Residents And State Officials Meet To Save Community Gardens

by Marianne Martin
The proposed reconstruction of Main Street and Warren Street has stirred mixed emotions from many residents of Charlestown.

While many feel that the reconstruction is long overdue, others are concerned about the effect this project will have on the Sullivan Square Community Garden located on

the corner of Main and Bunker Hill Streets.

The proposed road work consists of a full depth reconstruction of road way areas, new sidewalks, installation of utilities including lighting, water, drainage systems and landscaping amenities.

According to the Massachusetts Department of Public Works (DPW) plan, between ten and 40 square feet of the perimeter of the garden

Commemorative Exercises Mark The 209th Anniversary Of The Battle Of Bunker Hill

Honorable Raymond L. Flynn, Mayor of Boston, was the Monument Orator at the Bunker Hill Day Commemorative Exercises held on the Monument Grounds on Sunday, June 17, 1984. These ceremonies, marking the 209th Anniversary of the Battle of Bunker Hill, were under the auspices of Bunker Hill Post 26, American Legion. Chairman for the Exer-

cises was James W. Conway, Past Commander of Bunker Hill Post 26 and Past National Historian of the American Legion.

The ceremonies began with an Ecumenical Service at Saint Francis de Sales Church, atop Bunker Hill. Reverend Daniel J. Mahoney, Pastor of Saint Francis de Sales, welcomed the gathering. Readings were offered by James W. Conway, Chairman of the Commemorative Exercises, and John J. Alves, Secretary of the Bunker Hill Monument Association. A prayer was offered by Reverend Monsignor James J. Keating, Chaplain of the Boston Fire Department. Inspirational music was rendered by the organist and choir of St. Francis de Sales, with Thomas Hickey as the soloist.

MONUMENT ORATOR on the occasion of the 209th Anniversary of the Battle of Bunker Hill, Honorable Raymond L. Flynn, Mayor of the City of Boston.

Guard posted and retrieved the colors at this ceremony.

A procession then formed, and participants, along with the Bunker Hill Post Color Guard, the Charlestown Militia Company - 1775, the Emerald Society Pipe Band from the New York Police Department and the Westbrook Fife and Drum Corps, to march to the Bunker Hill Monument Grounds for the Commemorative Exercises.

Colors were posted by the Bunker Hill Post and the Sons of the American Revolution Color Guards.

The invocation and benediction was delivered by Reverend Thomas

PROJECT SUMMARY FOR 1984 AIRFIELD MAINTENANCE IMPROVEMENTS PROGRAM FOR LOGAN INTERNATIONAL AIRPORT, EAST BOSTON, MA

The Massachusetts Port Authority proposes to undertake the annual airfield maintenance and improvement program at Logan International Airport. The 1984 Program focuses at the North Cargo Apron Area. The North Cargo Apron services air cargo operations which occur in aircraft of various sizes including both wide-bodies i.e., 747's and narrow-bodied aircraft i.e., 727's.

The existing asphalt apron was constructed in the 1950's and is in very poor condition. Replacement of this apron is the major element of this year's program. The apron will be replaced with a new 15' heavy duty portland cement concrete apron. The apron will be 800 ft. long, 225 wide and approximately 19,000 total square yards. Construction activities will include excavation, improvements to drainage, grading, placement of base course, compacting materials, forming, pouring of concrete mix, installation of expansion joints, installation of snow melters and erection of high tower flood lights. The project will also include the installation of piped fuel service to the apron. Further, provisions for the future installation of ground power and compressed air supply will be installed in the apron.

This project will not change the capacity nor the nature of the North Apron Cargo area operations. The project will result in an improved working environment and increased operational safety at the Apron. This project will have no effect whatsoever on existing airfield capacity or traffic levels.

Summer Movie Fare For Children At Sack Theatres

Most parents, around this time, start wondering if there will ever be any movies that are suitable to take their children to this summer. Many adults have expressed concern over the violence in some of the pictures recently released that carry a PG rating. It will come as a relief to know that the movie studios have not forgotten the younger viewing audience. There are five films currently slated for release over the next two months that are good fare for both kids and adults of all ages.

"The Muppets Take Manhattan" will be in theatres on July 13th and features the irrepressible Miss Piggy and the irresistible Kermit in the leading roles. They and the rest of the muppets set up camp in the Port Authority's lockers while in New York trying to get their college musical

"Manhattan Melodies" on Broadway. The film also features a retinue of stars in cameo appearances including Joan Rivers, James Coco, and Art Carney. The film is rated G.

In "The Neverending Story," Wolfgang Peterson, the brilliant young director and screenwriter of "Das Boot" takes moviegoers on a wondrous voyage to a mythical empire populated by magical beings, a fantastic wonderland of adventure, suspense and surprise that makes the perfect family entertainment. The film is based on a book by Michael Ende and tells of the odyssey of a ten year-old boy who is drawn into a timeless world of fabulous creatures that only he can save from destruction. The film is rated PG and should be in local theatres on July 20th.

On July 27th, we'll see a re-release of a very popular Disney film, "The Jungle Book." This is the kind of movie that seems brand new every time you see it and is a classic for children. Based on Rudyard Kipling's famed "Mowgli" stories, it is filled with superb animation and colorful animal characters. Leading the linup is Baloo, the bear - a loveable, laidback loafer for whom life is one long free lunch...the panther, Bagheers, who acts as a watchdog over the small boy...and the python, Kaa, with an evil eye as ominous as his forked tongue. The film is rated G.

"Cloak And Dagger" is a spy-tingling adventure starring Henry Thomas (of E.T.) as a boy who lives in his imaginary world of video game characters and toy soldiers...so much so that when he accidentally stumbles on a real espionage plot, he has a hard time convincing his father and a playmate that he's telling the truth. Dabney Coleman plays both Henry's doubtful father and his imaginary accomplice in bad-guy thwarting, Jack Flack, superspy. The film is a delightful tale that pairs one of America's favorite child actors with one of America's favorite comedy actors. It is rated PG and tentatively scheduled for release on August 17th.

Another adventure film in the video game genre is Universal's "The Last Starfighter" starring Robert Preston and Lance Guest. It is about Alex Rogan, a small town boy with big time dreams and a talent for one particular video game. When he scores the highest total ever on this video machine, he is recruited by Centauri, an intergalactic con-man who needs starfighters for his cause. Rated PG, the film should appeal to younger children and teens. It will be in theatres on July 13th.

Board Of Appeal Acts On Chestnut Street Proposal

by Marianne Martin
The proposal to turn the vacant lot at 35-39 Chestnut Street into three-four story row houses was denied without prejudice at the Board of Appeals hearing, Tuesday, June 26, 1984 at Boston City Hall.

City Councillor Robert Travaglini, along with many area residents expressed opposition to the 10 unit project, citing problems such as density, congestion, and parking.

Travaglini stated that the general concensus among his constituents was "in overwhelmingly op-

position."

Many residents are concerned about the rapid change occurring in Charlestown. "We've reached a point in Charlestown," stated Travaglini, "where change is a daily occurrence. We're not against progress, it's just that this project will add tremendously to the present problems of parking and density."

Mr. John Bradley, attorney for the developers, told the Board that in an attempt to gain favorable neighborhood support, changes were

made in the proposal design, including a reduction in units from 11 to ten and parking spaces from 13 to 12. A cupola, which was designed as a recreation facility for the roof of the building, was eliminated.

Mr. Robert Rooney of 40 Mt. Vernon Street stated that a development of the proposed size does not encourage family living. Rooney continued by stating that there is a changing lifestyle in the whole town.

Although several residents did state that they would miss the open

land, no one spoke in opposition to construction on the vacant lot, as long as the size was not "overpowering."

According to abutter Judith McDonough, a ten unit structure does not adequately fit into the occupancy pattern of the immediate neighborhood.

Board member Paul Parks asked McDonough what structure she felt would adequately fit the neighborhood.

"My personal feeling is to put something on the lot that is keeping with the

neighborhood," replied McDonough. "possibly townhouses."

A decision of dismissal without prejudice allows the developers, who include Allen Kueny, Victoria Olken, and Barry Koretz, all of Charlestown, and Virginia Richardson of Lexington, the opportunity to begin the process again should they so choose.

Area residents were pleased with the decision.

"I'm thrilled," stated neighbor Jean McLaughlin "They say the value of our houses will go up. This means nothing to me - only more money for the developers. We've lived here all our lives and we're not going anywhere. We're not the kind to move in for five years and leave."

Welcomes Boys And Girls Clubs To Children's Festival

Boys and Girls Clubs of Boston members from the Charlestown and South Boston clubhouses will participate in a special Children's Festival program at Castle Hill this summer. The four-day program, to be held on July 12, 19, 26 and August 2, will introduce 100 children to the arts and environmental studies.

William J. Conner of Charlestown, Executive Director of the Castle Hill Foundation, and Thomas King, Charlestown Clubhouse Director, collaborated on the educational program which is funded by the two non-profit organizations and private contributors. The courses presented in circus arts, nature studies, breakdancing and video production are drawn from the curriculum of the annual Castle Hill Children's Festival. The summer arts camp, under the direction of David Zoffoli, is the primary educational program of the Foundation.

In keeping with the program's apprenticeship approach to arts education, the Boys and Girls Club members will receive instruction in the performing and visual arts through demonstration and performance. The artists/faculty members are working professionals in the disciplines of music, dance, writing, theatre and art. Their classes are held largely outdoors on the grounds of the 165-acre estate at Castle Hill, including swimming at the private Steephill Beach.

The new association with the Boys and Girls Clubs of Boston continues the efforts of the Castle Hill

Courtney Elizabeth was welcomed home by her three year old sister, Jillian.

The maternal grandmother is Dorothy Mullis of 75a Old Ironsides Way, Charlestown. The paternal grandmother is Elizabeth Celata of 177 Bunker Hill Street, Charlestown.

Mrs. Celata is the former Christine Mullis of Charlestown.

Foundation is expanding and enriching educational programs for children through collaborative programming. To date, Castle Hill has joined with the North Shore Music Theatre, Montserrat School of Visual Art, North

Shore Community Mental Health Center and Boston Shakespeare Company to maximize resources among nonprofit organizations involved in arts education for children.

In addition to the Children's Festival, Castle

Hill presents an annual summer festival of the performing arts. From now through August 11, a series of opera, jazz, chamber music and theatre performances will be staged at the Ipswich estate.

Break Dancing On The Plaza

CHARLESTOWN BREAK DANCERS were among 500 youngsters from Boston's neighborhoods who participated in the recent "Beat Street on the Plaza" break dancers exhibition. Above, local stars posed for Cablevision of Boston's cameras with Cablevision's Public Relations Manager, Colette Phillips and Assistant Public Relations Manager, Kathy Creed (both in

visors). Cablevision was one of the sponsors of this extraordinary event which was witnessed by more than 10,000 spectators. "Beat Street on the Plaza," will be cable cast repeatedly on Cablevisions Channel A-13 from now to July 3rd. Check Channel A-53, the Directory Channel for times.

Mayor Raymond Flynn Is 1984 Monument Orator

(continued from page 1)
Conway, Pastor of Saint Catherine of Siena Church. Chairman James W. Conway welcomed the gathering and introduced the guests present.

Greetings were brought by Hugh D. Gurney, Superintendent, Boston National Historical Park; Arthur L. Hurley, President of the Charlestown Historical Society; Mon O'Shea, Vice President of the Bunker Hill Monument Association; Officer Bill Connell, Chief Marshal of the 1984 Bunker Hill Day Parade; Robert Travaglini, Boston City Councillor; Representative Richard A. Voke; and Edward Kelly, Chief of

Staff of the 1984 Bunker Hill Day Parade.

Music was provided by the Emerald Society Pipe Band of the New York City Police Department and the Westbrook Drum Corps of Westbrook, Connecticut. Mr. Thomas Hickey was the soloist.

A musket salute to the fallen heroes of Bunker Hill was presented by the Charlestown Militia Company 1775.

Following the laying of a wreath at the statue of Colonel William Prescott, the gathering marched to the Training Field, where the Sons of the American Revolution laid a wreath at the tablets marking the names of those who fell

during the American Revolution.

Honorable Raymond L.

Flynn, Mayor of the City of Boston, was the 1984 Monument Orator, com-

memorating the 209th Anniversary of the Battle of Bunker Hill. After greeting

those present, Mayor Flynn delivered the following oration:

BUNKER HILL DAY ORATION

I am honored to be here today to take part in these historic ceremonies.

I am proud to be here as Mayor of the City of Boston - but just as proud to be here as a product of one of the city's neighborhoods.

We are gathered here today to remember the heroism shown by our ancestors at this site. Sometimes we lose track of the fact that these ancestors - these patriots - were ordinary people like ourselves. They were farmers and shopkeepers and laborers. Today we would call them neighborhood people.

But what transformed them from being merely ordinary people - and what put the names of men like Prescott and Gridley into our history books was the courage and the commitment they showed for their ideals.

What changed them from being merely citizens into patriots was the bravery they showed, their willingness to take risks, and to fight for what they believed to be right.

Those who fought and died at Bunker Hill 209 years ago were not sure of the success of their campaign. They did not know the exact shape that their future government or society would take. But they fought out of a conviction that their ideals were right and that attaining those ideals - or at least striving for them - would improve their lives and make the world a better place.

Now, over 209 years later, we still find ourselves faced with the need to show our courage and commitment - and to fight for our ideals.

We still find ourselves faced with the need to fight for the things we believe in and to transform our government and society into what it can and should be.

In 1775 our ancestors had human enemies in red coats from across the ocean.

Today our enemies are injustice, hunger, lack of housing, quality education, and a shortage of jobs. But the ideals - of freedom and justice, or equal rights and opportunity for all - remain the same.

The way that we fight for these ideals today is through working - working together - and in that way we transform ourselves into present day patriots.

We have examples of modern-day patriots right here in Charlestown: - people like the Reverend Isaiah Sears - community leaders who work to improve the conditions of their neighborhood - school children who strive for excellence in education, sports and other activities - religious leaders trying to maintain harmony who go out every day and earn their livelihood and contribute to our neighborhoods, our city and our country as taxpayers and good citizens.

Over 200 years ago, our ancestors fought for their independence to be recognized.

Today, we must work to recognize our interdependence on one another - to see our common interests and the ways that by working together we can achieve those interests.

Over 200 years ago, our ancestors fought for their freedom.

Today, we must work to ensure that all of our citizens are allowed to practice that freedom and to enjoy the dignity and respect that they deserve.

Over 200 years ago, our ancestors fought for the right of citizens of this country to enjoy its riches - and not to have it taken from them.

Today, we must work to ensure the rights of all to share in the wealth and the opportunity that this country offers its people.

Over 200 years ago, our ancestors fought to establish a government that represented its people.

Today, we must work to see that our government not only represents its people - but that it cares about them.

Over 200 years ago, our ancestors transformed themselves into patriots by fighting for those ideals, those dreams, that places like Bunker Hill have come to symbolize.

Today, we must transform ourselves into patriots by continuing the work that they started - and striving for those ideals that they established.

There is much to be done. But we have so many resources to work with.

If we can bring the same courage and commitment to our work that our ancestors brought to their fight, we will succeed.

Facts About Drugs - F.A.D.

"Please write another article on cocaine. It's everywhere these days."

How true is this? A call to the Division of Drug Rehabilitation gave me some very significant information. The DDR funds treatment facilities and they have been keeping statistics about what drugs are the primary problem with the persons admitted.

Between July and December of 1983, 13.4% of all persons admitted for drug treatment said their primary problem was cocaine. This can be compared to six months before when only 8.8% said cocaine was their main problem. This is a huge increase in a short period.

Can we draw a picture of the typical cocaine abuser in treatment? We have some interesting statistics:

- 77% are male
- 77% are white
- 71% have never married
- 64% have at least 12 years education
- 59% have a secondary problem of marijuana or alcohol abuse.

The cocaine abuser has a tendency to be older. 56% are over 24 years at the time of admission and 61% have not been in treatment before. 33% of cocaine admissions are working full-time as compared with 23% of the general treatment population who work full-time.

Where is the end of all this? Who knows. It is a definite fact that this is just the tip of the iceberg. Many, many cocaine abusers use private treatment facilities. Cocaine is very plentiful in Boston. One-fourth (1/4) gram (7 ounces) sells for \$25 to \$30. This could get six people high for an evening.

The psychological addiction of cocaine is a real problem. It is harder to work yourself free from this addiction than physical. There are so many mind games that cocaine users play. "Where will I get the cocaine?" "What strength will it be?" "Do I have enough money for the weekend?" And on and on. Most of the time an abuser has no consciousness of the time spent planning and thinking about his/her addiction. Experimenters, abusers, occasional users take note.

Any questions? Please call Mimi White at the Charlestown Boys and Girls Club, 15 Green Street, 242-1775.

Shriners Convention In Boston July 1-6

The largest convention in Boston's history will take place July 1 to 6, when 50,000 Shriners march in to town. The Shriners will pack the city during the July 4th week. There will be day and night parades, Wednesday, July 4 at 1:00 p.m. and Thursday, July 5 at 7:00 p.m.

The six-day convention will be a bonanza for area hotels, restaurants, retailers, theatres, historic sites and resort areas. It will be a week-long celebration for the visitors from all corners of the U.S.A., Canada and around the world. Most of them have never been to Boston.

This is the 110th annual Shriners Imperial Council Session. Back in 1895, Nantasket Beach was the site of the 21st Shriners meeting, and there were barely 500 attending.

On July 1 the Fez-time begins. The Shriners are noted for being fun-loving bunch of "men with

a boy's spirit inside". But they take their philanthropy, the 22 Shriners Hospitals for Crippled Children, very seriously.

This year's budget for the Hospitals is \$110 million. Part of this is supplied by the 900,000 plus members' annual individual donation of \$5.00.

The rest is raised through the various Shrine sponsored programs such as the East-West Shrine football game, Shrine circuses and paper drives.

Brontosaurus To Buzz Boston On July 4th

Dinosaurs vanished from the earth some 70 million years ago. But this July 4th at least one dinosaur will lumber into Boston.

It's a 34 foot long, 1000 pound replica of one of the greatest dinosaurs that ever lived - the Brontosaurus. To celebrate its arrival, Boston's Museum of Science will be flying the prehistoric giant down the Charles River to the front of the Museum. From there it will go on a tour of Boston and surrounding towns, after which it will be placed on display in the Museum's lobby on July 6th.

The Flight of the

Dinosaur will begin around 10 a.m. from the Eliot Bridge in Cambridge, continue down the Charles River, and touch down in front of the Museum's Charles Hayden

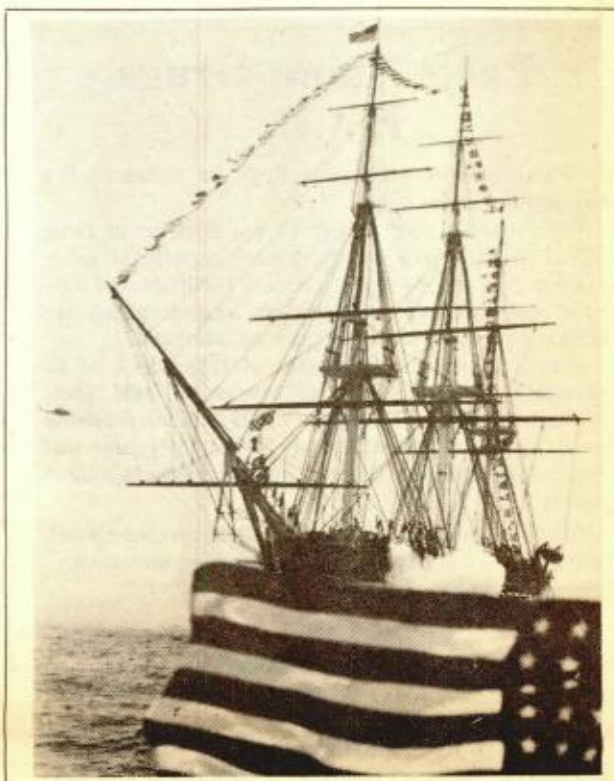

Planetarium around 10:15 or 10:20 a.m. This replica of the mesozoic mountain of flesh and bone will glide down the Charles beneath a Bell Jet Ranger 206B-3 helicopter.

Food Service For The Navy Yard

Hugh D. Gurney, Superintendent of Boston National Historical Park announced that beginning Thursday, June 28, a variety of food services will be offered in the National Park Service portion of the Charlestown Navy Yard.

The food will be sold from open-air push carts like those used in Downtown Crossing.

The purpose of the new service is to increase the time that visitors elect to spend on-site, so that in addition to seeing "Old Ironsides" more people may take advantage of other opportunities such as the USS Constitution Museum, the WWII Destroyer, the Commandant's House, the Boston Marine Society and guided tours.

USS CONSTITUTION will take part in Boston's celebration of Independence Day as the majestic vessel will be escorted into Boston Harbor for her annual "Turnaround Cruise" that will be highlighted by a 21 gun salute at noon. (photo by Janine Stevens, National Park Service)

Residents And State Officials Meet To Save Community Gardens

(continued from page 1) must be taken in order to accommodate federal government regulations.

At a meeting called by Representative Richard Voke on Thursday, June 22, 1984 at the garden, Mr. William Pettri from the Urban Systems Divisions of the DPW stated in order for the project to receive federal funding, the plan to reconstruct Main Street must include geometrical specifications which provide a "safety design factor".

One aspect of the safety design factor is the width of the street. According to Pettri, the reconstruction must be kept uniform in terms of streets and lane width from City Square to Sullivan Square.

The planned construction calls for a uniform 44 width of pavement, which will include two-12 foot travel lanes with area allotted for parking and variable sidewalk widths along both sides.

Another aspect of the safety design factor invol-

ves the degree of curvature on the corner of Main Street and Bunker Hill Street where the garden is located.

Mr. Rodney Emery, from the Engineering firm of Edwards and Kelcey, Inc., explained the curve radius required should allow for a comfortable turn of a school bus from Main Street onto Bunker Hill Street.

The required area necessary for the curve specifications, in addition to maintaining the 44 foot uniform street width of Main Street, calls for the taking of 10 feet from the Main Street side of the garden and 40 feet from the corner of the garden.

Presently, the garden is the property of the Boston Redevelopment Authority (BRA). In 1978, a group of Charlestown residents along with the Kennedy Center and Suffolk County Extension Service formed the Gardens for Charlestown, Inc. The BRA agreed to lease the land to the organization for

\$1.00 per year. Boston Urban Gardeners assisted the preparation of a Community Development Block Grant which was used to fund the garden start-up.

Since the garden's 1978 origin, the 1/3 acre of land has received a number of awards and grants including the 1980 Massachusetts Horticultural Society's Best Community Garden Award. In 1981, the garden received a \$5,000 grant from the Boston Urban Gardeners as a Model Garden Project.

In an effort to preserve what has been called "the prettiest place in Charlestown", alternatives were proposed including a possible reduction in area allotted for the sidewalk.

Mr. John Tomasz, Engineer for the BRA, stated a change in the sidewalk width "is a minor change."

Emery agreed, "There is a lot of latitude in the sidewalk. This is very flexible."

Since a reduction in the

sidewalk width would not guarantee that the garden would remain intact, residents were not completely satisfied.

"In a discussion that the sidewalk could be lessened; well, this is not enough," stated Fred Blair, Co-Director of the Gardens for Charlestown, "I don't think the sidewalk is a cure all."

Another alternative offered at the meeting involved moving the garden to the adjacent BRA land parcel.

This suggestion did not meet favorable resident reaction.

"We're not moving the garden," stated Ms. Patricia Larson, Co-ordinator of the Hawthorn Garden, "We'll take an additional land parcel, but we're not moving."

Since the garden is presently a tenant-at-will of the BRA, there is no guarantee that the garden would be protected from future proposed development, should the

reconstruction proposal be altered.

Originally, the land parcel was designated to become the site of a school building.

Plans are also being looked into to secure the garden from both the street reconstruction and any future development.

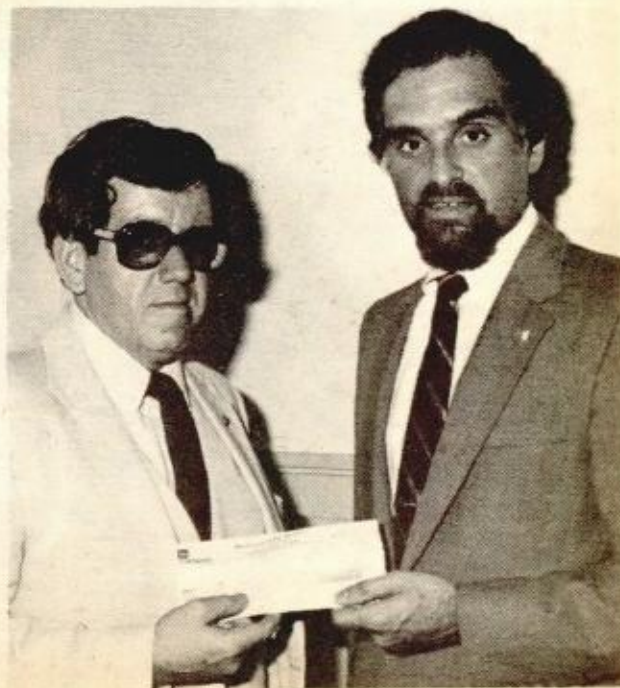

Mr. John Blackwell from the Boston National Area Fund, Inc. expressed the interest of his organization to purchase the garden from the BRA with the intention of maintaining the garden status.

The proposed street reconstruction project is at

the 75% design phase and if the present plans are approved, and according to Pettri, if there is "no Murphy's Law problem", the final design could be completed and construction teams chosen by next fall. Construction could begin as early as next spring and take approximately six months to complete.

In the meantime, residents hope to meet with Mr. Stephen Coyle, the newly appointed BRA director to discuss permanent plans for the Sullivan Square Community Gardens.

Massport Donates To Parade

PARADE DONATION: Massport Director of Public Affairs Patrick B. Moscaritolo is shown presenting a \$500 donation to James Conway, Chairman and Parade Adjutant of the 1984 Bunker Hill Day Parade in Charlestown. The contribution was made to help offset the high cost of the very popular event.

Two Lucky Couples Win Get-Away Weekends

Two Charlestown couples won Get-Away Weekends in the St. Francis de Sales School Raffle. The drawing took place at the Annual Bunker Hill Dinner Dance, accompanied by all the fanfare, including a drum roll as each winning ticket was drawn.

The first winner was Herbie Upton of 12 Washington Street. Herbie purchased the lucky ticket from his niece, Terri Pappas, a sixth grade student at St. Francis de Sales School.

"Herbie, Terri told me if you didn't win, you wanted your dollar back. You had better buy her something special!!!"

Essie Martin pulled that first lucky ticket from the raffle drum . . . and Mr. and Mrs. Upton are going to Eastover in Lenox real soon. Herbie told me that it is the first prize he has ever won in all the tickets he has purchased . . . Good Luck, Herbie, and thank you.

Now for the other prize . . .

Drum roll, please . . . Up to the raffle drum to pull out the lucky ticket steps Charlestown's number one gentleman,

the man we all think of when we mention "Townie Pride", the "Mayor" of Charlestown, Marty O'Brien. Marty gave the raffle drum a good turn and drew the lucky ticket of Olivia (O.J.) Juliano of One Washington Place.

Olivia has two children in our school, Jennifer in grade three and Melissa in grade one. Also, the Juliano family has a new arrival . . . a baby girl. Thank you, Olivia, what with all else going on in your family, you took the time to think of the school and send back your raffle tickets. The Juliano's also requested a weekend in Eastover, rather than the Cape, so whenever they are ready, a weekend at Eastover, donated by our friends at this great resort, is waiting for you.

Thanks to everyone for all your help.

St. Francis de Sales Parents' Club

Children's Films

The Film Program for children will be held at the Charlestown Branch Library, 179 Main Street on Tuesday, July 3, 1984 at 10:30 a.m. and 3:30 p.m.

This week's features include "The Frog King" and "Dr. Seuss on the Loose." "The Frog King" is the story of a princess who promises to love a frog if he'll return her golden ball,

but finds this promise hard to keep.

The second film features three Dr. Seuss favorites: "The Sneetches," "Zax," and "Green Eggs and Ham."

Suggested readings in conjunction with this program include The Frog King adapted by Paul Galdone and Green Eggs and Ham by Dr. Seuss.

Graduates From Williams

JOHN P. MCGONAGLE

John P. McGonagle, son of Mr. and Mrs. John P. McGonagle of 6 Monument Street, Charlestown, was graduated from Williams College with the degree of Bachelor of Arts at the 195th Commencement exercises on Sunday, June 3. Playwright Neil Simon, author of such well-known plays as "Barefoot in the Park" and "Plaza Suite," was the Commencement speaker. Joseph Brodsky, generally regarded as the most important living Russian poet, delivered the Baccalaureate address.

Williams, founded in 1793, is a four year liberal arts college with a coed enrollment of 2,037. The

Class of 1984 has 288 men and 218 women.

McGonagle majored in history, while enrolled in the Area Studies Program at Williams. He was on the varsity football team for three years and was a member of the Rugby Football Club for three years.

McGonagle was commissioned a Second Lieutenant in the U.S. Marine Corps on June 3, 1984. He will be on inactive duty until mid-October, when he will report to The Base School (TBS) in Quantico, Virginia for six months advanced officer training.

Day Program At The Boys And Girls Club

A number of activities will be offered at the Charlestown Boys and Girls Club starting Monday, July 2. The Club will be open from 10:00 a.m. to 3:00 p.m., and will provide regular programs in the swimming pool, gym, arts and crafts, computer activities, board games, and trips.

The basic schedule will include:
10:00 to 10:45 a.m. - Open swim (any age) and Game Room Activities

11:00 to 11:45 a.m. - Swimming Lessons (10 - 14 years old) and Arts and Crafts in Games Room

12:00 to 12:30 p.m. - Lunch (In-House Lunches will be provided)

12:30 to 1:30 p.m. - Swimming Lessons (6 - 9 years old) and Arts and Crafts or Game Room Activities

1:00 to 2:00 p.m. - Gym (any age) or Games Room Activities

2:15 to 2:45 p.m. - Open swim (any age) Special Daily Activity

Special Notes

Each day there will be a special group activity such as Battle of the Brains, Creative Art Contest, Checker Tournaments, Other Board Games and Contests.

Special activities such as computer literacy, tutoring etc. will be provided, if a need is expressed (within the limits of staffing). Also, puppet making will be the main focus of the Arts and Crafts project for the first week. It is hoped that

the children will develop an interest in using their puppets to perform a puppet show for younger brothers and sisters.

Other Arts and Crafts activities for succeeding weeks will include: elementary bookbinding and making up of small personalized memo books; shell craft and shell flowers; paper mache articles, rock painting, etc.

There will be also day trips which will include: the Children's Museum, Paragon Park, Harbor Cruises, Canoeing, Horseback Riding, Canobie Lake Park, Sailing, and others.

Please call the Club for further information at 242-1775, extension 117.

The activities of the Club will open to any member of the Club, and lunches will be available at the Club. A licensed instructor for the pool will be working in the pool area, as well as a supervisor for the recreational projects. As part of its activities, the Club will participate in a sailing program. Please call the Club for definite dates and instructions.

Bunker Hill Museum - Visit Charlestown's Historic Past

Do you know the story behind the construction of the Bunker Hill Monument? Do you know the year it was completed? Have you any idea how many steps it takes to climb to the top? Who raised the needed money to complete the project? How many designs were submitted before it was decided to construct the Monument an obelisk?

The answer to these questions and many more

that you might have can be found at the Bunker Hill Museum located at 43 Monument Square.

Come visit Charlestown's historic past - you'd be surprised at what you didn't know and perhaps at what you do know.

The Museum is open Tuesday through Sunday, 10:00 a.m. to 3:00 p.m. and you are most welcome to visit free of charge.

Charlestown Mite Hockey Season Ends On Successful Note

The 1983-84 Mite Hockey team, representing the Charlestown Youth Hockey Association, held their annual "End of Season Party" recently at the Knights of Columbus Hall. Special guests at the event helping to present the trophies and gifts were Representative Richard Voke and Grand Knight Jimmy Carr.

The Mite team, playing

in the North Shore Sports Center Instructional League, finished in first place with a record of 20 wins, six losses and two ties for a total of 42 points, edging out a strong Medford team by two points. Each boy received a trophy and hat to commemorate the Championship season, presented by Coach Warren Fitzpatrick and Representative Voke.

Members of the team, coached by Rick Doherty, Warren Fitzpatrick and Mike Donovan are: Justin Raymond, exceptional first year goalie; Defensemen: Shawn Connolly, Paul Hooley, Kirk Titcomb and Mark Collins; Forwards: Chris Donovan, Josh Smith, Peter Golden, Mark Mansfield, Paul Myers, Michael Duncan, Jonathan Lent, Gordie D'Ambrosio and Brian Lacey.

The 1983-84 hockey season was a successful and a happy one for both the members of the team and their parents because of the cooperation and spirit of competition each boy felt as he progressed through the year and developed his athletic skills and sense of sportsmanship.

Special thanks are in order to the coaches, parents, Grand Knight Jimmy Carr and Represent-

Community School News

With the summer barely upon us, the Community School Program has already awarded nearly \$650 in summer camp scholarships to local families. Income eligible families can receive financial assistance to send their children ages 6 - 11 (girls) and 6 - 13 (boys) to overnight camp for 10 days this summer. These camps - Camp Lapham, Camp Mitten and Camp Duxbury Stockade are operated by Boys and Girls Camps of America. Brochures reviewing the camping program and outlining eligibility requirements are available at the Community School Office. Call Bob McGann at 242-2770 for details.

We have set our summer pool schedule. The Community School pool will operate weekdays from 9:30 a.m. to 8:00 p.m. July 2nd through August 31st. Free swim, open to the general public, will be held on the following weekday schedule:

Adult Swim: Monday through Friday 11:30 a.m. - 1:00 p.m. and 5:00 p.m. - 6:30 p.m.

Free Swim - All Ages: Monday through Friday 3:00 p.m. - 5:00 p.m. and 6:30 p.m. - 8:00 p.m.

Mother & Toddler Swim: Tuesday 9:30 a.m. - 11:30 a.m. The remainder of the Community School Summer Pool Schedule will accommodate group activities sponsored by the Kennedy Center's Day Camp and After School Programs and the Life Focus Center. We offer the Mother-Toddler swim for parents who would like to introduce their children to a large pool under strict supervision. We offer the noon-time adult swim with those who work in local businesses and factories in mind. The Afternoon Free Swim will attempt to develop interest in water sports and other organized sports activities. Christine Gould Land of High Street will be the Community School's Summer Pool Director.

Forty-three individuals received their GED Diploma and 98 other college credits at the Community School Program's Second GED Graduation Ceremony at Memorial Hall last Friday night. Over one hundred fifty families and friends were on hand to congratulate the graduates.

New adult basic skill, GED Preparation and Adult Diploma classes are scheduled to begin July 2nd. We will offer a modified summer program between July 2nd and August 14th. Classes are scheduled for Monday and Wednesday mornings, 10:00 a.m. - 1:00 p.m., and Tuesday and Thursday evenings, 6:30 p.m. - 9:30 p.m. Those enrolling in the summer program may come to either morning or evening classes. The summer schedule allows for people to enter the program at a relaxed pace and maintain their regular summer activities. It also allows for those completing their program to do so on a more convenient summer schedule.

We would like to thank Susan Weiss, the Community School's Educational Counsellor, and Michael Moloney, a math teacher, for their contributions to the program. Both will be leaving our staff. Joseph Travis, of Concord Street, Charlestown, will replace Ms. Weiss as the Educational Counsellor on July 1st.

New typing and computer literacy classes will begin in October.

Information regarding the Charlestown Community School programs can be obtained by calling the office weekdays after 9:30 a.m. at 242-2770.

POTPOURRI

In deference to the heat and mugginess of the long awaited and most welcome Summertime, we're relaxing a bit by eliminating our usual sock-it-to-em lead article and utilizing the space to bring you some informative, enlightening and, hopefully, entertaining information, as well as sharing some "good news," a few personals and sharing contributed prose. So, let's at it!

FIRST, SOME SHOCK FACTS.....

Did you know that lightning often strikes twice in the same place, and can kill without hitting its victim? So informs Nathan Reiss, noted professor of meteorology at Rutgers University, who is also on record as having stated "Lightning is such an intense thing, a person can be hurt or killed by lightning striking nearby. It does not actually have to pass through to kill them. If hit directly, they would be burned to death, but most likely it would interfere with the heartbeat. It is like an electric shock." Victims are often attending athletic events, golfing or swimming, and fail to take proper cover.

Have a safe summer, but during electrical storms avoid lakes and other large bodies of water, don't use the telephone (except for emergencies), don't stand under trees, and don't watch T.V.

Storms come and go quickly, and we want you around when they're over. Ensure your chances by seeking cover

somewhere inside (or a metal vehicle), by staying away from metal objects and, if you feel your hair standing up on your head, by hitting the ground to avoid being struck. Please don't take chances by ignoring any of this advice because you can only be wrong once with lightning.

MAIL WANTED FOR ILL CHILDREN.....

We have a press release to share with you from Ed Burns, President of "Mail for Tots," whose fine organization works hard to get mail - in the form of cards and letters - into the hands of sick, lonely and handicapped children.

Ed advises that YOU can be instrumental in cheering those ill and shut-in youngsters by simply sending a long, stamped, self-addressed envelope to Mail-for-Tots, 25 New Chardon Street, POB 8699, Boston, Mass. 02114. They will furnish you with the name and address of a child, and you'll be on your way to having a great pen pal! We can tell you from first-hand experiences that you'll wind up the beneficiary of the sunshine you share with others.

Let us know of your experiences in this regard by addressing a letter to the column, care of this newspapers. We'll print excerpts from comments received.

FACTS FOR NONSMOKERS.....

Newspapers have carried many stories recently of legislative efforts to curtail, confine, or ban smoking in public facilities, on public, commercial transportation, restaurants or places of employment and here's a few

reasons why:

- * Cigarette smoke pollutes air in enclosed places and affects the nonsmoker present.
- * Inhaling second hand smoke makes the heart beat faster, the blood pressure go up and the level of carbon monoxide in the blood increase.
- * There is more cadmium in the smoke that drifts off the burning end of the cigarette than in the drag the smoker takes. Large doses of cadmium have been related to hypertension, chronic bronchitis and emphysema.
- * Smoke from an idling cigarette contains even more tar and nicotine than an inhaled one.
- * The amount of carbon monoxide in the blood of non-smokers doubles in a poorly ventilated room filled with cigarette smoke. Even outside the room, the inhaled carbon monoxide stays in the body for three or four hours.
- * Researchers have found that respiratory infections, especially pneumonia and acute bronchitis, are twice as common in young children whose parents smoke at home compared to those with nonsmoking parents.

We thank The American Lung Association of Boston for permission to share this info from their pamphlet "Cigarette Smoking: The Facts About Your Lungs." They also invite your telephone calls, or you can write them at 263 Summer Street, Boston 02210 for more details.

Have we made our smoking friends mad mad enough to quit? Do yourself (and "Us") a big, big favor!

MORE ON THOSE DOING SOMETHING.....

"Cans for Kids" is the high gear, and gratitude for donations have been expressed by The Cardinal Cushing School and Training Center, Hanover, The Mass. Chapter of the NF Foundation; Ken Coleman of the Jimmy Fund, Danny Thomas of St. Jude's Childrens Research Hospital, Memphis, Tennessee, and The Jennifer Creed Fund at Boston Floating Hospital.

Lending their time and effort to this endeavor, since last mention, are: David Hostie, Fred Downey and Fred Coon, "The Boys" at Merchandise Warehouse, Cambridge; Hughie Duffy, Paulie Brennan, Jim and Bob Wallace, all of Charlestown; Gene "Tarts" McCarthy and Joe Taylor, of Somerville, Jim Hagerty of S. Boston, Joe D'Agostine, East Boston; Frank Fitzsimmons of Avon and Frank Moore, of Malden.

Thank you, Good Samaritans.

PERSONALS.....

Congratulations and best wishes to Peter and Dorothy Scott of Pawcatuck, Conn., who celebrated their 60th wedding anniversary on June 4th; to Mary Rau of Sharon (Sister of Helen Keagan of So. Boston) who will soon be celebrating her eightieth birthday; to former "Townie" Vinnie Kelly, Milton's recent "Birthday Boy," and to Terri and Al Smith of Dorchester, parents of Alan Douglas "Bruiser" Smith, who arrived June 12th and bought them a house in Avon three days later.

TIP OF THE HAT TO . . .

G. Basil R., of Quincy, on his appointment as Chief Clerk at Conley Terminal, Castle Island; to Charlie and Ursula Steele of Lowell, for their efforts in behalf of the Irish-American Fenian Society; to Charlene McLellan of Wollaston, captain of the Edison Company first place bowling team; to Linda Hanney of Dorchester, and Christine Hynes of Milton, two reasons why "movies are better than ever" at the East Milton Theatre; to Carolyn Hill, congenial teller at Southie's Mt. Washington Cooperative Bank; to Ex-POW Sal Romano of Somerville, tolltaker at the Mass. Pike Newton tollgate; to Governor Dukakis for his Proclamation on Neurofibromatosis (NF); to Stephen Harte, first holy communicant of Medford; to singer Pat Boone for authoring and recording the cassette "Let Me Live;" to Mary MacInnes of Charlestown, ever-ready to help anyone - anywhere; to John and Jay McHugh, and Paula Czyrkliis, of the Natick-Norwood Irish Northern Aid Unit for their assistance to the Boston Globe protestors; to Joyce Lyone of Avon, a recent graduate from Bentley College, and to Marianne Martin, of Dedham, for her B.C. "Sheepskin;" to Representative Paul White of Dorchester, for his consistent pro-life legislation effort; to Al Manzi of Medford, MASSPORT's "Officer Friendly," and to Sal and Fay Giarranti as they begin married life in Wollaston . . .

BEATITUDES FOR FRIENDS OF THE HANDICAP-PED.....

Blessed are you who take the time to listen to difficult speech, for you help me to know that if I persevere I can be understood;

Blessed are you who never bid me to "hurry up" or take my tasks and do them for me, for often I need time rather than help;

Blessed are you who stand beside me as I enter new and untried ventures, for my failures will be outweighed by the times I surprise myself and you;

Blessed are you who asked for my help, for my greatest need is to be needed;

Blessed are you who understand that it is difficult for me to put my thoughts into words;

Blessed are you who with a smile encourage me to try once more;

Blessed are you who never remind me that today I asked the same question twice, and

Blessed are you who respect me and love me as I am, just as I am, and not as you wish I were." (Contributed by Jack McCann of Woburn)

Nursery School Registration

On Tuesday, July 10, 1984, between 9:30 and 11:00 a.m., the Little Patriots Nursery School will hold their registration for September enrollment.

The school is located on the first floor of the Boys and Girls Club, 15 Green Street. Your child must be at least 2 years and 9 months old and toilet-trained to attend school.

Story Hour

The "Bedtime Story Hour" scheduled for Thursday, July 5, 1984 at the Charlestown Branch Library, 179 Main Street, has been cancelled.

These story hours will be held on Thursday evenings from July 12th through August 2nd at 7:00 p.m. Children, ages six months to five years of age are invited to attend along with their parents and friends, to hear some sleepy stories in the Children's Room at the Library.

It's A Boy ...

Mr. and Mrs. James P. Dolaher of Medford announce the birth of their son, James Joseph Dolaher, born on June 18, 1984 at the New England Memorial Hospital in Stoneham. James weighed 8 pounds 12 ounces and was 20 1/2 inches in length.

Maternal grandparents are Joseph and Elizabeth Sbuttoni of Medford. Paternal grandparents are James and Catherine Dolaher of Medford, formerly of Charlestown.

ARE YOU ELIGIBLE FOR FOOD STAMPS?

A representative from the East Boston Welfare Office will be at the Kennedy Center, 27 Winthrop Street, on Tuesday, July 3 from 9:30 a.m. to 2:00 p.m. to answer all questions on food stamp eligibility. This will provide a good opportunity for people who have trouble traveling to East Boston, to apply for food stamps in Charlestown.

Remember, if you wish to apply, you must provide the following verification;

- Identification showing your name and address
- Social Security Numbers of all household members
- Last five (5) pay stubs (or what you can find) of working members of the household
- Social Security/Pension/Annuity check or statement
- Unemployment compensation/other income documentation
- Bank book or current bank statement
- Proof of citizenship or alien status (if not born in U.S.)
- Utility bills (if you wish to deduct them)
- Receipts for care of child or other dependents
- Medical bills (only if sixty (60) years of age or over, or disabled)

If you have any questions, please call the Kennedy Center at 241-8866 and ask for Ed.

Attention Teenagers

The Boston Housing Authority is sponsoring a special summer work/study program in landscaping, gardening and basic educational skills. The program includes landscaping work at the Bunker Hill Housing Project and gardening work at a New Hampshire farm. Participants will work 15

hours per week at \$3.45 per hour. Ten to twelve hours of classroom work will also be required through which participants can "brush up" on their basic educational skills. The program will operate Monday through Thursday from July 9th to August 17th.

The program is limited to 18 participants. To qualify, participants must be ages 14 - 18, a school drop-out or not attending school regularly this past year. Preference will given to residents of the Bunker Hill Housing Development. For further information and applications, call Sandy McLaughlin at 242-3423 or come to the Life Focus Center at One City Square, Charlestown.

Seeks Homes For Spanish Students

91 Baldwin Street
Charlestown, MA 02129

Dear Friends,

We desperately need families with teenagers to volunteer to take in a Spanish student (from Spain) for the month of July. There are 22 of these students ranging in age from 13 to 18 years old and having a fair command of the English language. They would deeply appreciate the opportunity to improve their English and to learn about American family life and culture.

If you would be interested in taking in one of these students starting July 1, please contact me immediately at 253-5114 or 241-9205.

Muchas gracias!

In Memoriam - Amelia Peabody

Amy Peabody became a benefactor to Charlestown by giving a generous gift to the Charlestown Historical Society when it established the Bunker Hill Museum. She died recently at the age of 93, at her farm in Dover.

Over the years she supported many institutions such as hospitals, schools, and museums. She attended countless board meetings and frequently gave financial help - always anonymously.

She was also a fine sculptor. At one of her exhibitions, I purchased a small ceramic entitled "Dancing School" - gay and whimsical.

Women like Amy are a vanishing breed of "Old Bostonians". I feel that Charlestown should now know of her gift to us all.

Chef-Training Program For Low Income Students

If you are interested in a career as a chef or caterer, ABCD may have a program for you. For more than 1,400 low-income people, the ABCD Chef-Training Program has meant a top-level job in the culinary industry. One graduate of the program started her own food catering business. Another opened a luncheonette. A 60 year-old graduate began work three years ago at a salary of \$350 a week, room and board included.

Instructed by Chef Dominic Renda, a former chef of Boston's Ritz-Carlton Hotel, the Chef-Training Program offers a 14-week intensive course three times a year. The Parker House Hotel donates their renovated roof-top kitchen for classes. The program is open to low-income people aged 18 and up, who have completed the seventh grade. After graduation, students receive the diploma of sous-chef, the level before executive chef.

Students attend classes from Monday to Friday, from 7 a.m. to 2 p.m. They study sanitation, the tools of the trade, sauces and gravies, culinary terms, freezing and other culinary subjects. Chef Renda provides careful supervi-

sion as students cook a wide range of appetizers, entrees and desserts. In a real-world milieu which includes preparing and serving 15 - course luncheons for guests. Students also complete approximately two hours of homework each night. They receive a small stipend to cover expenses.

A major strength of the Chef-Training Program is its placement policy. Through Chef Renda's initiative and long-standing collaboration with area restaurants, almost every student receives an excellent job upon graduation. Starting salaries average \$300 a week in hotels, restaurants, country clubs, nursing homes, resorts, and colleges, all over the country.

"The ABCD Chef-Training Program is comparable to the finest cooking schools in the country," Chef Renda said. "But its costs are much lower. Similar private programs cost a student more than \$10,000 a year." Chef Renda also noted that the ABCD program serves as a model for similar programs throughout the country.

Winners In EPA Poem And Poster Contest

The U.S. Environmental Protection Agency announced that 29 Massachusetts entries have been selected for highest honors in its annual Elementary Education Ecology Poem and Poster Program. In addition, another 90 entries were selected as finalists in the environmental education program carried out in the New England states for the 12th consecutive year.

EPA Regional Administrator Michael R. Deland explained that those singled out for receiving highest honors received plaques while finalists

received certificates. The awards were presented by Boston Bruins star defenseman Mike O'Connell and Mr. Deland on June 11 at the Park Plaza Hotel in Boston.

Mr. Deland explained that for the past few months some 4,000 elementary school teachers have discussed the environment with students.

"As part of the program, each child, or class, prepared a poem, poster or short story dealing with an environmental issue. The two best entries from each class, or the single class

entry, were sent to EPA for judging. A citizens' review panel looked at each entry and selected the top 100 entries as plaque winners, and the next best 300 entries as certificate winners," he continued.

"The competition was keen. Some 100,000 youngsters took part in the program so to be selected as an award winner is quite an accomplishment," he added.

Among the Certificate winners was Mrs. Lund's

Third Grade Class at the Warren Prescott School in Charlestown.

Completes U.S.A.F. Course

Airman First Class Lawrence M. Conroy Jr., son of Lawrence M. Conroy of 23 Concord Street, Charlestown, and Judith A. Honaker of York, Maine, has graduated from the U.S. Air Force precision measuring equipment course at Lowry Air Force Base, Colorado.

During the course, stu-

dents were taught calibration standards to analyze, repair and maintain precision measuring equipment. They also earned credits toward an associate degree through the Community College of the Air Force.

His wife, Candy, is the daughter of John R. and Fern Harris of York, Maine.

From the desk of

Deputy Superintendent Joseph V. Saia, Jr.
Commander Officer, Area A

Downtown, Charlestown, East Boston, Beacon Hill

On June 14, 1984 at 8:00 a.m., Officers Buckley and O'Hear responded to Bunker Hill Street on the report of a fight. Upon arrival, the Officers spoke with the victim who stated that a white female, known to her, had assaulted her inside a store on Bunker Hill Street. The suspect is reportedly staying at the apartment of the victim's boyfriend. The victim was advised to seek complaints in Charlestown District Court.

A victim stated that on June 16, 1984, between 10:00 a.m. and 6:00 p.m., person(s) unknown entered his place of business on Rutherford Avenue and removed some computers and computer discs worth about \$4000. The victim also stated that in order to get up to the second floor where the items were stored, one would have to go through the store on the first floor, which was open for business on that day. This incident will be further investigated by Area A Detectives.

On June 17, 1984 at 5:45 p.m., a victim came into Area A Police Station and reported that while his motor vehicle was parked on Bunker Hill Street between 9:30 a.m. and noon, person(s) unknown entered his car and removed a brief case, wallet containing various credit cards and personal papers, Red Sox tickets, and a calculator.

A victim stated that on June 18, 1984 around 9:20 a.m., person(s) unknown broke into his motor vehicle, which was parked at High and Pearl Streets and removed two canvas bags, assorted clothing, and a check book. Entrance was gained by breaking the rear passenger window of the car.

On June 19, 1984, while on patrol on Walker Street, Police Officers observed two youths fighting. After breaking up the fight, the Officers found one of the youths to be trespassing. The Officers then arrested that youth, brought him to Area A and booked him for Trespassing. The youth was later released to his brother-in-law to appear in Charlestown District Court the next morning.

On June 20, 1984 at 2:50 a.m., Police Officers responded to Main Street on a report of vandalism. Upon arrival, the Officers spoke with the manager of the store who stated that two unknown white males went into the store, bought some items and then left. Seconds later, the manager heard a loud noise and saw the two males flee down Main Street on a red Honda motorcycle. The manager found a four inch by five inch rock inside the store, which was used to break the front window. No injuries were reported and a descrip-

tion of the suspects was given out over the Police Radio. This incident is to be further investigated by the Detectives.

On June 20, 1984 at 3:30 p.m., Police Officers responded to Polk and Medford Streets on the report of a unarmed robbery. Upon arrival, the Officers spoke with the victim who stated that while riding his bicycle at the above location, two unknown white males, about 17 years of age, riding a Honda scooter, threatened the victim and stole his bicycle. This incident is to be further investigated by Area Detectives.

During the past week, Police Officers recovered several stolen vehicles at the following locations: High Street, City Square, Bartlett Street, Douglas Street and Main Street.

Police-Community Service Meetings have been cancelled for the summer. They will be scheduled again, starting in September. Deputy Saia may be reached by telephone at 247-4240.

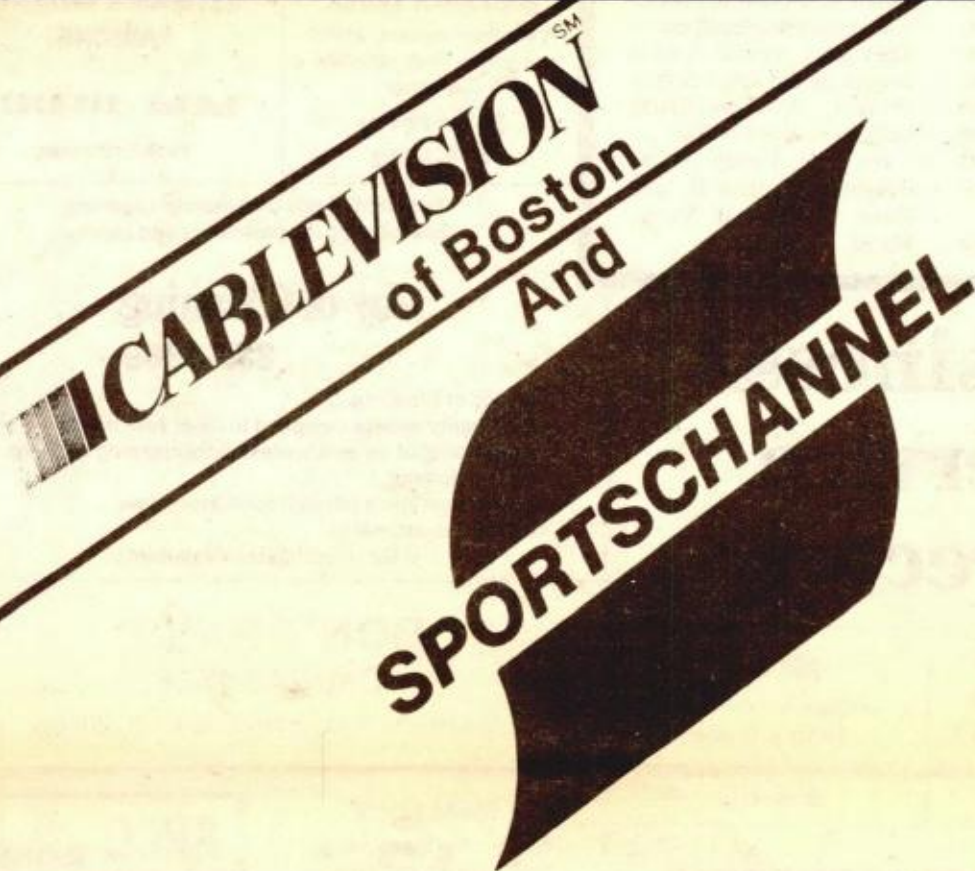

Report Drug Activity

Charlestown residents are being asked to assist the Boston Police Drug Control Unit in cracking down on the sale and distribution of illegal drugs in this community. Information is needed as to the locations of drug activities, the names of persons involved with the distribution of drugs, along with any and all other information on drug trafficking in the community.

Persons with such information, are asked to call the Drug Unit number, 247-4695, between 8:30 a.m. and midnight, seven days a week.

All information will be held in strictest confidence. Callers may remain anonymous. If a caller wishes to leave his/her name, that person's identity will be protected.

The Police need the cooperation of the residents. Report any drug activity to: 247-4695.

Motorized Bicycles - Law To Be Enforced

According to Deputy Superintendent Joseph Saia, Commanding Officer of Area A of the Boston Police Department, the following law governs the operation of motorized bicycles:

Chapter 90, Section 1B, governing the operation of Motorized Bicycles (which includes Mo-peds), a person operating such a vehicle must be 16 years of age and possess a valid learner's permit or driver's license. The vehicle is subject to all the traffic laws of the Commonwealth of Massachusetts. It must not exceed a 25 m.p.h. speed limit and does have access to all public ways except where otherwise prohibited (not permitted on express highways or limited access roads).

Deputy Saia, in response to numerous complaints from residents of the community, has stated that all police officers patrolling Charlestown will strictly enforce this law.
