . . . The People's Parade from Hayes Square through the streets of Charlestown on June 14. This year's parade marked the 223rd anniversary of the Battle of Bunker Hill and was dedicated in honor of the Boston

National Historical Park and its mission to "preserve the past for future generations." Shown at the left are (l. to r.) James W. Conway, parade adjutant; Judy Evers, regional coordinator, Mayor's Office of Neighborhood Services; Honorary Chief Marshal John Burchill, superintendent, Boston National Historical Park; and Tom White, chief of staff. On the right, Chief Marshal William J. "Bill" Foley

leads the marchers down to the reviewing stand at the Training Field, accompanied by his Aides de Camp, Celeste Bernardo (left rear), supervisory ranger, Boston National Historical Park, Navy Yard; and Ethan Beeler, site supervisor, Boston National Historical Park, Bunker Hill Monument.

At the annual "Nite Before" banquet on June 12, 1998 Bunker Hill Day Parade Chief Marshal William J. "Bill" Foley told

the gathering that it would not rain on his parade. This brought some laughter from the audience and much disbelief as the rain

had begun. Over the weekend, Foley was tagged with the grand title of the "Rain Chief Marshal of the People's Parade."

The complications created in postponing or cancelling an event, such as a parade that has taken some nine months to put together, are tremendous. It can't simply be moved to the next weekend as most of the musical units are committed for parades, competitions and celebrations months in advance.

After much thought and consultation with some members of the Parade Committee, Jim Conway, who serves as the parade chairman/adjutant, made a decision to go forward with the parade.

On Sunday morning, Mayor Tom Menino called Conway at 9:25 a.m. to tell him

that the parade had been cancelled because of the state of emergency that he had called in the city where, in some areas, roads were flooded.

Conway informed the mayor that he had been on the telephone with bands, drum corps, etc., since 6:30 a.m. assuring them that the parade would go on - as it has in the past - rain or shine. Conway also told Menino that he had faxed all television stations as well as the Boston Sunday Globe and Sunday Herald the fact that the parade would go on rain or shine.

In light of all this and since the musical units were under contract, the Parade Committee would be financially responsible for

Kuespert Honored With Volunteer Recognition Award

The Junior League of Boston, an organization dedicated to strengthening the community through the leadership of trained volunteers, recently honored Charlestown resident Jeanne Alison Kuespert with its annual Volunteer Recognition Award.

This distinction recognizes Kuespert's achievements in demonstrating the League's commitment to community service through personal dedication, leadership and initiative, and is one of the organization's highest community service honors presented each year at the JLB annual meeting.

JEANNE ALISON KUESPERT

Bridget Gallagher, 1997 Junior League of Boston president, presented the award to Kuespert at this year's meeting held recently in Boston. Kuespert was one of 15 award winners

selected from over 550 active Junior League members and volunteers in service throughout the Greater Boston area.

"Jeanne Alison has been a key player in driving the success of the Junior League of Boston's volunteer programs this year, and is a great example to all," commented Gallagher. "Her active involvement with the community underscores the League's commitment to volunteerism, and we are delighted to commend her efforts with this honor."

Over the past year, Kuespert played an instrumental role in JLB's Leader Within Program, an experi-

ential and academic program for girls held in collaboration with the Center for Ventures in Girls' Education and the Boston Renaissance Charter School. It is designed to help individuals develop leadership skills through classes, team-building projects, writings and field trips.

Kuespert has been actively involved in various community projects sponsored by the League since she joined the organization in 1989.

Other JLB who received Volunteer Recognition Awards included Suzanne Battit of Charlestown.

BUNKER HILL DAY CEREMONIES

Grade 6 students who participated in the Bunker Hill Day ceremony at the Monument brought the audience down the road of nostalgia by reciting the history of the Monument as the youth of the town did in the 1930s, 40s, and 50s. They were enthusiastic about their participation in the program as this was the first time in many years that the local schools were involved in the ceremonies. The students who participated were Jillian Boyden, Alicia Castronova, Judy Centola, Zara Doyle, Lorraine Hollien, Christina Mattarazzo, Courtney Schievink and Sade Small.

Thanks to Judy Palm for all her help and time in coordinating the Edward's involvement in the ceremonies.

'Unlock The Mystery-Read!' . . . Library Summer Reading Program

Participants will enjoy reading, activities, and games each Wednesday morning from 11 a.m. to noon, beginning July 1 and continuing through Aug. 19 at the library, 179 Main St.

"Unlock the Mystery-Read!" is part of a state-wide program developed by the Mass. Regional Library System in partnership with nearly 400 local li-

braries. More than 60,000 children and their families throughout the state are expected to participate this summer.

Readers will receive bookmarks, game sheets, and other reading incentives when they participate in the program. Also available are coupons for reduced or free admission to many educational, recreational and cultural organizations which generously support this reading program.

For information and to register, please contact the library at 242-1248.

TIPS FOR FINDING GREAT TENANTS

When you buy an investment property, finding and keeping good tenants is very important. We've found that a little caution during the screening process can save a lot of headaches later on.

Many property owners rely on an intuitive sense of how a prospect feels to them. While this is an important aspect of a landlord's decision-making process, following up intuition with some fact checking is also definitely worthwhile. Have prospective tenants fill out an application giving employment references and the names and addresses of previous landlords. The application should also include written permission for you to run a credit check. In most areas, it is difficult and expensive to evict someone who turns out to be less than a model tenant. Only after you check their references and credit history should you make a commitment to allow them to move in. To keep good tenants, many successful investors charge slightly lower than market rents. They make it up in very low vacancy rates.

If there's a move in your future, the real estate professionals at Monument Properties are ready to serve you.

Older Is Student Speaker

The "end as the beginning" and bittersweet farewells are all part of the natural order of things each June as high schools and colleges across the country graduate their senior classes. The Cambridge School of Weston (CWS) is no different, and one of the best parts of graduation for a school community is noting with pride where its seniors are taking their next steps.

Daniel Older, son of Marc and Dora Older of Charlestown, is a member of this year's graduating class and was one of two student speakers at The Cambridge School of Weston commencement on June 6.

An actor and an active member in many school events, Older was one of 14 CSW students to complete the Boston to New York AIDS Ride 3 last fall. He

also organized and taught puppetry class for 4th and 5th graders this winter for elementary students in The Atrium School in Watertown, and has written and directed one-act plays.

In his introduction of Older, Headmaster George Cohan called him "one of CSW's most charismatic students," and added, "Can anyone doubt that his talent and charisma will someday light the world, and those who knew him when he was young will count themselves lucky. Ladies and Gentlemen, you are now amongst the lucky ones." Older will attend Hampshire College in Amherst in the fall.

The Cambridge School of Weston is a college-preparatory, co-educational day and boarding school for grades 9-12 located in the Kendall Green section of Weston.

paying the musical units if they came to Charlestown and the parade, at that late date, was cancelled.

The mayor informed Conway that because of the state of emergency, the city would not be able to provide adequate police support and could send only a minimum assignment of police. Conway mentioned that there would not be any problems with crowd control because of the weather.

Mayor Menino then stated that because of the state of emergency, he had to cancel the parade and revoke the parade permit.

Conway then respectfully told the mayor that, in his opinion, this was not the city of Boston's parade - not Jim

Conway's parade - not the Bunker Hill Day Parade Committee's parade - it was the people of Charlestown's parade. The people had worked too hard to raise the necessary funds to support the many bands that had been invited. To Charlestown this annual parade is like Christmas and the Fourth of July all wrapped up together - it's the biggest day of the year for the people of our Charlestown community.

Conway further stated that he had gone over the route and there was no flooding or safety hazards on any of the streets on the parade route.

He told the mayor that the parade would go forward, but Conway said he completely understood the mayor's decision in light of his declaring a state

of emergency to cancel the parade.

He told the mayor in a jocular fashion that if the media presses him as to why Charlestown is going forward with its Bunker Hill Day Parade, "just tell them there is a crazy b . . . who is parade chairman, and he is going forward with the parade!"

Then the telephone conversation was completed amicably with both the mayor and Conway thinking that they were both acting responsibly and were both right.

As for Chief Marshal Foley, he led the parade - the people's parade - under sunshine through the dry streets of Charlestown to the cheers and good wishes of parade watchers. It certainly did not rain on his parade!

Husband, Father, Grandfather, Great-Grandfather

WHAT MAKES A DAD
*God took the strength of a mountain,
The majesty of a tree,
The warmth of a summer sun,
The calm of a quiet sea,
The generous soul of nature,
The comforting arm of night,
The wisdom of the ages,
The power of the eagle's flight,
The joy of a morning in spring,
The faith of a mustard seed,
The patience of eternity,
The depth of a family need.
Then God combined these qualities,
When there was nothing more to add,
He knew His masterpiece was complete,
And so, He called it . . . DAD!*

AN OPEN LETTER FROM JOHN O'CONNOR TO THE PEOPLE OF CHARLESTOWN ON THE MYSTIC POWER PLANT

Dear Friends,

Like many of you, I am deeply concerned by the presence of a polluter in our midst.

Thanks to loopholes in laws made by people who don't have to live with the consequences, the Mystic Power Plant, one of the five dirtiest power plants in the state, continues to threaten our health.

When an orange-brown haze visible across Boston oozed out of the plant last summer, there was little doubt as to the identity of the culprits. Plant officials have chosen to save money by using cheap, low-grade oil and can get away with it because the plant is exempt from current emissions standards. Thanks to this loophole, the Mystic Plant is free to produce the same level of pollution as 50,000 cars and add to soaring asthma rates.

I demand that our elected officials and the plant's owners, New York-based Sithe Energies, Inc., take immediate action on the following points:

Switch to Natural Gas

The plant must stop burning cheap oil and switch to natural gas, a much cleaner technology.

Limit Energy Production

Sithe must put a cap on the level of energy produced at the plant.

Respect Local Democracy

Officials must implement a Good Neighbor Agreement to ensure good faith bargaining with residents impacted by the plant. Residents must be given veto power and plant workers must be protected.

Repeal Deregulation Law

The problems at the plant would not have arisen had a more consumer-friendly deregulation bill been enacted which puts more money back into families' pockets.

Together we can protect our environment and safeguard our communities

Sincerely,

For more information, please call the O'Connor Committee at (617) 864-9898.

★ CYO Retreat/Vacation - All Charlestown youth ages 12 to 18 are invited to join the Charlestown CYO for a dynamic Retreat/Vacation weekend that will not only be fun and exciting, but will also spiritually renew and refresh you in Jesus Christ. This year's retreat/vacation will take place Friday, June 26 through Sunday, June 28, at Sacred Hearts Retreat Center on Buzzards Bay in Wareham.

The facility is located on a private beach with acres of sporting fields that are surrounded by ocean and forest, providing enough space for various sports, swimming, exploring nature, or even partaking in Mass on the beach at sunset and a Candlelit Stations of the Cross. A number of CYO youth have worked to help plan this Retreat/Vacation weekend to make sure it will be a positive experience that will provide lasting memories.

A donation of \$25 is asked to help defray the expenses. It is hoped that donations from youth supporters will cover

a majority of the remaining costs. You are welcome to bring additional snacks!

Other summer activities are now being planned and will be announced shortly. For further information on the retreat or other upcoming CYO events, please call Father Jim DiPerri or Matt Stillman at Saint Catherine's rectory, 242-1750.

★ Rededication of Saint Catherine of Siena Parish-
The rededication of Saint Catherine of Siena Parish to the Sacred Heart of Jesus and Immaculate Heart of Mary will take place at weekend Masses, June 20-21. Holy cards will be distributed to encourage all to rededicate and claim one's household for God and the Blessed Virgin Mary. A Eucharistic Procession will also take place after each Mass to highlight the real presence of Christ in the Eucharist. The procession and rededication will be combined on the same weekend

Happy Bunker Hill Day!

BOB D'S BEAT BY BOB DeCRISTOFORO

♣ **Unofficially, It Was Great!** . . . Bunker Hill Day and the entire week of activities, were great. The efforts of a lot of hard-working, energetic people, especially on Sunday, made it a day to remember.

This year, because I had to be at Fenway Park late, the day was a bit different. I got to see the beginning of the parade, rather than the end. I also had the honor of marching in the parade with a good friend, our City Councillor Paul Scapicchio. Marching in the parade put things in a very different perspective. You certainly see all the people you want to see along the route but, more importantly, you get to see what the day really means to everyone. Being together

with family and friends is what the celebration is all about, and you actually see it on the corners, in front of the houses, on the porches, and in every yard. Bunker Hill Day is a celebration of 'being', and its done very right in Charlestown. The warmth and kindness everyone showed to the 'new' City Councillor was especially nice. You are making Paul a real Townie, and he certainly appreciates it just like I do. OFFICIALLY, everything was great!

♣ **Roller League Begins** . . . The 1998 Police Area A Rollerblade League gets under way on Wednesday down at Eden Street Park. Main Street and Newtowne will battle in Game one of the season at 5:45 p.m.

Come on down and support our boys! Any questions, details see me ASAP.

♣ **Breakout '98** . . . The NHL Breakout Tournament takes place this weekend at Revere Beach. There will be a lot of Townies participating in the activities. Get over to Revere, and let's bring home another championship. This will be a good warm-up for the Street Hockey Tournament that will be taking place in Charlestown in early August. The Charlestown Second Annual Open Tournaments is already on the drawing boards. Stay tuned for details!

♣ **Holloran Hoop** . . . Derek Gallagher, Nick Smith, Danny Ryan are just some of the basketball characters who will be repre-

senting our town in the Joey Holloran Basketball Tournament this weekend in Dorchester. It is always a great event, and a great time for a very good cause. The Andy Puopolo Club is the proud sponsor of the team.

♣ **Golfing Around** . . . Liam Lynch took part in the 1998 Mayor's Cup Golf Tournament at Franklin Park. This first-time golfer did very well in representing the town. Please, don't call him Arnie, but TIGER Lynch is OK.

♣ **Tidbits** . . . Welcome home from Africa, Darnell Crump! . . . Congrats to Danny Hooley! . . . Guess which CHS Cafeteria Manager was missing from work on Monday (maybe more cake) . . . Good luck to the CHS Class of 1998! . . . *Smile!*

This Dream Has Captured The Hearts Of Americans

Dear Gloria,

Thank you for your excellent coverage of the issue concerning the future deployment of *USS Constitution*. By publishing the entire April 14th press conference, you enabled everyone to become familiar with all the facts, not just what other media outlets highlighted.

We were very concerned about official pronouncements that the tests conducted during the 21 July 1997 sail and on the 20 May 1998 sea trials were being touted as final proof-positive that no structural problems existed.

It should be noted that the sea and the wind conditions in both cases were exceptionally mild. For the test in May, the Navy would only allow the test to be conducted in weather that was even milder than it was on 21 July 1997, so it came as no surprise that there were no indications of stress because under the testing parameters they set, the ship was never really stressed. The results of this very controlled test could only reflect how the ship might perform under exactly the same conditions.

During the April 14 press conference, we said we were confident that once all deficiencies with the structural integrity of the ships hull and keel were brought to the attention of responsible naval authorities, they would do the right thing; and they did. The real danger was, is and will always

Thank You
I would like to thank Kathleen Murray and The Christina Poole Community Fund for choosing me as the first recipient of The Christina Poole Community Scholarship. This scholarship will help me in many ways as I start high school.

Kathleen Lacey

Remembering Howie Bunkley

Dear Howie,

Happy Birthday - 6.19.33. You would have been 65 this year. Retirement age!! Although knowing you as well as I did, I'm sure you wouldn't have retired. I see so many of the young men and women whose lives you touched. They all always have a distinct difference about them. It's a genuine respect for others and themselves.

Howie, I'm sure wherever you are, you are helping young people there as you did here, molding them and teaching them fine qualities as only you can. Howie, I miss you and I know many others do too.

Happy birthday to my "Magical Friend!"

Love always,
Eileen O'Brien

be the unpredictability of weather conditions.

The Chief of Naval Operations, Admiral Jay Johnson, recognized this point, above all others, and made the right decision. It is now time for all of us to put aside any differences we have on this matter and work together to continue to preserve and protect *USS Constitution*.

I want to thank all your readers, everywhere, who took the time to send me words of encouragement and the many that, on their own, made their views known to decision makers. It was the many people of this grass-roots effort, started in Charlestown and spread out all over the country, that deserve great credit for speaking out. The bottom line is "Old Ironsides" will remain safe.

Remember, however, there is nothing that will prevent her from sailing within the confines of Massachusetts Bay when conditions permit. So, once again we can look forward to seeing our nation's greatest ship, with at least nine sails set, leading the parade of tall ships into Boston Harbor in the year 2000. That was what was planned and agreed to when the Pennies Campaign first started in January 1996. It is still a wonderful plan. There is no reason why this dream, which has captured the hearts and souls of all Americans, can not be fulfilled. Let us all pull together to make this happen.

Money Matters

"Let us assist you in your business and tax planning"

by Nicholas C. Pino
Counsellor to Small Businesses

BE SMART WITH YOUR VACATION HOME

Owning a vacation home can give both enjoyment and a break on your taxes. But the rules are complicated, so you have to plan carefully to get the tax benefits that are available.

If your vacation home is only for personal use (i.e., you don't rent it out), you're allowed to deduct your property taxes. And you can usually deduct 100% of the mortgage interest.

The rules are different if you also rent out the vacation home. In this case, your tax situation depends on whether the IRS considers your vacation home a rental property or a second residence.

Your vacation home will be considered a rental property if your personal use of the home is less than 15 days a year or 10% or less of the amount of time the home is rented to others. For example, say you rent your vacation home for 240 days and use it personally for 20 days. Since your 20-day personal use is less than 10% of the total rental days (which would be 24 days), the IRS considers your home a rental property.

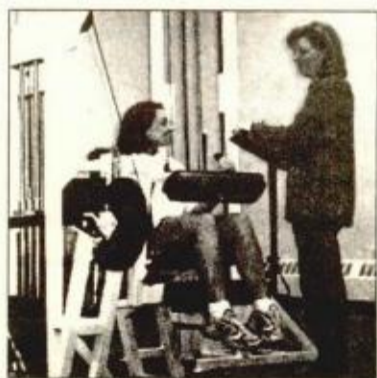

If your vacation home is considered a rental property, you may deduct depreciation and other rental expenses, even if you show an overall rental loss. However, your loss may be limited by the passive loss rules.

If your vacation home is rented out for at least 15 days during the year and it is used by you for more than 14 days or more than 10% of the number of rental days, whichever period is greater, the property will be treated as your second residence and the deduction will be limited.

You should be aware of one surprising tax break: if you rent your home for less than 15 days during the year, the IRS lets you pocket the cash tax-free.

How often should you personally use your vacation home? Are you better off if your home is treated as a rental property or as a second residence? Unfortunately, there are few rules-of-thumb in this complex area. Give us a call. We can help.

8K Cancelled - Novice Race Rescheduled

Due to the deluge that was experienced this past weekend, the Boys & Girls Club was forced to cancel the Battle of Bunker Hill Road Race. Considering the "state of emergency" that existed in the city, the poor road conditions and the continuing downpour, club officials did not feel that safe conditions existed for the race.

The club apologizes to the runners who came to the Navy Yard for any inconvenience this cancellation caused and thanks the loyal volunteers who showed up to help in spite of the incredible conditions they faced.

While it is not possible to reschedule the 8K due to the large number of runners involved, the club is rescheduling the two-mile Novice Race for Saturday, June 27 at 9:30 a.m. The club

knows how much the members look forward to this event and they are going to make every effort to see that it happens.

Anyone who is already registered will be assigned a new number the day of the race. Anyone else may

register at the club on the morning of the race at the same location in the Navy Yard.

It is hoped that this will be the biggest and best Novice Race ever. The race is open to young people 17 and under and adults run-

ning with a child in the parent/child category.

The club thanks everyone for their support and anyone who would like to volunteer the morning of the 27th should call the Boys & Girls Club at 242-1775.
