## ABOUT THE SYMPOSIUM

Research flows from academic to industry. It is most important channel for a successful transition of knowledge to the commercial sector. The basic findings emerging from molecular modeling research provides platform for several therapeutic applications. To boost up this phenomenon we need to transform the methodologies and strategies of molecular designing research to the next generation. Sharing research experience could be the best way for this objective.

## ABOUT INSTITUTE

ADINA Institute of pharmaceutical Sciences was established in 2005 under aegis of Shri Prem Chand Jain Memorial Society for Education. We are providing research oriented education in its fully wi-fi campus, experienced faculty members and other facilities as per the norms and standards of AICTE, PCI and RGPV. AIPS has modern lecture halls, well equipped laboratories, e library computer labs with internet facility. It is an ISO 9001:2000 certified institute. It is offering B. Pharm & M. Pharm in three disciplines: Pharmaceutics, Pharmaceutical Analysis & Pharmacology.

## CALL FOR ABSTRACT

The Scientific committee has great pleasure in inviting you to submit findings of your scientific work for oral presentation theme of conference. Abstract for oral presentation can be submitted through e mail in MS word format not more than 250 words along with duly filled registration form at [adinasymposium@gmail.com](mailto:adinasymposium@gmail.com).

## OBJECTIVE

- To focus on basic and advanced methodologies used in In-silico-chemico-biological approach.
- To develop awareness of molecular modeling docking for drug discovery & treatment of several diseases.
- To motivate the academicians for quality research through molecular modeling & drug design.
- To improve quality of academic research through importing the knowledge of molecular modeling software.

## LOCATION

College is situated between Bhopal and Jabalpur approx 200 Kms. On either side. 4 Kms away from Sagar Railway station and Sagar bus stand. It is well connected by road and rail. The vibrant character of the city is its lush green pollution free environment. Weather is pleasant but moderately cool. It has emerged as the educational hub especially in the sphere of pharmacy, engineering and medical.
