What is WEAAD

- World Elder Abuse Awareness Day aims to provide an opportunity for communities around the world to promote a better understanding of abuse and neglect of older persons by raising awareness of the cultural, social, economic, and demographic circumstances affecting elder abuse and neglect. This is a global event which occurs annually on June 15th . This observance is a call to action for individuals, communities and organizations to lift up our voices, and those of older survivors- and raise awareness about elder abuse, neglect and exploitation.
