

TUPAC

TUPAC

Bringing Thug Life to Blockchain

The background features a dark space filled with intricate, golden, wavy lines that resemble smoke or digital data. In the bottom left corner, a blue laptop is shown with a white screen, from which the golden wavy lines appear to be emerging.

TUPAC INTRODUCTION

Tupac is a Meme Coin project based around the beloved and infamous Tupac Shakur. We will provide opportunities for users to change their lives through opportunities and wealth. The token is based on the Binance Chain. Tupac will base community growth at the centre of it's mission. Tupac will utilise Tupac Hype and use his music and following to drive it's adoption.

The logo consists of a glowing green square frame. Inside the frame, there is a cloud of green smoke or gas. The word "TUPAC" is written in a white, sans-serif font across the middle of the smoke. On the right side of the square, there are several thin, white circuit-like lines extending outwards.

TUPAC

TUPAC OBJECTIVE

- We aim to increase the value of our currency to benefit our community.
- Building a strong community group and increasing our holders to a Global level.
- Create an effective Social Platform that provides followers with safe advice that will make them prosper.
- Introduce a successful currency that supports our Ecosystem and brings value to holders
- Partnerships with diverse communities around the world and high profile individuals
- Publish positive content relating to the legend, Tupac Shakur

PROJECT FEATURES

Tupac provides useful, resourceful utilities to build out our Ecosystem. Our utilities provide users with both earning potential and opportunities to grow.

2pac Coin

\$2PAC will be the main currency of our Ecosystem based initially on the Binance Chain. We will diversify the use cases and allow our Utilities to feature \$2PAC within their models.

We have hired an inhouse **Marketing Team** to drive the projects success. They will assist to build partnerships with Communities and KOLs to ensure the project reaches immeasurable heights.

We have partnered with a Media Agency to create and publish **Tupac Content** that will promote his Legacy and demonstrate his brilliance. We will use this stage to build our community with likeminded people.
