1985. Project managers for the developments will be on hand to present an overview of their projects and to answer questions.

The projects to be discussed include:

- 1) Roughan Hall, at Park and Main Streets in City Square, to be presented by Jonathan Davis,

scheduled to be office and retail space;

- 2) The former Sunnyside store on Bunker Hill at Polk Street, proposed for condominiums to be presented by Jim Langley.

- 3) The Revere Sugar Plant on Medford Street, potential uses under

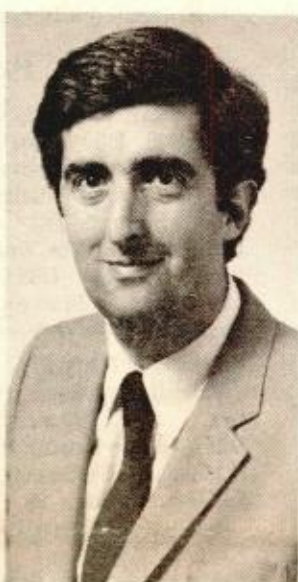

study, managed by R. M. Bradley, to be presented by Steve Kasnet from R.M. Bradley.

All Charlestown residents are invited to attend to learn more about these potential new private developments in the neighborhood.

## Nucci Elected School Committee President

The Boston School Committee elected its first district member under the new district representation model to President on Monday evening when it selected John A. Nucci (East Boston/North End/Charlestown) to the leadership post. Nucci, a first term member on the Committee, was elected by a vote of 7-6.

Nucci is in his first term as a member of the Boston School Committee, yet rose very quickly to a position of leadership on the body during the past year. In her first official act last year, outgoing President Rita Walsh-Tomasini appointed Nucci to the Chairmanship of the important Committee on Rules and Regulations where he led a complete re-write of School Committee rules

John A. Nucci

and procedures to accommodate the newly expanded committee. Said Nucci of outgoing Presi-

dent Tomasini, "I am grateful for the guidance and assistance I, and my other freshman colleagues, received from Mrs. Tomasini over the past year. I hope that my tenure as President can be as productive and effective as was Mrs. Tomasini's."

Nucci commented to the Charlestown Patriot that "I am both honored and challenged by my selection as President of the School Committee. 1985 promises to be a historically significant year as we approach our new relationship with the courts and our efforts to continue bringing together people across the city in support of our system."

Nucci added that he "looks forward to working with all members of the Committee and the Mayor to maintain the school system's viability and priority in the city's plans during the coming year." He noted "We face harsh fiscal realities at the same time that we are making progress in restoring so many educational offerings which suffered during recent budget cutbacks in the city. I hope to provide the necessary leadership and advocacy during the coming year in those and other matters before the Committee and the Mayor."

Nucci takes office as President immediately and his current term runs until January 1986.

citing discoveries made in Charlestown. Some of the actual artifacts unearthed here will also be on display.

Coming into the world at 1:16 a.m. on January 1, 1985, she weighed six pounds and nine ounces. She is shown in the arms of her proud parents, Karen Wallace and David Anthony Hickey, before leaving the hospital for her home in Charlestown.

## 1985 Mayor Of Charlestown Campaign Begins Today

The third Annual Mayor of Charlestown Contest officially begins today, Thursday, January 10, and will continue until "Election Night", Friday, March 1st, 1985.

The rules for this "Election", which legitimately can be "bought", are the same as last year. Candidates for the prestigious position of "Mayor of Charlestown" sell chances on a round trip tour of Ireland at \$1 per vote (chance). The candidate who collects the most votes is the 1985 Mayor of Charlestown and will accompany the 1985 Charlestown Rose to Charlestown, County Mayor for the International Western Rose Festival.

You can vote for the can-

didate of your choice as often as you like. Each vote you take increases your odds of winning the Trip to Ireland, and also increases your candidate's chance of being "Elected".

Anyone interested in becoming the third Mayor of Charlestown, following first "Mayor" Lillian Boutilier and incumbent "Mayor" Marty O'Brien Sr., can begin by coming to the American Legion Hall, 27 Chestnut Street tonight at 7:30 p.m. to pick up your "Ballots".

If you cannot make it to the Legion Hall tonight, but are interested in joining the "Mayoral" campaign, please contact Arthur Hurley at 242-2724, Peter Looney at 242-4032, or Marty O'Brien at 242-5064.

## Recipients To Get Statement Of Social Security Benefits

Every person who received or repaid any Social Security benefits during 1984 will receive a Form SSA-1099, Social Security Benefit Statement, during January 1985, Leigh E. Nelson-Barron Social Security Manager in Boston, said recently.

Form SSA-1099 will show the amount of Social Security benefits the person received during 1984. Form SSA-1099 should be used just as any other form 1099 received from a financial institution should be used when the person completes his or her Federal income tax return for 1984, Ms. Nelson-Barron said.

Starting with Social Security benefits paid in 1984, people who have substantial other income may have to include up to half of their Social Security benefits in their taxable income. In fact, Ms. Nelson-Barron said, we expect that only one person in ten will actually pay any tax on any part of his or her Social Security benefits.

Up to half of a person's benefits may be subject to tax if his or her combined income—taxable income plus non-taxable plus one half the Social Security benefits—exceeds a base amount. The base amount is:

- \$25,000 if a person files as a single taxpayer;
- \$32,000 for a married couple filing jointly; or
- \$0 for a married person filing a separate return if he or she lived with his or her spouse any part of 1984.

The amount of benefits subject to tax if combined income exceeds the base amount is the smaller of:

- One-half of the amount over the base amount, or
- One-half of the Social Security benefits.

If combined income does not exceed the base amount, no Social Security benefits are subject to tax, Ms. Nelson-Barron said.

Included with Form SSA-1099 will be IRS Notice 703. This is a worksheet that people can complete to see if any of their Social Security benefits may be subject to Federal income tax.

People who still have questions about the information shown on Form SSA-1099 after they read the explanation on the form itself can call the toll-free telephone number shown on the form. People who have questions about tax liability or figuring income tax should call the nearest office of the Internal Revenue Service at the number shown on the back of IRS Notice 703 if they cannot find the answer in the IRS publication.

A free publication—Publication 915—contains a detailed explanation of the entries on Form SSA-1099 and explains about taxability of benefits. Free copies will be available the week of January 14, 1985, at the Kennedy Center, 27 Winthrop Street, Charlestown, MA 02129.

# Christmas Assembly At The Warren-Prescott

by Harold G. Robinson

If you had any special wish for Christmas this year, it must have been granted to you, especially if you were in attendance at the annual Christmas program which was performed at the Warren-Prescott School on Wednesday, December 19th. In the usual, outstanding and extravagant tradition, the beautiful and enchanting children of the kindergarten classes of Mrs. Chiaradonna, Mrs. Lund, Mrs. Parker and Ms. Robbins, went through their paces of the Yuletide and ushered in the Christmas season in musical and colorful fashion.

Decked in their brilliance of red and green in their glittering hats, the talented little ones kept a standing room only audience enraptured with the sounds of Christmas. You wonder how they can improve each year, but with tremendous effort and spirit, the Christmas program went off beautifully.

The program opened with the all-favorite, "Jingle Bells," complete with sleigh bells in the background. Next, came "Peppermint Stick" and "Jolly Old St. Nicholas." The ever beautiful, "I Saw Three Ships" was sung and done

very well. Then, "Little Miss Muffet" was so cutely presented. The children not only were tremendously aware of their performance but acted so professionally with their cues and renditions. To keep the audience really entertained, we heard "Hey, Diddle Diddle" followed by "Little Jack Horner." To give out with the message to prepare for Christmas, next we heard, "Christmas is Coming" and a favorite performed each Christmas by the lovable kindergarteners, was "Christmas Chopsticks" and superbly executed, complete with sounds of bells and cymbals.

"Santa Claus Is Coming To Town" was next and he was pursued by "Frosty the Snowman" and continuing the holiday parade of famous Christmas characters, what else or who else but to be sung about, "Rudolph the Red-Nosed Reindeer." If you were part of the thoroughly entertained audience, you truly had to appreciate the abilities of the youngsters who were performing for their parents, teachers and friends. The poem, "Christmas Presents" was on the program and a song which was really a highlight of this pageant was "It's A Small World."

The program, magnificent in every aspect, and beautifully accompanied by Ms. Robbins on the piano, who always does such a fine piece of work, concluded with the appropriate music to close out such a fine program "We Wish You A Merry Christmas" which clearly gave out a sincere and friendly message to enjoy the holy season of Christmas. With the conclusion of this song, the audience broke into thunderous and appreciative applause for the most pleasant and enjoyable program of Christmas music. Mrs. Kiely, principal, thanked the children and their teachers for such a memorable presentation and then asked the audience to render to the performers the greeting for Christmas and the happy audience sang back to the children, "We Wish You A Merry Christmas." The children seemed to understand the great thanks of the audience.

Thanks also to the children of Ms. Lee's fifth grade class who served as ushers and usherettes, our ambassadors of goodwill. They included: Hoy Dak Lee, Terri Lyn O'Brien, Anna Tom, Peter Man, Donna Robinson and Frankie Butler. They assisted in seating the parents and other visitors and also distributing programs.

## Reverend Tom Conway Places Second In WRKO Poll

In his annual program on New Year's Day devoted to finding out who the WRKO audience admires most among New Englanders, David Brudnoy, WRKO talk host, found that the new Archbishop of Boston, Bernard Law, had already made an indelible mark on Catholics and non-Catholics alike. The

Archbishop topped the WRKO caller poll with double the votes received by the others highly regarded by WRKO listeners.

The runners-up were the Reverend Tom Conway of Charlestown, retired Senator Paul Tsongas, and Boston Mayor Raymond Flynn.

All four of the top vote-getters will be invited to appear as special guests on the Brudnoy program within the next few weeks. During the New Year's

Day program, callers nominated several dozen people from all walks of life, many of them unknown to the general public.

# Children's Mass And Dinner Conclude St. Francis de Sale's 125th Anniversary Celebration

photos by Maria Girvin

The Jubilee 125 Celebration at St. Francis de Sales included the Children's Jubilee Mass in which every child of the Parish from the first to the eighth grades, was invited to participate. It was truly a festive occasion with children of all ages making presentations of gifts to the altar such as a bouquet of brightly colored balloons, a Cabbage Patch Doll, a replica of the church building and a beautiful floral arrangement. Each gift was symbolic of the age of the child presenting

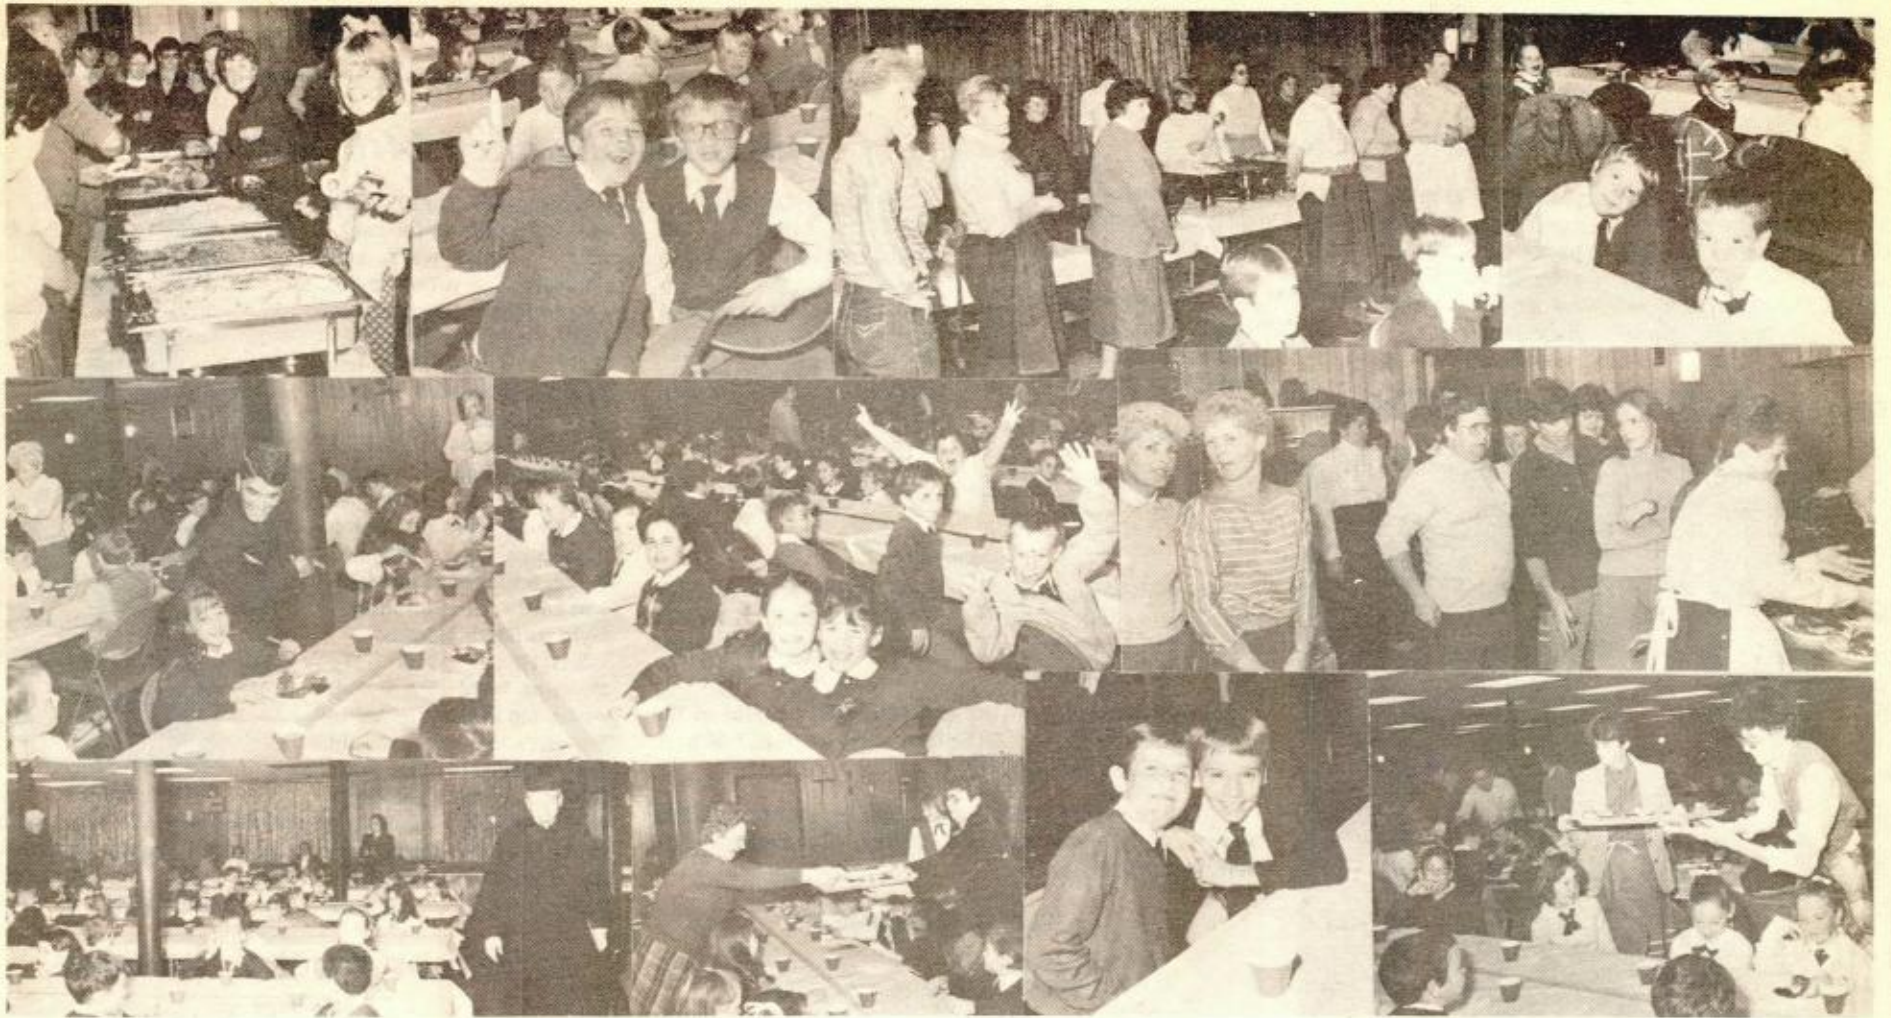

it. The musical accompaniment by both the children and the choir added to the already impressive celebration.

Reverend Daniel Mahoney, Pastor, spoke eloquently of the history of St. Francis de Sales, the "Church on top of the hill," from the first child baptized there 125 years ago to the important role each child holds in the life of the Parish as it is today.

Following the Mass, the children were treated to a turkey dinner in Bishop Lawton Hall.

## Bill Smith Ranked 14th In Nation

by Kathy Giordano  
Bill Smith of Charlestown has been ranked 14th in the nation in the Welterweight Division by the United States Boxing Association (U.S.B.A.) according to Ring Magazine.

Smith, age 27, attributes his high status in the rankings to hard work and dedication, devotion to the sport and the willingness to fight every challenger in their back yard, which has meant extensive travel over the past two years. His 17-4 record is proof of his dedication to boxing which entails a two to three hour work out, seven days each week. When at home, Smith does his daily workouts at Connolly's Gym in South Boston.

Smith is presently awaiting word of a match with a top ranked fighter in his division that should take place in the near future. A win in this fight will hopefully move his rank up in the World Boxing Association (W.B.A.) and the World Boxing

BILL SMITH

Conference (W.B.C.), both of which should then rank him in the top 20 of all Welterweights in the world.

## Facts About Drugs — F. A.D.

There are many common myths surrounding our national pastime: drinking.

"Alcohol is a stimulant." Alcohol actually is a depressant. The first area of the brain alcohol affects is the area which regulates inhibitions, judgement and self-control. It is the lack of such restraints that causes the uninhibited behavior.

"Alcohol warms the body." Alcohol makes the drinker feel warmer because it causes blood to rise to the skin's surface. However, when this happens, the body temperature is actually lowered because the surface heat is lost. The image of the St. Bernard with a cask tied to his neck is not a symbol of life, but potential death to the freezing person.

People believe that it is possible to sober up with food, coffee, cold shower, fresh air. The only real effect is to produce a wide awake drunk. Time is the only method for sobering up. And the body eliminates alcohol at the rate of about one drink per hour.

"Alcohol increases sexual ability." No. It may lower defenses, but it does not improve performance.

"Mixing drinks causes greater intoxication." This is another myth. It is still only the total amount of alcohol one consumes that counts.

"Alcoholics are morally weak." Wrong again. Alcoholism has been medically and legally classified as an illness and the alcoholic is no more responsible for his drinking once he starts, than a person with T.B. is for his coughing.

"Alcoholics drink every day." Wrong. Some alcoholics drink only on weekends; some abstain for months. Alcoholism is not determined by how often a person drinks, but whether or not he can control his drinking once he starts.

"Alcoholism is inherited." This has never been proved. It is generally agreed that psychological and sociological factors are responsible for the development of alcoholism. There are learned by the next generation. There is a higher degree of alcoholism in certain families and research is still going on in this area.

The biggest myth of all: "I will never become an alcoholic." Anyone can become one with time, patience, and exposure.

## Snow Emergency Information

Mayor Raymond L. Flynn announced that the City of Boston Snow Emergency Center will operate again this winter until April 1 during declared-emergency storms.

During snow emergencies only, a 24-hour telephone number—725-3050—available to receive calls from Boston residents requiring assistance such as towing of vehicles interfering with snow removal, removal of debris from public ways, and providing shelter for stranded residents or commuters.

The Snow Emergency Center is located in City Hall and serves as a clearinghouse for all snow-related emergencies, alerting appropriate departments and agencies to solve the problem.

The Center, which is staffed by regular Department of Public Works employees, stays open until a significant number of calls decrease.

A snow emergency is declared by Public Works Commissioner Joseph Casazza in conjunction with the Highway Superintendent and Police Commissioner.

The Center is set up at the discretion of Commissioner Casazza if 4-6 inches of snow are forecast and automatically if 6 or more inches are forecast.

### Snow emergency notes:

•During snowstorms all snow-related emergencies in Boston should be reported to the City's Snow Emergency Center at 725-3050.

•From now through April 1, the Highway Division of Boston Public Works puts into effect a snow emergency standby operation consisting of three shifts of 15 persons each, 24 hours a day, seven days per week.

•During a snow emergency, public service announcements are issued through the media by the Department of Public Works, the 24 hour Hot Line and the Mayor's Office.

•During a snow storm snow emergency calls should come to 725-3050 in City Hall rather than to individual

yards. By calling the main number all calls can be monitored and the lines to the DPW yards will be kept open thus providing more efficient service.

•If you call 725-3050 to report an unplowed street in Boston, be sure to find out if there are any cars that might block a plow. If there are, try to find out who the owner is and ask him to move it. If you can't determine who the owner is, report it to the Snow Emergency Center at 725-3050 to have it towed.

•After a street has been plowed, **DO NOT TO SHOVEL SNOW OFF YOUR CAR INTO THE STREET**, "throwout" adds 30% or \$12,000 an hour to the cost of snow removal. Try to pile the snow out of the way on the sidewalk.

•Shovel your sidewalk. In Boston it's your legal responsibility.

•During a full snow emergency, snow removal costs the City of Boston an estimated \$40,000 an hour.

•Do not park along an Emergency Artery. These street are well posted. Your car will be tagged and towed.

•If you see a car or impediment to snow removal, please call 725-3050 and report it.

•During a snow storm if possible use off street parking. Save the on street sites for the elderly and the handicapped.

•This is an even numbered year. During a snow storm park on the even side of the street only. This is in effect for the entire snow season.

## REMEMBERING JENNY HORN

Our column has often carried updated information on NF, and placed pertinent facts before the public eye on the necessity and urgent need for a National Commission to research and develop an eventual cure of this dreadful, debilitating disease. House H.R. 1676 and Senate S. 1623 address this important Act, which all hope will soon be brought to fruition, and, proudly, we pass along the report that "Massachusetts has the best record in the country for co-sponsors of the NF Bill." Sadly, its enactment will have come too late for Jenny Horn!

In its Fall Newsletter, The Massachusetts Chapter of Neurofibromatosis (AKA Recklinghausen's Disease) carried the text of an article which ran in the *Lexington Minuteman* on May 10, 1984. It was written by Niela Miller (Jenny's mother), and salient parts thereof are reprinted here following:

"My daughter, Jenny Horn, is currently dying after a lifelong struggle with neurofibromatosis, complicated in recent years by cancer. She grew up in Lexington, attended Bowman, Clarke Junior High and Lexington High School. Her first semester at Rhode Island College was spent on crutches after a leg operation (Note: amputation eventually ensued). She had to spend a few hours each day going for radiation treatments. Last year she transferred to Indiana University. She spent her first (and only) semester there wearing a wig and recovering from chemotherapy. She is now bedridden at Massachusetts General and has only a short time to live.

Jenny's goal was to work with children who were emotionally disturbed or had other special needs. She won't get to do that. But I think it would make her happy to know that other children who are born with her affliction will be helped by the donations of her friends and neighbors. Certainly, for me, her mother, it is one small

consolation in a heartbreaking time."

It hurts to report that Jenny was "called home" last August. She left a legacy of courage, optimism and bravery of spirit, having lived with a disease that is totally unpredictable and devastating, and will be greatly missed by all who loved her and had to endure with her the pain of a life destroyed by this disease.

We can all salute the memory of Jenny Horn by supporting "The Jenny Horn Memorial Fund" through submission of a donation (in her name) to NNFF - Massachusetts Chapter, 21 Vine Rock St., Dedham, Mass. 02026. While you're at it, ask for further information on a continuing basis and request - and display - their bumper sticker "Ask Me About NF." Neurofibromatosis is much more prevalent than the general public presently imagines. However YOU help, it's quite possible you'll be helping yourself or your loved ones.

## ATTENTION MEGABUCKS LOSERS.....

"I wish I had a telescope to scan the starry skies, but since I have no telescope, I'm glad I have two eyes. I wish I had a pushbutton kitchen to be at my command, but since I haven't that kitchen, I'm glad I have two hands. I wish I had a super-car to give my friends a treat, but since I have no super-car, I'm glad I have two feet. Two eyes to look at heaven above, two hands to clasp in prayer, two feet to take me to my church.....Thank God, I'm a millionaire!" (With thanks to former State Senator Mary L. Fonseca of Fall River)

We're still busily compiling our New Years Resolutions, but gladly pause here to give you a couple of dillies: DILLY. DILLY.

## Doris Cited For Helping Mentally Ill

Senator Francis D. Doris was recently cited by the Alliance for the Mentally Ill of Massachusetts, for his efforts on behalf of the mentally ill.

In thanking Doris, the President of the Alliance, Mrs. Anita B. Pyatt, noted: "You have participated in a historic turning point in the treatment of the mentally ill in the

Commonwealth. You will be long thanked and remembered."

Doris, who was instrumental in legislation prohibiting abuse of the mentally ill, was also thanked for his work in establishing guidelines for the treatment of youth in acute psychiatric emergencies. These guidelines are similar to

earlier legislation Doris helped to enact, that guarantees children are separated from adults in mental institutions, but with broader regulations.

Doris commented:

"Hopefully these long needed steps will put an end to the atrocities in the treatment of our mentally ill. More importantly, we are confident that future tragedies will be prevented."

# Charlestown Police Line

From the Desk of  
Deputy Superintendent Joseph V. Saia, Jr.  
Commanding Officer, Area A

On December 28, 1984, a woman came into Area A to report a larceny. The woman stated that while her motor vehicle was parked and unattended on Rutherford Avenue, some unknown person(s) entered the vehicle and removed a suitcase belonging to the victim. At this time, there are no witnesses to this incident.

On December 28, 1984 at 10:07 p.m., police officers responded to 500 Rutherford Avenue on a larceny report. On arrival, the officers spoke to a woman who stated that while her vehicle was parked at the above location, person(s) unknown broke a window, entered the vehicle, and removed a Blaupunkt Radio. These suspects also did damage to the dashboard and the paint of the vehicle.

On December 29, 1984, police officers, while on routine patrol, were stopped by a woman at Starr King Court. This woman stated that while she was sleeping, some unknown person(s) threw a rock through the kitchen window of her home. This incident will be further investigated.

On December 29, 1984 at 9:07 a.m., police officers responded to Old Ironsides Way on a breaking and entering

report. On arrival the officers spoke with a woman who stated that while she slept, some unknown person(s) entered her home through a rear patio door. These suspects rifled through her handbags and removed about \$15.00 in U.S. Currency.

On December 29, 1984 at 11:25 p.m., police officers responded to 299 Main Street on a radio call. On arrival, the officers observed a broken window on the side of a building located on Sullivan Street. After further investigation, the officers found a beer bottle, which apparently had been used to break the window. A white male suspect was seen running from the scene by witnesses. The witnesses were unable to give the officers any further description of the suspect. A search of the area was to no avail.

On December 30, 1984 at 10:15 p.m., police officers responded to Mead Street on a radio call of an assault. On arrival, the officers observed two white males running from the scene. The officers spoke to the victim who stated that two white males had vandalized his van. When confronted, these two suspects had beaten the man with their fists. The two suspects have been identified, and the victim will seek complaints at Charlestown District Court.

On January 1, 1985 at 6:30 p.m., police officers observed

a motor vehicle being operated the wrong way on a one way street. The vehicle was stopped at One O'Reilly Way. At this time the officers discovered that the operator of the vehicle was wanted on a Default Warrant issued from South Boston District Court. The suspect, a 34 year old resident of Charlestown, was placed under arrest, and transported to Area A for booking.

On January 1, 1985, a woman told police officers that a male suspect had smashed the windows of her motor vehicle with his fists. This same male suspect had also assaulted a friend of the victim after being involved in an argument with her. This suspect is known to both victims, and they will seek complaints in Charlestown District Court.

The next Community Service Meeting will be held on Tuesday, February 12, 1985 at 7:00 p.m. This meeting will take place at the Kent Community School on 50 Bunker Hill Street.
