# Tracking Worksheet(s)

# Tritons United: Against Gender-Based Violence Resource Kit:

## Tracking Worksheet(s)

**Instructions:** This tracking worksheet is not a required form. The UMSL-campus 1<sup>st</sup> responder (i.e. UMSL-PD, Title IX & Equity Office, CARE team, Res Life-RA, campus security authority, etc.) can decide whether or not to use this worksheet. However, this tracking worksheet can be utilized for personal record keeping and/or maintaining personal notations that can help assist both the UMSL-campus 1<sup>st</sup> responder and/or the complainant and/or the bystander party during the process of when a report is being made.

For purposes of this tracking worksheet, definition of terminology:

An **UMSL-Campus 1<sup>st</sup> responder** is identified as those campus entities who are responsible for receiving campus incident reports such as UMSL-PD, Title IX & Equity Office, CARE team, Res Life-RA, dispatch, campus security authority, etc.

An individual coming forward to provide a report regarding a campus gender-based violence and/or campus safety incident is identified as the **complainant**. A complainant can be the identified victim/survivor, but it also includes bystanders or anyone else coming forward regarding the campus incident.

Mark/Fill in the information next to the identified reporting agencies and support services agreed upon for the identified complainant.

**For page #7:** Entitled “*Complainant Information*” will be filled out by the **UMSL Campus 1<sup>st</sup> responder** (i.e. UMSL-PD, Title IX & Equity Office, CARE team, Res Life-RA, campus security authority, etc.) will circle or place a check mark next to the resources/reporting services the complainant party agrees they will reach out to for assistance. The UMSL-Campus 1<sup>st</sup> responder can tear off and keep page #7 for their own personal record keeping/notations and they can leave the remainder of the tracking worksheet and Gender-Based Violence (GBV) resource kit with the identified complainant.

**For page #8:** Entitled, “*Resource & Support Services*” will be filled out by the **complainant** regarding which reporting services and support resources they agree to contact.

# TITLE

## TITLE IX & EQUITY OFFICE

# UMSL

UNIVERSITY OF MISSOURI-ST. LOUIS

## TITLE IX

*“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.”*

Sex-based discrimination occurs when a person has been treated inequitably, based on sex, pregnancy, gender identity or gender expression. Sex discrimination is prohibited by university policy and federal law in educational programs, activities and employment receiving federal financial assistance. The university policy applies to all students, employees, volunteers and visitors at the university and prohibits sexual harassment, sexual misconduct and other forms of sex discrimination as defined in Section 600.020 of the Collected Rules and Regulations.

[umsl.edu/title-ix](https://umsl.edu/title-ix)

## IMPORTANT TO KNOW

If you have experienced relationship or sexual violence, domestic violence, stalking or sexual misconduct, we are committed to supporting you. If you are in danger or need immediate medical care, call Campus Police at 314-516-5155 if you are on campus. Dial 911 if you are off campus. A listing of resources, including confidential resource information, is provided in this brochure. To help someone who has experienced sexual misconduct, the three most important things are to support, listen and believe. Sexual Assault is never the survivor's fault. You may help your friend by assisting her, him or them in choosing options for getting support, getting medical attention and reporting what happened.

A report can be made by contacting the Title IX Coordinator or online at [umsl.edu/title-ix/](https://umsl.edu/title-ix/). If you choose not to file a report with the Title IX Office, we would encourage you to file an anonymous report to help the university identify misconduct patterns regarding a particular location, method or offender, and to ensure we can notify the greater campus community of potential dangers, if needed.

## EQUITY

The university does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, protected veteran status and any other status protected by applicable state or federal law.

Under the university's Equal Employment/Educational Opportunity and Nondiscrimination policy 600.010, conduct that is based on protected status that adversely affects a term or condition of employment, education, living environment or participation in a university activity is defined as discrimination. The conduct would apply to any phase of its employment process and any phase of its admission or financial aid programs.
