Massport Outlines Purchase Of Revere Sugar Site At Community Meeting

by Chris Nicastro

Massport presently has no specific plans for the use of the former Revere Sugar Factory on Medford Street it purchased for \$6 million on December 31, 1986, according to Massport Maritime Director Anne Aylward.

Massport, which also owns the Moran Container Terminal, bought the 18acre site as part of an ongoing program to preserve areas of the working waterfront in Boston. While Massport hopes to eventually use the site as a cargo

terminal for the Port of Boston, questions as to what sort of cargo and how the terminal will be operated remain unanswered.

"I admit this is a little unusual," said Aylward, speaking before about forty Charlestown residents, City Councillor Robert Travaglini and Representative Richard Voke at the Charlestown High School last Thursday night. "Normally when someone buys a property, they do have some specific plans for it in mind . . . Our feeling. however, was that it was only going to be on the market once and if we didn't acquire it at this point, it was not likely to be available five or ten years from now.

The most valuable part of the 18-acre site (11 acres land, seven acres water) to Massport is the deep water berth on the Mystic River. According to Aylward, this 458-foot berth with a 32-foot water depth could be used immediately. There is a wooden dock on the west side of the terminal and a wooden pier along (continued on page 7)

Neighborhood Council Housing Committee To Hold Meeting On Three Properties

The Housing Committee of the Charlestown Neighborhood Council will hold a public meeting to solicit information on the proposed construction of two housing units and the reconstruction of an existing building. The meeting will be held on Thursday evening, January 22, 1987 at 7:30 p.m. at Charlestown High School, 254 Medford

The three properties to be discussed are:

1) 19 Albion Place -Loring T. Verry, owner of the land parcel, is proposing to build a three unit building on the vacant land.

2) 435-435H Main Street - owners Deborah S. Belcher and G.L. Kroner are proposing to change the legal occupancy of the building, which is at the corner of Main and Baldwin Streets, from two apartments and one store to three apartments and one store and to erect a roof deck and headhouse.

3) 41-43 Auburn Street - owner Thomas Celata is proposing to build a threefamily dwelling on this vacant land parcel.

The public is welcome to attend this meeting.

Annual Meeting Of The Kennedy Center Board

The Annual Meeting of the Board of Directors of the Kennedy Center will be held on Monday, January 26, 1987 at 7:00 p.m. at the Mary Colbert Apartments, 20 Devens Street.

The public is invited to attend.

There are three vacancies on the Board available to be filled:

- 1 seat in Precinct 3
- 1 seat in Precinct 6
- 1 seat in Precinct 7

If you reside in one of these precincts and would like to represent your precinct, please come to the annual meeting.

If more than one candidate from any precinct presents himself or herself for membership, the Board will vote to seat one of the candidates.

If you would like further information, call Katherine McDonough, at 241-8866.

LIEUTENANT COLONEL William McCabe (right) of Charlestown is sworn in as the new Michael S. Dukakis (left).

Commissioner of Public Safety by Governor

At ceremonies held at the State House on Friday. January 16, Charlestown resident William McCabe was sworn in by Governor Michael Dukakis as Commissioner of Public Safety for the Commonwealth of Massachusetts.

The ceremony was attended by many friends and neighbors, who along with state and city officials including Representative Richard A. Voke and Boston City Councillor Robert Travaglini, honored the new commissioner with a

standing ovation.

McCabe grew up on Main Street and Trenton Street and now resides on Bunker Hill Street with his wife, the former Margaret (Peggy) Hartigan, and his two daughters, Maureen (continued on page 8)

Smooth Sailing For Schrafft Sailing Club

by Chris Nicastro

After almost two years of red tape, it looks like it's smooth sailing for the Schrafft Sailing Club. Although the Flatley Company is still waiting for final approval from the State and the Army Corps of Engineers, Project Director Lisa Bass is confident that opening ceremonies for the sailing program and park at The Schrafft Center will be held this summer.

"We know what we want to do. We know what kind of boats we want to have. I have them all ready to order. The dock has been designed. We're all ready to go," said Bass.

The sailing club, sponsored by the Flatley Company, will be open to all Charlestown youth between the ages of eight and 17. For the nominal fee of \$1, these young people will receive instruction on the fundamentals of sailing. Bass' enthusiasm for the program is contagious and her passion is genuine. "We want to teach them how to sail and about the water. How to enjoy the water instead of just living next to it. How it works; that it can be dangerous and the pleasure it can bring. You learn a lot about yourself," she explained.

Designed for novices, the program will provide onshore instruction on sailing techniques and proper care for the boats and the equipment. After these lessons are learned, the youngsters will go out, three to a boat, to get hands on experience. Once the students master the fundamentals, they are eligible to sail out on their

The waters surrounding the Schrafft Sailing Club are particularly suited for leisurely sailing. The river is calm, the winds are light, and the traffic is almost nonexistent. "Every kid will do it at his own pace. There will be no pressure,' said Bass.

Adult Discussion Group

On Friday, January 23th, the Adult Discussion Group will meet at the Charlestown Branch Library, 179 Main Street at 10:00 a.m.

Participants will have a chance to evaluate the last series on Crafts and Hobbies. This will also be a good time to join the group. as upcoming programs will be discussed.

The Adult Discussion Group will meet on Friday. January 30 at 10:00 a.m. Neighborhood "The Health Study: What Does It Say About Charlestown?" will be the topic of the discussion.

Roger Sweet, M.D., Director, Community Health Associates will be the guest speaker. Dr. Sweet will discuss the health report and its findings in this discussion which will the first in a three part series. There will be time for questions and answers.

Children who show special interest in sailing and have passed the required tests will be referred to the Courageous Sailing Club at the Navy Yard also slated to begin this summer. Directed by Harry McDonough, the Courageous program is open to young people throughout Boston. Mc-Donough, who has run a sailing program for young people in South Boston for years, said that the real value of these programs is the discipline that they instill in the young sailors, "It's not like a program in Greenwich, Connecticut or Newport, Rhode Island. You're reaching different kids. Those kids come from great wealth. We're trying to reach kids in the Charlestown Housing projects, kids hanging out on the corner, kids getting in trouble

pline," said McDonough. McDonough plans to provide the youngsters with plenty of incentive to participate in his program. Those who excel will be given the opportunity to sail on Courageous, the winning boat in the 1974-1978 America's Cup (the only boat to win the cup twice). McDonough described the world renowned 12-meterboat to be docked at the Navy Yard on Saint Patrick's Day, as the center-

all the time. It's not so

much sailing as it is disci-

piece of the entire program. 'If a kid goes through the program and he is good enough, he will sail on Courageous."

The Courageous Sailing Program is important to McDonough for another reason too. He sees it as an opportunity to give Charlestown youth access to an area that has come to be seen by many residents as exclusive. "We're going to break the Mystic River Bridge barrier," said Mc-Donough.

"You've got the wealth of the world in that Navy Yard and I'm gonna bring an army of kids in to see it. I don't care what all of the doctors and lawyers in their Mercedes and Saabs think. Mayor Flynn, himself, gave me the go ahead to break the barrier."

Opening up new areas of Charlestown to its residents is one of the aims of the Schrafft Sailing Club, as well. According to Bass, the Flatley Company hopes the club and accompanying park will bring Charlestown residents into The Schrafft Center. "They're going to come through the building. It's going to be part of their community,' said Bass. "They can come down on a Sunday night and take a stroll down the boardwalk. Elderly people can come down to read a book or just talk.'

Present plans call for the construction of a dock, a boardwalk, a club house, and a public boat launching ramp. A water taxi going to Logan Airport and downtown will also be set up. There will be direct access

between the park and the adjacent Ryan Field. "The concept of a public park was to give access to the waterfront. Even though it's private property, it will be completely open to the public," said Bass.

THE CONTINGENT OFFER

Many househunters must sell another property before settling on a new one. As a seller, should you accept a contract that is contingent on the sale of another house, especially if the offer is satisfactory in all other areas?

Buyers making contingent offers aren't in the best bargaining position and may be less likely to ask for major concessions on price or terms. If you get such an offer, and if it looks tempting, ask your agent about the house they're selling. Is it listed with a Realtor? Will its location and price make it likely to sell quickly? If you accept the offer, you might insist on in-cluding a "kick-out" clause. This would allow you to keep your house on the market after the contingent contract is ratified. If a second offer comes in, you may cancel the first conditional offer unless the buyers can remove their contingency within a short period - say forty-eight to seventy-two hours. A contingent offer can work out well for the buyer and seller, but unless it is written very carefully, it can be risky. Before you accept, weigh the pros and cons . with a real estate professional.

At Century 21, Silva Realty Associates, our agents are trained to help you through each stage of the buying and selling process. Please call us at 242-7470 or drop by our office at 142 Main Street, Charles-

Life Behind The Wall

by Ronan FitzPatrick

A familiar song was brought to mind this past week. Time goes back to Nancy Sinatra's "These Boots Are Made For Walking." First Avenue had several vehicles sporting boots of a different persuasion - specifically Denver Boots. The only way these units will move is with revenue from the owner's purse strings. I am glad to see the enforcement, coupled with injected revenue into the City coffers. Let's hear it for Traffic and Parking Commissioner Dimino.

动物自由

Overlooked a handsome and splended wreath on the Navy Yard Plaza edifice on First Avenue. It struck a nice holiday ring to the area. I am told by a seagull that the beautiful trinket was put in place by Superintendent Fran Maher. An artful work, Fran, no doubt your Cordis Street residence inspired you. Thanks for a job well done.

With equipment and personnel, National Service Cleaning Corporation was plying its trade on Building 39. A renowned building restoration company, the National Service Cleaning Corporation will spruce up the Carriage Building and return it to its former appearance. This is another solid project under the direction of the Navy Yard Plaza Associates.

More oil supplies arrived upon the Texaco Baltic and the Corsicana out of Monrovia. Also, the BCR Queen had its Valentine cargo ready for the anxious consumer.

会会会会

There is not only sea activity, but much action on the streets and avenues. Numerous trailers, recreational vehicles, and a sundry of props were in evidence recently. Once again, our streets are the backdrop for movie making. One has to assume Spencer was paying a visit. Teamsters and production staff were busily preparing for the shoot. On Ninth Street, bordering First Avenue, Cinema Truck of Texas was awaiting its role in the forthcoming episode. To satisfy the demands of the grips and the gaffers. First Run Catering was standing by to dispense its caloric bounty. Autograph seekers were abound; but no major stars appeared readily. But we all know that all the actors and actresses are not in Hollywood. Let's hear it for the Massachusetts Film Bureau for obtaining the studios and aiding the ecomony.

The Spirit of Boston, which cruises the harbor to accommodate a host of activities, has a new sister ship, the Spirit of New York. Cruise International also have the Spirit in Philadelphia, Norfolk and Miami. For a fun-filled adventure, plan a trip.

Some 49 affordable housing units are slated to be contructed by the Bricklayers Union at the corner of First Avenue and Thirteenth Street.

At this time, the construction timetable is in limbo. With the recent Boston Redevelopment Authority approval, the wave of development should be soon.

Representative Richard A. Voke, in conjunction with Massachusetts Department of Public Works Commissioner Robert T. Tierney, has announced the awarding of a grant for repairs on the northern end of the Tobin Bridge. The work to be done under this grant consists of the replacement of wearing surfaces on the roadway as well as partial excavation of the existing reinforced cement concrete deck where deterioration has occured.

According to Representative Voke, safety is the key element in the awarding of this grant. "This award will significantly reduce hazardous aspects of this portion of the bridge. By increasing safety precautions now, we can avoid future catastrophes such as the bridge collapse in Connecticut a few years ago."

Anchorage Apartment Residents Question Hike In Rent

To Mayor Raymond L. Flynn:

Fifty-five thousand dollars (\$55,000) a year! Quite a substantial raise — don't you agree?

We, the residents of The Anchorage Apartments would like to bring the following matter to your attention:

The Anchorage was designated as housing for persons fifty-five years and older, the one affordable housing unit in the newly developed Navy Yard in Charlestown. It was first occupied in January 1986. The minimum income was designated to be approximately \$14,000 to \$18,000 per annum. This would be affordable housing for the over-55 year old residents who, for the most part, were then and are now living on a fixed income, theoretically enjoying their golden years.

According to all the latest government releases, inflation is at its lowest figure since the Eisenhower years. O.P.E.C. oil has dropped in price drastically in the past two years. Pay increases for the working force have been curtailed for the most part — with the notable exception of top level government employees. Cost of living increases for Social Security recipients were suspended until January 1987 and then a whopping one point three percent (1.3%) was

Angry At Closing Of Dental Clinic

To the Editor,

As former patients of the Dental Clinic at Bunker Hill Health Center, we are both angry and disappointed with Massachusetts General Hospital's decision to close the Health Center's dental division.

It seems inappropriate for Massachusetts General to use Charlestown property, i.e. the Navy Yard, for a research site when it shows little concern for continuing to provide services needed and utilized by our community.

Doctors Buchanan and Sweet have lost sight of the charge entrusted to them as doctors and administrators. If what serves the good of the community is no longer cost effective, elimination seems a simple solution for them. They have done a disservice to our community and deserve to hear from the people who have been affected by their 'money first' attitude.

We encourage all who have been affected by this closing to call Massachusetts General and register their complaint. We have.

Terry A. Corwin and J.M. Fiore

awarded! Alas, the increase in Medicare effectively cancelled this raise and could even result in a lower income.

In light of all of the above facts, Barkan Management Co., in conjunction with the M.H.F.A., has issued a blanket ten percent (10%) rent increase to all of the residents of The Anchorage Apartments.

TEN PERCENT! HOW CAN THIS AMOUNT BE JUSTIFIED?

Did Barkan Management give its employees a ten percent (10%) raise — or any raise?

Increased operating costs? Oil prices are lower. Maintenance is adequate, minimal in some instances.

Is it going to cost Barkan Management fifty-five thousand dollars (\$55,000) more this year, in view of these facts, than it did last year? This amount is what it is going to cost the tenants this year. What about next year? If oil is lower, interest rates lower, operating costs decreased, why not the rent?

Perhaps, Mr. Mayor, you could investigate this and determine what possible jus. fication there could be for this increase.

We look forward to your assistance and cooperation in this matter. It doesn't cost anything to vote (not yet).

Sincerely, Leslie Frost, President Anchorage Tenants Association

Massport Outlines Purchase Of Revere Sugar Site At Community Meeting

(continued from page one)
the eastern boundary. Both
are in very poor condition
and Massport engineers
said they may have to be
removed.

The former sugar factory which Aylward described as "cluttered," includes a one-story brick warehouse, a ten-story brick panhouse, a four-story office building, a gatehouse, and a number of smaller buildings. Although some of these buildings will eventually be razed, Massport plans no demolition in the near future. The site also has a B & M rail spur on the property running parallel to Medford Street. Aylward noted that the gatehouse is now manned on a 24-hour basis.

Environmental and engineering studies now underway are the first steps in the process of converting the former sugar factory into a working maritime property. Although no environmental assessment was conducted prior to its purchase of the property, Massport does not expect any major environmental problems. "The recommendations we expect to get reflect the fact that past uses of Revere have not involved heavy toxic materials," said Aylward. Abandoned gas and oil tanks in the ground, discarded barrels and some asbestos in the buildings are seen as the major concerns.

Engineering studies are focusing on the cost of demolition of some of the buildings, the condition of the concrete wharf, and the stability of the sea wall under the foundation of the warehouse.

The next move in the conversion of the Revere factory involves soliciting proposals from various northeastern companies interested in using the terminal. Massport plans to communicate their offers through maritime publications and by talking to terminal operators and stevedores here and in New York, "Basically we'll be saying look, we have one very cold, very sticky sugar factory with a 458-foot berth in 32-foot water. It has rail access. It is up against a residential community . . . Is anyone interested?" Questions as to whether or not Massport will operate the terminal, lease it out to a terminal operator, or lease it out to individual companies will not be answered until after

these intial "feelers" are made. Aylward said that Massport will then once again touch base with the community and address its concerns.

Primary among the concerns voiced by Charlestown residents at last Thursday's meeting, was whether or not the Massachusetts Water Reesource Agency (MWRA) could still use the site as a sludge treatment center.

According to Paul DiNatalie, Manager of Media Relations at the MWRA, the agency has not ruled out any of the 300 sites in Massachusetts under consideration. However, any plan to operate a cargo terminal at the Revere Sugar factory site would make its designation as a sludge treatment center very unlikely.

Other residents were concerned with the terminal's potential impact on traffic on Medford Street and other smaller streets running into Medford Street. Jim Conway of Belmont Street suggested the implementation of a turning radius at the site to ease the situation.

Jack Millerick urged Massport to make preferential hiring of former Revere Sugar Factory workers a top priority. Aylward said that all Massport hiring policies will depend on how the terminal is eventually operated, noting that most workers on the waterfront are members of the International Longshoremen's Association.

Aylward told the residents that Massport would update the community on a regular basis through the Charlestown Neighborhood Council.

Separate community meetings will be held for the discussion of major issues.

Book Discussion Group

A graduate of Saint Francis de Sales School in 1950, McCabe went to Saint John's High School in Cambridge, which is now North Cambridge Catholic High. He received a Bachelor of Science Degree in Law Enforcement from Northeastern University and a Master of Education Degree from Boston University

McCabe has served in various capacities in several Charlestown organizations. He has been a member of the Board and served as treasurer of the John F. Kennedy Family Service Center. He is a member of the Bunker Hill Council Number 62, Knights of Columbus and a member of the Saint Vincent de Paul

and during his 26 years with that organization, held every rank from Trooper to Lieutenant Colonel, the rank he held at his mandatory retirement in December at the age of 50.

McCabe has a reputation for effective cooperation with other law enforcement agencies that dates back to his tenure from 1979 to 1982 as commander of Troop F at Logan International Airport. While there, among other accomplishments, McCabe worked with federal and local law enforcement agencies on anti-drug smuggling programs and with the Secret Service to provide security for the 1979 visit of Pope John Paul II.

Following that assignment, as a Major, McCabe directed the department's internal affairs, staff inspections, intelligence and psychological services sections.

Crusaders Happily Humble Huskies . . . 10 - 8! Terriers Bark, Send Eagles Soaring . . . 7 - 5!

by Bernie "Scoop" Kelly

A near capacity crowd of New Year senior hockey boosters were treated to a full evening of amateur hockey last Monday night. The League's two top teams, the Huskies and the Eagles, were sent whimpering and whining to the showers after taking it on the chin. They suffered their most humiliating defeats from the super-charged, restructured Crusader and Terrier teams during two near equally matched contests as they race for the Man-ly Cup playoffs, which are slated for sometime around March 15th.

I suppose credit for the victories of both teams would go to the goalies, who seemed to be mimicking Frankie Brimsek and Gerry Cheevers, the two former Bruin greats!

Frank "Naps" Saeli (Terrier goalie) was getting so depressed, he had thoughts of going to Skate 3 in Saugus to take his chances with the Ancient & Honorable "Touch & Brush" crowd of elderly players, but changed his mind after hearing they have a lot of face-offs because the elderly players can't stop when trying to score, crashing headon into the goalies, almost total wipe-outs, as they dislodge the net, thereby causing many face-offs. A hockey buff, who was up there, said that they have low scoring games, but high casualties among goalies. Think about it Frankie, any B.C. & B.S.?

Robby "Knobby" McIntosh, the bush-league Bosco goalie, got his release and will be sent back to his parent organization (Bill & Ellie) for fine tuning! It seems Robby's great at flips and flops, but can't go to his left or right, so he'll return to the C-Town Youth Organization for special training with former C-Town High (1954-57) great, Joe (O.T.) "Hambone" (MBTA) Kelly, semi-retired, who will teach "Knobby" how to duck the puck or zig and zag, as Joe has done so masterfully both on and off the ice!

Aw shucks, jingers cats, well I suppose you could say I should eat "crow" for the comments I made about the slow poke, touchy, one-speed, shaky Crusaders, but "holy cow" have they been playing possum all year. Are they about to unfold, finally? Well, well, they certainly put the wood to the Huskies, you know "Pudgy" and company.!

Would you believe there wasn't a dry eye in the Huskie dressing room as they ranked and blamed each other for the loss. First, they blamed the referee, then the scorekeeper, then they threw in the Zamboni and the driver, even the ice got blamed! Finally, they zeroed in on goalie Bruiser "Belly-Flops" Bryson, who tried to hide behind a stained towel that was too small to cover his several-bellied frame, bearing the name of a hotel long out of business in old Scollay Square. He pretended to have dizzy spells every time someone mentioned a goal he failed to stop! The sweat was running down "Bruiser's" face, as his eyes blinked continuously revealing the scars of his flashcube syndrome. His red belly reflected the number of belly flops "Bruiser" takes during a game! Sometimes he flops on the puck when

it's an "icing call," not to mention the flops during game warm-ups! His team Captain, "Maxie" S. Heart, oughta pull him aside and suggest taking up swimming, where he likes to belly flop a lot and his weight so spread out like it is, he may like it . . . it may get rid of his blinking, too!

If you were thinking of making some small talk with Eagle goalie Johnny "N & N" Gray, here are some do's and don'ts to watch for:

DO ask Johnny about the latest in sport uniforms or jerseys, he will amaze you with his expertise in short order! But, DON'T ask him how the Eagles lost to the Terriers last week . . . unless you plan on staying awhile!

Johnny is a "Guinness Book" in goalie pads. He can name every dirty player, in alphabetical order, in the Senior League who lifts goalie sticks and lets the puck go into the net! Amazing! Ask him. Better yet, he'll tell you who is the blindest referee in the League, who calls more goals against him when he pushes the puck under his pads, and guess who is always in the goal crease when a legitimate goal goes into the net . . . yup, you guessed it, the entire opposing team was in the crease and the referee didn't see it. Right, Johnny? Say, Johnny, ever try glasses?!?

CRUSADERS VERSUS HUSKIES, 10-8

It was too bad Crusader Captain, Eddie "Mugsy" Kelly read his hockey schedule wrong. Eddie waited, fully dressed, up at Skate 3 in Saugus, for his team to arrive for their game. When no one showed, Ed figured the other team forfeited the game, he took a shower, headed up Roûte 1, and treated himself to some Chinese food to celebrate the Crusader victory, before finally retiring for the night! Surprise, surprise, yes, Captain, your team won, not by forfeit, but by plain hard work!

Stevie Sullivan called on "Rambo" to assist him as linesman and the Crusaders and Huskies were off and running! Both teams showed a lot of heavy breathing as they made quick changes to keep the lines fresh. It wasn't until well into the first period before the Crusaders drew first blood!

At 5:48, Frank "Back Pass" Bradley took a short pass from Wes Taylor and sent it by the floundering Huskie goalie, "B-Flops" Bryson, for a 1-0 Crusader score!

The Huskies retaliated at 3:09, when Johnny "Scooter" Sodergren went the length of the ice, unassisted, sending a wrist shot by "Robby-Knobby" for a 1-1 tie! Chris "G.G." Connolly gathered in a lead pass from

Chris "G.G." Connolly gathered in a lead pass from Fran Bradley and found daylight through the pads of "Dull Lights" Bryson, who was groping in the dark, for a 2-1 Crusader lead at 2:37!

Just before the first period ended, Danny "Boomer" Considine, unassisted, sent a rifle shot at full speed into the net strings past the compact, short, but briefly outspread Huskie goalie for a 3-1 Crusader edge!

Huskie firepower soon tied the game up with two goals.

Crusaders Happily Humble Huskies . . . 10 - 8! Terriers Bark, Send Eagles Soaring . . . 7 - 5!

(continued from page 10)

within 46 seconds into the second period, when the "Gentleman" Bob Harty sent Billy "The Kid" Kelly in with a lead pass at 14:46 to find an opening through the split save made by the "spindle-legged," slow moving "Knobby" who failed to make a glove save for a 3-2 Crusader lead! Then at 14:00, "Beau Brummell" Bob Harty sent a slap shot from the point that found the net strings, giving the Huskies a tie game at 3-3!

Perhaps the last aging and only dinosaur left in captivity still roams the Huskie defensive zone and goes under the moniker of Max "Bronta" Hart, who stays busy keeping the puck out of his zone, jumped on an errant puck, raced up ice to score, but lost the puck as he fell faking "Knobby" to his knees. The puck lay free just three feet from paydirt and as quick as you say Wham-Bang-Alacazam, who should happen to skate by and slapshot the puck by "Knobby Robby" but "Pudgy," setting new records for "Cheap Shot Goals" or garbage goals, proving the theory that scorers aren't always great hockey players, just someone who happens to be passing by at the right time!

Co-Captain Mike Yandle worked a give-and-go with Danny "Boomer" Considine at 7:31 of the second period. Mike beat the "Bruiser" easily with a wrist shot to tie the game at 4-4!

Scott Geezil, working with the new Crusader, Paul Duffy, took a neat pass and hit the upper corner for a 5-4 Crusader lead at 6:38!

Jimmy "Cobra" Greene sent Johnny "Scooter" Sodergren in at 0:40 for a quick score, to tie the game at 5-5! Co-Captain Mike Yandle went the length of the rink, unassisted, to score at 1:16 for a 6-5 lead!

Joe "Silky" Sodergren got help from Bobby Harty and brother, Johnny, to send one by the "Knobby Kneed" Robby to tie it at 6-6!

Joe Burton lit the light at 5:39, with help from "Cheap Shot" who was hearing some footsteps and dumped the puck to Joe who sent a whizzer by "Knobby" for a 7-6 lead!

Billy Kelly and Joe Burton were doing a give-and-go and setting Robby up for the kill, when Kelly missed the last pass from Joe Burton and who should pick it up for a freebee but "Pudgy," to get the crdit for their hard work! (I hope there's a "height" requirement next year for everyone!!)

The Crusaders were desperate and played for a very long shot. They pulled "Knobby" from goal and added another forward to see if they could tie the game!

Wham . . . Mike Yandle scored at 0:56, making the score 8-7 Huskies!

Wham . . . Scott Geezil scored at 0:43, making the score an 8-8 tie!

Wham . . . Scott Geezil scored again, giving him the "Hat Trick" and a 9-8 lead for the Crusaders!

Wham . . . with just two seconds on the clock, Chris Connolly hit for paydirt, a 10-8 Crusader victory as time ran out!

TERRIERS VERSUS EAGLES, 7 - 5

The Terriers had the Eagles' number and it was only a matter of time before they were going to send the Eagles soaring. Last Monday night was the Terriers' night!

The Terriers scored right away. Phil Smith went up the ice, unassisted, and beat the Eagle goalie at 14:13, for a 1-0 Terrier lead!

Mike Gautreau found an errant pass at 11:44 and hit the lower corner for a 2-0 lead!

At 9:50, Phil Smith hit paydirt again, unassisted, for his second goal and a 3-0 lead!

Mike Gautreau hit for his second goal at 5:42, with an assist from Brian Smith, for a 4-0 Terrier edge!

The Eagles' Paul Wrenn went unassisted and hit the net strings over "Naps" Saeli, putting the Eagles on the board at 2:13, 4-1 Terriers!

At 10:48 of the second period, Jackie Sullivan got a lead pass from "Rambo" and sent it through "Naps" Saeii's pads for a 4-2 Terrier edge!

Billy "Rusty" Doherty, with help from Darryl and Jackie, lit the light at 8:13 for a 4-3 Terrier lead!

Darryl "Zip" Locke put on the jets, beat the Terrier defense, and snapped a wrist shot past the raw-boned, swea-

ty Frankie "Naps" Saeli to tie the score!

Johnny "S. & B." Dowd, with help from Jay Yandle, put the Terriers ahead to stay at 0:41 of the second period, for a 5-4 Terrier lead!

Jay Yandle took a perfect pass from Phil Smith and put it in the upper corner for a 6-4 Terrier edge!

The Eagle Captain, Joe "Dynamo" Doherty, was sent in alone with a perfect pass from Darryl Locke, and deposited it under Frank Saeli's pads for a down by one. 6-5 Terrier lead!

Finally, under hot pursuit, Phil Smith broke by the defense and took a neat pass from Jay Yandle to split the pads of the sagging, sweaty Eagle goalie. Saeli was ready for the showers after a punishing 7-5 Terrier victory!

It was certainly rewarding to see the Terriers work so hard as a team and prove they had the stuff to beat the highly talented Eagle team!

New England Camping And R.V. Show

First time buyers will be flocking to the 21st Annual New England Camping and R.V. Show at Bayside Expo Center according to a nation wide study that reveals that there are 200,000 more motor homes on the road today than four years

The increase is attributable to a number of factors including a strong economy, innovative financing, and a renewed emphasis on family togetherness.

The New England Camping and R.V. Show which runs from January 24th through February 1st is the largest pure camping and recreational vehicle show ever presented in this area.

From tent campers to 40 foot luxurious motor homes represented by over one hundred different manufacturers, this year's show is a one stop outdoors paradise with more campground and campsites from all over the New England

Also available at the show will be helpful information for the outdoorsmen; tips on resale values of your vehicle; planning your R.V. trip; different uses for the motor homes i.e., as a guest house for overnight or weekend visitors, a car pool to work, a meeting place or play area for children, a nice quiet escape for dad away from TV, kids or the phone.

The show will open on Saturday, January 24th and continue through Sunday. February 1st. Show hours are Monday through Saturday from 1:00 to 10:00 p.m. and Sundays from noon to 7:00 p.m. Admission is \$4.00 for adults and \$2.00 children under 12. Plenty of parking and public transportation on the Red Line is available.

Charlestown Town Team And Alert Club Hold Annual Party

by Dan O'Neil

The highlight of the Annual Party of the Charlestown Town Team and the Alert Club held on Friday, January 7, was the presentation of a donation in the amount of \$10,000 by Neil St. John Raymond of the Raymond Cattle Company, Charlestown Navy Yard developer. Members of the Alert Club, which is the home of the Town Team. shared in the event with the Town Team players and officers.

Robert Farrell, chairman of the Board of the Boston Redevelopment Authority and former "Townie" football standout, was instrumental in securing the donation from Raymond. Farrell introduced Raymond to the membership.

Raymond told the gathering that he was looking forward to the up-coming season with enthusiasm. Ray-

MEMBERS of the Town Team and the Alert Club thank Navy Yard Developer Neil St. John Raymond for his generous contribution to the Town Team. On hand for the presentation were (l. to r.) William "Bun" Crow-

ley, President of the Alert Club; John Houlihan, President and Coach of the Town Team; Walter "Shorty" Sullivan; Neil St. John Raymond; Robert Farrell; and Boston City Councillor Robert Travaglini.

mond played football at Yale and was considered to be one of the best players in the Ivy League. He was known as a tough competitor with a great desire to succeed.

This is the largest contribution ever received by the Town Team from any Terry Conroy, President of Conroy Development Corporation, donated \$2,000 to the Town Team and promised continued support in the coming year. Conroy's mother, Margaret Furlong Conroy, was a "Townie" and T.C. stated that he is happy to be back in Charlestown, living and working in the community.

ly appreciated at a time

when funding is scarce for

youth programs.

The Flatley Company, developers of The Schrafft Center, had donated \$1,500 to the Town Team. The company was represented at the party by Mr. and Mrs. Mark Donovan.

Also on this occasion, John Houlihan, Coach and President of the Town Team, was presented the Eastern Football League's "Coach of the Year" Award by the Alert Club. Houlihan, although his harmonica needs some tuning, played the "1812 Overture" for the membership and received a loud round of appreciative cat calls — "Practice, practice, practice!"

The Alert Club and the Town Team wish to extend their thanks and appreciation to Neil St. John Raymond, Terry Conroy, Bob Farrell and Thomas J. Flatley, and very importantly, to the people of Charlestown for helping to keep the tradition of Town Team football alive.

The Town Team is planning an Awards Banquet in the near future. The date has not yet been determined. Tickets for this event will be available on a first come, first served basis.

MARK DONOVAN, representing the Flatley Company, and Dan O'Neil, Treasurer of the Town Team at Annual Party.

WILLIAM "BUN" CROWLEY, President of the Alert Club, presented the Eastern Football League's "Coach of the Year" Award to Charlestown Town Team Coach John Houlihan.

DAN O'NEIL, Treasurer of the Town Team and Terry Conroy of Conroy Development Corporation at the Town Team and Alert Club Annual Party.

School has requested classroom assistants, story readers and tutors in reading, English and math.

On the elementary school level, volunteers are needed to work in the library of the Warren-Prescott School,

Volunteers can also work with the grade level and subject area of their choice in many schools and afterschool programs across the city. A minimum commitment of only one hour a month is needed for some programs.

In addition to the categories listed above, S*T*A*R volunteers are

also needed to talk about their careers, demonstrate skills and hobbies, and give motivational talks. Older citizens can become part of the S*T*A*R* Intergenerational program and relate history through their life experiences.

Practically anyone with a desire to help young people can become a S*T*A*R*. The 3,000 volunteers who were S*T*A*R*S last year included parents, professionals, homemakers, retirees from every neighborhood in Boston and many nearby suburbs. Most had no prior experience working in a school setting.

Free orientation sessions will be held throughout the year at the School Volunteers for Boston's downtown office on 25 West Street, between the Park Street and Washington MBTA stations. Upcoming sessions are scheduled for February 4 at noon, February 10 at 9:30 a.m., February 19 at 12:30 p.m. and

February 25 at 5:00 p.m. A class for tutor teaching English-as-a-second-language begins February 2, and a Motivational Speakers training seminar will be held February 10.

To sign up for any of the free sessions, call the School Volunteers for Boston office at 451-6145.

Board of Appeal Hearing

Notice is hereby given that at 10:00 a.m. on Tuesday, February 3, 1987 a public hearing will be held by the Board of Appeal of the City of Boston in Room 801, City Hall upon the appeal of William J. Galvin, Jr., seeking with reference to the premises at 263-265 Main Street, Ward 2 from the terms of the Boston Zoning Code (see 1956, c. 665) in the following respect: Variance, Article(s): 14(14-2) 15(15-1) 17(17-1) 23(23-1). Change legal occupancy from store and two-family dwelling to Copy Center and three-family dwelling.

NOTICE OF DECISIONS

The petitions of Sheafeville Realty Trust (Arthur Pelton, trustee) concerning the premises at 17 and 19 Sackville Street to the City of Boston Board of Appeal has been granted with provisos and the decision was filed in the office of the Building Commissioner, 1010 Massachusetts Avenue, on Friday, January 16, 1987.

— "the ear" or "the nose" or something like that — that reported finding an em-bareassed two year old roaming Bunker Hill Street on the day you were sworn in. Evidently the toddler wandered away from it's house while the mother was feeding her baby. Good detective work, Bill, finding the tot's home, since it was wearing no "identification."

- Calling Lil Boutilier, former "Mayor of Charlestown"... your friends would like you to know that they've been trying to call you, but your line has been busy... busy. busy! Heard your granddaughter has been using your phone to call a local radio station well at least it turned a profit! Maybe you should get call waiting. Lil, because some of your calls are still waiting!
- Complaint Department . . . Calls have been received asking about snow emergency regulations for parking during and after snow storms. The Department of Public Works states that parking is permitted on the EVEN side of streets during a snow emergency unless the street is otherwise posted year round for parking on that side only.

Irate residents also asked about the placement of barrels, etc., in one's parking space after it's been shoveled out. We've asked the Police Department to answer that one and they have in their weekly column on the back page. However, a random survey has been taken by this column of area residents and the general concensus is: "If someone has spent the time to shovel out their parking space, they then have the right to 'reserve' that space. Someone coming along and pulling in will not be voted 'Neighbor of the Year' on that street." It was also strongly stated by participants in the survey that once the snow disappears — so should the barrels. O.K. Folks, keep those calls and letters coming.

 Trivia of the week . . . Did you know that the Tobin Bridge (2.4 miles long) is longer than the Golden Gate Bridge in San Francisco and twice as long as the Brooklyn Bridge? You knew? Congrats — you win a barrel concession stand in City Square.
