

## *The Couple's Game*

*The point of this game is to add excitement to your sex lives. There is good chance that you have never done many of the things in this game before, but we encourage you to try them all. Not only will they bring you and your partner closer together, they could also bring you completely new sensations you've never felt. After finishing every act, you are guaranteed to have increased intimacy and at least one new favorite act. Explore your boundaries, push your limits, embrace the nastiness. Enjoy!*

### Rules

1. Cut out every act and fold it up.
2. Throw every act in a jar or a hat.
3. Pick one out.
4. Read the description for the act.
5. Perform the act together.
6. Acquire pleasure you never thought was possible.
7. **Each act is to be done until the receiving person(s) orgasm.**
8. Be safe.
  - a. We want you to try every act and encourage you to at least *TRY* them all, if they begin to make one of you uncomfortable, do what makes you comfortable. Don't force anything. Consent is key.
  - b. Use birth control if you're not trying to have children.

## The Leaderboards

- Couple's should register for the leaderboard by telling the moderator (through comment or message) that they and their SO want to be ranked on the leaderboard. Comment your team name and your ages to be put on the leaderboard.
- To earn points, you must submit that you have done an act.
- To achieve the act bonuses, you must submit at least one picture.
- There are four other bonuses to be earned from completing the acts: the story bonus, the picture bonus, the video bonus, and the post bonus.
  - Send in a descriptive story for a 1 point bonus.
  - Send in two pictures for a 2 point bonus.
  - Send in a video that's at least 15 seconds for a 3 point bonus.
  - Allowing us to post your submissions will double the bonus of your submission.
    - Story goes from 1 to 2
    - Pictures go from 2 to 4
    - Video goes from 3 to 6
- Some acts have no bonus, some acts have more than one.
- The rankings aren't on who can do it best or who looks the best. This game is about strengthening your bond and having some fun. Each act will be beautiful (and very sexy) with any couple. The rankings are on who does the most, and on who takes advantage of all the bonuses.

## **Act Help!**

### Threesome Help

Threesomes are something we believe every couple should experiment with. Another person can add more trust to relationship, if it is done correctly. Many people do not know who to contact for a threesome; here's our suggestions.

- A Best Friend
  - This is usually someone who both people are familiar with and has a higher chance of agreeing to one.
- r/dirtyr4r
  - Finding a random person may seem scary, but they want it just as much as you do. This subreddit is used all the time to find thirds for threesomes.
- Apps (Tinder, Feeld, 3somer)
  - These apps get you random people, but they want to be brought into your sex lives. If Tinder is too open to people you may know, Feeld and 3somer are great apps to look for a third.

Threesomes may be a tricky area for a lot of couples. But, if you are in a strong, loving relationship, then this will only bring excitement and push your boundaries in the bedroom. Everyone has had a fantasy about threesome at least once in their life. Hell, it's probably in everyone's top 5 fantasies to have a threesome. You just have to act on it. If it's really something you're not interested in, don't do it, but it adds variety to spice things up and they're just oh so naughty.

### Anal Help

Anal sex can also be scary, and many people are afraid to venture out into this territory. With trust and patience, this can be an amazing experience. Here's a few tips to make it all work out:

- Use water based lubricant
  - KY Jelly or Astroglide. Look it up if you want more options
- Poop before engaging in anal play
  - You wouldn't want anything to force its way out while someone is forcing their way in
- Shower before
  - Cleanliness is key
- The anus is cleaner than you think it is
- Go slow until your partner is ready for something more extreme
- Just the tip
  - The nerves you want to give pleasure to are in the anus! Shoving a whole cock inside of someone's intestines creates pain.
