

Old Town Road (Parody)

I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more
I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more

This feminist's a bitch
She only wants me rich
I don't need you girl
Whatever you hurl

I don't need a nag
You're not a swag
I don't want your booty
You're not my cutie

Ain't nobody tell me nothing
When me and my wives are busy
Ain't nobody tell me nothing
Come on girl, no more disney

I'll ride them like a horse
One by one of course
You can come to daddy
I can give you candy

Polygamy's hot
Monogamy's not
I wasn't born a beta
I've got all the data

Ain't nobody tell me nothing
When me and my wives are bathing
Ain't nobody tell me nothing
Come on girl, no more blushing

I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more
I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more

Netflix and chill
Polygamy freewill
Whatever you say
Monogamy's sway

Pedestal no more
Poly or the door
I'm not a slave
I'm a king till the grave

Hell no, don't come alone baby
Be good to me bring one more lady
I'm sure you've got one more in store
I'll ride you both till I can't no more

I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more
I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more

I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more
I'm gonna take my wives to my own bedroom
They're gonna ride till they can't no more
