

Ring Belt Sizer How-To

Use the Ring Belt sizer to find the right ring size, whether you're buying a ring for yourself or for someone else as a gift.

How to measure your ring size:

- Print this document on a sheet of A4 paper. Be sure not to use the option to fit or shrink to page, as you'll need it to be exactly the right size.
- 2. Measure the outer box and make sure that it's 170 mm by 50 mm.
- 3. Now cut out the sizer, and then carefully cut the slit at the top.
- 4. Push the end of the sizer through the slit and slip it over the finger.
- Adjust the sizer so that it sits comfortably around the finger.
- Double check that the slider can slide from the base of the finger over the knuckle without a problem.
- 7. Finally, read the letter indicated by the arrow: and that's it! You've found the ring size.

Remember!

- 1. It's really important that the sizer can slide on and off the finger comfortably.
- 2. Don't pull the sizer tightly this will give you the wrong size.
