## Naval Vessels, Concerts, Fireworks And Fun To Mark Bicentennial Salute To 'Old Ironsides'

On Thursday, July 23, naval vessels from around the world will arrive in Boston for the culmination of the *USS Constitution's* Bicentennial year. Residents and visitors alike will celebrate the 200th anniversary of her first voyage with an international maritime festival scheduled from July 23 to 26.

The celebration will kickoff on July 23 with Boston's First International Salute to "Old Ironsides," beginning at 1 p.m. *USS Constitution* will leave her berth at Pier 1 in the Charlestown Navy Yard shortly before noon and be escorted out to the Fish Pier.

As the vessels arrive, *USS Constitution* will stand off Fish Pier to receive her

guests. The formal rendering of honors and gunfire promises to provide an afternoon of pageantry and excitement that will be visible from many sites along Boston's waterfront.

The event will conclude as Old Ironsides fires a 21-gun salute to the nation, is escorted back to the Charlestown Navy Yard where tall ship *Libertad* from Argentina and the U.S. Coast Guard tall ship *Eagle* will be berthed during the festivities.

The Japanese ships, *Kashima* and *Sawagiri* got underway from Japan in late April in order to reach Boston Harbor in time for the International Salute.

The Lithuanian ship *Vetra* makes the voyage to

Boston for the first time under her own flag. Other vessels will be joining from Canada, France, Great Britain and the United States.

These magnificent gray hull war vessels will be berthed at the Black Falcon Pier in South Boston. Visiting vessels will be open for public boarding during the weekend festivities, as will the tall ships in the Charlestown Navy Yard.

Pier 1 in the Charlestown Navy Yard becomes Bicentennial Park for the celebration, and it will be the hub of activity. Many of Boston's tall ship friends will join in the festivities, including *HMS Rose*, the sloop *Providence*, the schooner *Bow-*

## THE REAL ESTATE WEEKLY

### Carolyn Sideman, Monument Properties PACKING UP TO SELL

Your agent has just gone through your home and has many suggestions about how to make it look terrific. It sounds good, but you're feeling a little overwhelmed by all of the work involved in clearing out and packing up possessions you've accumulated over the years.

Go through and decide what to throw out, what to give away and what to keep. Be ruthless! Remember that you can get a tax deduction for anything you give to a charitable organization.

Pack up whatever you do decide to keep that you aren't likely to need between the time you list your home and the time you move. This has two important benefits. First, if it's packed in a box and stored neatly away, it will help you maximize your storage space and keep your home uncluttered, thereby increasing the chances that it will sell more quickly for top dollar. Second, you'll have to pack it up when you move anyway, and doing it ahead of time will give you a head start toward making moving week almost a breeze.

## Arroyo's Art Featured On Billboard

*The Next Picasso?* asks the headline on a billboard on busy Cambridge Street near Sullivan Square.

The billboard displays a large reproduction of a child's artwork. People in their cars pause at the traffic light and smile at the artwork.

The artist is 9-year-old Roslyn Arroyo of Charlestown.

In a special month-long project, Boston's favorite street artist Sidewalk Sam, the Boys & Girls Clubs of Boston and AK Media collaborated to create four billboards to celebrate the children and art programs at the four Boston clubs.

To focus attention on the dedication of the arts personnel and the art of the

"THE NEXT PICASSO?" That's the headline on the billboard that features 9-year-old Roslyn Arroyo's artwork as part of a special project of Sidewalk Sam, the Boys & Girls Clubs of Boston and AK Media. Shown are Charlestown Clubhouse Art Director Jenny Atkinson, Sidewalk Sam and Arroyo, whose artwork represents the Charlestown club.

children, Sidewalk Sam's nonprofit organization Art Street has begun what they hope will become an annual Boys & Girls Club Arts Recognition Program.

The children create artworks on a selected theme. Then they vote on the artwork that they like the best and that represents the spirit of the clubhouse. The selected artwork is reproduced to community size on a nearby neighborhood billboard for all to see.

Arroyo's art is presented in a monumental scale of 12 feet tall and 25 feet long, and many thousands of cars travel by the billboard each day. The occupants are reminded of the great service that the Boys & Girls Club performs.

## Rain Fails To Dampen The Spirits Of Residents And Guests On The 'Salute To Charlestown' Turnaround Of *USS Constitution*

THE ANNUAL 'SALUTE TO CHARLESTOWN' cruise for Charlestown residents was held on board *USS CONSTITUTION* on June 13. This cruise, which was held in conjunction with the anniversary commemorative celebration of the Battle of Bunker Hill, provided an opportunity for presentations to be made. At the left, Legion Past National Historian James W. Conway, chairman of the Bunker Hill Day Parade, presents an engraved pewter plaque of "Old Ironsides" to Commander Christopher Melhuish, USN, commanding officer, *USS CONSTITUTION*.

The plaque, which was designed by local artist Tom Gorsuch, bore the inscription expressing the gratitude of the people of Charlestown . . . In the center, Melhuish welcomes Charlestown residents and their guests to Old Ironsides . . . On the right, Commander Robert L. Gillen, USN (ret.), 59th in Command of *CONSTITUTION*, as chairman of the Old Ironsides Pennies Campaign (OIPC), presents a framed certificate, number 001, to Conway, designating him as Captain of the Deck of *USS CONSTITUTION*. The Pennies Campaign to purchase sails for *CONSTITUTION* was organized, with Gillen as its chairman in March 1996. The organizing committee, consisting of Gillen, former *CONSTITUTION* Commanding Officer Michael C. Beck, Legion Past National Commander John P. "Jake" Comer and Conway. Conway, who as chairman of the Killilea Fund of Bunker Hill Post 26, The American Legion, donated a check for \$1,000 to open the OIPC bank account at the Charlestown Cooperative Bank and also committed to a \$100,000 non-interest loan to OIPC, if needed, so the sails could be procured while the money was being raised. Shown (l. to r.) Conway, Old Ironsides powder monkeys and Gillen's grandsons, John J. Jr. and Robert E. Dannemiller, and Gillen.

## Money Matters

"Let us assist you in your business and tax planning"

by Nicholas C. Pino  
Counsellor to Small Businesses

#### IRS TAX UPDATE

• **Electronic deposit extension.** The IRS is giving businesses an additional six months to switch from paper filing to electronic filing of federal tax deposits. So if your business was required to start making electronic federal tax deposits on July 1, 1998, you now have until January 1, 1999, before the IRS will impose penalties for not filing electronically.

• **1999 auto depreciation limits.** The IRS has published the depreciation deduction limits for automobiles placed in service during 1998. First-year depreciation cannot exceed \$3,160, second-year \$5,000, and third-year \$2,950. For all years after the third year, maximum allowable depreciation is limited to \$1,775.

• **Disaster areas.** The IRS recently published its listing of locations that have been designated as disaster areas. Taxpayers who suffered a loss as result of a disaster (such as a hurricane or a flood) in one of the listed areas can make an election to deduct the loss for the year prior to the one which the disaster actually occurred. Making this election is intended to provide taxpayers with refunded tax dollars that can help disaster recovery.

• **Tax Season Report.** The U.S. Treasury expects to collect almost \$1.7 trillion dollars in tax revenue this year, with 46% of that coming from individual income tax returns. Social security and Medicare taxes will account for 34% of the total, and corporate income taxes will provide 12%. Other tax levies will account for the balance, with only about 1% of total revenue coming from estate taxes. The IRS reports that tax refunds on 1997 returns filed this year increased over last year. The average tax refund rose 4% to \$1,342.

One complication in the recent tax filing season was the new and very complex Schedule D used to report capital gains for 1997. Many taxpayers whose only capital gain income was a mutual fund capital gain distribution failed to include a Schedule D with their returns. These taxpayers are being notified by the IRS that they must submit the missing Schedule D.

If you have any questions about any notice you receive from the IRS concerning your 1997 tax return filing, contact our office. We can help.

### Sithe Volunteers Air Quality Improvements

(continued from page 1)

1,500 megawatts of new, clean electricity generating capacity on the Everett site. Compared to current operations, the program will result in an overall net improvement in air quality when completed in three years (2001), with additional reductions likely in future years.

The new project is also expected to boost the economics of local communities by creating up to 1,000 construction jobs for local residents and be generating millions in tax revenues over the life of the new facility.

Construction is expected to begin next year, with new plant operations slated for 2001. Sithe plans to use union labor on the project.

The Mystic plan includes a voluntary air quality improvement program that will significantly reduce air emissions at the site by effectively shutting down the three oldest oil-fueled power units and investing up to \$10 million in advanced environmental control technology on the remaining unit.

In addition, the plans, which have been filed with the Mass. Executive Office of Environmental Affairs, includes building 1,500 megawatts of new clean power generating capacity, fueled by natural gas. The heart of this plan is that, once implemented, all Mystic facilities - both old and new - will meet on an annual basis the tougher air quality standards that apply to new power plants.

"Sithe cares about clean air, and this proposal represents a voluntary

step to dramatically improve air quality for all local residents," said Barry Sullivan, Sithe vice chairman. "Our new facility, fueled by natural gas, will produce clean, reliable electricity for Mass. homes and businesses. Together, the new and existing generating facilities will beat the rigorous Clean Air Act new source performance standards on an annual basis."

Sithe Vice President Tom Meinicke said, "Existing facilities at the Mystic site are in full compliance with state and federal environmental standards. We're proposing changes to improve upon those requirements by voluntarily committing to real, quantifiable reductions in air emission that will be enforceable by law."

Overall, these actions will result in a 37 percent reduction in sulfur emissions and a 20 percent reduction in nitrogen oxide. These reductions will be achieved on site - without the use of any emissions allowances. Further, locating new sources of clean energy at Mystic Stations, near Greater Boston where the demand for electricity is greatest, will help to ensure reliable, cost-effective electricity for local energy users.

In addition to local hiring, Sithe has committed to purchasing needed goods and services from local vendors to the maximum extent possible. Moreover, the project is expected to generate millions of dollars in local tax revenues each year.

Sithe is committed to working with local residents. "In addition to meet-

ing state and federal environmental standards, we at Sithe New England fully appreciate the need to share our plans with residents of communities neighboring the Mystic site," said Willard Ladd, Sithe senior vice president.

He continued, "Sithe has a solid record of establishing itself as an environmentally responsible corporate neighbor in the many local communities where we operate energy facilities. We are committed to keeping local residents informed about the project and responding to their questions and concerns. Although we're still very early in the permitting process, the Sithe team looks forward to establishing an open dialogue with our neighbors to build the best facility possible."

Earlier this year, Sithe Energies purchased the Mystic site along with other non-nuclear generating facilities from Boston Edison for \$657 million. The company plans to invest an additional \$1 billion to develop new energy facilities on several of these properties. Besides creating new sources of clean energy, project plans include the cleanup and productive re-use of industrial "brownfield" sites.

Sithe Energies Inc. is the third largest independent power company in the U.S. With operations in more than two dozen communities worldwide, Sithe has established a proven, award-winning environmental record. Its flagship power plant near Syracuse, N.Y., earned an endorsement from the Sierra Club for improving that area's air quality.

◆ **NFL Air It Out** . . . Did you know that Townies Anthony Sorrentino, Paul Blaikie, Scott Moses, Chet Ferreira and North Ender John Paul Pantaleo won their NFL Air It Out Division. This Flag Football Tournament was held at Fort Devens. It's good to see that more and more of our local heroes are spreading their Charlestown pride and talent around in these competitions.

◆ **Pro Line** . . . Tommy Fitzgerald signed on with the NHL Nashville expansion team, and was immediately named captain of the team. Nashville begins play this coming season. Tommy played for Florida and Colorado in '97-'98.

◆ **Police Area A Roller Blade League** . . . Rain put a damper on last week's competition, but we will have all the makeup games in this week. In a game that was played, Newtowne pulled the much-improved Dunstable team back to earth. Kudos to Sharon Fidler and John Killoran of the Boys & Girls Club, and Shane Fisher, Patrick McLaughlin, Richard Prince, and Ryan Godfrey of the Andy Puopolo Summer of Success

program, who are staffing the league.

◆ **Navy Bound** . . . Best of luck to Mike Sullivan, who leaves this week for a stint in the Navy. Mike is a '98 grad of Charlestown High School, and a real good kid!

◆ **Charlestown Pride Hoop** . . . The Charlestown Pride Basketball Team will be entering a team in the first annual Boston City Councillor Paul Scapicchio Hoop Tournament to be held in the North End on Aug. 8 and 9. Word is that Greg Jackson will be coming out of retirement for this tournament.

◆ **More Hoops** . . . Derek Gallagher continues to do a fine job with the Charlestown BNBL. Things looked a little shaky at the beginning of the season, due to a lack of interest, but Derek's patience has led to a more solid league, especially in the 15 & under division. BNBL is alive, due to Derek's effort.

The Andy Puopolo Summer of Success program is also running a Basketball Camp during the week at the Monument Street Court, gearing to youngsters 13 and under.

This will lead, hopefully, into a league for this age group and will be a good "farm system" for future BNBLers. The program begins around 2 p.m.

◆ **Boston Red Sox Rookies Ball** . . . Rookie Ball is back! Youngsters 12 and under should drop down to the Charlestown Community Center at 11:30 a.m. on Wednesday mornings. The program is for boys and girls who want to learn a little baseball and, more importantly, have some fun. All equipment is supplied!

◆ **Townie Power** . . . Congratulations to the players on the Charlestown Townies Football Team for their victory over the Maine Blizzard, 33-0 last Saturday. Hard work does pay off. A good crowd was on hand for the home opener at East Boston stadium.

◆ **Tidbits** . . . Birthday Best to Greg Jackson . . . Is Mrs. Rizzo changing her name to "Margarita?" . . . Tommy McGrath retires!

## Scapicchio Announces Traffic Safety Hearing

District One City Councillor Paul Scapicchio, responding to complaints of excessive speeding on Charlestown streets, will conduct a hearing at Boston City Hall at 2 p.m. on Tuesday, July 28 in the Iannella Chamber. The hearing will focus on ways to make residential side streets safer for children and pedestrians.

In his role as chairman of the Committee on Economic Development and Transportation, the councillor said, "I will do all I can

to ensure the safety of our streets."

Scapicchio plans to call on officials of the Boston Transportation Department to determine what steps might be taken to enhance public safety on neighborhood streets. Scapicchio seeks to discover if a reduction of speed limits is feasible or if other measures may be more helpful.

Scapicchio points to the unfortunate accident in Mattapan, which resulted in the death of a young child, as a grim reminder of

the dangers inherent in speeding. In Charlestown, as in other sections of the city, the lack of open space causes children to use side streets as make-shift playgrounds and hockey courts. Fast-moving vehicles allow drivers little time or space to avoid hitting a child who has wandered onto a street.

Scapicchio calls on all concerned residents to testify at the upcoming hearing. If you have any concerns you would like addressed, call Scapicchio's office at 635-3200.

# 'Celebrate The Library' Evening . . . A 'Free To All' Fun Fest

The "Celebrate the Library" festivities sponsored by the Friends of the Library at the Charlestown Branch Library on a recent Thursday evening were a great success.

Boston Public Library President Bernard Margolis led off the program with a talk about the past, present and future of the BPL, which was founded 150 years ago in 1848 as the first major free public lending library in the country. In terms of the size and significance of its holdings, the BPL is one of the top five libraries in the United States.

Margolis spoke of the initiatives being taken by his staff in a major re-examination of the functions of a modern library. The team effort is studying how the BPL

can best serve its patrons in the information age and the new world of information technology, of which the internet is one example.

In recognition of his successful performance and in honor of the first anniversary of his presidency, Margolis was presented with a commemorative gift with a Charlestown flavor: a Wedgwood plate depicting the Battle of Bunker Hill.

Next on the program, Friends President Carl Zellner presented several gifts to the Charlestown Branch Library from the Friends in honor of the BPL's sesquicentennial celebrations. The gifts included two framed sesquicentennial posters and two books on the history of the BPL and the art and architecture of its historic Mc-

Kim building in Copley Square.

A series of presentations followed, with Margolis participating. Certificates and tokens of appreciation (BPL coffee mugs) were presented by the Friends to the principals in charge of the recently completed library renovation. Also honored were Friends volunteers who have supported the library over the years in such capacities as president, board member, committee member, or book sale, landscape reception and Reading Is Fundamental program worker. It was noted that nearly half the Friends membership has participated as a volunteer in some activity at one time or another. A special new recognition, Friend of the Year, was awarded to Bruce Garr for his many years of service to the Friends board

and his outstanding success as fund raiser and three-time book sale organizer.

Finally, Librarian Maureen Marx and the staff of the Charlestown Branch Library were introduced and applauded for their exceptional performance and extraordinary service to the community. In addition, to certificates and tokens of appreciation, they also received flowers.

At the end of the program, Marx made a surprise presentation gift and card to Zellner on behalf of the library staff in recognition of his leadership of the Friends in support of the library.

The celebration concluded with a reception consisting of an old-fashioned ice cream social with a "Bunker Hill Day 1898" theme and decorations.

**Thanks For Remembering Us!**

We would like to thank all our relatives, friends and neighbors for remembering us on our Golden Wedding Anniversary on June 20, 1998.

Also, thanks goes out to Father Dan Mahoney for blessing our marriage and saying Mass for us that day.

Fifty is nifty, but 50 is niftier to be remembered on that day. We pray all who thought of us on that day will have fifty times fifty the happiness we shared for fifty years of married life.

Thank you and love always . . .

**Your Support Is Needed For The Rutherford Avenue Study**

To: The Friends of Austin Street Beautification and Friends of the New Rutherford Avenue Corridor Study

The New Rutherford Avenue Corridor Study has been an outstanding effort, both by the city's Transportation Department (BTD) and by its consultant, F. R. Harris. BTD has done an excellent job of meeting notification and coordination, getting to the regular gatherings all the key bureaucracies that have an interest in Rutherford Avenue. F. R. Harris has done an outstanding job of designing exciting options for the road design and then consolidating the multiple and complex choices into two alternatives.

Charlestown will greatly benefit from this study which looks to a dramatic change in the use of and access to New Rutherford Avenue. Although any structural change to New Rutherford Avenue is several years away, the study lays the ground work for a much-needed change so that the avenue stops being a regional highway and becomes a neighborhood street.

We owe a significant expression of thanks to Mass. Highway and the state for the funding and to the city for a job well done.

But the study has been interrupted, with its concluding meetings and report due to resume in the fall. The state has a serious cash-flow problem and has stopped the project, we hope only temporarily. It is critical, however, that the gov-

ernor and Secretary Patrick Moynihan understand that this study has broad community interest. The best way to ensure the restart and planned conclusion of the study is to express our support. We are not the only work which was suspended. Many highway projects were also stopped and there will be immense competition for funds when they become available in the fall.

Please, express your support. The success of the study depends on it. In addition, your letter will show how united Charlestown is in support of improvements to not only Rutherford Avenue but also Austin Street. ISTEPA funds come to us through Mass. Highway.

Please send your letters to:  
Acting Governor Paul Cellucci, Governor's Office, State House, Boston, MA 02133; and

Secretary Patrick J. Moynihan, Executive office of Transportation and Construction, 10 Park Plaza, Room 3170, Boston, MA 02116

Copies should go to:  
Luisa Paiewonsky, director, Bureau of Transportation Planning, Mass. Highway, 10 Park Plaza, Boston, MA 02116; and  
Commissioner Andrea D'Amato and Ned Codd, Boston Transportation Department, Room 721, City Hall, Boston, MA 02201.

**Charlestown Boys & Girls Club Says 'Thanks'**

The Charlestown Boys & Girls Club wants to thank everyone who gave us support this past year. It was a busy fall, winter, spring and now with our summer day camps and summer teen program in progress, we want everyone to know how much we appreciate the help we have received from so many good people in the community.

The following is a list of the field trips the Boys & Girls Club took our members on:

In March, the boys group went to Discovery Zone. April was a busy month with a tour of WGBH Studios, Discovery Zone (girls group), movies, Boston Rock Gym, Chunky's (movie and dinner theater), Tap Dogs at the Colonial Theater, Big Apple Circus, Omni Theater (Mt. Everest), Putnam Pantry, Salisbury Beach, Museum of Fine Arts, bowling, Scavenger Hunt, movie *Home Alone 3*, Bill Orientation, Blue Hills hiking, The Computer Museum and Quarta Investments.

In May, activities included a Red Sox game, movie and pizza, Riverside Park, Putnam Pantry, Plymouth State Col-

lege, *The Hobbit* at Wheelock Family Theater, fishing, Thompson Island, *Les Miserables*, bowling, Hybron Academy, College Fair, *Bring in Da Noise*, BoJack Academy, Salisbury Park, Roller World, mini-golf and ice cream, Roger Williams Zoo, Middleton Golf Course, Starland Arcades, Mountain biking trip to Lincoln Conservation, Atomic Bowling and canoe trip.

June saw club members take part in various trips including one on the *Spirit of Mass.*, mini-golf, the Basketball Hall of Fame, Riverside Park, Discovery Zone, roller-skating, Wolf Hollow, movie and pizza, backpacking at Carter Hut, Wallex, Salisbury Beach, rock climbing, whitewater rafting, movies, Nantasket Beach, hiking at Mt. Belknap, N.H., Hampton Beach, deep-sea fishing, Attitash Mountain trip and fire house tour

These are just some examples of how your support makes opportunities available for the youth of Charlestown.

Clubhouse Director Jerry Steimel,  
the staff and members

**Thank You, Charlestown**

A letter to the Charlestown community:

Thank you all so much for your support during the activities that took place over Bunker Hill weekend. The turnout of the community at the Chief Marshal's Banquet was a tribute to the close relationship the community has with the National Park Service.

*USS Constitution* held its Salute to Charlestown cruise during the rainiest of recorded weather dates. The weather did not dampen the spirits of the many adults and children who lined the streets of Charlestown to witness the annual Bunker Hill Day Parade. The presence of children representing the schools of Charlestown at the Bunker Hill Monument on June 17 was a wonderful sight.

And, of course, I will never forget the honor of leading the People's Parade of 1998.

Sincerely,  
Bill Foley & Family
