Sarah moaned at the feeling of Geoff's mouth on her pussy, licking and sucking and biting at her clit fiercely. Her hips arched and she orgasmed again, before falling back to the bed exhausted. She wiggled with delight, loving the idea that a man would fuck her and then go down on her. So hot! She wondered if he would be up for round two later, but right now nature was calling. She got out of bed and came back a few minutes later, opening a dresser drawer and grabbed a t-shirt to throw on for now. The pair curled up in the bed each lost in their own thoughts for a moment or two.

Geoff wondered how much longer things would last with Sarah and knew he wanted more than he could really have from her at this point with his work schedule and all, but he was going to take as much as he could get from the beauty in his bed. He was getting hard again just thinking about her long red hair and piercingly green eyes. She was definitely an Irish lass in the purest sense of the word and after meeting her it made him wish they had very different lives.

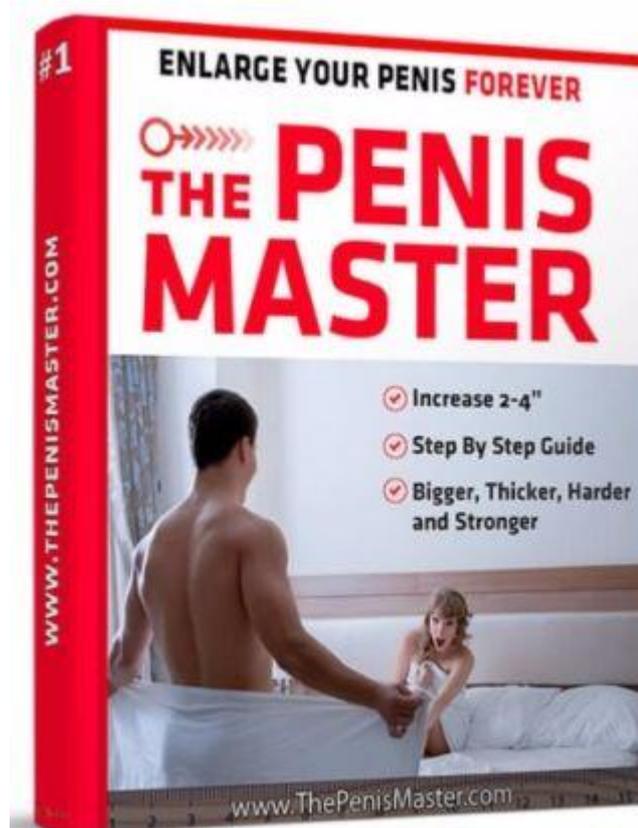

Sarah pondered the idea of just what Casey was going to think about this when they found out. She wasn't sure how much of a reaction she'd get to be honest. Casey was usually pretty chill about things like this as long as it wasn't too frequent. They could be rather possessive, which Sarah didn't mind, but also having the freedom to go off on her own like this was nice. She missed Casey though. Her phone dinged on the nightstand and it was Casey texting her to meet up at the bar later. Sarah replied excitedly, then turned to Geoff. "I have plans tonight. You're coming with me." Geoff laughed at her bossiness and agreed.

As they dressed later after another round of mind-blowing sex that had included Sarah's first anal experience they chatted amiably about the weather and other mundane things. Sarah freshened her hair and make up, although she still looked quite fuckable to Geoff and it was all he could not to bend her over the dining room table for a quickie. "Oh the hell with it", he muttered. He grabbed Sarah by the waist and pushed her to the table where he flipped up her skirt. She yanked her panties to her knees as he unzipped his pants and within moment they were fucking again, her breasts being pushed into the table, his hips grinding against hers. It took just moments for both of them to orgasm and then put themselves back together so they could leave for the bar that Sarah wanted to go to.

Walking inside, Geoff glanced around. It was just a quiet pub and Sarah's face lit up as she saw a friend wave her over. She walked to the table with Geoff in tow who immediately recognized the pretty dark hair woman sitting there and smiled at her. "Casey, it's been a long time." "Yes, yes it has." Sarah was a bit puzzled and looked from one of them to the other. "You two have met?" Casey nodded, "We went to high school together." Geoff chimed in, "Yeah, did you know I had a terrible crush on you, Casey? I chased you starting our freshman year and you never noticed." "Oh. Well this is a bit...well...awkward then. Geoff, I see you're already acquainted with my girlfriend, so there's no real need for introductions. Let's have a drink shall we."

Sarah sat in the chair next to Casey and gave her a soft lingering kiss. "I missed you," she murmured quietly and Casey slid an arm over Sarah's shoulders. "I missed you too, but I knew you'd come back my little bird. You always do." Geoff cleared his throat awkwardly, "I'll just go get drinks, what would you two like?" "Jack neat for me and Sarah will have a sloe gin fizz." As Geoff walked away Sarah spoke to Casey, "I think he's had a bit of a shock, even though I did tell him I was bi; I just neglected to mention that I was also quite taken by my favorite bad ass woman on the planet." "You think he's shocked? Honey, I never dreamed I'd run into him again much less know that my girlfriend had been fucking him. Did he treat you right?" "Yes Dear, he did. You know if he hadn't I wouldn't have brought him along; hell I'd never have even fucked him. Although I definitely feel a little awkward about it all. You know, fucking the guy that pined after you for years. Casey kissed her girlfriend again. "it's OK. But I need to know if this is going to become a regular thing." "No, it's not, he's only in town for a few days and after tonight I'm pretty sure he's not going to want me back in his bed. Ours is more comfortable anyway," Sarah laughed.

Geoff quietly watched the ladies while he waited in line at the bar and was slightly furious because Sarah essentially lied to him and because he now knew why Casey had never noticed him. It was driving him crazy and when he got to the bar he ordered the ladies drinks, plus a double scotch for himself. Juggling the drinks back to the table he sat them down before taking a seat himself. "So uhh, Casey how've you been the last few years?" "Oh you know, college, more college, bought a motorcycle and finally met the best woman on the planet." What about you? "About the same minus the motorcycle and getting to keep the girl." Geoff couldn't help a touch of bitterness in those last words. He sipped his scotch, though he would've preferred to chug it and be on his way. Sarah sat just listening to the awkward conversation, feeling just as awkward as the other two. What next, they all wondered, what indeed?
