Subject: MSW Registration Application No. Pending – R&J Recycling and Disposal Medical Waste Facility – NOD (Tracking No. 26762623)

Dear Ms. Wershing:

We have reviewed a registration application, dated October 21, 2021, for a medical waste processing facility prepared by Everett Griffith Jr. & Associates Inc. on behalf of you, the applicant, and received on October 25, 2021. Additional information is necessary to comply with the application requirements of Title 30 Texas Administrative Code (30 TAC) Section (§)326.73(a).

The information requested below must be provided to complete the preliminary review process and prior to further application review.

1. The "Regulated Entity Name" identified on the Core Data Form is not the same as the "Facility Name" on the Medical Waste Registration Form (TCEQ-20789) application. Correct this discrepancy and resubmit the appropriate form(s). Please have consist page numbers in TCEQ-20789 form.
2. Include e-mail addresses in Items 17 and 35 of [Core Data Form \(TCEQ-10400\)](#).
3. Your application must be prepared and sealed per 30 TAC §326.69(b). Resubmit the title page and table of contents to include the seal of a professional engineer who is registered in the State of Texas, in accordance with 30 TAC §326.69(b)(1). In addition, please be advised that the Texas Board of Professional Engineers (TBPE) adopted rule revisions that require all licensees to include the name and registration number of the registered engineering firm for which they are doing the work, on sealed documents, in accordance with 22 TAC §137.33(n).
4. In accordance with 30 TAC §326.69(e), provide a Uniform Resource Locator (URL) address of a publicly accessible internet website where the application and all revisions to the application will be posted in "Section 1.4 – Posting of Application on Website" of the Medical Waste Registration Form (TCEQ-20789) application.
5. Provide a revised adjacent and potentially affected landowners property map to show all property ownership within ¼ mile of the facility and all mineral interest ownership under the facility. The revised map should be submitted as described in 30 TAC §326.69(d) as well as be signed and sealed by the professional on record.
6. In accordance with 30 TAC §326.69(d), application drawings, review all drawings and maps as needed and ensure all maps are signed and sealed by the professional on record.
7. For future correspondence, the professional of record should sign and stamp the application before the applicant in "Section 6 – Applicant Certification and Signature" of the Medical Waste Registration Form (TCEQ-20789) application.

Please respond to these comments in the following format:

- Submit a Correspondence Cover Sheet (Form TCEQ-20714) with the revised application. Include the TCEQ Tracking No. indicated in the Subject Line of this email;
- Provide a dated cover letter with the revised application;
- In the cover letter, list each of the above comments, and the response immediately following the comment;
- In the response, indicate the location of each revision by reference to part, section, and page number;
- When revising or adding a detail on a map, drawing, or figure revise other parts of the application depicting the same information; and
- Include a new, original applicant certification statement and signature page, "Section 6 – Applicant Certification and Signature," of the Medical Waste Registration (Form TCEQ-20789) application.

In addition, submit an original and two (2) unmarked copies, and one marked copy (for example, in redline/strikeout format) of the revisions within 14 days of the date of this email. Your response must be in a format that allows for the application pages to be replaced with revised pages. Per 30 TAC §326.69(c), each revised page must have a revision date and note in the header or footer indicating that the sheet has been revised. Since your application is under a preliminary review, please include the following words: "Prelim-Review # (date)", in the header or footer of each revised page to identify your response to our comments. Failure to submit a satisfactory response to each of the comments in this email may result in the application being returned.

Please contact me if you have any questions.

Thank you,

Kristen A. Hernandez, Project Manager
