

the ID's prospect for transforming the United Nations organization and the UNSC into Global Democracy of the UNGA and the Legal and Equivalent Order of Justicial and ALL Security rights

the Earth 2016

the Prospect under facts,

Today the Generations of the New World created by the past generations of the UN policy, every powers is centralized into the UNSC, the USA, the UK, the CFP, the RF and the FR, the generations of policy who only abuse their rights and damage our freedom or world, be interest of their personal profit.

the Chinese popular republic with attempt's to territorial occupation, start of government be holocaust's and genocides, today develop army only for their power and safety without respect of us, and the Charter of UN.

the Russian federation with annexation of Crimea peninsula and with all public dis-respect international rights, use rights for WMD's development only for interest of threaten against International policy.

the France, today outstrip the Crimes of World War II., and Brutally violent International Rights, strategically support genocide against 300.000.000 dead people and threatened be the 7.000.000.000 people liquidation.

the USA, not supporting Declaration's of State's Safety rights and Strategies of defense, the USA today too support the terrorism of France, and abuse the NATO for real terrorism acts and overthrow of foreign regimes.

the United Kingdom, only one government who is active under Justice.

the United Nations, today based on Security decentralization, without option for acts of immediately reaction and peace function.

the ISIS without problem develop the State into sovereign territory of Iraq and Syria, today start in Libya, terrorist regime of ISIS without stop be military opposition equivalent power, the ISIS state as only few radical groups against whole world, and all stability.

the Libyan government into exile, and without option of emergence. the Iraq government in the same situation, and I'am today full under terrorist occupation.

the World without stability, and terrorist groups can develop their power, the UNGA have rights for progress, the UNSC lose their duty.

the World Diamond, Global democracy and equivalent, urgent powers and Global Safety function.

the King Peter Gottwald, draw under occupation, and occupation be not stable global political system, the World of Anarchy.
