## UVOD

### INTRO

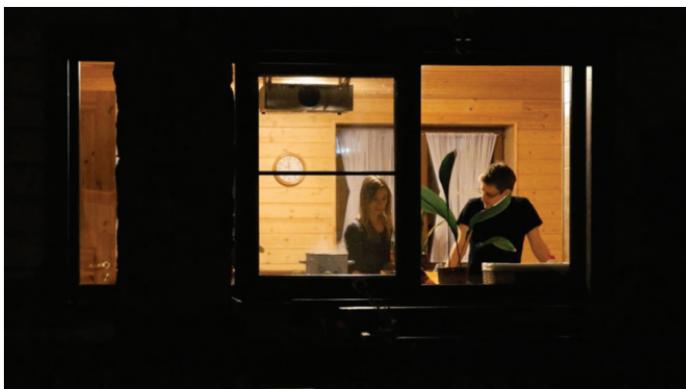

Budući da je ovo sedmi put da pišemo uvodnik, možemo reći da je iza nas šest uistinu uspješnih godina. Iskusni festivalci tvrde da se pravi festival prepoznaće tek nakon šest izdanja tijekom kojih festivali ili prežive ili se ugase. Unatoč recesiji i raznoraznim okolnostima, mi ne samo da smo se ugasili, već ove godine stižemo veći i bolji no ikad. Štoviše, ponosni smo da smo unatoč svim nedaćama uspjeli u onom što nam je cilj od prvog dana - konstantan razvoj i napredak. Ove godine ćemo filmske projekcije prvi put održavati na tri lokacije. Uz to, osmislili smo tri nova programa te ćemo prikazati više od 40 naslova, a prvi će se put dio programa održati i izvan Supetra jer će festivalski pobjednik biti prikazan u Selcima dan nakon završetka festivala u Supetru. Isto tako, u programu su i dvije radionice dokumentarnog filma, već poslovnična dječja radionica koju vodi svima dobro poznat tim, te novost - radionica dokumentarnog filma za mlade. Treba svakako spomenuti i bogatu lepezu ostalog programa; između ostalog svakodnevne razgovore s autorima, predavanja vrsnih znalaca iz filmske struke, kreativne radionice za mlade, izložbu, festivalski kafić i popratni glazbeni program. Nadamo se da će svi pronaći ponešto u našem raznovrsnom programu te da se vidimo na festivalskim lokacijama.

*Experienced festival organizers say that the sixth year of putting together a festival is the make or break year. Since we're writing our seventh intro, we can happily say that not only did we not break, we are returning bigger and better than ever. This is the first year that the festival will take place in 3 locations for which we've developed three new programs, including over 40 titles. We will also take a festival screening out of Supetar for the first time - with an additional projection in Selca the day after we wrap up in Supetar. We'll also hold two documentary workshops - one for our youngest audience, as usual, and a new one for those a bit older but young at heart. In addition to that, we will hold numerous talks with the authors, lectures, have an exhibition and a music program to accompany our film program. We hope that you will find something of interest in these pages and that we'll see you at one of our festival locations.*

## **ANIMIRANI DOKUMENTARCI**

ANIMATED DOCUMENTARIES

---

Animirani dokumentarac je hibridna forma koja spaja animaciju i dokumentaristiku – to su najčešće filmovi temeljeni na stvarnim događajima te u svojoj izvedbi kombiniraju najbolje iz oba žanra. Iako žanr animiranih dokumentaraca postoji od samih početaka filmske umjetnosti, posljednjih je godina postao izuzetno popularan. Popularnost te forme i želja za predstavljanjem različitih formi dokumentarnog filma, nagnala nas je na koncepciju novog programa posvećenog animiranim dokumentarcima. Stoga se nadamo da ćete uživati u nekim od ponajboljih recentnih dostignuća na tom polju.

*Animated documentaries are a hybrid bringing together the two forms of filmmaking. They are based on true stories and their execution combines the best out of both genres. Even though the animated documentary has existed since the beginning of film, it has been gaining popularity in recent years. This, plus the wish to present as many different faces of documentary film lead us to select this programme for you. We hope you'll enjoy in some of the best this genre has to offer.*

# RADIONICA DOKUMENTARNOG FILMA

## DOCUMENTARY WORKSHOP

---

Supetar Super Film Festival svake godine organizira besplatnu dokumentarnu radionicu za djecu i mlade koja je izvrsno prihvaćena i posjećena, a radovi nastali na radionici se prikazuju posljednji dan festivala. Ovogodišnje radionice dokumentarnog filma održat će se od 13. do 18. srpnja, i to u dvije grupe - za djecu (6-13 godina) i mlade (14-77 godina), a svaka prima deset polaznika. Program obuhvaća osnove izrade dokumentarnog filma - priprema priče, snimanje slike, zvuk, montaža i osnove postprodukcije. Radionice će voditi Zlatko Zlatković, Ivana Todorović te prošlogodišnji pobjednici SSFF-a Jovana i Dragan Nikolić.

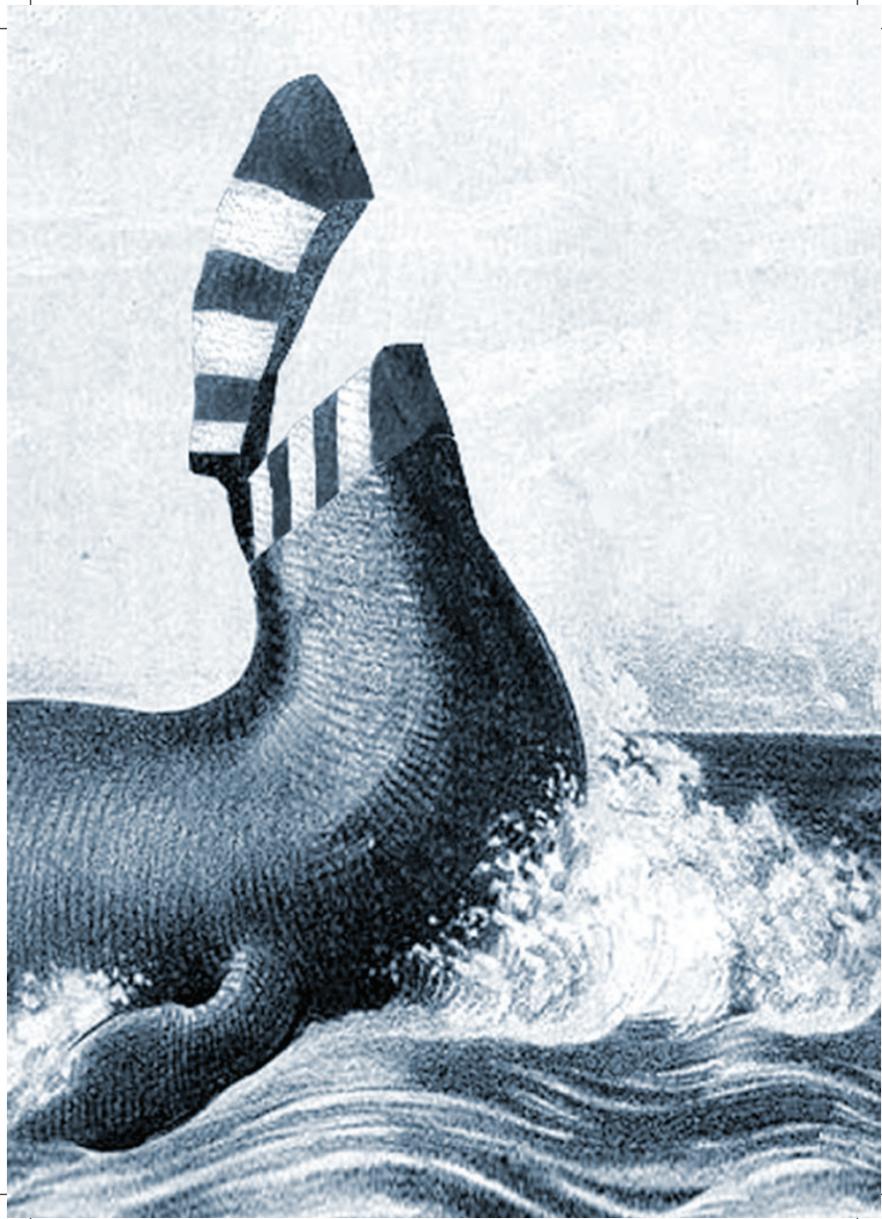

*Supetar Super Film Festival organizes each year a free documentary workshop that is overcrowded with kids and youngsters and hold a screening of the results of the workshop during the last day of the festival. This year's documentary workshop will be held in two groups of 10: kids (6-13) and youngsters (14-77). Anyone with or without previous documentary/film/editing knowledge is welcome to join.*

NeSSFFie je mitološko stvorenje za koje se vjeruje da živi u Bračkom kanalu. U kriptozooliji, kategorizirana je kao kriptid iz kategorije tzv. filmsko-festivalskih čudovišta. Među znanstvenicima, najpopularnija je pretpostavka da se radi o preživjeloj vrsti klaposaura, odnosno populaciji klaposaura koja obitava u dubinama kanala ispred Supetra.

NeSSFFie is a mythical creature believed to live in the Brač Canal, Croatia. In cryptozoology, NeSSFFie is categorized as a cryptid from the so-called Film Festival Monster category. The scientists' general hypothesis is that this is a survived species of Clappersaurus, i.e. a population of Clappersaurus which resides in the depths of the canal in front of Supetar.

## ZAHVALA

THANK YOU

Željeli bismo od svega srca zahvaliti svima koji su pomogli da ovaj festival tijekom proteklih sedam godina postane ono što danas jest - najveći filmski festival na jednom od otoka, kao i festival dobrih emocija, izvrsnih filmova te dobrog provoda. Popis svih koji su pomogli je preduž da bismo sve pobrojali poimence, stoga hvala svim partnerima, sponzorima, prijateljima festivala, mnogobrojnim volonterima i poznanicima koji su nesobično poklonili svoje vrijeme i trud te tako doprinijeli realizaciji najvećeg i najboljeg festivala dosad. Svima veliko hvala i vidimo se dogodine. Najveća hvala svim Supetrankama i Supetranima zbog kojih je ovaj festival toliko poseban. I naravno, vidimo se i sljedeće ljeto, uvjek još bolji ;)

*We would like to thank, from the bottom of our hearts, everyone who had a hand in the last seven years in making SSFF what it is today - the biggest festival on an island in Croatia, a festival filled with good vibes, excellent movies and warmth. Thanks to all the partners, sponsors, festival friends, volunteers and acquaintances who have donated their time and energy throughout the years and helped us grow to this point. A final and biggest thank you goes to our dear residents of Supetar who make SSFF as special as it is. See you next year!*

"Donedavno smatrana izumrlom, Morska prakokica Klaposaurusova je najdraža poslastica te endemska vrsta koja već milijunima godina kruži Bračkim kanalom nošena morskim strujama."

*"Until recently considered extinct, the Prehistoric Sea Pop-Corn is the Clappersaurus' favorite treat and an endemic specimen swimming around the Brač canal for millions of years."*
