## Dukakis And Bush Leave Field Behind In Primary Vote

Just over 31 percent of the total registered voters in Ward Two, Charlestown, went to the polls on Tuesday, March 8 to cast their ballots in the Presidential Primary and elect a State Committeeman, a State Committeewoman and the Ward Two Democratic and Republican Ward Committees.

Out of a total voter registration of 8,221 in Ward Two (5,888 Democrats, 384 Republicans, and 1,949 Unenrolled or Independent voters), 2,584 voted on Tuesday.

Representative Richard A. Voke captured the largest percentage of all the candidates on the ballot, with 63 percent of the Democratic voters giving him

the nod for State Democratic Committeeman.

In the Presidential preference, Governor Michael S. Dukakis took 59 percent of the Democratic vote, followed by Richard Gephardt, a distant second at 12 percent.

Vice President George Bush received 56 percent of the Republican vote for President, followed by Bob Dole with 26 percent.

There was no contest for either the Democratic or Republican Ward Two Committees, with all candidates in the race elected to their respective committees.

The unofficial vote by precinct for the Democratic and Republic tickets may be found on page eight.

## Charlestown Slated To Lose Precinct One In House Redistricting Plan

Charlestown will be dealt a severe political blow when the Massachusetts House of Representatives takes action on the proposed House Redistricting Plan. Under the latest proposal, which is scheduled to go before the House on Monday, March 14th, Precinct One of Ward Two, Charlestown will become part of the House District that includes the North End.

Representative Richard A. Voke, whose present Second Suffolk District includes a portion of the City of Chelsea and the entire Charlestown community, explained that the House of

Representatives was ordered by the Federal Court to submit a redistricting plan that included 35,915 persons in each of the State's districts, with a variable of plus or minus five percent.

Voke said that in the original plan devised by the Committee on Redistricting, the members attempted to maintain the integrity of communities, keeping a community as a whole within the district. The Federal Court declared this plan unconstitutional and a new plan was subsequently drawn up. The premise in redrawing the plan appears to be that the one man, one vote concept is

more important than keeping communities intact.

The suggestion that a portion of Charlestown might be placed with the North End surfaced several weeks ago when a **Boston Globe** editorial recommended the Charlestown Navy Yard portion of Precinct Two should be redistricted with the North End-Waterfront. This brought letters and verbal opposition from this community, citing the importance of keeping Charlestown united in one district.

As for the present Second Suffolk District, its population according to the 1985 census exceeds the target district of 35,915 and can only approach the required number by transferring a portion of this district to another. On the other hand, the Third Suffolk District,

### WHERE'S THE REAL ESTATE MARKET GOING?

The spring market is underway with buyers beginning to look and buy.

It's too early to predict price increases because there is so much inventory left over from the 1987 slump.

The good news is that sales are taking place and mortgage rates are attractive.

## Rights Of Welfare Recipients To Be Topic At Local Workshop

On Tuesday, March 15, from 1:00 to 3:00 p.m., the Bunker Hill Tenants Task Force will hold a Welfare Rights Workshop on the second floor at 76 Monument Street. The purpose of the workshop is to provide information on all benefits available from the Department of Public Welfare. It will also be an opportunity to discuss problems that people may have in receiving their deserved benefits within the Welfare system.

Pat Gorrell, former Welfare recipient, Welfare Rights Organizer and currently a Housing Specialist at Chelsea Welfare, will be

on hand to answer questions, offer suggestions and clarify recipients' rights and responsibilities.

Michele Pearlstein, Tenant Advocate, and Diane Bloom, Employment and Training Specialist at the Bunker Hill Tenants Task Force, will explain the advocacy services offered by the Task Force. They will be available to assist development residents to apply for benefits.

There will be two baby-sitters on hand during the workshop to care for participants' children free of charge. Refreshments will be served.

Anyone who has questions or concerns about their benefits or about the way they are treated at the Welfare office should bring them to this workshop. Those who attend the workshop will also be able to find out what additional benefits they might be eligible for.

More information is available from Diane Bloom or Michele Pearlstein at the Bunker Hill Tenants Task Force, 242-3200.

The Massachusetts Department of Public Works (MDPW) will be installing jersey barriers along the center lane of the Route One/Tobin Bridge northbound approach on Monday morning, March 14. The work is being performed with the stipulation that two lanes of service be restored by the evening rush hour. The operation is part of the Central Artery North Area (CANA) project and will use the right and center

lanes during the installation.

The work will result in a split-lane configuration for approximately two months, allowing traffic to flow on either side of the work area between 2 and 8 p.m., Monday through Friday; 9 a.m. to 8 p.m., on Saturdays and 10 a.m. to 8 p.m. on Sundays.

The heavily traveled location of the work requires that at all other times traffic be restricted to one lane

for the safety of the public and construction personnel. The MDPW is extending tow truck service to the area and providing an additional construction crew to open the closed left lane in the event of an accident or severe traffic backup caused by the lane restriction.

The work is part of the Temporary Detour Structure phase of CANA and will occur between 8 a.m. and 2 p.m. Monday through Friday.

### OFFERS AND COUNTER OFFERS

Many of the offers we write for prospective buyers aren't exactly what the sellers want. The price may be lower than what the sellers are asking, or there might be terms that will require some negotiating. What happens after the offer is written?

First, the Realtor will present it to the sellers, usually in person. He or she will explain the buyer's qualifications and the details of the offer itself. If the sellers accept the offer as it stands, the house is sold. If, however, they counter the offer, the ball is thrown back in the buyer's court, but the sellers may withdraw their counter if another offer comes in before the first one is fully ratified. If you're trying to buy a house, your chances of success are far greater if your offer is as close as possible to what the sellers actually want. If you do engage in lengthy price or terms negotiations, you could save a considerable amount of money, but if another contract comes in, you do run the risk of losing the home to other buyers.

For solid advice on buying or selling real estate, consult the professionals at Century 21, Silva Realty Associates. Please call us at 242-7470 or stop by our offices at 142 Main Street, Charlestown.

Each office is independently owned and operated.

## State Treasurer Seeks To Return \$23 Million In Unclaimed Funds

Massachusetts State Treasurer Robert Q. Crane has released the names of 32,000 businesses and individuals that are due more than \$23 million from abandoned accounts.

Under the state's Unclaimed Money Law, bank accounts, insurance proceeds, checks, stock certificates and the like that have gone untouched for at least five years are deemed to be abandoned. All such accounts must be reported to

the Treasury, which then attempts to notify the rightful owners or legal heirs. Last year Treasurer Crane returned more than half of the \$20 million in reported abandoned accounts.

Crane said compliance with the law continues to improve. "Nevertheless, once again we have had to assume the role that rightfully belongs to others. How can anyone fail to locate Boston Gas, Conrail, Newsweek or The New

England Patriots?" the treasurer asked.

Treasurer Crane noted one important aspect of the Unclaimed Money Law which requires that until claimed, all funds are kept in the state's General Fund where they are invested for the benefit of all residents and taxpayers here in Massachusetts.

## Life Behind The Wall

by Ronan FitzPatrick

Many have read the Thomas Hardy classic **The Return of the Natives**, some with mixed emotions. At The Ironsides, security agent Joe Crilley has taken his position, looking forward to a lasting relationship. For those at Constitution Quarters, Joe's jovial manner and willingness to assist was laudatory. This "Townie" maintained his units with care and expediency. It is enjoyable to see Joe back in the Yard, dispensing his warmth and concern for others. Just remember, Joe, as former "Mayor of Charlestown" you have the keys of the kingdom.

☆☆☆☆

As a member of the Basic Services Committee of the Charlestown Neighborhood Council, I had the pleasure to be brought current on the linkage issue. Boston Redevelopment Authority Senior Staff Member Larry Brophy entertained and answered questions from Chairman Moe Gillen and members Jim Doherty and Peter McClure. Potential revenues and overall benefits to the community were discussed and given additional clarification. The opportunity to view the maps and be educated on the affordable housing and contribution formula was appreciated by all. This is not the last session, as subsequent meetings are being planned with Chairman Gillen's brainchild, the slip revenue enhancement, playing a major role.

☆☆☆☆

Getting the jump on the forthcoming spring and summer seasons, two new occupants have taken residence at the Shipway. A night mover brought the new residents to their brick condominium. Not only was the hour late, but the United Van Lines was managed by Wherley, with the point of origin being East Grand Forks, Duluth, Minnesota. From the north central region to the northeast, transferred executive or Presidential Primary worker, your arrival is welcome.

☆☆☆☆

On the political front, not many Navy Yard Democrats were observed at the February 27th Caucus at the Bunker Hill Council Knights of Columbus Hall. On a Saturday afternoon the day before the XV Winter Olympics came to a dismal end for American hopefuls, representation from the Yard was equally dismal.

A precious right to vote must be exercised by all that are eligible. If non-attendance was due to inexorable happenings, so be it, but frivolous excuses can't be accepted.

☆☆☆☆

On an issue of significant impact, "Townie" Attorney Brian Callahan highlighted the impact of Redistricting in Ward Two, Precincts One through Seven. The potential of losing Precincts or being merged with contiguous communities due to population, could be a reality. For a community without any resident elected officials, our strength is in active participation. Make a dedicated effort to be informed on any and all boundary movements by contacting the State House. Unity on this issue knows no line of demarcation for Charlestown residents.

☆☆☆☆

Are Soberg, Leahy and Marr a polished and highly priced team of barristers operating in the Yard on Thirteenth Street? They are operating, not in the legal tradition, but in the construction sector. Their equipment was placing building materials on the affordable housing site. Weather didn't delay the project as the street was crammed with heavy equipment and a sundry of workers. Next on the scene was Paul Rizzo with luggage in hand, ready to occupy his recently won affordable unit. His timing was off as the units, hopefully, will be ready for the lottery recipients in the fall. Undaunted, Paul surveyed the locale, had a light snack at Blossom's and then proceeded home. Don't fret, Paul, you and the family will arrive just in time for the autumn socials. See you soon, neighbor.

☆☆☆☆

Survey says...! Time for input. Shipways residents are being polled by Barkan Management representative Barbara Lane on various improvements to the facility. This is perfect timing for the annual spring overall clean-up. Board members and Barbara are busy finalizing their task, with results being forwarded to the owners shortly.

With developer competitions, Timmy O'Connell of Gate Five Associates and Terry Conroy of Conroy Development, one must assure the security at their corporate headquarters is of the Central Intelligence Agency mold (not male). Captain's Quarters was busy of late as the competing developers prepared their final proposals for Parcel P-2A at the intersection of Bunker Hill and Main Streets. All the planning resulted in heaps of discarded work plans, which were profes-

Five firms are the first \$1,000 contributors to a gala fundraising event which will take place on Friday, April 8th to benefit the Charlestown Headstart Fire

Fund.

The celebration, which is being co-sponsored by The Raymond Group and Mayor Raymond L. Flynn, is en-

titled "The Place to be on April 8th." It will take place, beginning at 6:00 p.m., in the Atrium of Building 149 in the Charlestown Navy Yard.

The initial contributors to this fundraising effort include:

- The Raymond Group
- Turner Construction
- Morse Diesel
- R.M. Bradley and
- G.H. Harnum.

The goal of the event is to raise monies to towards the \$500,000 that will be needed to rehabilitate the Old Kent School which

housed the Headstart Program and was destroyed by fire in December.

The committee is seeking the participation of Charlestown and City-wide businesses and individuals in supporting and attending this event.

Tickets, which are \$100 per person, will include a buffet, music and dancing — and most importantly will help the children of Charlestown.

For further information, contact Linda Smith of The Raymond Group at 241-7700.

## Celebrates 80th Birthday

EUNICE EVERS arrived at Barrett's on Boston Harbour on Sunday, March 6th in a golden limousine where she was greeted by her family who had gathered to celebrate her 80th birthday.

by Kathy Giordano  
In an attempt to respond to the present and future parking crisis in Charlestown, the Planning and Zoning Committee of the Neighborhood Council met again on March 3rd to discuss residential concerns voiced at an open meeting held the previous week. The need to replace the current city zoning formula of 0.9 off-street parking spaces per new unit was expressed by the community to bring the ratio in line with regulations now in place elsewhere in the City.

Although residents had requested an upgrading of the 0.9 formula to a new ratio of 1.5 off-street parking spaces for each newly created unit(s) between one and six, 1.75 parking spaces for each new unit between sev-

en and nine, and two spaces for each unit with ten or more newly created units, the committee felt the need to expand on that formula.

It was stated that the need to "slow down" condominium growth in single family homes by discouraging buyers from purchasing a single family with the intent to convert it into a multiple unit dwelling, could be obtained through zoning — "the best way of controlling this type of growth." To this end, the committee voted in an even more stringent parking ratio formula to present before the Neighborhood Council for their approval. The new committee proposal requests one off-street parking space for each newly created unit between one and three units and two off-street parking

spaces for every newly created four or more units.

"We are not trying to discourage new construction in Charlestown, but rather respond to the parking crisis that already exists," stated one committee member. The added desire to have each newly created unit include a deeded parking space(s) rather than have parking provided at an added cost, was requested to ensure the use of the parking space provided for that unit. This request was the result of complaints from neighborhood residents forced to deal with additional cars on the streets around newly developed housing while parking provided for these units remains unused because of the added cost above and beyond the rent or sales price for that unit.

It was noted that parking spaces are being sold for \$45,000 at one of the new condominium developments in Charlestown.

Dave Armanenatti, special assistant for the Boston Redevelopment Authority (BRA) stated that although he "understood the community sentiment" on this issue, "forcing a developer, purchaser or renter to go along with this proposal would have to be studied by the BRA legal department."

Jim English, director of Harbor Planning and Development for the BRA, questioned the new formula, asking if it would apply to all future developments in Charlestown. Kathryn Downing, committee Co-Chairperson, explained that this formula would apply to any new unit created, whether it be a multiple unit construction, a conversion of a single family to two or more units, or an additional unit built onto an existing building. Exceptions would be, for example, converting a three family apartment building into three condominiums, because there would be no change in the number of units.

The Neighborhood Council will hear this new proposal at their next monthly meeting to be held on April 5th.

## Mitigation Committee Chairman Calls For Community Alert On MWRA Actions

by **Kathy Giordano**  
 "Spread the alarm! We're really, truly, honestly alone," stated Moe Gillen, Neighborhood Council member and chairman of the Massachusetts Water Resources Authority (MWRA) mitigation committee, at the Neighborhood Council's March 1st meeting.

Referring to the overwhelming opposition being mounted in other communities such as Lynn and Quincy, to prevent transfer facilities being placed in their communities, Gillen urged all interested parties to participate in the upcoming mitigation meetings and contact their elected officials to do all in their power to fight for Charlestown.

"We have been assured that we will not get sludge in Charlestown, but there are two other transfer sites under consideration by the MWRA (referring to Quincy and Lynn) and Lynn is telling the MWRA that Charlestown is the better site. We should be on guard and do what we can to protect our community," Gillen stated.

At a previous Mitigation Committee meeting, residents asked that Massport representatives attend the next committee meeting and explain their involvement and plans for the area. Massport has signed a letter of agreement with MWRA to lease the former Revere Sugar site on Medford Street as an equipment transfer facility.

At this Neighborhood Council meeting, a letter was read from Massport Executive Director David Davis to the Council that, in part, stated, "I do not view Massport as the third partner in MWRA's Mitigation agreement with Charlestown." This statement angered Council members who have been involved with the continuing mitigation process. Council member Tom Cunha stated, "Massport has said to us 'you're on your own' — in other words, we stuck you in the middle." Cunha further noted that "Massport has a responsibility to this community to sit down with us at these hearings with MWRA. We should not accept this letter. Massport is the third party" in these proceedings.

proceedings.

Gillen stated that through the mitigation process thus far, it has been noted that if Charlestown becomes a site for a facility, MWRA Executive Director Paul Levy has agreed to supply jobs and job training programs within the community and hold an annual job fair in Charlestown for local residents.

As for potential jobs, Gillen stated that the International Longshoremen's Association (ILA) has asked that any waterfront work that would result from the location of a transfer site in Charlestown, continue to be given to their membership. Council member Bill Galvin voiced his concern with the ILA request, stating that Eddie Connolly of the ILA "implied at the last meeting that he had a responsibility to his membership and I don't know what percentage of the ILA lives in Charlestown. I expect that it might be only ten to 15 percent and if these jobs come, I want them to come to Charlestown residents, not ILA members who perhaps 90 percent of them might come from outside. That's my concern and I think it's legitimate."

Galvin also requested that the Neighborhood Council receive a written agreement with Massport that they will enter into no

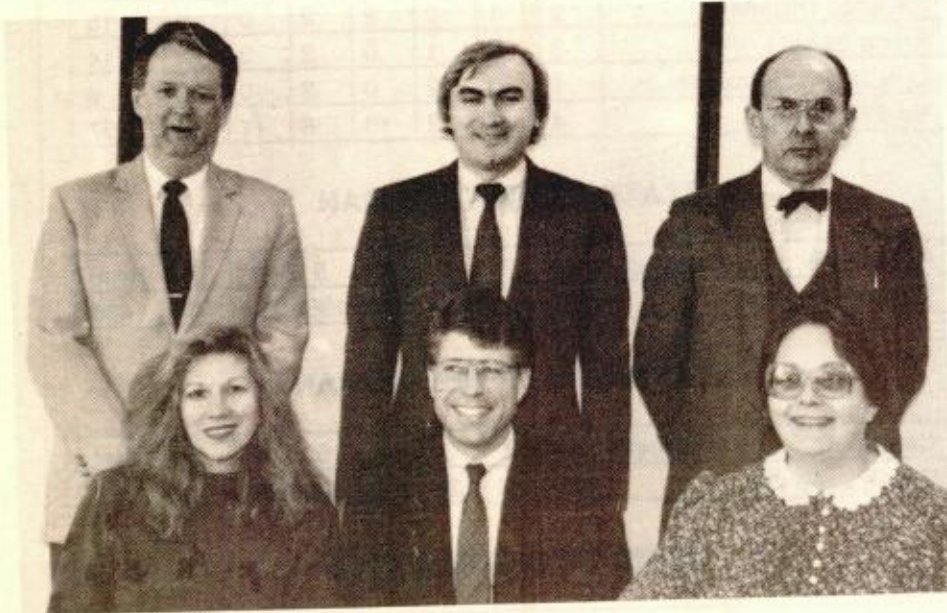

lease agreement with MWRA that would include any possibility of a sludge plant being placed on Massport property. Council member Kathryn Downing reiterated Galvin's statement, reminding Massport representatives in the audience that Massport owns the property and thus had a long term control over what happens to Charlestown. Downing stated "You (Massport) are ultimately responsible." Council Chairman Dennis McLaughlin agreed with Downing on Massport's place in this mitigation process.

When the Council meeting was opened to the floor for comments, Soley Street resident and longshoreman Arthur Crotty, stated the need to have Massport and MWRA agree not to place a sludge plant in Charlestown prior to any other discussions taking place. "The ILA has gone on record as opposing the placement of a sludge plant in Charlestown," Crotty added.

Kim Zullo, Massport Project Manager at the Revere Sugar facility, stated that Massport had restrictions on their lease agreements as to what would be placed at that site. She said, "When Charlestown came out strongly against a sludge plant, we (Massport) did also." Referring to the

### City Seeks Neighborhood Input In Billboard Review

Acting on the first opportunity the city has had in five years to participate in the permitting process for billboards, Mayor Raymond L. Flynn announced that his administration will work to ensure that neighborhood residents can fully participate in a state process to review the permits for most of the billboards in Boston.

On February 18, the city took its first steps toward increasing neighborhood participation in a bid by Boston's largest billboard firm to renew permits for more than 630 billboards within the city. In response to a request by Don Gillis, director of the Mayor's Office of Neighborhood Services (ONS), the Outdoor Adver-

tising Board of the Commonwealth of Massachusetts agreed to extend the public comment period on the 630 billboards, including 27 billboards in Charlestown, through March 31st.

These billboards have not been subject to the Outdoor Advertising Board's annual permit review process for the past five years because of a consent decree between that firm and the state Attorney General's Office.

Working together on the issue, the ONS and the city's Inspectional Services Department have adopted a three-pronged approach to the billboard issue.

First, ONS has asked concerned residents to write letters to that office detail-

ing their objections. These letters will then be passed on to the Board at an upcoming hearing.

Second, ONS, working with the Inspectional Services Department, will meet with concerned community groups and residents to gain input from them regarding billboards. And, third, inspectors from Inspectional Services will begin reviewing existing billboards to determine their compliance with state and city regulations.

"The bottom line here,"

noted Gillis, "is that, at present, the Outdoor Advertising Board has regulations governing where billboards can legally be placed. The city expects that all billboards within Boston comply with existing regulations. We will ask that the state bring billboards into compliance."

Residents and city officials will have opportunities to present their concerns at two Outdoor Advertising Board Hearings — one on March 24 and the second

on April 21.

At present, the city will inspect billboards for compliance with the Outdoor Advertising Board's regulations because that state board currently has no investigators.

If you wish to express concerns regarding billboards in Charlestown, write as soon as possible to: Neighborhood Information Unit, Mayor's Office of Neighborhood Services, Room 709A, City Hall, Boston, MA 02201.

# AT NEWORLD BANK, ALL THE PRESIDENTS ARE AVAILABLE.

# INCLUDING OURS.

Newworld isn't just another Big Bank with a branch in your neighborhood. We're a community bank. That means that our president, Dave Carr, is available — to cut through the red tape you find at most banks.

And you won't find Dave just in the bank.

You'll also find him out in the community. That's what Newworld is all about, a bank that's not only in the community, but a bank that's also part of the community.

It's a style of banking that provides better, more responsive service across the board. So whether

you're interested in banking services for yourself or for your business, try a bank where money isn't the only thing that's available.

## Mitigation Committee Chairman Calls For Community Alert On MWRA Actions

(continued from page 7) letter sent to the council from Executive Director Davis, Zullo stated that "we're not trying to back paddle out of this, rather we are trying to get all parties together to take the necessary steps needed to move this project forward."

Zullo told the Council that a traffic study is being planned to estimate the project cost, the impact of traffic in the Sullivan Square area and the feasibility of using the existing rail line at the site. Massport has requested that the MWRA

pay 50 percent of the cost of this study, something MWRA has not made a commitment too, as of this date.

The next meeting of the MWRA Mitigation Committee will be held on Monday, March 14 at 7:00 p.m. at the MWRA Offices, 100 First Avenue in the Charlestown Navy Yard.

According to Kathy Hearn, special assistant to MWRA Director Levy, the agenda for the meeting will include a presentation by MWRA putting the project in context as it relates to

Charlestown, giving the history and the authority's plans. She stated that there will be a review of the minutes of the last meeting, with a discussion of topics

and locations for upcoming meetings. Hearn said that she did not know at this time whether Massport representatives would be present.

## Bunker Hillbillie News

by Steve Coyne

The Bunker Hillbillies have formed a sub-group of performers, made up of youngsters who are capable of putting on a show in a smaller facility. This group is called the "Ranch House 7," which originally was formed in the late 1960's by the founder of the Bunker Hillbillies, Bob Munstedt. The group is selected based on talent, reliability, knowledge of songs, cooperation, performing experience, behavior, and obviously, loud voices help.

The first members to be selected from the current Bunker Hillbillies as members of the new "Ranch House 7" are: Dennis Elwell, racket squad; Jill LaVallee, tub drum; Scott Clougherty, banjoist; Erin Blaikie, top hand, kazooist, vocals; Kelley Wedge, top hand, kazooist, vocals; Christine Edwards, vocals,

kazooist; and Mike Sullivan, vocals, kazooist. Alternates will be Brendan Sullivan, Erin Powers and Kathy Dabilis.

There are also a number of Junior Wranglers who are showing promise at this time. The following Junior Wranglers have been promoted to Sub-Hillbillies: Colleen Callahan, Colleen Carroll and Derrick D'Ambrosio. Sub-Hillbillies can begin performing with the group in the Bunker Hillbillie shows.

More recent additions to the Junior Wranglers, who also are progressing very well, are: Jaimie Carroll, Kevin McCaffery, Mike Larson and Lisa Fratalia.

Show requests are beginning to come in for the spring, including a confirmed date at the re-dedication of the Bunker Hill Health Center on April 30th. All requests for the kids' performance can be directed to Steve Coyne or Barry Baker at the Boys and Girls Club.

## Not For Nothin' . . . But Have You Heard . . .

• 'Tis The Week O' Wearin' Green . . . so many activities going on in celebration of St. Patrick's Day, that if you're not Irish now, you will be by this time next week! Check the calendar on Page Two — sure to be there's something to your likin' . . . Corned Beef and Cabbage War? . . . Local restaurants are vying for your business with competing prices for a delicious Irish meal on St. Pat's Day. City Limits, Roughan's and the Warren Tavern will be serving the traditional dinner all day. Why cook? Take the whole family out for a delightful time . . . then top it off with Irish Soda Bread or Chocolate Mint Shamrock Cookies from Sorelle for dessert!

• If You'd Rather Have Italian . . . drop by the Boys and Girls Club tomorrow night (March 11) for a Spaghetti Supper sponsored by the Kiwanis Club to benefit the Headstart Fire Fund. Doors open at 6 p.m. . . .

• Stop The Presses . . . Not to be outdone by a Kelly, mind you, (Bernie, that is) John Doherty of Soley Street dug deeeeeeep and sprang for a round of coffee at Ye Ol' Coffee Shop! That, we are told by "Deep Cup," was a first and probably a last! . . . On the other hand, "Scoop" was seen by this columnist trying to "borrow" a dime to make a phone call. Pockets were stitched closed — new pants indeed, Bernie! . . .

• Get Well Wishes . . . to Elaine McCarthy who's recuperating from recent surgery. CANA will have to tape upcoming meetings for Elaine's review. She's never missed a one up to now . . . and to Liz Doherty of Constitution Co-op who is also recuperating. Liz's good health should be speeded up by the good news of the birth of a new granddaughter. Speedy recovery to you both.

• Welcome Home . . . to Mag and Fran Maher, just returning from sunny Florida sporting beautiful tans!

• Speaking Of Florida . . . the annual St. Patrick's Day festivities down Miami way will be enjoyed by the Joseph's Kelley. Hope you'll be waving those Celtic signs as the parade passes-by. Have a great day!

• Happy Anniversary . . . to John and Alice Curtin of Payson Place who'll celebrate their 47th on March 12th . . .

• It's Been One Year . . . since two new establishments opened their doors to the delight of the neighborhood. Sorelle's opened last March 12th and Main Street Market opened one year ago March 11th. Many more years of success.

• Opps . . . How Could We Forget . . . Belated birthday wishes go out to Jim Doherty, Pat Johnson, Denny Scannell and Ed "Bud" Whelan . . . We hope your new age will agree with you!

• Who Was That Lovely Lady? . . . seen on the front page of the *Globe* this past week? . . . None other than our lassie at the Parkman House, Ruthellen Chardavoyne, seen performing her official duties. Not a good pic, Ruthellen, but nonetheless, it was good to see you in the spotlight!

• It's Been Noticed . . . Newworld Bank has secured the services of two young ladies to pick up the paper and debris on a daily basis in the park area outside the bank at the corner of Main and Austin Streets. The improvement in the area has been brought to our attention by several residents. Keep up the good work, Newworld, and wouldn't it be great if other businesses follow your lead!

• Watch Your Calendar . . . Street Cleaning starts April 1st. . . No fooling. Tickets will be given out - metermaids will be out in force! Sweepers will be out, so watch those posted signs.

• Tid Bits . . . Captain Philip Quast, USN has been promoted to Rear Admiral Quast. Ceremonies will take place in San Diego on March 26th at which time a new Captain will take over the reigns of the **USS Bunker Hill (CG52)** — Captain Rodney P. Rempt, USN. Rear Admiral Quast will be Director of Distribution of the Naval Military Personnel Command. Our best wishes . . . Thank you, Ruth Duffy of Anchorage. The flowers are beautiful . . . Bill McL., you're missed. Thursday's just aren't the same — can't distribute the way we used to . . . L.B. — still waiting for the lunch you owe . . . Mary Z., it was nice to see you now that you've gone to the big business world where you have to get dressed up everyday (Ha! Ha!) . . . J.K. we're still waiting for that postcard from Hawaii . . . only ten more days till Spring . . . but to each and everyone of you — whether you're Irish or just wish you were . . .

Happy Saint Patrick's Day!

sionally removed by the team of Bob Buckley and Jim Hingston. Under service contract to Captain's Quarters, B&H is expanding its maintenance company on both sides of the wall. Partner Bob Buckley has spent numerous hours in the vicinity as the former football coach of the Charlestown Falcons and Town Team at the adjacent Barry Field. Co-partner Jim Hingston, soon will call the southern end of Thirteenth Street his home as a lottery winner for the affordable units. Didn't seem to be any confusion with Captain's Quarters superintendent, Dan O'Neil, calling the working plays for his erstwhile coach. Keep the local economy prospering with the use of Charlestown entrepreneurs like B&H.

We want to welcome all the new members who joined this past week and remember "Membership has its privileges — but also its responsibilities!"

**Happy Spring To All  
Charlestown Gardeners**

The greenhouse has been producing plants of all sorts for this year's planting. Main Street should have a new look real soon. Gardeners have formed a committee to select flowers and plants for the beautification of Main Street. Crocus, tulips and narcissus are showing themselves now.

We are asking everyone who has any old pots, flats or trays to leave them at the gate on Bunker Hill Street. We are in desperate need of these items. By reusing these, we can keep the cost of plants affordable.

Thank you and happy gardening,  
Jimmy Hall

## Eagles Tame Crusaders In Tie Game! Terriers Tremble As Huskies Turn Rusty!

by Bernie "Scoop" Kelly

The quarter-finals have begun. Some players are taking the heat as their nerves appear shattered. Others are calm, cool and collapsing as the tension builds and the Man-ly Cup Championship Game draws near!

The history of the Senior League has already proven that any given team, on any given night, can upset any other team, so no team has a lock on the Cup. The team that wins it will have to earn every ounce of it to call themselves "Champs" and this year is no exception!

Maybe someone with a "magic ball" could name the Man-ly Cup winner, but as for me, I'm rooting for every team. You see, I'm prejudiced, so I'll see you at the rink, Monday night at 7:00 p.m.!

### ALL PLAYERS NOTE . . . .

The semi-finals slated for Monday night, March 14th will start at 7:00 p.m. instead of 8:00 p.m. as will the Man-ly Cup Championship Game on March 21st. Be sure to mark your calendars and be early!

**REMINDER:** The tickets for the Third Annual Banquet of the Senior Hockey League should be printed this week. All League players will be expected to take at least two tickets each. Former Senior League Alumni will be expected to attend the Banquet with their escorts in the true tradition of camaraderie and support the League's future, and as a tribute to the man, Matt O'Neil, and his legacy that has bound C-Town's unique hockey tradition for many years from the time when a guy named Matt just had a dream!

Banquet tickets are \$10.00 per each.

★★★★

### CRUSADERS TIE EAGLES . . . 8-8!

Scoring began at 14:10 of the first period with a pass from Matt "Flash" Mahoney to Mike "Yank" Anthony to Scotty Geezil who scored through Knobby's noseguard for a 1-0 Crusader lead!

John "Budso" Flowers sent a pass to "Warr-Blitz" Fitz who sent it on to Captain Joe Doherty who scored at 9:30 under Randy's dandy for a 1-1 tie score!

At 5:20, Jack "Jacko" Martin dropped a pass to "Darby Dan" Considine who scored over Knobby's knoll, making it 2-1 Crusaders!

### Chinese Crafts Program At The Library

THE CHINESE NEW YEAR was celebrated recently at the Charlestown Branch Library when Sachiko Wendell, owner of the Kobo Kamiya Japanese Art Store, demonstrated the ancient Oriental Art of Origami, or paperfolding to a group of young people. Wendell described the tradition behind the skillful techniques used in making these fun and useful crafts. (photos by Kathy Giordano)

### Workshop For Parents Continues At The Library

The fifth segment of a six-week workshop for parents of pre-school children will be held on Friday, March 11th at 10:00 a.m. at the Charlestown Branch Library, 179 Main Street.

This workshop, under the leadership of Susan Comstock, early childhood specialist from the Family Service Association of Greater Boston, is designed for parents of children ages two to

five years. Its purpose is to develop communication skills needed to become more effective in helping your child to grow.

The workshop will conclude on March 18.

### Renovation Of Ryan Playground Discussed At Community Meeting

**by Kathy Giordano**  
Representatives from the Boston Parks and Recreation Department met with residents on Wednesday, February 24th at Charlestown High School to discuss proposed improvements for the Ryan Playground at Sullivan Square. Stating that a grant had been received from the Commonwealth for the needed renovations, Blair Hines, Landscape Architect for the Parks Department, displayed four plans that were conceived since the last meeting with the community showing various design uses that would make the park a more viable facility for the entire community.

Major renovations would take place on the ball field with the delineation of four separate playing areas: a softball field, baseball field, Little League field and a practice Little League diamond. The baseball field would overlap other playing fields, but would not be in use at times when Little League or softball games are scheduled.

Discussions took place as to the future use of the handball and basketball courts and tot lot. It was suggested that a combination basketball, street hockey and tennis court be built

to replace the existing courts and that a new fenced-in tot lot be placed closer to the field. Parking spaces would be included at the Main Street end of the park, with an entrance and exit situated so that a vehicle could negotiate the rotary at Sullivan Square, thus eliminating the need to go into Everett to take a turn back into Charlestown.

Jim Walsh, Regional Administrator for the Parks Department, asked the residents for suggestions as to what amenities they would like to see in the playground. Requests were made for a drinking fountain for each field, a bicycle path and bike racks, more seating and a fence enclosure for the Little League and softball fields, runners' path, a scoreboard and improvements to the existing lighting.

It was noted that The Schrafft Center has proposed an extension of the City Harbor Walk to include the perimeter of the playground at the Mystic River, which would involve scenic plantings and seating to allow a view of the waterway, and a walkway for pedestrians. The addition of another facility for the Courageous Sailing Program would be located behind the Schrafft building, as will a planned

water shuttle to downtown Boston.

Walsh stated that the renovations are being made with the exclusive use and enjoyment of the residents of Charlestown in mind. A priority has been placed on permits for field use so that Charlestown teams would always receive preference on requests made for the playground.

Work on the field is scheduled to begin in September, 1988 after soil testing is completed and the leagues have finished their seasons. The Parks Department will now review the feasibility of the requests from the community and place priorities on these requests within the constraints of their \$400,000 budget. Another public meeting will be held with the community when final plans have been made to see if the designs for the playground meet with the approval of the residents.

## Charlestown Slated To Lose Precinct One In House Redistricting Plan

(continued from page one)

which is presently represented by Representative Sal DiMasi, falls short of the target number. The transfer of Precinct One, with a population of 1,452 brings the North End-Waterfront district to within the target range.

Precinct One is geographically a sizable portion of the community, extending from the Training Field area to City Square, over

Town Hill, along Warren Street, Washington Street, Old Rutherford Avenue, down Main Street to number 260, and includes a portion of Mishawum housing, as well as part of High Street and several of the side streets.

Many residents, upon hearing of the proposed redistricting, expressed anger at the move. One Washington Street resident said that they are cutting away a

chunk of Charlestown. Still another resident noted that this move will decrease the political base in Charlestown and will further diminish any possibility that a local resident might be able to run for a seat in the House. While another resident was irate at the thought that, with so many projects and changes being forced upon Charlestown, this was just another means of dividing this community.

John A. Whelan, chairman of the Ward Two Democratic Committee stated that he was opposed to splitting Charlestown in any way. He said that the town has been divided too many times already and was concerned that since Charlestown will have a smaller percent of the population in the district than previously, it would reduce the amount of leverage the community might have.

Whelan pointed out that the community has been fortunate to have had Dennis Kearney as the local Representative following the first redistricting and Representative Richard Voke in the second redistricting, both of whom have served Charlestown well. He noted that in the future, the community might not be so fortunate.

Whelan stated that the Ward Two Democratic Committee would register their objections to this proposed redistricting plan that would cause a split in this community.

Voke said that "no one is happy" about this redistricting plan and the resulting divisions in communities throughout the state.

Voke stressed that, if re-elected, he would continue to try to represent and assist all the residents of Charlestown, no matter in which precinct they may reside.

This House Redistricting Plan, which is bill number H5252, will be the subject of a Public Hearing this Saturday, March 12 at 10:00 a.m. at Gardner Auditorium at the State House in Boston. The special House Committee on Redistricting, under the Chairmanship of Representative James T. Brett of Dorchester, will accept public testimony and written comments on the plan during this hearing.

The plan is scheduled to go before the House of Representatives for debate at 1:00 p.m. on Monday, March 14th.

The plan must be approved by the House and Senate as well as by the Federal Court. When this process is completed, nomination papers for this fall's election will be forwarded to candidates for the House by the Secretary of State, a procedure that has been delayed until the new House Districts have been established.

 It's hard to believe . . .  
 "Pudgy" is still amid us.  
 That's right, he showed up

 The Caucus was chaired  
 by Kevin Roche who read  
 the guidelines to the voters

 eryone aware of the latest  
 rules of order regarding the  
 delegates' duties at the

Convention.  
 Suddenly, out of the side  
 of my eye I spied "Pudgy,"  
 the perennial "Fox," main-  
 taining his sly, coy "Modus

 cloak and dagger mysteri-

## Bunker Hill Post, A.L. Presents \$1,500 To The Headstart Fire Fund

**BUNKER HILL POST 26**, The American  
 Legion, recently presented a check in the  
 amount of \$1,500 to the Charlestown Head-  
 start Fire Fund, which will be put toward  
 rebuilding the Old Kent School, home to the  
 Headstart Program, that was destroyed by  
 fire in December. Shown (l. to r.) Peter

 Center Board of Directors; John M. Kelley,  
 finance officer of Bunker Hill Post; Nancy  
 Keyes, president of the Kennedy Center  
 Board of Directors; and James W. Conway,  
 commander of Bunker Hill Post.

### CHARLESTOWN HEADSTART FIRE FUND

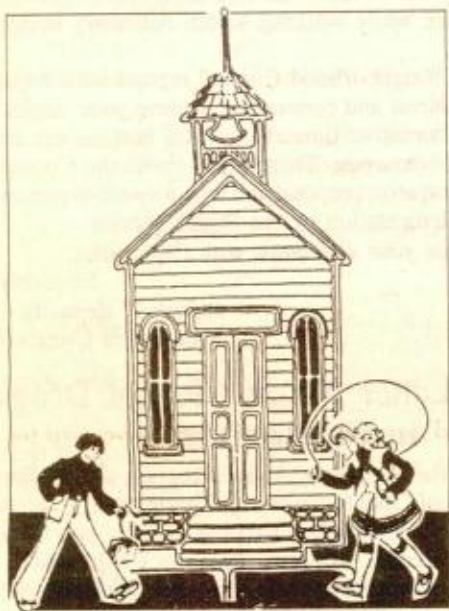

The number of contributions to the Charlestown  
 Headstart Fire Fund have diminished these past two  
 weeks while the need for funds to rebuild the Head-  
 start School continues to be most pressing. The fund  
 passed the \$17,000 mark this week — on its way to  
 a community goal of \$100,000. This represents only  
 a portion of the several hundred thousand dollars that  
 will be necessary to rebuild the Old Kent School that  
 was destroyed by fire in December.

Headstart provides an educational program for nearly  
 170 Charlestown children and those children deserve  
 the support of the community.

The building, which was owned by the City at the  
 time of the fire, was not insured. Monies must be raised  
 to reopen this vital facility.

Donations are being sought for the Fire Fund and  
 the help of all is needed. Donations in any amount  
 are welcome — no contribution is too large or too  
 small. All donations will be publicly acknowledged.  
 Please lend a hand in this effort.

# C-Town Society Scooped and Scooped!

(continued from page 19)  
Flop" or, for a better word, "Fizzle," they should send you back to the "Foxes' Den" until next litter of baby chicks are left unguarded. Boy, oh boy, does that robust dumplin' irk me. I'll be glad when someone checks out his "credentials," get it? Wishful thinking, of course, but a nice thought otherwise. It would certainly make my day, Sonny!

**Happy 30th Donna & Jim**  
The O'Neil Clan and friends flooded the lower hall of the K. of C. this past Saturday night. The children of Donna and Jim O'Neil, formerly of Albion Place, presently equestrian trainers up in New Hampshire, hosted a 30th Wedding Anniversary for their parents. Daughter Sharon directed the festivities, surprising her parents who expected to partake in a birthday party for Patriot cub reporter Bill McClellan!

Donna and Jim table-hopped and exchanged pleasantries throughout the night. Their friends enjoyed a variety of music, played by a famous local D.J., who will go nameless, that kept the youthful dancers strutting their stuff, C-Town style, throughout the festive evening!

Notably present, in their finest finery, were the O'Neil clan, young and fancy, led by the oldest grandchild of Matt O'Neil Sr., Matt Jr. and his wife, Jacqueline, formerly of Canada and Florida, right down to the youngest great-grandchildren of Matt O'Neil... the Grand-daddy of them all! Also present was the former "Miss Gravel Gertie" of the "Flappers on Parade" minstrel shows of the 1920's, Gertie Clifford. Her husband Artie was trying out for a part in "Spenser for Hire" as a "valet" and was expected to arrive late to join the family affair!

Another "Gertie" in attendance, who claimed the "Gravel Gertie" title years later, was Gert and Fran Dagle, now of Melrose, renewing old acquaintances

and enjoying a laugh or two. Also there were Phil and Helen Myers and their children and grandchildren, who appeared to number into the "thousands," as they say!

Well into the evening, the mood was happy as Helen Myers reminisced about her wedding day and recalled the excitement of the long day and eventual long ride to the "Big City" of New York. Her husband, Phil, swears someone deliberately changed all the highway signs, making a typical five hour ride stretch into an eleven hour ride, leaving his new bride totally exhausted from the trip. Helen emphatically recalls that she slept right through the breakfast and dinner desk calls the next day. Gee, how strange, well that's her story, anyway!

The "Mayor of C-Town," Jim Fitzgerald, and his wife Fran were together with their friends, Rich, Don, Sal and Mary to join the well-wishers in honoring the "Guests of Honor" on an evening to remember for a long time to come!

Another former C-Town

High teacher, Dick Canty... wish I were a "Townie" guy out of Hyde Park, took enjoyment listening to the many stories told by the talkative one, Helen, Rita, Marge and Gertie, that left him laughing as he departed to the parking lot for the long drive home. Ain't that right, "Teach." Eh Dick, oh never mind!

The highlight of the evening focused on the cake-cutting and serving ceremonies, where the honored guests serve each other a morsel of the anniversary cake starting with Donna, cutting and serving to the music escalated to a frenzy, making Donna tremble and shake almost dropping the cake down Jim's neck. When Jim served Donna her cake, Jim's careful approach and steady hand gave Jim the edge for neatness plus calmness. This made Donna realize she'll have to wait until their Golden Anniversary for her to get the upper hand again. Stay awake, Jim, be on your guard. Congratulations!

## "Hats Off" To Jim Doherty

Dear Gloria,

Just a very special "thank you," and "Hats Off," to Jim Doherty.

He went far beyond, "the call of duty," for me.

Because of my own mistake, I would have been unable to vote in the March 8th Primary. Thanks solely to Jim, I was able to keep my voting record at 100 percent. I'm sure you realize how important that is to each of us.

Yours truly,  
Ruth E. Duffy

## Suggests Alternate Schedule For Charlestown Post Office

Dennis McLaughlin, Chairman  
Charlestown Neighborhood Council

Dear Mr. McLaughlin:

I have been informed of recent changes in the service schedule for the Charlestown Post Office and the resulting complaints of many Charlestown residents.

I respectfully suggest the Charlestown Neighborhood Council offer an alternative schedule to Salvatore Gennaro, Postmaster of the Boston Postal District. A community-endorsed alternative plan that maintains the thirty-nine and a half hours of operation presently scheduled for the Charlestown Branch would allow the Postal Service to provide optimum service while working within necessary budget limitations.

Because the Neighborhood Council represents a broad spectrum of interest and concerns, I believe your suggestions for an alternative timetable would best reflect the wishes of the community. Therefore, I invite the Council to submit an alternative proposal and look forward to presenting it for implementation by the Postal Service.

Thank you for your assistance with this matter.

Sincerely,  
Joseph P. Kennedy II  
Member of Congress

## Write A Letter About Alcohol/Drugs In Charlestown

The staff of the Substance Abuse Program at the Kennedy Center would like to invite any Charlestown resident reading this to write us a letter telling us what you think and feel about alcohol and other drugs in Charlestown.

Do you think it's a problem and, if so, how much of one? What would you like to see happen? Are there specific services or education events that you'd like to see offered? Have drugs or drug related violence touched you or your family in any way?

We'd like to read anything you might care to write and tell us. You don't need to sign your name, unless you'd like to. If you'd like a response by phone or letter, tell us that too. Letters can be sent to: Hill Ohrstrom, Substance Abuse Program, Kennedy Center, 27 Winthrop Street, Charlestown, MA 02129.

## Bank Of New England Leases Office Space In The Schrafft Center

Bank of New England has leased 115,000 square feet of office space at The Schrafft Center, located at Sullivan Square in Charlestown.

"Once Bank of New England occupies the building, we will be over the eighty percent occupancy level," stated Charles D. Reilly, vice president, Industrial and R & D Division for The Flatley Company.

The Schrafft Center, purchased by The Flatley company in 1984, is one of the largest rehabs of an existing building in Boston, with

over 600,000 square feet of first class office and R & D space.

Judy Blaikie, Leasing Agent for The Flatley Company at The Schrafft Center, stated that the decision for the bank to lease at Schraffts centered on the availability of over 80,000 square feet on one floor and the access to both Bank of New England's Malden Center and Bank of New England's 28 State Street headquarters.

Marc Rosenthal, vice president of Bank of New England, stated that direct

access to the Orange Line, free on-site parking. The Schrafft Center Shuttle Service to Malden and downtown Boston, and the complete amenity package, including day care and fitness centers, were major factors in the decision to relocate at The Schrafft Center.

Bank of New England joins TWA, Target Productions, Mullen and Company, Creative Gourmets and Orion Research as major tenants in the building.

The occupation, scheduled for early June, 1988, will involve approximately 400 employees from both the Malden and Boston locations.

According to Jean Driscoll, manager of the Charlestown branch of the Bank of New England, there are no plans to relocate the local branch. They will remain at 437 Rutherford Avenue.

## Will Boston Survive The Big Dig?

What impact will the expected ten-year development of Boston have on the city and its residents? Find out when WGBH presents "Will Boston Survive the Big Dig?", a live three-hour forum, on Wednesday, March 30 at 8:00 p.m. on Channels 2 and 44.

With growing concern over such issues as neighborhood preservation, sewage treatment, and traffic control, Boston officials are looking ahead to the effects these physical changes will have on business and residential areas alike. This program seeks to offer perspective on all crucial elements of the building projects.

A group of elected officials, public servants, and concerned residents will discuss the imminent depression of the Central Artery, construction of the third harbor tunnel, and the clean-up of Boston Harbor. Invited participants include Boston Mayor Raymond Flynn, Massachusetts Governor Michael Dukakis, Secretary of Transportation Frederick Salucci, State Secretary of Environmental Affairs James Hoyte, Regional Environmental Protection Agency administrator Michael Deland, Direc-

tor of Massachusetts Water Resources Authority Paul Levy, Director of the Conservation Law Foundation Douglas Foy, Executive Director of the Boston Redevelopment Authority Stephen Coyle and East Boston resident Fran Riley.

"WGBH has two objectives in providing this forum," said David Liroff, television station manager at Channel 2. "We hope to increase public understanding of these massive projects, and at the same time to assist in the process of finding solutions to major problems."

There will be 125 seats available for this special live broadcast. These will be offered on a first-come, first-serve basis. If you are interested in reserving space to be a member of the studio audience, please call Angela Kelly at WGBH, 492-2777, extension 3400.

## Kennedy Center Receives Grant From Hovey Trust Fund

**RECEIVES GRANT:** Kevin M. Walsh, executive secretary of the City of Boston Trust Office, presented a check to Kate McDonough, executive director of the John F. Kennedy Family Service Center, from the George O. Hovey Trust Fund. This money was left to the city in 1877 by George O. Hovey, in the hope that the needs of needy citizens and charitable organizations could be met as the Mayor deemed necessary. As a result of a 2½ year court action, the monies were used for the first time since the fund's inception. Mayor Raymond L. Flynn, the fund's Trustee, praised the fine work of the John F. Kennedy Family Service Center and stated that this special grant, in the amount of \$3,921, is in recognition of the noble and essential services they provide to the community. McDonough stated that the grant would be directed toward continuing the current services for Senior Citizens.
