## Welcome to our price list of essentials for Paint a Pot Studios

### DUNCAN AND GARE PRODUCTS

Cromartie are the authorised UK distributors for the two leading manufacturers, Duncan and Gare. Please see separate Duncan and Gare price lists and catalogues.

### WEBSITE

For our full range of products, new, health and safety information and more see our website. [www.cromartiehobbycraft.co.uk](http://www.cromartiehobbycraft.co.uk)

### HOW TO ORDER

We can accept orders by post, telephone, fax, email and online through the website as well as in person in our showroom. Payment can be made using most credit and debit cards. If your transaction declines this may cause delay in despatching your order. We can also accept payment by BACS or cheque, made payable to Cromartie Hobbycraft Ltd (Please allow up to 5 days for Bacs payments and cheques to clear before goods are despatched). We will invoice educational establishments, hospital, governments institutions etc on a thirty day credit account on production of an official order.

### SPECIFICATION AND PRICES

We reserve the right to make alternations to both specifications and prices should the need arise.

### CARRIAGE CHARGES

Cost of carriage is determined by size and weight of the order and destination.

### VAT

Please note that our prices do not include VAT which must be added to all prices in this catalogue.

### FURTHER INFORMATION

If the items you require are not shown in our price list we may still be able to obtain them for you. If you would like more information on our products please call us and we will do our best to help you.

### CONDITIONS OF SALE

Our conditions of sale are available on request

### SKUTT KILN INFORMATION

Please see our separate Cromartie-Skutt brochure for prices and specifications.

### BEFORE ORDERING

Check the kiln will fit through doors and up stairs and that you have sufficient power to run the kiln. If there is a problem please call us as we may have a solution.

### DELIVERY

Prices quoted in our kiln brochure are for kilns delivered to ground level at your door in readily accessible areas of the UK mainland. The kiln will arrive packed on a wooden pallet, you will need some assistance with unpacking.

### DIFFICULT ACCESS

If access is difficult please call us and we will discuss all the options. If it is necessary to dismantle a kiln contact us first to ensure that it is done safely and within terms of the warranty.

### DAMAGE ON DELIVERY

Please check the kiln immediately on delivery, if not inspected sign unexamined. If damaged telephone Cromartie immediately, failure to do so may invalidate any claims.

### AFTER SALES AND TRAINING

If you have any concerns about the operation of the kiln call our technical department. We also offer chargeable training at your premises covering the safe operation and maintenance of the kiln, programming your controller and advice on firing cycles, please as for details.

### SPARES

We can supply elements and many spare parts for Cromartie kilns. When ordering please give us as much information as possible including the kiln model, KW loading and serial number as shown on the data plate on the kiln.

### MAXIMUM FIRING TEMPERATURE

Please note that kilns are not just rated for temperature but also for heat work, that is temperature and time together; hence we quote cone numbers as well as temperature. Prolonged soak at high temperature may increase heat work beyond the specification and could invalidate the warranty. If you have any questions about high temperature firings, please call our technical department

## Glazing Accessories

	<p><b>Glaze Tongs</b> Use glaze tongs to dip bisque into dipping glaze; because they have a very small point of contact, damage to the painting is minimised</p>	CH6121	£8.80
	<p><b>Large Sprung Glaze Tongs</b></p>	CH6122	£14.00
	<p><b>Paint Safe Drying Mats - Pack of 6</b> After dipping, place glazed items on the grid to allow excess glaze to drain spiked surface minimises disturbance to glaze</p>	CH6400	£19.00
	<p><b>Glaze Mixer</b> Economically priced yet very robust, this zinc plated power tool attachment mixer is ideal for mixing glazes and slip. Dimensions: 60mm diam impellor 430mm shaft</p>	CH6501	£3.75
	<p><b>Holes Glaze Mixing Stirrer</b></p>	CH6509	£3.12
	<p><b>Viscosity Cup</b> Viscosity cups are for checking that your dipping glaze is of the correct consistency, they are essential equipment for busy Paint-A-Pot studios. You simply count the number of seconds glaze takes to run through the hole in the cup. Our glazes run at a rate of 19 to 24 seconds but they do vary so check for the exact time for your glaze</p>	TL-0497	£8.50
	<p><b>60 Mesh Sieve to fit 3.5 &amp; 5 Gallon Tubs</b> We suggest using a mesh sieve if you see particles of dried glaze, fabric, hair, kiln pieces, etc., in your bucket or on your dipped pieces.</p>	6412	£19.99
	<p><b>Cromartie Bisque Dryer - Special order approximately ETA 1 week.</b> No more hanging around for ware to dry on a cold damp day - speed up your dipping process with this Bisque Dryer. Place the painted pieces into the dryer and they'll be ready to glaze inside half an hour. After dipping put the ware straight into the dryer, they'll be ready to fire in half an hour</p>	CH7230	£520.00

## Firing Stilts

	Mixed Firing Stilts Pack of 15	CH6126	£18.75
	Flat Xmas or Bead Firing Stand	CH6124	£20.20
	Single Point Stilts (Pack 3)	299-114-05	£12.70
	3/4 Triangle Firing Stilt	6709	£0.87
	1 1/4 Triangle Firing Stilt	6710	£1.15
	1 1/2 Triangle Firing Stilt	6711	£1.55
	2 1/4 Triangle Firing Stilt	6712	£1.67
	2 3/4 Triangle Firing Stilt	6713	£1.98
	3 5/8 Triangle Firing Stilt	6714	£2.27
	2 3/4" Bar Stilt with 2 3/4" Wires	6725	£3.75
	4 1/2" Bar Stilt with 5 3/4" Wires	6726	£4.50
	Egg Bar Stilt 6" L - 7 Holes	6729	£14.00
	3" Tall Stilt - 2 1/8"	6727	£2.40
	Hexagon Bed of Nails 92 pins 10cm, 9cm	6728	£9.00
	2" Bar Stilt with 5 Points	6719	£1.50

## Firing Stilts

	<b>3 ¼ Bar Stilt with 10 Points</b>	6720	£1.80
	<b>4" Bar Stilt with 10 Points</b>	6721	£1.90
	<b>4" Bar Stilt with 20 Points</b>	6722	£2.40
	<b>3 ½ Bar Stilt with 9 Points</b>	6723	£2.05
	<b>3" Base Stilt with 4" Rods 4" Base Stilts with 6" Rods</b>	6715 6716	£3.64 £4.65
	<b>3" 15-4 Four Point Stilt (3 per pack)</b>	320-072-05	£2.80
	<b>3 ½" 16-4 Four Point Stilt (3 per pack)</b>	320-073-04	£1.50
	<b>Firing Rods 10cm (3 per pack)</b>	CH6129	£2.60
	<b>Firing Rods 20cm (3 per pack)</b>	CH6130	£4.99
	<b>Firing Rods 14cm - Ideal for use with small, large &amp; jumbo baubles without bending. (3 per pack)</b>	CH6131	£3.80

## Shelf Spacers and Tee

	<p><b>11" Tee Crank - Sold Individually</b></p> <p>Tee cranks are refractories for plates that are stacked to form a stable and secure assembly to support the ware during firing.</p>	CH9222	£14.22
	<p><b>Distance Spacer</b></p>	CH9221	£0.25
	<p><b>16mm Spacer</b></p>	CH9224	£0.54
	<p><b>28mm Triangular Pins to suit (Tee) Plate Crank (bag of 100)</b></p>	CH9171	£4.70

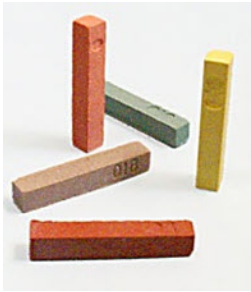

## Tile Cranks

	<b>4" Tile Crank Base/Covers (102mm) N4BCS</b>	CH9200	£3.20
	<b>6" Tile Crank Base/Covers (152mm) 6BC2</b>	CH9201	£3.20
	<b>8" Tile Crank Base/Covers (203mm) N8BC1</b>	CH9202	£4.90
	<b>15's Upright for Tile Crank (Holds 15 tiles)</b>	CH9211	£5.30
	<b>19's Upright for Tile Cranks (Holds 19 tiles)</b>	CH9212	£5.50
	<b>Refractory Cement</b>	CH9232	£9.99

## Self Supporting Cones

	<p>Cones measure the combined effect of temperature and time,(heatwork). They are sometimes referred to as Witness Cones.(Box 25)</p> <p>Orton Self Supporting cone SSB 022 574°C at 60°C/hr                      Orton Self Supporting cone SSB 021 600°C at 60°C/hr                      Orton Self Supporting Cones 020 - 626°C at 60°C/hr                      Orton Self Supporting Cones 019 - 678°C at 60°C/hr                      Orton Self Supporting Cones 018 - 712°C at 60°C/hr                      Orton Self Supporting Cones 017 - 736°C at 60°C/hr                      Orton Self Supporting Cones 016 - 769°C at 60°C/hr                      Orton Self Supporting Cones 015 - 788°C at 60°C/hr                      Orton Self Supporting Cones 014 - 807°C at 60°C/hr                      Orton Self Supporting Cones 013 - 837°C at 60°C/hr                      Orton Self Supporting Cones 012 - 861°C at 60°C/hr                      Orton Self Supporting Cones 011 - 875°C at 60°C/hr                      Orton Self Supporting Cones 09 - 920°C at 60°C/hr                      Orton Self Supporting Cones 08 - 942°C at 60°C/hr                      Orton Self Supporting Cones 07 - 973°C at 60°C/hr                      Orton Self Supporting Cones 06 - 995°C at 60°C/hr                      Orton Self Supporting Cones 05½ -1012°C at 60°C/hr                      Orton Self Supporting Cones 05 - 1030°C at 60°C/hr                      Orton Self Supporting Cones 04 - 1060°C at 60°C/hr                      Orton Self Supporting Cones 03 - 1086°C at 60°C/hr                      Orton Self Supporting Cones 02 - 1102°C at 60°C/hr                      Orton Self Supporting Cones 01 - 1117°C at 60°C/hr</p>	<p>CH9500/A                      CH9500/B                      CH9500                      CH9501                      CH9502                      CH9503                      CH9504                      CH9505                      CH9505C                      CH9505D                      CH9505E                      CH9505G                      CH9505H                      CH9505B                      CH9505A                      CH9506                      CH9507A                      CH9507                      CH9508                      CH9509                      CH9509A                      CH9510</p>	<p>£7.49                      £7.49</p>
