# SHOULD CHRISTIANS INVEST IN SILVER, GOLD AND FOOD?

Terry Sacka recently appeared on the Wealth Transfer Show in Part 6 Of The Shemitah Series to discuss how investors can use tangible assets to avoid a severe loss of wealth in any future market crash and the signs that a crash may be on the horizon.

**July 31, 2015 - WAKE FOREST, N.C.** -- Terry Sacka, AAMS, of Cornerstone Asset Metals made a recent appearance on **The Wealth Transfer Show** for part six of a special Shemitah series to discuss the Jubilee in detail and it's synchronicity between the Shemitah of September 2015 and the Four Blood Moons - all of which may have been signs of past market crashes.

In the previous episode, Mr. Sacka discussed market crashes, specifically the correlation between the fall of great towers and the expansion and collapse of economies.

He opened the show saying, "(Through the body of Christ) We try to guide people on how to behave before the next financial problem will come. We realize that the most major crashes the United States has had, have fallen on this ancient mystery - The Shemitah (the seven year cycle)."

He went on to say, "We have found these last two market crashes of 9/11 in 2001 and the crash of 2007 and 2008 which we all lost a major portion of our retirement and hard earned wealth - we in the body of Christ cannot afford another one."

Mr Sacka guides not only Christians but all people in how they can protect their wealth with tangible assets such a gold and silver.

His goal is to educate people how wealth is transferred both to and away from people and how people today can position themselves beneficially for the upcoming market cycles.

Mr. Sacka has posted all eight videos of The Shemitah Series on his website in the [Wealth Transfer Archive](#).

Mr. Sacka pointed out how gold and silver historically have been protection and hedges against systematic risk associated with geopolitical jitters, events and inflationary factors which all have historically lead to financial crashes.

### **Safe Christian Investments**

On one of his websites specifically aimed toward Christians, Mr. Sacka offers five reasons why Christians should invest in gold and why [Christians should invest in silver](#) with detailed charts, figures and video content. He believes that the most valuable assets are gold, silver and survival food which they provide at Cam Ready Food (<http://camreadyfood.com>).

He is a regular speaker and guest on **The Wealth Transfer** show with host Charles Vance, and recently appeared on a special segment to cover the related topics of **The Shemitah, The Four Blood Moons** and **The Jubilee**.

Mr. Sacka pointed out how gold and silver historically have been protection and hedges against systematic risk associated with geopolitical jitters, events and inflationary factors which all have historically lead to financial crashes.

He emphasized this by stating, "I'm a strategist so I'm an analyst in natural resources. So my job mainly with Cornerstone is the role of natural resources, we're right from the earth, we deal with things right from the ground."

He went on to say, "We're custom minters and refiners but we supply this beautiful God product to people...I understand the systems of the world and I understand the biblical principles that God taught us."

He advises people on how to protect their assets and hard earned wealth with precious metals in times of financial hardship which the coming of the Shemitah is said to historically align itself with. Mr. Sacka's teachings coincide with Jonathan Cahn's "The Mystery of the Shemitah" as the author's theory is that God has visited warnings and or judgment against the United States according to a seven-year cycle going back many decades.

On one of his websites specifically aimed toward Christians, Mr. Sacka offers five reasons why [Christians should invest in gold](#) and why [Christians should invest in silver](#) with detailed charts, figures and video content.
