

HOW VIDEO KYC IS WORTHWHILE FOR THE BANKING SECTOR?

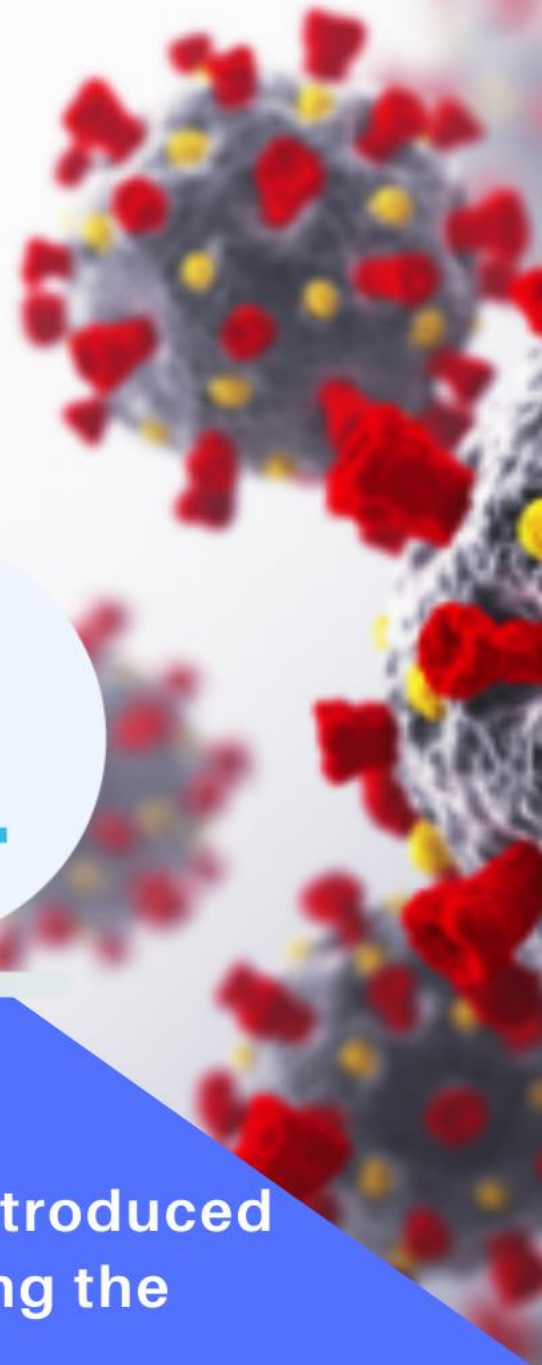

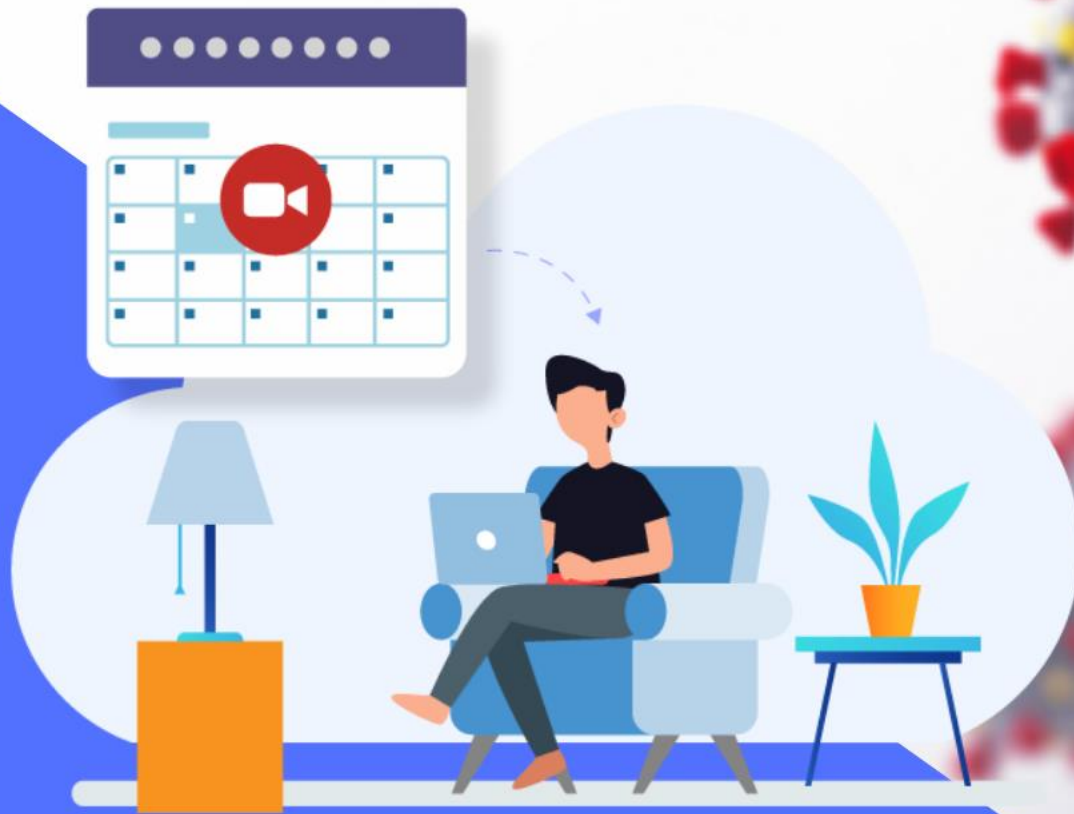

As per the regulations established by the government, video KYC confirms user identity.

This process helps you remotely link customers without the need for a physical "IPV" test.

Before the Covid-19 mayhem, RBI formally introduced Video KYC as a valid method of onboarding the customers.

VIDEO KYC BENEFITS

Ease of Authentication

Less Time Consuming

No more Cyber Frauds

Improve security

Faster Onboarding of Customers

VIDEO KYC FUTURE

AI-based face recognition

Fraud and spoofing
attack prevention

Video KYC
Future

Ensuring good video
quality for low networks

**Video KYC will become the de facto choice of
customer identification.**
