I've been studying about the adrenals for the past couple of days and I must admit they play an important part to the body's ability to handle stress and other emotions. [1080](#).

#Covid-19vaccine

Pfizer vaccine (BNT162B2) under EMA evaluation

EMA approval of Pfizer and BioNTech vaccine might be only few weeks away

What may happen next:

If the EMA assesses that the benefit of this vaccine outweighs the risks, the approval of the conditional MAA will be granted. The next body to grant approval, based on the EMA recommendation, is the EU parliament (due to the urgency this will happen really quickly after EMA approval). Following the approval EU authorities continuously will collect and review new information on medicines once they are on the market and take action when needed. Monitoring will take place more frequently and will include activities that apply specifically to COVID-19 vaccines, according to the Safety Monitoring Plan for COVID-19 Vaccines.

Evaluation of cond

EMA scientific committee, together (additional group of regulatory experts) submitted as part of conditional Application (MAA). The conditional MAA is widely used for rare diseases. It gives the regulatory procedures, by presenting normally required. However, the benefits of the medicine or va

**GOOD LUCK ON FINALS
AND HAVE A MERRY
CHRISTMAS!**

ISSUE DATE December 7th, 2020 Co-Editors Alexis & Stephanie

Words from Dr. Rowan

"Hi class-

It hit me as a little bit of a shock that you all are heading into finals soon. I have been in a mostly good cocoon, busy every day thinking of things NOT to do, and just enjoying freedom. I have not gotten to see my two granddaughters who live in LA (Granada Hills, "The Valley") very often, but we did meet them and their parents half- way in Sequoia National Park over Halloween weekend. We had a little trick-or-treat party at our cabin. I put on my white lab coat and went as a mad scientist (photos attached). Can you tell I am wearing any costume accessories, or if that is just my natural look after months of quarantine?

Cont.

Feel free to get in touch with me if there is anything, I can do to help with that. I still remember a fair amount.

Good luck with finals and try not to drink yourselves into a "Saturday night syndrome" during the break."
