# CONTROLSCAN

Affordable Compliance.
A cinch.

ControlScan is the newest addition to the MX Merchant™ Marketplace App Store. The MX Merchant and ControlScan integration makes it much easier to ensure you are PCI compliant and complete any outstanding requirements.

ControlScan's PCI 1-2-3 solution provides business owners and franchisees with the leading tools and support necessary to analyze, remediate and validate PCI compliance at an affordable rate.

ControlScan delivers innovative risk, security and compliance solutions to businesses of all types so that they can reduce risk and maintain a competitive advantage in an increasingly threatening business environment.

PCI 1-2-3 offers a simplified SAQ experience, integrated ASV scanning and access to best-of-breed security solutions. Customers also receive direct access to one-on-one consultations and unlimited support from knowledgeable representatives, highly trained in security and compliance.
