AUDIO PERVERT BLOG  
2008 - 2018

**2019** Synthfarm : India's leading residency for synthesis, modular sound, electronic music production and synth-making. Indian talent, emerging artists, women producers and nativity being the focus of this international effort (co-funded, curated and managed in India, Switzerland and Spain). Synthfarm is built on 'inclusive and community' ethics, committed to awareness, empowerment and knowledge sharing in the field of electronic music. **2016** *The Bombay Black Hole* is a culmination of musicians and producers from Mumbai into an album, videos, concerts and remixes. Downloaded more than 240k from various websites, blogs & public domain since 2015. 100% indie in origin, Bombay Black has been the buzzword for underground music lovers in India since 1999. 'Boing Boing' struck 157,000 hits as the first video splash online. **2015** Core is the latest electronic music network hatched by Pol, Da Saz and Audio Pervert between India, Spain and Switzerland. A peer-to-peer connection between India and Switzerland fostering independent artists. Real Networks and Core co-funded 3 tours in India (2015/16/17) and 4 showcases at 'Ondulor' Geneva, ART' Basel and Lausanne. **2013** *S.I.M.A (Sino Indian Music Alliance)* Created by Josh Feola and Audio Pervert - is the first Indo-Chinese electronic music connection and exchange. SIMA achieved 6 totally new cultural exchanges between India and China. China tour of Teddy Boy Kill . China showcase of Hashback Hashish and Lifafa. 2015 DeadJ toured In India. Josh Feola has written extensively about Indian electronica in China. Oscillate : Module 1 and 2 Compilations features 14 producers from India and China merging diverse sensibilities in techno, electro and ambient music.
