

Ring Belt Sizer How-To

Use the Ring Belt sizer to find the right ring size, whether you're buying a ring for yourself or for someone else as a gift.

How to measure your ring size:

1. Print this document on a sheet of A4 paper. Be sure not to use the option to fit or shrink to page, as you'll need it to be exactly the right size.
2. Measure the outer box and make sure that it's 170 mm by 50 mm.
3. Now cut out the sizer, and then carefully cut the slit at the top.
4. Push the end of the sizer through the slit and slip it over the finger.
5. Adjust the sizer so that it sits comfortably around the finger.
6. Double check that the slider can slide from the base of the finger over the knuckle without a problem.
7. Finally, read the letter indicated by the arrow: and that's it! You've found the ring size.

Remember!

1. It's really important that the sizer can slide on and off the finger comfortably.
2. Don't pull the sizer tightly - this will give you the wrong size.
