RESIDENTS COOKOUT WAS AWESOME!
THANK YOU FOR COMING!

From Doug's Desk

Please make sure that your apartment has no pest issues that are building up and threatening to grow. Living with pest is uncomfortable for any tenant, so you'll want to make sure that you report any pest issues that you have.

Word Find Puzzle Winner

Congratulations to last months word find puzzle winner, **Angela Cooper**.

Impossible Becomes I Am possible

David W. Hartman of Pennsylvania became blind when he was only eight years old. He has always dreamt of studying medicine, but the medical school to which he applied for admission discouraged him severely by pointing out that no one with a visual disability had ever completed a medical course. At 27 years of age, David W. Hartman became the first blind student to complete medical school. It was solely his determination and will power that led him to the doors of success. When you have the will to live for your ideals, to live your passions, the warmth of your faith, confidence and conviction will melt even the most stubborn blocks of insecurity and uncertainty. Never give up on your dreams.
