TO ALL BODIES OF ELDERS

Re: Special Meeting During the World Headquarters Representative Visit

Dear Brothers:

As you will have noted in the August 2019 *Announcements and Reminders* we eagerly await the special meeting during the visit of the world headquarters representative, Brother William Turner, Jr. to be held on Saturday, May 23, 2020, at 1:00 p.m.

In view of this meeting, please can we ask that all bodies of elders start planning for this event immediately. In Kingdom Halls with more than one congregation, arrangements should be made to allow all to attend. In addition to the live stream at 1:00 p.m. on Saturday, the programme will be available on demand throughout the weekend, from 5:00 p.m. on Saturday until Sunday evening. Sufficient time should be allowed for one congregation to vacate the hall and the next to come in. Technical details regarding the streaming of the programme will be provided in due course. Circuit overseers will receive additional direction regarding visits arranged for the week of the meeting.

Foreign-language congregations may arrange locally for simultaneous interpretation of the programme. It is suggested that the interpreters view the meeting live on Saturday so that they can take notes and prepare to translate for the congregation the following day.

We are confident that all will enjoy this encouraging event. Please be assured of our warm Christian love and best wishes.

Your brothers,

*Christian Congregation  
of Jehovah's Witnesses*
