The new web-based **Service Directory for Eastern Southland** is ready to populate

We invite you to input information regarding your organisation and its services.

The directory is ready for groups and organisations to start inputting their information, we would appreciate you taking part in this exciting opportunity to create a community asset that will be available for everyone to use.

www.goredirectory.co.nz has been designed so that groups and organisations can easily input and update their own information. This aids the long term sustainability of the directory, as well as, enabling its contents to be kept relevant.

The Community Networking Trust, as part of its commitment to lead and enable effective social service provision, will help facilitate the final development and implementation of the directory, it will then manage directory once it's operational. This web-based directory will build on from the local paper based/static Social and Community Service Directory that is currently produced by the Community Networking Trust, and will be publicly accessible.
