## Key Features

### Smart Check™

In the unlikely event your Smart Washer encounters a problem, Smart Check is an automatic error-monitoring system which helps detect and diagnose problems and provides quick and easy troubleshooting via your compatible Smartphone

### Digital Inverter Motor with 11 year parts replacement warranty\*

Low fuss and peace of mind for a long time – WA10J7750GW comes with an 11 year parts replacement warranty on the Digital Inverter motor.

### Adjustable Water Levels

Samsung's newest 10kg Top Load washer now comes with adjustable water levels for those heavier loads, allowing up to 7 different levels to be selected.

### Garment+ (Stop or Add)

Allows the addition or removal of clothes after washing has begun, in certain circumstances.\*\*

### activ dualwash™

The Samsung active dualwash™ includes a built-in sink, which is an easy and convenient space to hand-wash delicate items, and pre-wash heavily soiled clothes. A built-in water jet can be initiated and stopped simply by pressing a button.

### PowerWash™

Fast drum rotation helps circulate foam evenly throughout your clothing during washing, while powerful water jets provide a thorough rinse by passing through the fabric. Using this function, also increases the water level for smaller loads during washing.

\*11 Year parts warranty applies to Digital Inverter Motor only and is inclusive of 2 years Parts & Labour Manufacturers Warranty on the entire unit.

\*\* Dependant on progress of wash cycle and if safe to do so.
