

Annual Good Friday March

The Charlestown Ecumenical Good Friday March of the Cross is scheduled, rain or shine, for Friday, April 1, 1983. Members of each parish will carry the 10 foot cross from

their church to the next one en route. At each of the six churches, the marchers will listen to reflections and pray.

Young and old ... new residents and old "Townies" ... all Christians join together in this march as a way of keeping Good Friday holy. All will assemble at Thompson Square at 10:00 a.m., and finish near the Monument about noon. The route is outlined below. Marchers may join in at any point along the way.

10:00 a.m. Assemble at Thompson Square

10:15 a.m. at St. John's. Devens Street - Journey into the Desert

10:30 a.m. at St. Mary's, Warren Street - Journey to Glory

10:50 a.m. at First Church, Green Street - Journey to Conversion

11:15 a.m. at St. Francis, Bunker Hill Street - Journey

ASBESTOS LUNG DISEASE

Asbestos dust causes serious lung ailments; the diseases appear suddenly, years after exposure. Today numerous shipyard workers, masons, and pipefitters of the 1930's-1970's have lung afflictions because they inhaled asbestos particles many years ago.

If you worked in one of those professions then and now have a lung disease, you may be eligible to receive money damages or workers' compensation. Relatives of living and deceased victims can also recover in some cases.

To learn your rights free of charge, or to bring an asbestos claim, contact:

Seven Arrested On Rape And Kidnapping Charges

by Maria Girvin

Friday. April 8 has been set as the date for a probable cause hearing involving charges against seven Charlestown men accused in the rape and kidnapping of a 17 year old Mendon girl.

Arrested in the early morning hours, Tuesday, were Brian Mahoney of 42 Mt. Vernon Street, age 23; Quinlan Sullivan of 42 Green Street, age 23; Joel Durham of 121 Walford Way, age 23; Carl Reagan of 46A Pleasant Street, age 24: Gary Maher of 23 Cordis Street, age 21; John Aubrey, of 45 Mystic Street, age 21 and Joseph Owens of 103B Old Ironsides Way, age 21.

The seven were in the arraigned **Charlestown District Court** on Tuesday afternoon at which time bail was set by Judge Mary Brennan. All face charges of kidnapping and indecent assault and battery. Mahoney and Owens also face rape charges.

According to Detective Sergeant Frank Graham,

Announcement

The Mayor's Office of Housing is consolidating it's neighborhood site offices during March and the East Boston office located at 148 Maverick Street will be relocated and combined with our Charlestown office. This combined office will serve low and moderate income homeowners of the East Boston, Charlestown and North End neighborhoods from the office located at 232 Bunker Hill Street. The Mayor's Office of Housing will continue to offer housing rehabilitation funds and programs designed to help qualified participants with today's high repair costs.

Homeowners whose income meets standard guidelines can receive professional rehabilitation and financing assistance and Housing Rehabilitation or Home Loan Program monies to pay part of the costs to replace roofs, boilers, porches and other costly repair items

For information on our programs, or to schedule an appointment to apply for housing rehabilitation assistance, call the Charlestown office at 241-9110 or contact the Central Administrative office at 725-3180.

Meeting of the

Quinn Scholarship Winners

In June of the Bicentennial year, Arthur Crotty emerged as the 1976 Quinn Scholarship winner. The Don Bosco Technical High School Alumnus went on to attend Wentworth Institute in Boston where he earned an A.S. degree in Engineering in 1978 and a B.S. in Engineering in 1980. Arthur still resides with his parents, Mr. and Mrs. Arthur Crotty, at 58 Soley Street in Charlestown.

He is currently employed as a structural engineer for Charles T. Main Engineers, Inc. He was promoted to designer after only six months on the job and was recently cited by his firm for his work on time and money-saving techniques which resulted in company-wide implementation. Arthur, like many of the Quinn Scholarship winners, plans to return to school and continue his education. He plans to continue with his present career and attend school evenings and earn a Master of Business Administration Degree.

Arthur recently offered a personal observation of what the Quinn Scholarship meant to him. He stated, "The Quinn Scholarship was a goal for me when I was in high school. but more important is that with each winner's accomplishments highlighted year after year, it becomes an even greater goal for future applicants to strive for

Arthur's own words summarize what many have said the Quinn Scholarship represents to them. It is a worthwhile community endeavor that has prestige and distinction and is embellished by each winner's accomplishments

operated are:

1. The term of occupancy is six months, commencing on May 1, 1983

2. The license shall be terminable on thirty (30) days written notice from the Authority.

3. Bids will be based upon a monthly payment for use of the premises

4. The marina is to be operated for use by the general boating public seven days a week from May 1, until November 1, and on temporary tie-up basis at legal market rates as established by the Licensee.

5. Bidders must have at least one year of experience in managing marinas of comparable size.

Maximum length of stay at the Marina shall not exceed three days.

Plan of the marina, proposal forms and license forms, containing full requirements for bidding and operating the lot. may be obtained upon the payment of \$50.00 in cash or certified check, nonrefundable, payable to BOSTON REDEVELOPMENT AUTHORITY, daily at the office of the Authority, City Hall, Room 910, on or before 12:00 o'clock, noon. EST, April 15, 1983, at which time and place all proposals will be publicly opened and read.

The Authority reserves the right to reject any and all proposals.

> KANE SIMONIAN, Secretary BOSTON REDEVELOPMENT AUTHORITY

Sugar is the major cause of tooth decay. Despite this, the average person consumes about 126 pounds of sugar a year. (That's enough to make about 10,000 chocolate chip cookies!) No wonder the average person has 10 decayed teeth before his or her 15th birthday.

How does sugar perform its dreadful deed? When you eat sugary snacks, the sugar reacts with bacteria in your mouth that form colonies on the teeth. These sticky colonies of bacteria (called plaque) convert sugar to acids and tooth decay results. Simply, sugar is the fuel for tooth decay.

Every time you snack on a surgary food, these acids are working for at least 20 minutes afterwards (so three sugar snacks or drinks a day create an hour's worth of acid attack). The longer a surgary food lasts in your mouth, the greater the risk of tooth decay. Sticky and chewy forms of snacks are more harmful because they tend to cling to your teeth longer.

The best decay prevention is to reduce your consumption of sugar combined with daily brushing and flossing to keep plaque from organizing.

A public service to promote better dental health. From the office of Jeffrey D. Cohen, D.M.D., 338 Main Street, 242-3550.

THE CHARLESTOWN PATRIOT and SOMERVILLE CHRONICLE **ILA Ruling Upheld By Labor Board**

by Maria Girvin

A recent Labor Board decision to uphold International Longshoremen's Association (ILA) container rules could result in re-hiring of the longshoremen recently laid off at Massport's Moran Terminal in Charlestown, according to Port Director Martin Pilsch.

To go into effect April 18th. the so-called 50-mile radius rule was finally ruled as a valid "work preservation" device by the National Labor Relations Board who obtained a federal court injunction in February 1981. Under the rule, containers with freight of more than one shipper, and moving to or from a point within 50 miles of a port, had to be "stripped and stuffed" by ILA labor at the piers. "Stripping and stuffing" is the term used by ILA laborers meaning unpack-

ing or packing containers. In recent union negotations between Boston ILA and Massport. blame was put on the injunction which labor leaders said was causing the port to lose much of their business and causing Massport to layoff many clerks who were responsible for stuffing and stripping, because of a work shortage.

No comment was available at present from Boston union leaders. pending an April 13th meeting of the longshoremen's union with ILA president Thomas W. Gleason in Florida.

Opening the ruling have been the American Trucking Associations, a number of non-vessel-operating common carriers (NVOs, whose business includes consolidating of containers

at off-pier locations, usually with non-ILA labor) and some warehousing firms.

These parties are expected to file an appeal in the U.S. Circuit Court of Appeals in New York or Philadelphia. Moreover, it is expected they will seek a court or government order that will prevent the April 18 implementation of the contreversial rules which have been contested for most of the last decade.

If a court injunction is not issued, the same result might be accomplished by a cease and desist order by the Federal Maritime Commission which has its own investigation of the ILA rules in progress to determine whether they discriminate against some shippers or are in violation of the 1916 Shipping Act.

Another decisions won by

the ILA included the right of ship lines to control their containers and negotiate a contract denying use of those containers to off-pier consolidators using non-ILA labor

Although the ILA won on two major points, the trucking firms won an important exception - the right to unload ocean containers at their truck stations within the 50-mile zone and reload the contents into trucks for highway transportation. "Traditional warehousing" was also declared beyond

Happy Birthday Mary Holubowich Love, Pauline

the reach of ILA rules. By "traditional warehousing." it is meant that container loads taken to an offpier warehouse must remain there for 30 days or at

savings and decreased

burner maintenance.

least that 30 days' storage be paid. ILA had insisted on this rule to discourage stripping and stuffing of container with non-ILA warehouse labor.

Seven Arrested

(continued from page 1)

reported that she was repeatedly raped by two men and sexually abused by the others.

Through photo identification of Mahoney and Sullivan and through police investigation, five of the men were arrested while two. Aubrey and Maher, turned themselves in.

All but Aubrey have prior records with Mahoney having been convicted of rape in a prior case. Presently, he awaits sentencing for other crimes in the Suffolk Superior Court.

Life-long residents of Charlestown, the seven answered Judge Brennan's questions with jackets over their heads to avoid publicity from the TV cameras stationed in the court room.

Bail has been set as follows: Mahoney - \$200 thousand surety or \$50 thousand cash alternative; Owens - \$100 thousand surety or \$15 thousand cash alternative: Durham - \$20 thousand surety or \$2 thousand cash alternative; Reagan - \$50 thousand surety or \$5 thousand cash alternative: Maher - \$50 thousand surety or \$5 thousand cash alternative; Aubrey - \$20 thousand surety or \$2 thousand cash alternative and Sullivan -\$50 thousand surety or \$10 thousand cash alternative.

Community School News

A Cable TV Information and Training Orientation session will be held at the Kent Cafeteria, 50 Bunker Hill Street on Thursday evening at 7:00 p.m. Everyone is invited. Now that cable is being laid in Charlestown people may be interested in what it all means.

An Advanced Aerobics Class will begin at the Kent on Tuesday evening, April 5th, at 7:00 p.m. Pauline Davis will conduct the sessions. The class will meet each Tuesday and Thursday night from 7:00 - 8:00 p.m. for ten weeks at a cost of \$25.00. The fee can be paid over the first three weeks of the class meetings. This may be an appropriate time for people to get in shape before coats disappear and the warm weather is upon us.

The next dates for the GED Test are April 26th, 27th, and 28th. To date thirty area residents have taken one or more of the tests required for GED certification. You do not have to be enrolled in a GED Class to take the GED Test. Registration for these dates will be open until April 15th. There is a \$5.00 application fee and a \$3.00 charge for each of the tests to be taken.

The Community Schools will be closed in observance of Good Friday. We wish everyone a Happy Easter!

Three local hockey enthusiasts, Bob McGann, Mark Urquhart and Kevin Gallagher, would like to start up an Ice Hockey Equipment Co-op. Their point is that hockey equipment is very expensive and that some people in Town may have serviceable, but unused, equipment taking up space in the cellar. They would like to see this equipment made available to some of our young players who otherwise would not play for lack of equipment. Therefore, the Kent/Charlestown has agreed to be a repository of any equipment that residents might like to donate. If you have

Dance Series For Seniors

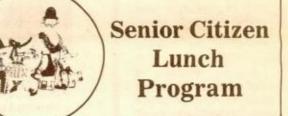

Dance classes for Charlestown seniors begins Thursday. April 6 at 12:45 p.m. Six weeks of popular line dance instruction by Ed Koenig will take place at the nutrition site at 114 Rutherford Avenue. The series costs \$6.00 payable in advance or at the first

Travaglini urged each delegate to "adopt those measures which address urban and neighborhood issues.

In comments to this newspaper. Travaglini stated that neighborhood issues 'have to be among the most important issues the Democratic Party has to face at its convention this year." Travaglini said Too often, we get so caught up in issues which are national, or even international in scope, at the expense of equally important issues which affect the quality of life for the people in our communities. As a City Councilor, one contribution I hope to make is to focus the attention of the Democratic Party to the neighborhoods, to make the Party sensitive to our needs and responsive to our concerns.

Travaglini is running in the new District City Council race. The District covers East Boston, the North End and Charlestown.

(political adv.)

THE CHARLESTOWN PATRIOT and SOMERVILLE CHRONICLE

Construction Begins On Charlestown's Cable Television System

Construction of Charlestown's cable television system began ahead of schedule this week to link the community with Boston's historic 210channel network which is considered the largest, most advanced and innovative system in the nation

The citywide system was designed and is now being implemented by Cablevision of Boston. Costing approximately \$100 million, it will involve 800 miles of coaxial cable to provide an unprecedented variety of programming to the city's 240.000 households, plus nonprofit institutions and businesses.

The primary contractor building the monumental network. McCourt Cable Systems. Inc., of Boston, plans to proceed along

Washington Street to City Square in Charlestown, then expand the project throughout the entire community. It will include about seven miles of trenching in streets.

We expect to complete the major construction in Charlestown by the end of April," said David C. Mc-Court, president of the construction firm. "While we know our work will cause some inconvenience, we pledge to do the best possible job with the least possible disruption.'

His company is an affiliate of the John McCourt Company which is the oldest continuously familyowned general contractor in New England. Since 1893, the highly respected, versatile firm has been tackling major projects in and around the city, ranging from the first expressway to salvaging wrecked airliners at Logan airport.

This has been our hometown for nearly a century in a business sense," McCourt said. "We're very proud to be bringing cable television to Charlestown, but we will be prouder still if the residents consider our work a job well done when we finish.

When he completed the first phase of the system in East Boston ahead of schedule. community leaders there commended his company's "workmanship" and "sensitivity to and concern for our community." One civic leader wrote to him: "Unlike most construction projects. you have kept disruptions to a minimum. This has been very meaningful to our citizens

RARE VIEW - In a setting never viewed by the general public, an inspector of McCourt Cable Systems, Inc., checks his company's work beneath the roadway of the Sumner Tunnel deep below Boston Harbor. The newly installed conduits, upper right and reflected in the sump water, are an initial link in Boston's historic 210-channel cable television system which is now entering Charlestown, When David C. McCourt, president of the company, ran the first cable TV lines ever through the tunnel, he was merely following trailblazing footsteps of his construction family. In 1929, his father and grandfather were the first to drive through the tunnel, inspecting it before the official opening.

(Photo by Bill Berry)

and especially to our businesses.

McCourt has been building the project so rapidly and efficiently since breaking ground last October 17 in downtown Boston that its completion for the entire city has now been retargeted to two years from the originally planned four.

'Many utilities have gone into the streets of the city of Boston, but I have never seen a better job." said Commissioner of Public Works Joseph Casazza of McCourt's cable TV work during a meeting of the city's Public Improvement Commission

The cable system will offer Charlestown viewers 106 channels, with the remainder reserved for non-profit institutions and businesses. Their choices will range from entertain-

COCOCOCOCOCOCOCO

Happy Birthday

Mary Holubowich

Love,

ment to local programming by civic groups and even to a service by which they can "talk back" to their TV sets for such activities as shopping or participating in shows on the air.

For \$2 per month - the lowest rate in the nation by far - subscribers will receive a basic service of 52 channels. These will include all of Boston's present channels, distant city channels, six 24-hour news channels, four sports channels, two youth channels, the Black Entertainment Network, a Spanishlanguage channel, plus special interest programming for such groups as the elderly, minorities and the hearing impaired.

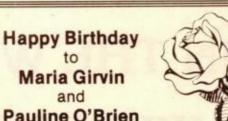

Add-on options on the remaining 54 channels will include the popular

national movie network Home Box Office, first-run movies. a unique service by which viewers may purchase special events on a per - program basis, a variety of cultural and sporting events, even systems that provide home security and offer video games, plus numerous other alternatives.

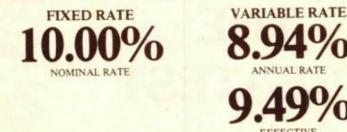

The Boston system has been termed by construction experts as "the toughest build" in the history of the cable TV industry because it is the first "free standing" system in a major city. Most of its 250 miles of underground and 550 miles of aerial cable require entirely new construction. whereas other communities run their cable through existing conduits.

Museum To Show **Classic Silent Film**

The USS Constitution Museum will present the 1925 silent film classic "Old Ironsides" April 6 at

Two kinds of IRA's for two kinds of people.

ANNUAL RATE EFFECTIVE ANNUAL YIELD*

The question now is not whether to open a Neworld Bank IRA, but which IRA to choose: the fixed rate or the variable.

The answer is fairly simple.

Choose the fixed rate if you're the kind of person who likes to "set it and forget it." Choose the variable rate if you'd rather see what the 13-week

U.S. Treasury Bill auction does from month to month. You won't pay any service charge for your IRA at Neworld Bank. It's absolutely free.

And don't forget: your \$2000 deposit (for working individuals) or your \$4000 contribution (for working couples) is sheltered from taxes as well.

Reason enough to open an IRA today. Which you can do with as little as \$100.

Call 482-2600 or stop in at any Neworld Bank office and ask to speak

with an IRA specialist. Or if you prefer, just fill in the coupon. Remember you must act before April 15 if you want to save on your 1982 income tax.

Contributions up to the legal limits are deductible for Federal income tax purposes, but not for Massachusetts income tax. Interest earned on contributions is tax-deferred until distribution for both Federal and Massachusetts income tax. All amounts distributed and not previously taxed are usually taxed as ordinary incom in the year of distribution.

BANK There is an Internal Revenue Service penalty of 10% on any amounts withdrawn before age 59%. Penalties for early withdrawals from term accounts may

also apply *Interest is compounded continuously. Member FDIC/DIF

Please send me information on Individual Retirement Accounts.

Mail to: Neworld Bank for Savings, Retail Sales Department, 55 Summer Street, Boston, MA 02110. Or call 482-2600.

Charlestown To Charlestown News

by Dennis McLaughlin

Last week two separate delegations visited Charlestown, County Mayo to open preliminary talks for the "Twinning" of the two Charlestowns.

The first group was led by "Deputy Mayor" Bill Griffin who was ably assisted by Jimmy Fitzgerald, Buddy Mc-Creevan, and Mickey Murphy from the Halligan Club. Their task was to hand deliver very important documents to Irish officials. The group spent two days in Charlestown, County Mayo and were warmly received. Bill will be filing a report of the Committee.

By the way, Bill, the Committee received an inquiry from Interpol regarding a missing Town marker. It seems that the sign was last seen sitting in its usual place on top of a pole shortly before your group left. It has not been seen since!!!

A second delegation comprised of City Councillor Fred Langone. Assistant City Clerk Pat McDonough, and State Senator Joe Walsh presented Irish officials with an "Official" copy of the City Council's resolution recognizing Lil Boutilier as the "Mayor of Charlestown." This group was also warmly received and will be making a report.

By the way, Fred, Interpol reports that they found a sign reading "Langone for Mayor" sitting on top of the pole where the Town marker used to be.

The Committee would like to express its gratitude to those state and local officials, especially Ray Flynn, Fred Langone, Ritchie Voke, Fran Doris, Pat McDonough, Joe Walsh, Joe Tierney, and the entire Boston City Council, for good naturedly allowing us to use their good offices to promote our Charlestown to Charlestown activities.

The Committee has finally received an official invitation to participate in the International Western Rose Pageant. This invitation allows us to publish some of the details

regarding our own beauty pageant. Our pageant will be held August 5th. 1983 in Charlestown, County Mayo.

The first prize will be a round trip to Ireland for two to Ireland for two weeks. Our "Rose" will be the guest of the International Western Rose Festival for two or three days. For the remainder of the two weeks the "Rose" will be provided expense money and is free to do whatever she pleases while in Ireland. More details on prizes, etc., will be published in future columns.

The women who would like to be contestants must:

- 1. be a Charlestown resident as of January 1st, 1983.
- 2. be 18 to 23 years old on June 3rd, 1983.
- 3. unmarried.

4. present her application in person (along with proof of age) to the Committee.

Applications can be obtained by calling Marty O'Brien at 242-5064 or Dennis McLaughlin at 242-4291.

All Committee meetings will be held on Mondays at 7:30 p.m. at the American Legion Hall on Chestnut Street. Meetings are scheduled for April 11th, 25th and May 2nd, 9th and 16th. No applications will be accepted after the May 16th meeting.

Please watch the Patriot for our ads regarding the Charlestown tour to Ireland scheduled for August, 1984.

Trip For Teen Council

During the current school year. Charlestown Kiwanis is sponsoring the Boys and Girls Club's teen council. Through a generous donation from the local Kiwanians, eight members of the teen group will visit several sites in Florida during the April school vacation. Sites to be visited include Walt Disney's Epcot Center, Busch Gardens, Sea World, and the Stars Hall of Fame

To earn the support of the Kiwanis Club, teens in the council assumed responsibility for several tasks within the clubhouse. including collection of attendance statistics, assistance in supervising younger children, and management of the hot dog stand during the Club's Hurwitz basketball tournament

In addition, the council has chosen to perform a number of community projects. They collected and distributed toys for children at the Home for Little Wanderers. They made themselves available to help at senior citizen functions, and sold raffle tickets, and have planned to clean-up five different parts in Charlestown on three separate occasions this spring.

Members of the teen council are Mary Ellen Evers, Lisa Fabiano, Kristi Kane, Jeannie Kelley, Maureen McCabe, Michelle O'Brien, Nancy Rainone, and Allyson Treanor.

Summer **Youth Employment**

If you're over 21 don't read this. But if you're 14-21-yearsold and looking for a SUMMER JOB, the time to apply is now

Recruitment is underway for SUMMERWORKS - the 1983 Summer Youth Employment Program sponsored by Action for Boston Community Development (ABCD) and funded through the City of Boston's Neighborhood Development and Employment Agency (NDEA).

'SUMMERWORKS'' places Boston youth in a wide range of jobs with over 400 non-profit agencies and institutions. Young workers receive carefully supervised work experience in recreation facilities, museums, hospitals, day care centers, offices, and other sites. For example, some enrollees act as reporters for a youth-oriented newspaper. Others learn carpentry skills while engaged in repair and building projects. Still others learn to use laboratory equipment in a Health Careers program. In addition they attend workshops on career development and learn the basic skills of finding and keeping a job. APPLY NOW!

Don't delay! If you are a Boston resident, aged 14-21, in or out of school, and your family meets federal income guidelines, for this program, you are eligible to apply, ABCD's neighborhood summer intake centers (see below) are now accepting applications. Handicapped youth are encouraged to apply.

So if you want a job with SUMMERWORKS, pick up an application immediately at one of the sites listed below. Have a parent or guardian fill out the income information and sign it. You must also supply your Social Security number: if you don't have one apply for it today at your local Social Security office - it takes six to eight weeks to process. In addition you must provide proof of birth date, proof of family income, and proof of residence (such as a utility bill). If you need more information call your neighborhood SUMMERWORKS intake center at 241-8866.

ABCD, which has operated the Summer Youth Employment Program for 17 years, is Boston's official antipoverty agency and operates a number of human services programs including Fuel Assistance, Foster Grandparents, vouth and adult Employment and Training, a tuition-free, accredited Urban College, Head Start, Health Services, and others

Interested young people can get their applications at one of the following SUMMERWORKS intake centers: JFK Family Service Center, 27 Winthrop Street (241-8866); Charlestown High School for C.H.S. students during school hours: and Charlestown High School Athletic Facility from 6 to 9 p.m., Monday through Friday.

Townie Land Owners

As a Townie resident. I would like to appeal to all the land owners of our fair town. Although it is Spring, the dried brush of Fall is still hanging around inviting fire. I'm sure you land owners are very busy, but seeing that you found time to buy it, then please find the time to clean it.

A number of homes could be damaged as a result of a brush fire, even the St. Francis school could be damaged by the unkept property on Auburn St. and Nanny Goat Hill. How many of us have children attending this school? Would you like to be responsible for the damage that could result from these fires?

Please take time to consider what your negligence could cost, and then get out | and clean your property. You'll be doing your neighborhood a favor and saving yourself trouble.

Thank You! Townie Threatened by Fire

More On Kelly

Cashman?

March 21, 1983 Gloria Conway, Editor Charlestown Patriot Dear Gloria:

Were you aware, when you ran the S.T.O.P. article by Charlie Ross in the March 17th issue of The Patriot about Kelly's grave at Mount Hope, that he was a fellow-prisoner with John

Thank you to all of the cast of the Cabaret for the wonderful show they did on Friday and Saturday nights. Thank you to Lois Maher, Jim Broderick, and of Kelly's burial so near at hand, and, some time in the Fall will do a follow-up on Cashman and include your information about Kelly. George E. Ryan (of The Pilot)

Thank You

Ginny McGonagle and all who helped in any way to make the show a success. I hope you all have a very Happy Easter.

Bible, Law Of Churches - Constitution, Law Of Land

Dear Editor:

I am deeply disturbed when someone, anyone, plays games with the truth about the religious beliefs of our "Founding Fathers" and with the bedrock of America, which is the Constitution, not the Bible. The Bible may be the law of the churches but the Constitution is the law of this great country.

Charlie Ross is not what I would call a "good American" because he does not believe in freedom. I am referring to his article printed in your paper on Thursday, February, 17, 1983. Mr. Ross evidently believes that freedom means "anything goes." It means no such thing. It means we have a right to our freedoms as long as we do not infringe on another person's rights. And that is precisely what the First Amendment is all about. The Founders of our country were freedom loving men. America was built on the premise, "Live and let Live." The President of the United States should be impeached for declaring 1983 to be, "The Year of the Bible," for he has, through law, infringed on the rights of many Americans who do not belive in the Christians Bible. The President swore to uphold the Constitution of the U.S. and he has violated that oath of office. America is not a Christian Nation anymore than it is a Buddhist Nation or a Moslem Nation, or a Hindu Nation or an Atheist Nation, etc. etc. America is a free nation for evervone

The President and the 97th Congress were wrong when they passed a law. PUBLIC LAW 97-280 which states that the Bible is the "Word of God." How do they know that? How does anyone know that? That is a matter of faith not fact. I would not care if everyone in America were a Christian EXCEPT for one person, that person's rights should not be violated as long as we have a Constitution that protects individual rights. People have to be made to understand that it is impossible to have Freedom of Religion without Freedom From Religion and this is what the First Amendment is all about. Our government has no right to single out one religion and one religion's book and tell all Americans that we are to honor it, believe in it, and invoke its teachings into our lives. How would Mr. Ross have felt if the President has signed into law, a law that declared 1983 to be. "The Year of the Koran?" What if Congress had passed this law saying that the Koran was the "Word of God"

Chestnut Street

Charlestown

and we as a nation were to "study and apply its teachings?" What if he had declared 1983 to be "The Year of the Atheist" etc. etc. The majority has no right to push its beliefs, through law, onto the minority, not as long as the Constitution is the law of our land. Those kinds of things are only done in countries ruled by dictators.

The Constitution does not say, in any place, that America is a "One Nation Under God." Those words were placed on all our paper money in the 50's along with "Under God," in the Pledge of Allegiance. They are both unconstitutional laws and never should have been passed by Congress or signed by any President.

Now for the religious beliefs of some of the "Founding Fathers." Most of them were Deists. They did not believe that the Jesus of the Gospels was DIVINE. Their god was a Nature's God, a Creator God, who sent the universe into motion and then just "took off."

Now, as for Thomas Jefferson. We must understand that Jefferson, too, did not believe in the Christian's God. His god, was the same kind of god that Washington believed in. His god was not concerned with what humans did or did not do or say. His god gave humans freedom, while the Christian's god, says for all practical purposes, "Believe in me or else!" And we all know what that means!

I do not know if Mr. Ross was intentionally deceiving us or if it's just that he is ignorant of the religious beliefs of the "Founding Fathers," or maybe it was some of both, however. I think it's time the "truth" was told before America turns into another Iran, a real "Nation Under God." The big lie has been told once too often. America is not a Christian nation and it never will be as long as the Constitution stands intact. It has served us well for 200 years at least and it's up to us to protect it in return. Do we want a theocracy here? Do we want preachers like Falwell, Bakker, Robinson, Robertson, Roberts, and Robinson, ruling America? Do we want another Inquisition, another Dark Ages? These preachers interpret the Bible literally and if they had the power that is exactly what would happen. These men are tin-horn tyrants not lovers of freedom. If we truly care about freedom and it is freedom that has made America the greatest nation on earth, then we must stop these lies and attacks on the First Amendment now.

As for me. I'd rather go to a hell and spend an eternity with Thomas Jefferson, Tom Paine, George Washington, Abe Lincoln, John Adams, Albert Einstein, Emily Dickinson, Jane Addams, Clara Barton, Margaret Sanger, Elizabeth Cady Staton, Clarence Darrow, Mark Twain, Albert Schweitzer, Voltaire, Thomas Edison, Robert Ingersoll, Thoreau, John Stuart Mill, H.L. Mencken, and Bertrand Russell, then spend an eternity in a heaven with Billy Sunday, Jerry Falwell, Dale Evans, Jim Bakker, Pat Robertson, James Robinson, Billy Graham, Oral Roberts, Charlie Ross, and Ronald Reagan. The decision is yours. I choose freedom, how about you?

CROSS MY HEART AND HOPE TO DIE - IF THIS ISN'T THE LAST TIME (THIS YEAR) I WRITE ABOUT POT HOLES.

Recently I casually remarked that Hyde Park was fast becoming the Pot Hole Capital of the World. You wouldn't believe the mail and telephone calls I received from irate readers, each insisting THEIR neighborhood was Pothole Paradise. Some samples: From South Boston: Kevin White must be determined to keep insiders in and outsiders out of Boston since it is absolutely ringed with not pots, but huge, huge craters. From Jamaica Plain: My nomination for outstanding potholdes is Huntington Avenue. All of Huntington Avenue. From Milton: The worst pot holes in Greater Boston are at the entrance to St. Pius Church's parking lot. From the North End: There's a man-eating pot hole, it also takes cars and dorys, on Atlantic at Northern Avenue.

Gallivan Boulevard. From Charlestown: The whole damn city of Boston is just one big pot hole.

Okay, that's it for this year except for this question — hasn't this all been "holesome" criticism?

As the weather improves, temperatures climb and the sun shines with more regularity, take this tip:

Drive slowly. Drive slowly and get there. Not only are local and state police operating "radar detection areas." so is the Registry of Motor Vehicles. Slow down and enjoy.

These are all our usual fine quality cold cuts.

Extends Congratulations

KRISTIN OLSON is congratulated by Maurice F. O'Shea, 51 High Street, Charlestown, acting president of Bunker Hill Community College in Boston, on being selected to study in France for four weeks this Summer under a President's Scholarship Award for college students. The program is conducted by the International Studies Association of Bergen Community College in New Jersey. Kristin will spend three weeks at the University of Caen and one week in Paris. She will attend classes Monday through Friday mornings and partake in daily activities consisting of visits to museums and historical places under the direction of the program director and several faculty advisors. On weekends, she will travel with the group to nearby cities and towns for sightseeing. Kristin is in the Business Administration program and will transfer to Boston University. Her career objective is to be in management information systems. Her hobbies are sailing, racketball and travel.

solutely correct about "Stardust." but it didn't make the charts as a best seller until 1929. Also, the singer at Blinstrub's during World War II when it was being spawned from a tavern to a nightclub was Vaughn Heather.

To Former City Councillor Matthew F. Hanley of Jamaica Plain: I agree with you totally that the "Wayside Inn" is one of the finest restaurants in America. Host Frank Koppies is an old friend of mine. dating back to my days at the Associated Press. I hope to do my annual "best restaurant roundup" in May.

....

Charlestown Attorney Joe Coffey sends along a tip to those of you who like to jog, but don't enjoy being attacked by dogs along the way: Use a product called "Halt" to halt the hounding. Don't use "Mace," since it is meant for humans, it irritates Dogs don't have tear ducts so you have to use a spray which irritates their nose. My mailman, Larry Baker, says there are dogs on his route who love "Mace," and just lap it up.

Moving to the Macabre Department: Is that "nun" in the "Blue Nun Wine" commercial being shown again on TV, the one who died so tragically in New York not so long ago?

Also, isn't it a bit of bad taste when Dick Haymes thanks us "for listening to the music of your life" since he's been dead for years?

Memo to those of you who like and follow the sound of Leon Marian and his Big Band: Leon took his trumpet and his 14-piece group to "The Bell In Hand" last week for an indefinite stay.

The club is in back of Boston City Hall. near the Market and Leon never sounded better than he does on the "Bell's" band-

THE CHARLESTOWN PATRIOT and SOMERVILLE CHRONICLE

Residents Can Help Make Neighborhood Safer

It's no secret that crime is a major problem in this country. According to the FBI Uniform Crime Report approximately 13.3 million crimes occurred nationally in 1981.

But, says the Insurance Information Institute, residents can help make their neighborhoods a safer place to live through crime prevention programs.

Crime prevention is stopping a crime before it occurs. This is accomplished by decreasing the desire and opportunity to commit crime. A successful program requires knowledge of crime prevention techniques and the willingness of citizens to participate.

To help secure property from the criminal elements steps must be taken to make it less inviting. This is known at "target hardening." Although a rather harsh sounding term, simply stated it's making property less vulnerable to break-ins. This is accomplished through the use of hardware at points of entry such as doors and windows. For instance, deadbolt locks could be installed on outside doors. Hollow doors, which can be kicked or punched in, are replaced with solid doors. Failing that, a sheet of ½ inch plywood can be attached with screws or bolts to the inside. Door frames should be reinforced with wood or concrete

filler. A weak door frame can be fortified with a buttress or barrier bar which also serves as an additional lock.

To prevent entry through windows, gates can be placed on the inside or iron works on the outside. Also, keyoperated locks or window pins can be used to decreased the chances of having unwanted visitors.

Alarm systems, although expensive, are a good idea. They range from the siren type which serves to alert residents and neighbors of intruders, to systems which are connected to the local police station or a security service.

The Institute points out it's important to remember the idea is to deter break-ins, not to make the property so ominous as to discourage visitors or to make escape difficult should a fire break out. To determine what steps are necessary to increase a property's projection a security survey should be made. This amounts to 'casing'' the property the way a burglar would. Police personnel or a qualified civilian inspect the premises to determine what its weaknesses are and suggest possible remedies. Included in the survey are the physical qualities of the property such as doors, windows, locks, and proper lighting, both inside and out. The lifestyles and activities of the occupants are considered as well.

Furthermore, property marking ("Operation Identification") is used. Traceable numbers are inscribed on valuable personal property and the numbers are registered with the police. This serves to deter crooks and should the property be stolen helps identify it when it's recovered

The landscaping of property also has a role in crime prevention. Shrubs and plants around doors and windows provide cover for a thief at work so should be kept weltrimmed to allow neighbors and passers-by a clear view of the property.

An important aspect of any crime prevention plan is the neighborhood watch program. Neighbors band together to keep an eye on each others' property, the block or the entire neighborhood. They notify the police of any crimes in progress and report information about suspicious activities. Emphasis should be place on the word watch. Members should NOT confront the suspect. This is best left to the police who are trained to handle such matters.

To find out about crime prevention programs in your area, contact the local police. They will know if a program already exists or if one is being planned. If a program doesn't exist, volunteer to work with the police to form one.

For a free copy of the leaflet "No one has a greater interest in protecting you from crime than you do," write to The Insurance Information Institute, 44 School Street, Suite 802, Boston, MA 02108, or call 227-8877. Massachusetts residents can call toll-free, 1-800-632-8074.

Appelate Tax Board Decision To Exempt Certain Income Distributions

The Appelate Tax Board held that the income received by individuals and trusts, as a "dividend" from a special type of corporate trust, is exempt from Massachusetts income tax for the first time in the history of the law.

The case involved a Trust which is a no-load open-end diversified investment company established as a Massachusetts Business Trust which sells its units of beneficial interest to the public and invest the proceeds exclusively in short-term U.S. Government securities. The Trust was organized and is being operated in such a manner as to meet the requirements of Section 851 of the Internal Revenue Code of 1954, as amended, applicable to regulated investment companies, and, therefore. is entitled to receive special federal income tax treatment afforded such entities

Public School Enrollment

The Boston Public Schools are holding the annual enrollment effort, called the Student Application Process, somewhat earlier this year. Parents of children not attending public school are urged to sign up for the next school year.

Student Applications are available in all public schools. district offices and School Headquarters at 26 Court Street in Boston. Student Assignment Information Booklets are also available.

The Student Application Process for 1983-84 will take place between now and April 8, 1983. A student can be enrolled after that period. but the chances of obtaining a magnet or district program are better if applications are made now.

Tournament directhat the quality of play has finals will be played on Saturday, April 9.

Forming Hockey Co-op

The cost of playing hockey has increased dramatically in the last ten years. This increase has forced many families to give up hockey, as well as many youth and school hockey programs to fold.

One of the biggest expenses in hockey is the cost of the equipment. It is because of this expense that we are hoping to develop a type of co-op where equipment for which you no longer have use can be collected in a central location. This equipment will then be LOANED out to people who have a need for it. The EQUIPMENT THAT IS LOANED OUT MUST BE RETURNED WHEN THE CHILD IS THROUGH USING IT IN ORDER TO KEEP THE CO-OP ALIVE

We are asking anybody with equipment they no longer use to please donate it to this program.

Equipment can be donated at:

The Kent-Charlestown Community School Gymnasium. Monday, April 4th & Tuesday, April 5th between 7 and 9 p.m.

A distribution date will be announced in the future depending upon the initial donation response. If you have any questions call Bob McGann at 242-2770 after 2 p.m. or Mark Urguhart at 625-2241 after 6 p.m.

Thank you for your anticipated cooperation and support.

DEGUSTIBUSNONDISPUTANDUM

Like too many others throughout Boston's neighborhoods, we were recipients of a form letter from Cablevision/Boston advising that they have been granted a license by the city "to construct and operate a Cable Television System." and that their system "will be following the routing design of the New England Telephone Company and Boston Edison." It concluded with a request for written permission to install, operate and maintain cable television wires and equipment upon our property.

This. readers, is the same outfit that turned a deaf ear to former Governor King's advisory committee, which concluded its study as to how to curtail "the transmission of obscene programs on cablevision" by suggesting a bill prohibiting indecent material representing or verbally describing 1) A human sexual excretory organ or function. 2) Nudity. 3) Ultimate sexual acts, normal or perverted, actual or simulated, or 4) Masturbation. And did the Commonwealth's Cable TV Commissioner agree? No! In fact, newspapers reported that although cablevision will offer an R rating service to its subscribers, Commissioner Thomas K. Steel Jr. felt it was no more than "mixing up cable TV with the sexually explicit programming on subscription TV. which is federally, not state, regulated." As if whofunded-what was the barometer for decency of admission of smut into homes via TV. We returned the signature portion of their form, simply marked "DEFINITELY NO!"

EASTER - UNITED STATES - 1983

Easter? What about Him?

To save you the trouble of searching out your dictionary, the sophisticated word used in our sub-headline means "There is no disputing about tastes." We appreciate there are myriad views on the subject of pornography, but we're fighting back again (naturally) by ignoring a second at-

tempt by a "Right-of-Entry Agent" (Can "1984" be far behind?) to obtain our permission. They might wind up legally going up-and-over, or around-and-about, but they'll NEVER have our permission to go through or under!

It has often been said that one man can make a difference. Well, if enough feel the same way about introducing questionable material into the family unit commercially. maybe - just maybe - they will clean up their act.

WE'RE STILL NOT BUYING WHAT "MR. B." SELLS

Former Vice President Walter Mondale was, and is still known as. "Mr. Busing" for his "moral courage" in expressing his views as a proponent of forced busing. Like many other flaming liberals, however, he didn't practice what he preached. Along with Teddy Kennedy and other national politicians (from both sides of the aisle) his children were spirited off to private schools. Even President Carter, who ripped into those who sent their children to "exclusive private schools," wound up following the same route with his daughter. Amy.

Think-tanking along with NANS Directors Jim Kelly, Ed Studley and Nancy Yott, all of So. Boston, and Ed Shallow of Dorchester, as well as Jane Du Wors and several members of the So. Boston Information Center and others from around the city, an anti-busing Bill has been formulated and will soon be introduced into Congress by Representative Joseph Moakley. To be known as "The Freedom of Choice in Public Education Act of 1983," it is expected to have numerous co-sponsors from the Mass. delegation as well as many, many others from throughout the United States. A contingent of citizens from throughout the Commonwealth will be joining with other states in lobbying this Bill in the Halls of Congress the latter part of April. More specific information/details will be announced through various outlets shortly ... or call the Information Center at 569-8585.

In the meanwhile, wherever Walter Mondale appears in his quest for the presidency, remind his audience and the local newspapers that he is still known as "Mr. Busing," and tell 'em we parents of children experiencing the insidious tyranny of forced busing haven't forgotten, shouldn't and won't! Help put Fritz campaign "on the fritz.

IF YOU CARE, REALLY CARE, TAKE THE ADVICE OF "UNCLE FULTIE"

We thank the Third Order of St. Francis for reminding us of former Archbishop Fulton J. Sheen's Spiritual Adoption Program. During his lifetime, he often encouraged the spiritual adoption of any unborn that would be aborted, urging individuals to say the following prayer daily for one year ... for more:

Jesus, Mary and Joseph, I love you very much. I beg of you to spare the life of the unborn baby that I have spiritually adopted, who is in danger of abortion.

Obviously, during whatever time you have left on earth the child spiritually adopted by you will be known only to God, but who cannot surmise that in the world to come both you and the child will find happiness together through ali eternity?

What could be easier, more satisfying or meaningful? Do it. please.

T.V. VIEWING TIP

Most are unaware that the late Princess Grace of Monaco returned to the cameras just weeks before her tragic and untimely death. filming two productions; one for Christmas viewing, and the other for Good Friday tomorrow

In her role as hostess. Princess Grace is shown speaking from the Vatican Museum. She introduces La Scala's 21 year old singing sensation Cecilia Gasdia (who sings Bizet's "Agnus Dei" and Gounod's "Ave Maria"), and is joined by Father Patrick Peyton, who leads 10 Curia Cardinals in a decade of the Rosary (each reciting the Hail Mary in his own native tongue)

The Family Theatre's Production is entitled "The Seven Last Words." Consult your local TV guide for viewing times and other information.

Project Bread - Walk for Hunger

A Long Walk! On Sunday, May 1st, an estimated

Kennedy Center News backed by 60,000 sponsors, will gather at 8 a.m. on the Boston Common for the 14th Annual Greater Boston Walk for Hunger. The 20 mile route will wind through Boston,

Brookline, Newton, Cambridge and return to the Common. This year's goal of \$300,000 will be distributed among 45 local emergency food programs, ten hunger education and action organizations and five overseas relief and development projects. Some of the local beneficiaries include the Kennedy Center for the Children's Program of the Community Center and the planned Emergency Food Pantry, Rosie's Place and the Pine Street Inn.

Governor Michael S. Dukakis issued the following statement: "On May 1st, thousands of our fellow citizens will join the Greater Boston Walk for Hunger. They will be focusing their attention on a sad fact of life in Massachusetts - the plight of men, women, and children who do not have enough to eat. The desperate situation of these people. like that of the homeless, has worsened with the national economic crisis which has put 260,000 of our people out of work. We can show that we care by taking part in this year's Walk for Hunger.

The Walk for Hunger is sponsored by Project Bread, an interfaith grassroots hunger education and action organization, headquartered at 5 Park Street, Boston, Ma. 02108. To walk or sponsor a walker contact Dan Daley, Coordinator of the Walk, at 227-3796 or Donna Lane, Director of the Community Center at 241-8339.

Free Math And Electronics Training Offered

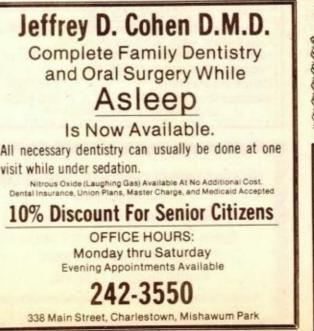

A free Math and Electronics Training Program is being offered by Bunker Hill Community College in Charlestown. This intensive six-month accredited course will begin in April and prepare

graduates for well-paying jobs in high technology companies. An information session will be held on April 4 at 9:30 a.m. Applicants must have a high school diploma or GED and math competency through Fundamentals of Algebra. Priority will be given to female heads of household who are unemployed or underemployed. Call 241-8600. ext. 410 for more information
