Provisional Certification	

e following provides additional detail about the reasons institutions are placed on HCM	
·	
Description	
Includes accreditation actions such as the school's accreditation has been revoked and is under appeal, or the school has been placed on probation.	
Concerns about the institution's ability to manage the Title IV programs including student file maintenance, record retention, and verification.	
School did not submit their audit by the due date and is considered not financially responsible.	
School has severe audit findings which could include financial statements, internal controls, and compliance with laws, regulations, and provisions of contract or grant agreements.	
A school's cohort default rate for Perkins loans made to students for attendance at the school exceeds 15% or the cohort default rate for Federal Stafford loans or for Direct Subsidized/Unsubsidized Loans made to students for attendance at the school equals or exceeds 30% for the three most recent fiscal years or if the most recent cohort default rate is greater than 40%.	
School's recertification was denied but its Program Participation Agreement has not yet expired.	
Financial statements were not submitted to FSA by a specific due date, depending on the institution's type (public, private non-profit, proprietary).	
School has a failing or a zone composite score or other concerns such as unreconciled accounts.	
Under investigation by the Office of the Inspector General.	
The common ownership of certain institutions that had issues identifed at some of their schools.	
Issues identified with information needed on a Change in Ownership application such as missing/incorrect same-day balance sheet or other needed documentation; or an unreported CIO is discovered.	
School has outstanding liabilities that resulted from an audit or program review.	
Used in various other scenarios not otherwise identified where funds control are needed, such as a foreign school has lost eligibility but provisions allow for additional disbursements to students for an extended period of time.	
School is being reviewed by the Department as part of its normal oversight and monitoring responsibilities or as a result of concerns regarding the school's administrative capability and financial responsibility.	
School has potential of severe program review findings such as failure to make refunds or return of Title IV funds.	
School is participating in Title IV programs under a provisional certification which imposes certain restrictions.
