

## ANIMAL EXPERIMENTATION ETHICS COMMITTEE

TELEPHONE (02) 6125 4290

---

### **EXPIRY/COMPLETION REPORT**

The Code requires that for projects that have been completed or discontinued, a report should be submitted to the AEEC as soon as practicable. Please complete this report upon completion or discontinuation of a project. If an approved study has not commenced, this report should also be completed.

**PRINCIPAL INVESTIGATOR:**

**PROTOCOL NUMBER:**

**PROJECT TITLE:**

- 1) Were the stated aims achieved? If not please briefly outline reasons why aims were not achieved**
- 2) Did the number of animals used vary significantly from the number approved and if so, detail why any major discrepancies occurred? Number of animals is for the entire time of the project.**
- 3) Was the wellbeing of the animals consistent with that anticipated in the proposal?**
- 4) Are you able to suggest any improvements in future projects that could be modified to reduce any impact on animal welfare?**
- 5) If the study was not commenced or discontinued please outline reasons for non-commencement or non-completion.**
- 6) Please detail all publications and presentations that have resulted from the project**

## ANIMAL EXPERIMENTATION ETHICS COMMITTEE

---

The AEEC is required to report annually to the University Council including statistical data relative to all experimental animal use. The AEEC must also report to all State and Territory Governments annually in accordance with its license conditions in each State and Territory.

**Please provide details on species, animal usage numbers and the State/s where work was conducted to the AEEC for 2018.**

If no animals were used within the year please still complete this form.

Please advise if your study was **observation only**, observation only numbers must be supplied to meet the ANU's license obligations with States and Territories.

PROTOCOL	SPECIES	TOTAL ANIMAL NUMBERS USED IN <b>2018 ONLY</b>	STATE / TERRITORY
