

MESSAGE TO THE BRITISH ROYAL FAMILY

"It is a BIG shame that someone like me was **ILLEGALLY** taken to the Psychiatric Hospital in the United Kingdom (view the file **My_Story_Part_1-4.pdf** in the **GENERAL DOCS** section of the link in the **VITAL DOCS** section below). I wondered why I had to go through such at the time, but now I know why.

I grew up having much respect for the Royal Family but not anymore. You have the facts of my life right there in the UK and you can compare with that of your **ROYAL FOOLS**.

Right from Benin City in Nigeria (then Bini Kingdom) to India to Spain and ALL over the world your history is known. You stole ALL over the world. Where is the precious stone on your Queen's Crown from? **ROYAL THIEVES**.

It is absurd that till now Your **IDIOTS** can still insult me, a VERY peaceful person, even resulting to acts of **ILLEGALITY**. I am NOT surprised anymore. We ignored certain things from your history, but not anymore.

It is glaring that even the silver spoon you were born with was stolen." – Osahon G. Oduware
