# H2: Harpstitution

*version 1.0 as of February 27, 2016*

**PUBLIC  
IN FORCE.**

## PART 1: MAIN POINTS

1. Harpstitution is the main regulatory document of the Hard Reality Paradigm. No other internal documents or partisan actions can be in contradiction with the Harpstitution.
  2. Hard Reality Paradigm is a political party in the Kingdom of Talossa. It's abbreviation is HaRP.
  3. Official symbols of HaRP are as such: green and gray colors, a lyre (a kind of a small harp).
  4. HaRP's motto is: «There Will Be A Dawn For Us».
  5. HaRP's Core Assumption is that «Human civilization has reached a point of no return, where the complex, harmful, unhuman and unsustainable system is starting to fall apart. Eventually, probably pretty soon, it will lead to social, economical, ecological and systematic decline of our civilization. Talossa needs to survive through this, becoming a new kind of society, as the old ones rot».
  6. HaRP's goals are as such:
    - Gradually build a basis for Talossa outside of the Internet
    - Encourage non-Internet communication between the citizens of Talossa (e.g. letter writing, real life meeting)
-

- 
- Promote all projects that aim to make artifacts of affiliation to Talossa (coins, stamps, ID cards and such)
  - Promote values of environmentalism, sanity, simplicity in Talossa
  - Encourage development, learning and usage of Talossan language (e.g. make a Witt a chat room for Talossan-only chats)
  - Focus on attracting active and passionate citizens, that will help build Talossa beyond what it currently is.
  - Preserve monarchy as a purely symbolic part of our history. A monarch should hold no power beyond his respect among citizens.
  - Preserve accurately Talossan history, documents, information and culture
  - Encourage Talossan artwork
  - Ideally, in case (or when) current international law stops functioning, inhabit real territory and build a society based on aforementioned principles

## **PART 2: PARTY MEMBERS**

1. Any Talossan can be a member of HaRP.
  2. To become a member of HaRP, a citizen needs to state his wish explicitly. After doing so, a vote will be held. After three days of voting, if majority votes in favor, a citizen will be accepted as a member of HaRP.
  3. Every member can leave the party by stating his wish explicitly. His membership renunciation will be effective immediately.
  4. Any member can be removed from party through the procedure of a Common Vote.

## **PART 3: PARTY OFFICES**

1. HaRP structure has several Party Offices it's members can hold.
2. Party Leader is the leader of the Party. He's elected through Common Vote.
3. Party Co-Leader is the deputy leader of the Party. He can help the leader with every issue and act on behalf of him if the Leader needs so.

## **PART 4: COMMON VOTE**

1. The Common Vote is the main decision-making procedure.
2. Every member of HaRP can initiate the Common Vote any time. To do that, he needs to formulate the objective of the Vote. The Vote starts upon approval by the Party Leader.
3. Vote process and results are written down with a HaRP Document.
4. To pass, the Common Vote needs simple majority. The result of a Common Vote can be vetoed by the Party Leader, if less than 2/3 of members voted in favor.
5. Common Vote lasts either for certain amount of time, or until reach of certain percentage of party voters.

## **PART 5: PARTY DOCUMENTS**

1. Partisan organisation, decisions, votes and other unspecified types of things concerning the HaRP are summarized as Party Documents. There are several types of Party Documents.
  2. Party Documents follow the version systems. All the versions are listed

in a special Archive Document. Only the last version of any Document is actual, others are preserved for history.

3. Party Documents can either be public or private. Public documents are publicized in HaRP's TalossaWiki page. Private are preserved within the Party.

4. Party Laws have the name index «H\*» where \* is it's number. Numeration is throughout. Party Laws are effective if it's effectiveness is explicitly stated in the Law. Party Laws can only be changed through Common Vote. Laws can be either public or private.

5. Party Official Statements have name index «HS\*». These are official statements made by any office of the party. They are public.

6. Party Votes have the name index «HV\*». These are scores and results of party Common Votes. They are either public or private.

7. Party Informationals have the name index «HI\*». These are informational documents of any other kind. They are either public or private.
