## FOAM'S IN, ACNE'S OUT

Cleansing is the most important step for a clear complexion, which is why Shay loves Bioré® Baking Soda Acne Cleansing Foam. This thick cleansing foam is gentle on skin, but tough on acne! With natural Baking Soda and Salicylic Acid, it dives deep into pores to remove deep down levels of daily dirt and oil.

GREAT FOR COMBINATION SKIN

Foam is super soft and oh so fun!

## PORES ON POINT

Pore care is the best care for beautiful skin. With Bioré® Deep Cleansing Charcoal Pore Strips, Shay keeps her skin healthy and her selfie game on point. Infused with natural charcoal, these strips instantly unclog pores and draw out deep down dirt and oil for the deepest clean.

The deepest clean you can see for yourself...if you're into that sort of thing ;)
