

Green Boog is a tropical botanical garden in Thailand that provides an immersive and educational experience. Our mission is to promote the conservation of plant life and biodiversity, as well as to educate people. Green Boog offers visitors a unique opportunity to learn about the ecology and history of tropical plants. We also provide hands-on workshops on gardening, horticulture, and sustainable living.

Our vision is to create a world where people appreciate and understand the vital role that plants play in Bang Ka Noon, Bang Kruai, Nonthaburi, 11130 Thailand
