

Summary: I see that as my audience expands, I need to be more careful how I present things, especially in this “Summary” section, because that seems to be the only part that gets propagated throughout the dinarosphere. Heaven forbid that anyone would follow the links in the body of the letter to reveal the evidence that I am summarizing here!

I had reported yesterday that Rod Rosenstein had resigned. Later in the day, the resignation was said to be untrue, but that he has a meeting with POTUS on Thursday. Today, the resignation letter has been revealed, written in the person of the Attorney General, but Rosenstein’s status of being resigned or not is still unclear. He still has the Thursday meeting.

After numerous stories about Steven Mnuchin being fired, arrested, under grand jury investigation, and/or still in his position as Treasury Secretary but inactive while investigation was underway, Mnuchin was seen last night at a US-Korea trade agreement signing with POTUS in New York. No obvious ankle bracelet was observed. Yet.

A Health Ranger article I linked to yesterday made its way to Alex Jones, and went viral after that. The article is important, and I am going to quote from it extensively today. It is about the new Executive Order about military tribunals, mass arrests, and the like. Mike Adams has already made two excessively long videos supporting his article, which are also linked below.

A source with connections at the Treasury indicates that all of the paperwork which Mnuchin was delaying is being reworked, and will be ready for signature by his assistant shortly.

"How do you know whether something is true? How do you convince others to believe the facts? Research shows that the human mind is prone to making thinking errors - predictable mistakes that cause us to believe comfortable lies over inconvenient truths. These errors leave us vulnerable to making decisions based on false beliefs, leading to disastrous consequences for our personal lives, relationships, careers, civic and political engagement, and for our society as a whole..."

Axios Publishes Text Of Rod Rosenstein Resignation Letter

One day after Axios White House Correspondent Jonathan Swan sent markets reeling by reporting that Attorney General Rod Rosenstein had "verbally resigned" in a conversation with White House Chief of Staff John Kelly, Swan is back with what he claims is the text of the resignation letter that the DOJ sent to the White House on Rosenstein's behalf.

The letter, which was reportedly written in the voice of Attorney General Jeff Sessions, declared that Sessions was "confident" that [Noel Francisco](#), the solicitor general who is said to be more amenable to Trump, would dutifully carry out the oversight of the Mueller probe.

Importantly, [Axios](#) said the statement's veracity was confirmed by three sources. *Read the brief statement in full below:*

Rod Rosenstein has served the Department of Justice with dedication and skill for 28 years. His contributions are many and significant. We all appreciate his service and sincerely wish him well.

Matt Whitaker, my Chief of Staff for the last year, will instill confidence and uphold the integrity of the Department as the second highest law enforcement officer in the Nation.

Finally, I am confident that Noel Francisco will oversee the special counsel with a commitment to justice as Acting Attorney General for this matter. As I have said before, the American people deserve an expeditious resolution of this investigation consistent with the rule of law.....

This is a good 18 minute summary entitled **Trump's Transparency Dagger in the Deep State's Heart**. He doesn't reveal anything that I have not been sharing from Q Anon, Fox News and other sources, but he does a good job of putting the pieces together. *I missed the importance of this article yesterday, so to encourage you all to read it, I am posting it again. Paul Craig Roberts: Welcome To The Truth-Free World

Truth Is Evaporating Before Our Eyes - Does anyone notice?

On September 17, I posted my column, *"Evidence is no longer a Western value."* I used as an example the blame that has been put on Russia for the shot down Malaysian airliner. **No evidence whatsoever exists for the accusation, and massive evidence has been presented that the airliner was shot down by the neonazis that seized power as a result of the Washington-organized coup in Ukraine.**

Blame was fixed on Russia **not by any evidence but by continuous evidence-free accusations** that began the moment the airliner was shot down. **Anyone who asked for evidence was treated as a "Putin apologist."** This took evidence out of the picture.

Wherever we look in these times, we see evidence-free accusations established as absolute facts: Saddam Hussein's "weapons of mass destruction," "Iranian nukes," "Russian invasion of Ukraine," the Trump/Putin conspiracy that stole the 2016 US presidential election, Syrian use of poison gas. **Not a scrap of evidence exists for any of these accusations, but the truth of the accusations is established in many minds worldwide.**

Huge Prediction About Trump's Executive Orders (Video)

EMERGENCY REPORT: Signed Executive Orders reveal Trump is planning mass arrests, military tribunals for deep state traitors like Comey, Clinton and Obama – UPDATE

by Mike Adams
Natural News

[\(Natural News\)](#) THIS IS A NATIONAL EMERGENCY SPECIAL REPORT

As the documents cited here clearly show, President Trump is planning to carry out mass arrests of deep state traitors, including Andrew McCabe, Peter Strzok, James Comey and even Barack Obama. This is fully covered, with accompanying documentation from the U.S. Federal Register, in the links and video below. (This author is fully supportive of this effort to save America and arrest the traitors.)

The confirmation of Kavanaugh to the U.S. Supreme Court is the key to getting this done in a timely manner, which explains why the deranged Left is going to such outrageous extremes to fabricate false allegations against Kavanaugh and stage coordinated, well-funded protests to try to block the U.S. Senate from confirming him.

Once Kavanaugh is on the court, it will add the necessary support for constitutional "emergency powers" that concentrate power in the executive branch of government (currently headed by President Trump) during times of war and national emergencies.

FACT: The United States has been operating under a state of declared war since September, 2001, following the 9/11 attacks.

FACT: The United States has been operating under a declared national emergency, signed by President Trump, since December 20, 2017 (see proof document, below).

In this detailed video analysis, I lay out the evidence for President Trump's plan to issue mass arrests of deep state traitors, then try them for treason under military tribunals. This is justified and lawful because the acts being committed against the United States of America by deep state traitors are **acts of treason during a time of declared war**. It is no coincidence that President Trump has deliberately funded the U.S. Pentagon with its most massive budgets ever conceived. This is because the Pentagon has agreed to run the military arrests of deep state traitors, under the direction of the Commander-In-Chief, President Trump.

President Trump, I believe, has decided to go to bat for America and utterly destroy the anti-American deep state crime ring that has been working for years to destroy this nation and end its national sovereignty. This will be Trump's legacy. He may not even run for re-election after 2020, since his entire plan to arrest the traitors and restore the rule of law in America will require him to step aside once certain goals are accomplished (see detailed explanation below).

Note that in order to accomplish this, President Trump will need to **declare temporary martial law**. (UPDATE: See clarification about "martial law" in the video appended to the end of this article.) He will need our support during this time to maintain order and civility across the nation as the arrests and trials of deep state traitors are under way. We should all expect mass violence and chaos from the Left, which is following the "Rules for Radicals," a blueprint for communist revolts and violent overthrow attempts of governments.

[See the documents for yourself... this is all posted on the U.S. Federal Register government website](#)

Here are the links to the documents cited in this comprehensive video:

Document #1: [Executive Order 13818, signed December 20, 2017](#). "Blocking the Property of Persons Involved in Serious Human Rights Abuse or Corruption"

This document specifically describes the crimes of Hillary Clinton, Barack Obama, James Comey and Robert Mueller under the "corruption" section, alluding to the [Uranium One scandal](#) and Obama's multi-billion dollar money laundering operation that handed nuclear weapons capabilities to Iran. It says that the executive order targets, "any foreign person determined by the Secretary of the Treasury, in consultation with the Secretary of State and the Attorney General... to be a current or former government official, or a person acting for or on behalf of such an official, who is responsible for or complicit in, or has directly or indirectly engaged in... corruption, including the misappropriation of state assets, the expropriation of private assets for personal gain, corruption related to government contracts or the extraction of natural resources, or bribery..."

This describes precisely what Clinton, Comey, Mueller, Obama, Brennan, McCabe and others carried out under the Obama regime. These are more than just felony federal crimes; they are **acts of treason against the United States of America**, carried out during a time of declared war.

From that document, here is President Trump's declared national emergency:

I therefore determine that serious human rights abuse and corruption around the world constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States, and I hereby declare a national emergency to deal with that threat.

Document #2: [Executive Order 13618, signed July 6, 2012](#) by President Obama. “Assignment of National Security and Emergency Preparedness Communications Functions”

This executive order grants the President absolute control over all U.S. media, including internet tech giants (social media), news networks and news websites. It specifically names:

...communications that support Continuity of Government; Federal, State, local, territorial, and tribal emergency preparedness and response communications; non-military executive branch communications systems; critical infrastructure protection networks; and non-military communications networks, particularly with respect to prioritization and restoration...

Document #3: [Executive Order 13825, signed March 1, 2018](#). “2018 Amendments to the Manual for Courts-Martial, United States”

Although much more difficult to read, this document essentially establishes the preservation of the government’s right to prosecute crimes of treason and deep state collusion against America, all of which may be prosecuted via military tribunals under existing U.S. law.

This would allow deep state traitors to be arrested by military police and subjected to military trials run by the Pentagon, completely bypassing the corrupt court system which has been deliberately stacked with complicit deep state traitors and “resistance” judges.

To accomplish this, President Trump must announce temporary martial law

For the record, I wholly support this effort to arrest and prosecute the thousands of [deep state traitors](#) who have become a cancer upon America. Were you aware that [James Comey was a communist](#)? John Brennan, of course, has remained a communist for his entire adult life, and Barack Obama was a radical Muslim who despised America and worked every day to undermine it through a variety of nefarious means (including allowing U.S. military encryption technology to be captured by Iran via the U.S. drone “GPS spoofing” incident).

For starters, Barack Obama personally authorized the [illegal “spygate” spying on Trump campaign officials](#). Barack Obama also allowed China to [hack 21 million U.S. military personnel records](#), effectively dumping the entire U.S. Pentagon database into the hands of Communist China.

For a full, detailed explanation of Obama’s treasonous crimes against America, [watch this extremely important video from REAL.video](#) (it has been banned from YouTube for obvious reasons):

[Hillary Clinton](#), Barack Obama, John Brennan, Andrew McCabe, Loretta Lynch, Peter Strzok and a long list of other traitors have been conspiring for years to **destroy America from within** and see it replaced with a communist regime run by authoritarian globalists. [Tech giants](#) like Apple, Google and Facebook are all part of the plan, which is exactly why you’ve seen every one of them working closely with China to roll out **authoritarian techno-tyranny infrastructure systems** that plan to enslave every citizen of the world, making them powerless and obedient to a globalist technocracy that runs the “one world government.”

Trump’s plan to rescue America from the globalists

In order to halt this global dictatorship and defend America against traitors who are working to destroy it, President Trump must carry out the following actions:

1) Achieve the release of the declassified, unredacted deep state documents from within the FBI and DOJ that will reveal the full extent of deep state treason against America. (The FBI and DOJ are currently stalling this effort, furthering their

treason against America and proving they have a lot to hide.) [Pelosi, Schumer, Schiff and Warner have already committed acts of treason](#) in calling on the FBI and DOJ to defy this presidential order.

2) Invoke the national emergency powers which are constitutionally granted to the executive branch of government. (Technically, this already happened in 2017.)

3) Invoke President Obama's executive order 13618 and **seize control of Google, Facebook, CNN, Washington Post and the New York Times** to halt the treasonous lies, coordinated election fraud and political coup attempt which is being run by all these traitors of America.

4) Use all controlled communications channels to publicly declare the details of the crimes (and criminal actors) which have been committed against America. Disclose everything to the America people about how their country had been overrun and destroyed from within.

5) Order military police to find and **arrest thousands of deep state traitors** who have been deliberately undermining America from within. This will include hundreds of people inside the FBI and DOJ, plus hundreds more in the State Department and other agencies. Arrests must also include traitorous, corrupt federal judges who have deliberately undermined America by, for example, blocking Trump's constitutional travel ban to protect America from enemy terrorists. Many traitors will attempt to flee the country, of course, and they will need to be located and brought to justice like former Nazi war criminals.

6) Issue an executive order demanding national voter ID for all future elections. No longer will America tolerate democracy being stolen by the votes of illegals who are granted voting rights by California and other complicit, anti-America states or cities.

7) Suspend elections during the military tribunals, but lay out a timeline for the restoration of elections and nationwide voting (with voter ID in place) to restore the rule of law and give America back to the American people.

8) Deploy the U.S. military along the southern border. Use the U.S. Army Corps of Engineers to build the wall.

9) Promise to resign the presidency once the rule of law is restored in America, signaling to the American people that Trump plans to hand over power to the next elected President within a reasonable time period. Americans will rightly be concerned about martial law morphing into a military dictatorship. Trump needs to assure the American people that his job is to destroy the deep state, restore the rule of law, then get out of the way and retire as the greatest U.S. President in history — the President who saved America from traitors and communists.

The American people will not tolerate a permanent military dictatorship in America, but **they will tolerate temporary martial law needed to drain the swamp, arrest the traitors and restore the rule of law.**

During this time, by the way, the entire FBI likely needs to be disbanded and rebuilt from scratch. The agency's credibility has been utterly destroyed by the actions of James Comey, Peter Strzok and others.

UPDATE: Further clarification about “martial law” powers and what’s needed to save America

Earlier today, Alex Jones picked up this story and republished the article and video at InfoWars.com. This resulted in a huge audience seeing this video, which of course generated a flurry of comments (and some criticism). The biggest question coming out of this was: Do I support martial law under Trump?

To answer this, I’ve posted an additional video. It explains how **we are already under martial law control of the deep state**, and why Trump needs to assert his own executive power to clean out the swamp and ultimately restore America to its constitutional republic status. I’ve even suggested that after this is accomplished, Trump should resign and step aside, handing back our country to the people.

What most people fail to realize is that **we’ve been living under many forms of “martial law” put in place by Obama** that are still damaging America and its citizens to this very day. For example:

- The tech giants’ deplatforming of InfoWars, Natural News and other pro-Trump channels is an extremely dangerous form of **digital martial law**, where citizens who say certain things are not allowed to exist in the online ecosystem.
- The left-wing media, now fully complicit in deep state treason against America, is handed daily marching orders by Obama’s CIA factions that determine what “news” is allowed to be broadcast across America. The “media” is not the media. It is the anti-America propaganda arm of Obama’s CIA, which is still in power and still working to destroy this nation.
- Deranged left-wing activists have placed all prominent conservatives under a form of *de facto* martial law where no prominent conservative can venture out in public without being harassed, threatened or violently attacked by hysterical anti-Trump lunatics.
- The economic sabotage now being committed against InfoWars and other pro-Trump platforms (by PayPal, Citibank and others) is a form of **financial martial law**, where deep state-driven financial institutions commit selective economic sabotage against targets identified to them by Obama’s CIA.
- Close associates of Trump now routinely find themselves indicted and prosecuted by Robert Mueller under a kind of **prosecutorial martial law** where only selected political targets are subjected to legal scrutiny while pro-Clinton operatives are granted universal immunity from all crimes (including those crimes committed by Hillary Clinton herself).
- The Obama administration **weaponized government agencies** against targeted citizens’ groups, deploying the IRS to enforce a selective “taxation martial law” policy of denying tax exempt status against conservative non-profits.

The question is not whether you want to live under martial law; the question is whether you want to continue to live under Obama’s “deep state martial law” where the media, the courts, the prosecutors, the tech giants, the IRS and every other element of the deep state is targeting conservatives and Trump supporters for complete destruction.

In order to defeat Obama’s deep state treason, we are going to have to go through a “lock down” period that will enable President Trump, in conjunction with the U.S. military, to carry out the necessary arrests and prosecutions of deep state traitors who have infiltrated every level of the U.S. government. This “lock down” period needs to be supported by all patriots to give Trump the time he needs to achieve a clean sweep of deep state traitors who, as he explains, have become “a cancer” on America.

Make no mistake: **America is a nation under siege right now**. President Trump will need to invoke extraordinary powers to defeat the deep state and deliver America back to the people.

Watch my follow-up video for a more detailed explanation:
