**Article deleted after 16 years by covert Wikipedia Admin „Daniel“ on 26 Dec. 2022 (... XMAS gift!) ... deleted on request of dubious hidden Wiki-Volunteers, their names are:**

**Quote: „no critical coverage found, only on streaming sites, completely promotional, unsourced article, unnotable, irrelevant, PiCNT (apparent COIs) etc. pp.**

**DON'T DONATE IN WIKIPEDIA, they want to get millions from anybody, but they don't want to support any band!**

**PISCIDE** is an **electro-industrial** project created in 2004 by Anke Scheffler & Markus Rink. After prosperous remixes, the band was formed and they created their first concept album "illic faralis" which was released at the end of the year 2006.

### History

Anke Scheffler is the mastermind of PISCIDE, to exhaust synthesizers and sequencer is her passion. She did first sound experiments in the years before on **Commodore 64**, **AMIGA**, Atari Falcon and other musical hardware. All of the PISCIDE sounds and voice are created by Anke Scheffler. Markus Rink is the 2nd brain in the project, he writes some of the lyrics and he also makes the artworks. In 2004 the band remixed some well known bands like **Agonoize** and released Christmas 2006 their first full-time concept album "illic faralis". In 2007 they signed a record deal for the 2nd album "ElekkroShokk" with **Biohazard Records**. In 2008 they have left Biohazard Rec. for professional reasons to release further under their own label **Fundamenth Media**.
