## WORK EXPERIENCE

09.2018 - 12.2020

- Throughout my student life and for a long time, I have been building both personal and multi-purpose dynamic websites.
- This has given me a lot as a developer. It gave me experience in running and managing my own business.

## I HAVE AN EXAMPLE PROJECT

03.2019 - Simple Project

- This project was made so that people who have not come to Giresun before will have trouble using public transportation.
- It draws on the maps with Yandex maps and shows users which bus will go and where it will go.
- You can see the project demo int this link below ([dolmus.azurewebsites.net](https://dolmus.azurewebsites.net))
- Also you can see my other project and codes on my github profile. ([github.com/hdemiray](https://github.com/hdemiray))

## EDUCATION

08.2017 - 07.2019

- Giresun University TBMYO (4/3.13)  
- **Compuer Programming**

## LANGUAGES

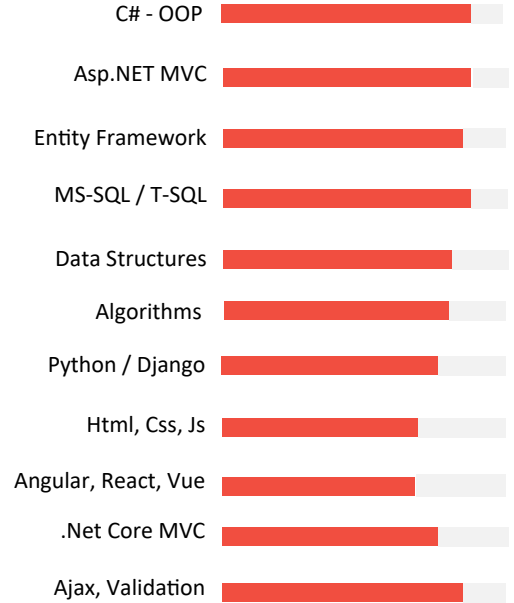

English

Turkish

## SKILLS & COMPETENCIES

## CERTIFICATES

08.2020 - 12.2020

- I finished the web development course of Engin Demirog instructor in udemy. 60+ hour. (<https://www.udemy.com/user/engindemiro/>)
- I also have .NET Core 3.0 & C# 7 course from the same instructor and keep learning.
